Independent Auditors' Report

To the Administrative Committee of
GIIR America Inc. 401(K) Profit Sharing Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of GIIR America Inc. 401(K) Profit Sharing Plan, (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 9 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant

ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit for the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2022, is presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

(1) Description of the Plan

a) General

The Plan, effective January 1, 2018, is a defined contribution plan covering eligible employees of GIIR America Inc. (the “Employer”). The following description of the Plan provides only general information. Participants should refer to the Plan for a more completed description of the Plan’s provisions. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan administrator instructed the Plan’s independent auditors not to perform any auditing procedures with respect to the information certified by the Trustee, as complete and accurate, except for comparing the information certified by the Trustee to information included in the financial statement.

b) Eligibility

Employees are generally eligible to participate in the Plan on the first day of the month, following completion of 90 days of service as defined by the Plan. In case of employees transfers from an affiliate, a digital production department lead, or a manager for special programs in the ecommerce business department, 90 days of service requirement is waived. Non-resident alien employees who have no U.S. source of earned income are not eligible to participate in the Plan.

c) Contributions

Employee - Eligible employees are permitted to make combined pre-tax and Roth after tax contributions at a rate of up to 100% of employees’ compensation each year. However, employee's total deferrals in any taxable year may not exceed a dollar limit by the Plan, and subject to Internal Revenue Code (the Code) limitations on deferral contributions of \$20,500 for 2022. Participants aged 50, or older or who will turn 50 during the plan year are allowed to make additional pretax catch-up contributions up to a maximum of \$6,500 for 2022. The maximum catch-up contribution may be indexed each year for inflation. Effective January 1, 2018, the plan permits participants to make Roth 401(k) contributions, Roth rollovers, and in-plan Roth conversions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plants.

Employer - The Employer reserves the right to make a discretionary matching contribution to participants’ accounts. The Employer may contribute to the Plan up to 3% of compensation and plus 50% of salary deferrals between 3% and 5% of compensation as part of the safe harbor provision. The profit-sharing contribution, which is allocated annually, also can be made to all eligible employees at the Employer discretion.

d) *Participants' Accounts*

Each participant's account is credited with the participant's deferral contribution, allocations of the Company's matching contributions, allocations of Company discretionary contributions, participant forfeitures and Plan earnings, and charged with withdrawals, allocation of Plan losses and administrative expenses. Earnings are allocated to each participant's account based on the share of the investment fund they each own at a given period of time.

e) *Investments*

Participants direct the investment of their contributions into various investment options offered by the Plan. Company matching contributions are automatically invested in the same funds as the participant contributions.

f) *Notes Receivable from Participants*

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to \$50,000 or 50% of participant's vested interest in the plan, whichever is less.

The loans are secured by the balance in the participant's account and bear interest at the prime rate plus 2%. Interest rates on outstanding participant loans ranged from 5.25% to 8.25% with maturities through 2027 as of December 31, 2022. Loans are to be paid in no later than five years, except for loans made for the purchase of a principal residence in which case the term of the loan can be longer than five years.

g) *Vesting*

Participants' contributions and employer's safe harbor contributions are 100% vested immediately in their contributions plus actual earnings thereon. Employer matching and profit-sharing contributions are vested as following schedule.

<u>Year of Service</u>	<u>Percentage</u>
1	25%
2	50%
3	75%
4	100%

h) *Forfeited Accounts*

Forfeited balances of terminated participants may be used to reduce future Company matching contributions or to pay certain Plan expenses. As of December 31, 2022 and 2021, the forfeited balances were \$2,199 and \$2,170 respectively.

**GIIR AMERICA INC.
401(K) PROFIT SHARING PLAN**

Notes to Financial Statements

December 31, 2022

i) *Payment of Benefits*

On termination of services due to death, disability or retirement, a participant may elect to receive a distribution amount equal to the value of the participant's interest in his or her account or a series of installments (as defined by the Plan). Participants with a vested account balance equal to or less than \$5,000 are immediately distributed as a lump-sum under the terms of the Plan, without the participant's consent, unless the participant has made a timely rollover election to an Individual Retirement Account or other qualified arrangement. In times of financial hardship, the funds in the participant's account are available for withdrawal if a condition is satisfied in terms of emergency medical care, principal for a residence, and educational fees. Such withdrawals are subject to tax as ordinary income.

