INDEPENDENT AUDITORS' REPORT

To the Plan Administrator, Participants and Beneficiaries of the
B&G Foods Stoughton, WI Union 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of B&G Foods Stoughton, WI Union 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (“GAAS”). Our responsibilities under those standards are further described in the Auditors’ Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter- Plan Termination

As further discussed in Note 1[A] and Note G to the financial statements, the Board of Directors of B&G Foods North America, Inc., the Plan sponsor, approved a plan to merge the Plan into the B&G Foods 401(k) Savings and Investment Plan effective December 31, 2023. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management’s election of the ERISA Section 103(a)(3)(C) audit does not affect management’s responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan’s ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan’s transactions that are presented and disclosed in the financial statements are in conformity with the Plan’s provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors’ Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors’ report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter

Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2023 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including the form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

B&G FOODS STOUGHTON, WI UNION 401(k) PLAN

Notes to Financial Statements December 31, 2023 and 2022

NOTE A - DESCRIPTION OF THE PLAN

The following description of the B&G Foods Stoughton, WI Union 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

[1] General:

The Plan was a voluntary, participant-directed defined contribution savings plan sponsored by B&G Foods North America, Inc. (the "Company") to provide retirement income to supplement the benefits payable under Social Security. The Plan was subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

The trustee and recordkeeper of the Plan was Lincoln Financial Group Trust Company, Inc.

In November 2023, the Board of Directors of B&G Foods North America, Inc., the Plan sponsor, approved a plan to merge the Plan into the B&G Foods 401(k) Savings and Investment Plan (the "Related Plan") effective December 31, 2023 (the "Plan Merger"). In January 2024, the Plan transferred assets of approximately \$5,228,000 into the Related Plan, inclusive of losses of \$65,000. In addition, the Company transferred converted loans of approximately \$291,000 from the Plan. The accounting treatment for the merger of the Related Plans is based off the approved merger date and the assets have been accounted for as a payable to Related Plan in the accompanying statement of net assets available for benefits as of December 31, 2023.

[2] Eligibility:

Employees of the Company, who are covered by the collective bargaining agreement between the Company and Teamsters Local #695 and were employed at the Company, were eligible to participate in the Plan. There was no minimum service or age requirement for participation in the Plan.

[3] Employee contributions:

Each eligible employee ("Participant") in the Plan was permitted to make contributions to the Plan, through payroll deductions, of any whole percentage from 1% to 75% of his or her compensation, subject to certain limitations, as defined in the Plan document. Participants who had attained age 50 before the end of the Plan year were eligible to make catch-up contributions. Participants' before-tax contributions and the Company's contributions were deferred compensation pursuant to Section 401(k) of the Internal Revenue Code (the "Code"). In no event may Participant pre-tax and after-tax contributions exceed any statutory limitations.

The Plan included an auto-enrollment provisions whereby all newly eligible employees were automatically enrolled in the Plan unless they affirmatively elected not to participate in the Plan. Automatically enrolled Participants had their deferral rate set at 6% of eligible compensation.

Participants may have made Roth contributions to the Plan, through payroll deductions, of any whole percentage from 1% to 75% of his or her compensation.

[4] Company contributions:

The Company contributed amounts equal to the amount contributed by each Participant up to 50% of the first 6% of such Participant's compensation, plus an additional 100% of salary deferrals over 6% and up to 7% of such Participant's compensation for any employee hired prior to July 1, 2021. For eligible Participants who were hired, or rehired, on or after July 1, 2021, and were not eligible to participate in the B&G Foods Stoughton, WI Union Pension Plan, the Company contributed amounts equal to 100% of salary deferrals that do not exceed 5% of such Participant's compensation.

Notes to Financial Statements December 31, 2023 and 2022

NOTE A - DESCRIPTION OF THE PLAN (CONTINUED)

[5] Rollover:

Employees of the Company were allowed to rollover funds from other qualified retirement accounts into the Plan.

[6] Forfeitures:

Forfeited non-vested contributions were used to reduce employer contributions and pay Plan expenses. The Plan utilized approximately \$9,100 of forfeitures during the year ended December 31, 2023 to reduce employer contributions or pay Plan expenses. The forfeiture balance was approximately \$3,600 and \$1,100 as of December 31, 2023 and 2022, respectively.

[7] Vesting:

Participants were immediately vested in their voluntary contributions plus actual earnings thereon. Vesting of the remainder of their accounts was based on years of continuous service as follows:

<u>Years of Service</u>	<u>Vesting Percentage</u>
End of:	
One year	0%
Two years	0%
Three years	100%

Eligible Participants who were hired, or rehired, on or after July 1, 2021, and were not eligible to participate in the B&G Foods Stoughton, WI Union Pension Plan are 100% vested in all contributions.