(2) *Summary of Significant Accounting Policies*

a) *Basis of Presentation*

The accompanying financial statement is prepared in conformity with accounting principles generally accepted in the United States of America ("GAAP").

b) *Use of Estimates*

The preparation of financial statement in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

c) *Risks and Uncertainties*

The Plan provides for the various investment options as described in Notes 1, 3 and 4. Any investment is exposed to various risks, such as interest rate, market, and credit risks. These risks could have a material effect on the participant's account balance and the amounts reported in the statement of net assets available for benefits.

d) *Investment Valuation*

The Plan's investments are stated at contract value. Shares of mutual funds are valued at the net asset value of shares held by the Plan at year-end, which are based on quoted market values. Purchases and sales of securities are recorded on a trade-date basis.

e) *Notes Receivable from Participants*

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded on the accrual basis.

(3) Fair Value Measurements

Financial Accounting Standards Board (FASB) *Accounting Standards Codification* (ASC) Topic 820, “Fair Value Measurements and Disclosures”, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that requires assets and liabilities measured at fair value to be categorized into one of the three levels based on the priority of inputs used in the valuation. Assets and liabilities are classified in their entirety based on the lowest level of input significant to the fair value measurement. The three levels of the fair value hierarchy under FASB ASC Topic 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include (a) quoted prices for similar assets or liabilities in active markets; (b) quoted prices for identical or similar assets or liabilities in inactive markets; (c) inputs other than quoted prices that are observable for the asset or liability; and (d) inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology that are unobservable and significant to the fair value measurement.

The asset’s and liability’s fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value pursuant to the fair value hierarchy:

Money market fund: Valued at the net asset value (NAV) as reported at year-end.

Mutual funds: Valued at the net asset value (NAV) of shares held by the Plan at year end. The value is based on the quoted market prices of the underlying shares owned by the fund, minus its liabilities, then divided by the number of shares outstanding.

The preceding methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair value. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

(4) Investment Contract with MassMutual Life Insurance Company

The Plan has a benefit-responsive group annuity contract with Massachusetts Mutual Life Insurance Company (MassMutual). MassMutual maintains the contributions in a separate account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The group annuity contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer. The average yield and crediting interest rates were 1.35% for the year ended December 31, 2022.

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by MassMutual, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments. Certain events may limit the ability of the Plan to transact at contract value. Such events include but may not be limited to the following: (1) temporary absence; (2) change in position or other occurrence qualifying as a temporary break in service under the Plan; (3) transfer or other change of position resulting in employment by an entity controlling, controlled by, or under other common control with the employer; (4) cessation of an employment relationship resulting from a reorganization, merger, layoff or the sale or discontinuance of all or any part of the Plan sponsor's business; (5) removal from the Plan of one or more groups or classifications of participants; (6) partial or complete Plan termination; or (7) Plan disqualification. Plan administration believes the occurrence of such events that would limit the Plan's ability to transact at contract value is not probable.

(5) Income Tax Status

The Internal Revenue Service has determined and informed the Company by a letter dated March 31, 2014, that the Plan and related trust, the Company adopted, are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the opinion letter, the Plan administrator and the Company believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or derecognize an asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator believes that there are no uncertain tax positions that would have a material impact on the financial statement of the Plan. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. Plan management believes it is no longer subject to income tax examinations for years prior to 2019.

(6) Plan Termination

Although it is intended to maintain the Plan indefinitely, the Company reserves the right to terminate the Plan at any time. If terminated, no further contributions will be made to the Plan and all amounts credited to participants' accounts will become 100% vested. The distribution will be directed to employees' accounts in a manner permitted by the Plan as soon as practicable.

(7) Related Party and Party-in-Interest Transactions

Empower Annuity Insurance Company of America serves as a recordkeeper. Fees paid by the Plan to Empower Annuity Insurance Company of America for certain recordkeeping and administrative services for the year ended December 31, 2022, amounted to \$598.

The Plan issues loans to participants, which are secured by the balances in the participants' accounts and therefore, these transactions qualify as party-in-interest transactions.

Other notable related party transactions and party-in-interest transactions for services provided to the Plan by the affiliated disclosed.

(8) Concentrations of Credit Risks

The Plan's exposure to a concentration of credit risk is limited by diversification of investments across all participant-directed fund elections. Additionally, the investments within each participant-directed fund election are generally diversified into various financial instruments.

(9) Information Certified by Trustee

The following is a summary of the unaudited information regarding the Plan as of December 31, 2022 and 2021, and for the year ended December 31, 2022, included in the Plan's financial statements and supplemental schedule, that was prepared by, or derived from, information certified by Empower, the trustee of the Plan as of December 31, 2022, and for the year then ended and Massachusetts Mutual Life Insurance Company, the trustee of the Plan as of December 31, 2021.