[8] Notes receivable from Participants:

Notes receivable from Participants were measured at their unpaid principal balance, plus any accrued but unpaid interest. Participants may have borrowed from their fund accounts a minimum of \$1,000, up to a maximum equal to the lesser of \$50,000, or 50%, of their vested account balance. Loan terms ranged from one to five years; however, terms may have exceeded five years for the purchase of a primary residence. The loans were secured by the balance in the Participant's account and bore interest at a rate commensurate with local prevailing rates as determined by the Plan administrator. Interest rates on outstanding loan balances ranged from 4.25% to 9.50%. Principal and interest were paid ratably through payroll deductions and ACH payments. Delinquent notes receivable from Participants were reclassified as distributions based on the terms of the Plan document. Related fees were recorded as administrative expenses and were expensed when they were incurred. The notes receivable from Participants were transferred as part of the Plan Merger, as discussed in Note A[1].

[9] Payment of benefits:

Prior to the Plan Merger, a Participant's entire vested account balance was payable in either a lump-sum payment or annual installments upon retirement, attainment of age 59½, death, disability or termination of employment. Participants who suffered a financial hardship, as defined in the Plan document, may have withdrawn all or part of their vested account. The Plan provided for in-service withdrawals of after-tax contributions under certain circumstances, as defined in the Plan document.

B&G FOODS STOUGHTON, WI UNION 401(k) PLAN

Notes to Financial Statements December 31, 2023 and 2022

NOTE A - DESCRIPTION OF THE PLAN (CONTINUED)

[10] Participant accounts:

Each Participant's account was credited with the Participant's contributions and allocations of (i) the Company's contribution, and (ii) Plan earnings and losses, and may have been charged with an allocation of administrative expenses. Allocations are based on Participant earnings or account balances, or specific Participant transactions, as defined. The benefit to which a Participant was entitled was the benefit that could have been provided from the Participant's vested account.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

[1] Basis of accounting:

The accompanying financial statements have been prepared on the accrual method of accounting.

Investments held by a defined-contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts, because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

[2] Use of estimates:

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions of reported amounts of assets and liabilities and changes therein, and when applicable, disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

[3] Investment valuation and income recognition:

The Plan's investments are reported at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note D for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net realized/unrealized appreciation in the fair value of investments included the Plan's gains and losses on investments bought and sold, as well as held during the year.

[4] Subsequent events:

The Plan has evaluated subsequent events through October 8, 2024, the date the financial statements were available to be issued.

[5] Payment of benefits:

Benefits were recorded when paid.

B&G FOODS STOUGHTON, WI UNION 401(k) PLAN

Notes to Financial Statements December 31, 2023 and 2022

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

[6] Plan expenses:

Substantially all expenses, with the exception of fees related to notes receivable from Participants, incurred in connection with the administration of the Plan were paid by the Company. Expenses that were paid by the Company were excluded from these financial statements.

NOTE C - INVESTMENT CERTIFICATION

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the U.S. Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, Lincoln Financial Group Trust Company, Inc., the trustee of the Plan, has certified to the completeness and accuracy of all investments and related investment activity and notes receivable from Participants and related activity in the accompanying statements of net assets available for benefits as of December 31, 2023 and 2022, the statement of changes in net assets available for benefits for the year ended December 31, 2023, and the accompanying supplemental schedule of assets (held at end of year) as of December 31, 2023.

NOTE D - FAIR VALUE MEASUREMENTS

The Financial Accounting Standards Board's ("FASB") Accounting Standards Codification ("ASC") 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements), and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include: (1) quoted prices for similar assets or liabilities in active markets; (2) quoted prices for identical or similar assets or liabilities in inactive markets; (3) inputs other than quoted prices that are observable for the asset or liability; or (4) inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy was based on the lowest level of any input that was significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for investment assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Mutual funds – Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

B&G FOODS STOUGHTON, WI UNION 401(k) PLAN

Notes to Financial Statements December 31, 2023 and 2022

NOTE D - FAIR VALUE MEASUREMENTS (CONTINUED)

Money market fund – Valued at NAV as reported by the fund. The money market fund held by the Plan is deemed to be actively traded.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth, by level, within the fair value hierarchy the Plan's investment assets at fair value as of December 31, 2023 and 2022:

Investment Assets at Fair Value as of December 31, 2023

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Investments:				
Mutual funds	\$ 3,731,547	\$ -	\$ -	\$ 3,731,547
Money market fund	<u>112,484</u>	<u>-</u>	<u>-</u>	<u>112,484</u>
Total investment assets at fair value	<u>\$ 3,844,031</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 3,844,031</u>

Investment Assets at Fair Value as of December 31, 2022

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Investments:				
Mutual funds	\$ 3,770,809	\$ -	\$ -	\$ 3,770,809
Money market fund	<u>119,294</u>	<u>-</u>	<u>-</u>	<u>119,294</u>
Total investment assets at fair value	<u>\$ 3,890,103</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 3,890,103</u>

Changes in Fair Value Levels

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another.

NOTE E - GUARANTEED INVESTMENT CONTRACTS WITH INSURANCE COMPANY

In 2017, the Plan entered into a benefit-responsive guaranteed investment contract with Lincoln National Life Insurance Company ("LNL"). Effective August 27, 2019, the group fixed annuity contract was amended for the change in the Plan name. LNL maintains the contributions in a general account. The contract is reported at contract value. The account is credited with earnings on the underlying investments and charged for Participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

B&G FOODS STOUGHTON, WI UNION 401(k) PLAN

Notes to Financial Statements December 31, 2023 and 2022

NOTE E - GUARANTEED INVESTMENT CONTRACTS WITH INSURANCE COMPANY (CONTINUED)

Because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. Contract value, as reported to the Plan by LNL, represents contributions made under the contract, plus earnings, less Participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The traditional investment contract held by the Plan is a guaranteed investment contract. The contract issuer is contractually obligated to repay the principal and interest at a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than 1.00%. The crediting rate is reviewed on a quarterly basis for resetting. The contract cannot be terminated before the scheduled maturity date.

Participant withdrawals occur at contract value, if the Plan were to terminate the contract, the contract value would be paid out over five years, as defined, or a market value adjustment would apply. Upon transfer of the Plan assets to the Related Plan, the investment contract was not considered to be terminated and transferred with the underlying assets to the Related Plan.

The Plan's ability to receive amounts due in accordance with a fully benefit-responsive investment contract is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. These events may be different under each contract. Examples of such events include the following:

1. The Plan's failure to qualify under Section 401(a) of the Internal Revenue Code or the failure of the trust to be tax-exempt under Section 501(a) of the Internal Revenue Code;
2. Premature termination of the contracts;
3. Plan termination or merger;
4. Changes to the Plan's prohibition on competing investment options; and
5. Bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spinoffs of a subsidiary) that significantly affect the Plan's normal operations.

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the Participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Those events may be different under each contract. Examples of such events include the following:

1. An uncured violation of the Plan's investment guidelines;
2. A breach of material obligation under the contract;
3. A material misrepresentation; and
4. A material amendment to the agreements without the consent of the issuer.

B&G FOODS STOUGHTON, WI UNION 401(k) PLAN

Notes to Financial Statements December 31, 2023 and 2022

NOTE F - RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain investments are investments in a guaranteed investment contract managed by LNL, an affiliate of the trustee and recordkeeper and, therefore, these investments qualify as party-in-interest transactions. Fees paid by the Plan were approximately \$5,400 for the year ended December 31, 2023.

NOTE G - PLAN TERMINATION

The Plan Merger was effective December 31, 2023, as disclosed in Note A[1].

NOTE H - TAX STATUS

The Plan adopted a Defined Contribution Volume Submitter Plan and Trust sponsored by Lincoln Retirement Services Company, LLC. In June 2020, the Internal Revenue Service ("IRS") stated in an advisory letter that the volume submitter adopted by the Plan, as then designed, was in compliance with applicable requirements of the Code and therefore, the related trust was exempt from taxation. The Plan has been amended since receiving the letter. However, the Plan administrator believes that the Plan was designed and operated in compliance with the applicable requirements of the Code. Therefore, the Plan administrator believed that the Plan was qualified and the related trust was tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by a government authority. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2023, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine examinations by taxing jurisdictions.

NOTE I - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks, as well as risks related to the financial strength of the insurance company. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, and that such changes could materially affect the Participants' account balances and the amounts reported in the statements of net assets available for benefits.

Volatility in the financial markets may significantly impact the subsequent valuation of the Plan's investments. Accordingly, the valuation of investments at December 31, 2023, may not necessarily be indicative of amounts that could be realized in a current market exchange.

NOTE J - MUTUAL FUND FEES

Investments in mutual funds are subject to sales charges in the form of front-end loads, back-end loads or 12b-1 fees. 12b-1 fees, which are ongoing fees allowable under Section 12b-1 of the Investment Company Act of 1940, are annual fees deducted to pay for marketing and distribution costs of the funds. These fees are deducted prior to the allocation of the Plan's investment earnings activity, and thus not separately identifiable as an expense.