Independent Auditors' Report

To the Administrative Committee of
GIIR America Inc. 401(K) Profit Sharing Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of GIIR America Inc. 401(K) Profit Sharing Plan, (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 9 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant

ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit for the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2022, is presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Notes to Financial Statements

December 31, 2022

(1) Description of the Plan

a) General

The Plan, effective January 1, 2018, is a defined contribution plan covering eligible employees of GIIR America Inc. (the “Employer”). The following description of the Plan provides only general information. Participants should refer to the Plan for a more completed description of the Plan’s provisions. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan administrator instructed the Plan’s independent auditors not to perform any auditing procedures with respect to the information certified by the Trustee, as complete and accurate, except for comparing the information certified by the Trustee to information included in the financial statement.

b) Eligibility

Employees are generally eligible to participate in the Plan on the first day of the month, following completion of 90 days of service as defined by the Plan. In case of employees transfers from an affiliate, a digital production department lead, or a manager for special programs in the ecommerce business department, 90 days of service requirement is waived. Non-resident alien employees who have no U.S. source of earned income are not eligible to participate in the Plan.

c) Contributions

Employee - Eligible employees are permitted to make combined pre-tax and Roth after tax contributions at a rate of up to 100% of employees’ compensation each year. However, employee's total deferrals in any taxable year may not exceed a dollar limit by the Plan, and subject to Internal Revenue Code (the Code) limitations on deferral contributions of \$20,500 for 2022. Participants aged 50, or older or who will turn 50 during the plan year are allowed to make additional pretax catch-up contributions up to a maximum of \$6,500 for 2022. The maximum catch-up contribution may be indexed each year for inflation. Effective January 1, 2018, the plan permits participants to make Roth 401(k) contributions, Roth rollovers, and in-plan Roth conversions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plants.

Employer - The Employer reserves the right to make a discretionary matching contribution to participants’ accounts. The Employer may contribute to the Plan up to 3% of compensation and plus 50% of salary deferrals between 3% and 5% of compensation as part of the safe harbor provision. The profit-sharing contribution, which is allocated annually, also can be made to all eligible employees at the Employer discretion.

d) *Participants' Accounts*

Each participant's account is credited with the participant's deferral contribution, allocations of the Company's matching contributions, allocations of Company discretionary contributions, participant forfeitures and Plan earnings, and charged with withdrawals, allocation of Plan losses and administrative expenses. Earnings are allocated to each participant's account based on the share of the investment fund they each own at a given period of time.

e) *Investments*

Participants direct the investment of their contributions into various investment options offered by the Plan. Company matching contributions are automatically invested in the same funds as the participant contributions.

f) *Notes Receivable from Participants*

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to \$50,000 or 50% of participant's vested interest in the plan, whichever is less.

The loans are secured by the balance in the participant's account and bear interest at the prime rate plus 2%. Interest rates on outstanding participant loans ranged from 5.25% to 8.25% with maturities through 2027 as of December 31, 2022. Loans are to be paid in no later than five years, except for loans made for the purchase of a principal residence in which case the term of the loan can be longer than five years.

g) *Vesting*

Participants' contributions and employer's safe harbor contributions are 100% vested immediately in their contributions plus actual earnings thereon. Employer matching and profit-sharing contributions are vested as following schedule.

<u>Year of Service</u>	<u>Percentage</u>
1	25%
2	50%
3	75%
4	100%

h) *Forfeited Accounts*

Forfeited balances of terminated participants may be used to reduce future Company matching contributions or to pay certain Plan expenses. As of December 31, 2022 and 2021, the forfeited balances were \$2,199 and \$2,170 respectively.

**GIIR AMERICA INC.
401(K) PROFIT SHARING PLAN**

Notes to Financial Statements

December 31, 2022

i) *Payment of Benefits*

On termination of services due to death, disability or retirement, a participant may elect to receive a distribution amount equal to the value of the participant's interest in his or her account or a series of installments (as defined by the Plan). Participants with a vested account balance equal to or less than \$5,000 are immediately distributed as a lump-sum under the terms of the Plan, without the participant's consent, unless the participant has made a timely rollover election to an Individual Retirement Account or other qualified arrangement. In times of financial hardship, the funds in the participant's account are available for withdrawal if a condition is satisfied in terms of emergency medical care, principal for a residence, and educational fees. Such withdrawals are subject to tax as ordinary income.

(2) *Summary of Significant Accounting Policies*

a) *Basis of Presentation*

The accompanying financial statement is prepared in conformity with accounting principles generally accepted in the United States of America ("GAAP").

b) *Use of Estimates*

The preparation of financial statement in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

c) *Risks and Uncertainties*

The Plan provides for the various investment options as described in Notes 1, 3 and 4. Any investment is exposed to various risks, such as interest rate, market, and credit risks. These risks could have a material effect on the participant's account balance and the amounts reported in the statement of net assets available for benefits.

d) *Investment Valuation*

The Plan's investments are stated at contract value. Shares of mutual funds are valued at the net asset value of shares held by the Plan at year-end, which are based on quoted market values. Purchases and sales of securities are recorded on a trade-date basis.

e) *Notes Receivable from Participants*

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded on the accrual basis.

(3) Fair Value Measurements

Financial Accounting Standards Board (FASB) *Accounting Standards Codification* (ASC) Topic 820, “Fair Value Measurements and Disclosures”, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that requires assets and liabilities measured at fair value to be categorized into one of the three levels based on the priority of inputs used in the valuation. Assets and liabilities are classified in their entirety based on the lowest level of input significant to the fair value measurement. The three levels of the fair value hierarchy under FASB ASC Topic 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include (a) quoted prices for similar assets or liabilities in active markets; (b) quoted prices for identical or similar assets or liabilities in inactive markets; (c) inputs other than quoted prices that are observable for the asset or liability; and (d) inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology that are unobservable and significant to the fair value measurement.

The asset’s and liability’s fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value pursuant to the fair value hierarchy:

Money market fund: Valued at the net asset value (NAV) as reported at year-end.

Mutual funds: Valued at the net asset value (NAV) of shares held by the Plan at year end. The value is based on the quoted market prices of the underlying shares owned by the fund, minus its liabilities, then divided by the number of shares outstanding.

The preceding methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair value. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

(4) Investment Contract with MassMutual Life Insurance Company

The Plan has a benefit-responsive group annuity contract with Massachusetts Mutual Life Insurance Company (MassMutual). MassMutual maintains the contributions in a separate account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The group annuity contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer. The average yield and crediting interest rates were 1.35% for the year ended December 31, 2022.

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by MassMutual, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments. Certain events may limit the ability of the Plan to transact at contract value. Such events include but may not be limited to the following: (1) temporary absence; (2) change in position or other occurrence qualifying as a temporary break in service under the Plan; (3) transfer or other change of position resulting in employment by an entity controlling, controlled by, or under other common control with the employer; (4) cessation of an employment relationship resulting from a reorganization, merger, layoff or the sale or discontinuance of all or any part of the Plan sponsor's business; (5) removal from the Plan of one or more groups or classifications of participants; (6) partial or complete Plan termination; or (7) Plan disqualification. Plan administration believes the occurrence of such events that would limit the Plan's ability to transact at contract value is not probable.

(5) Income Tax Status

The Internal Revenue Service has determined and informed the Company by a letter dated March 31, 2014, that the Plan and related trust, the Company adopted, are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the opinion letter, the Plan administrator and the Company believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or derecognize an asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator believes that there are no uncertain tax positions that would have a material impact on the financial statement of the Plan. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. Plan management believes it is no longer subject to income tax examinations for years prior to 2019.

(6) Plan Termination

Although it is intended to maintain the Plan indefinitely, the Company reserves the right to terminate the Plan at any time. If terminated, no further contributions will be made to the Plan and all amounts credited to participants' accounts will become 100% vested. The distribution will be directed to employees' accounts in a manner permitted by the Plan as soon as practicable.

(7) Related Party and Party-in-Interest Transactions

Empower Annuity Insurance Company of America serves as a recordkeeper. Fees paid by the Plan to Empower Annuity Insurance Company of America for certain recordkeeping and administrative services for the year ended December 31, 2022, amounted to \$598.

The Plan issues loans to participants, which are secured by the balances in the participants' accounts and therefore, these transactions qualify as party-in-interest transactions.

Other notable related party transactions and party-in-interest transactions for services provided to the Plan by the affiliated disclosed.

(8) Concentrations of Credit Risks

The Plan's exposure to a concentration of credit risk is limited by diversification of investments across all participant-directed fund elections. Additionally, the investments within each participant-directed fund election are generally diversified into various financial instruments.

(9) Information Certified by Trustee

The following is a summary of the unaudited information regarding the Plan as of December 31, 2022 and 2021, and for the year ended December 31, 2022, included in the Plan's financial statements and supplemental schedule, that was prepared by, or derived from, information certified by Empower, the trustee of the Plan as of December 31, 2022, and for the year then ended and Massachusetts Mutual Life Insurance Company, the trustee of the Plan as of December 31, 2021.
