Frontier Behavioral Health 403(b) Investment Plan
Spokane, Washington

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Frontier Behavioral Health 403(b) Investment Plan ("the Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) Audit]. The financial statements are comprised of the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion on the Financial Statements

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the Financial Statements

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Frontier Behavioral Health 403(b) Investment Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, line 4i – Schedule of Assets (Held at End of Year), as of December 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Frontier Behavioral Health 403(b) Investment Plan
Notes to Financial Statements
Year Ended December 31, 2023

1. Description of the Plan

The Frontier Behavioral Health 403(b) Investment Plan (the Plan) is a defined contribution plan covering virtually all employees of Frontier Behavioral Health (the Organization).

On February 28, 2015, Frontier Behavioral Health terminated the Frontier Behavioral Health Retirement Plan (the Retirement Plan), to be retroactively effective as of January 1, 2015. In connection with the termination of the Retirement Plan, the Frontier Behavioral Health 403(b) Investment Plan was amended. The following brief description of the Plan is provided for general information purposes only and reflects the amendments to the Plan. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering virtually all employees of Frontier Behavioral Health. The Plan was established under the provisions of Section 403(b) of the Internal Revenue Code. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The Organization is the Plan sponsor and serves as Plan administrator.

Eligibility

Employees of the Organization are eligible to participate in the Plan upon meeting one of the following conditions:

- Employees who have worked 500 hours over the 6-month period beginning on the employee's date of hire; or
- Employees who have worked 500 hours during the 6-month period immediately following the first 6-month period following the employee's date of hire.
- If the employee has not met the former eligibility conditions within one year of the employee's date of hire, then they are eligible once they have worked 1,000 hours during the Plan year that begins following the employee's date of hire.

Participation begins on the first day of the pay period following fulfillment of the eligibility requirements. Eligible employees who do not opt out of the Plan are automatically enrolled at 3% of compensation.

Employee Contributions

Participants of the Plan may make elective deferrals of their compensation, consisting of both pre-tax deferrals and Roth deferrals, not to exceed annual limitations prescribed by the Internal Revenue Service. For 2023, the elective deferral limit is \$22,500 for individuals under the age of 50 and \$30,000 for individuals who attained the age of 50 prior to or during 2023. Participants may also contribute amounts representing rollover contributions from other qualified defined benefit or defined contribution plans.

Employer Contributions

The Plan's provisions permit the Organization to make two types of employer discretionary contributions. The first is a safe harbor Employer Discretionary Contribution, which may be made each Plan year to eligible participants. The Organization may elect, on an annual basis, to make a fixed safe harbor nonelective contribution to the Plan, regardless of employee participation, provided the employee is eligible to participate. The nonelective contribution is equal to 3% of eligible employee compensation, calculated and funded for each applicable pay period.

1. Description of the Plan, Continued

Employer Contributions, Continued

The second type of employer discretionary contribution is an Employer Discretionary Matching Contribution, which may be made each Plan year to eligible participants. The formula for the Employer Discretionary Matching Contribution is based on employee elective deferral contributions and is equal to 100% of eligible employee contributions to the Plan not to exceed 3% of compensation, calculated and funded for each applicable pay period.

Participant Accounts

Each participant's account is credited with the participant's rollover contributions, the participant's elective deferral contributions, the Organization's employer contributions, and an allocation of Plan earnings and is charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. Participants may direct the investment of their account balances into various investment options offered by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting of Contributions

Participants are immediately 100% vested in their elective deferral and rollover contributions to the Plan, plus earnings thereon, and any employer safe harbor nonelective contributions. Employer Discretionary Matching Contributions vest at the graduated rate of 20% per year beginning with the second year of service, and become 100% vested after five years of service, as follows:

<u>Years of Service (1,000 hours or more)</u>	<u>Vesting Percentage</u>
Less than 1 year	0%
1 year	20%
2 years	40%
3 years	60%
4 years	80%
5 or more years	100%

Notes Receivable from Participants

Participants may borrow from their fund accounts up to a maximum of the lesser of \$50,000 or 50% of the participant's vested account balance. The loans are secured by the balance in the participant's account and bear interest at the rate in effect as of the date of the loan application. Interest rates are determined periodically by the Plan administrator and are adjusted each time there is a change in the Prime lending rate. Principal and interest payments are paid through periodic payroll deductions.

Payment of Benefits

Benefit payments are made upon termination, death, disability, or retirement, and are payable in the form of an annuity or in a lump-sum payment. At the participant's election, account balances may remain in the Plan until the participant reaches age 72.

1. Description of the Plan, Continued

Forfeitures

The non-vested portion of a participant's account is forfeited upon termination of employment. Forfeitures are retained in the Plan and are first used to reinstate forfeited balances of re-hired employees, then are used to pay Plan administrative expenses. Any remaining forfeitures may then be used to reduce future employer contributions.

For the year ended December 31, 2023, no forfeitures were used for reinstating forfeited balances of re-hired employees or to pay administrative expenses. In addition, \$42,560 of forfeitures were used to reduce employer contributions or were reallocated to participants. At December 31, 2023, there were \$72,053 of remaining unallocated forfeitures.

Plan Termination

Although it has not expressed any intent to do so, the Organization has the right to terminate the Plan at any time subject to the provisions of ERISA. In the event of a Plan termination, all participants would become 100% vested in their portion of employer contributions, and benefits under the Plan would be distributed based upon participant account balances accumulated on the date of termination of the Plan.

2. Summary of Significant Accounting Policies

Basis of Accounting

The Plan's financial statements have been prepared under the accrual method of accounting.

Investment Valuation and Income Recognition

Investments are stated at fair value as certified by the Plan's custodian, Matrix Trust Company. Quoted market prices are used to value investments. Shares of registered investment company funds (mutual funds) are valued at the net asset value of shares held by the Plan at year end. However, as these investments are deemed to be actively traded at the publicly listed price, mutual funds are considered to be recorded at fair value. Interest-bearing cash equivalents, if any, are recorded at fair value, which approximates cost.

The common/collective trust fund is primarily comprised of fully benefit-responsive guaranteed income fund contracts, as certified by the Plan's custodian, Matrix Trust Company, which approximates fair value since current transactions can be redeemed at NAV as of the measurement date. Even though the fund holds fully benefit-responsive investment contracts, the Plan's investments in the CCTs are not considered fully benefit-responsive investment contracts, and are reported at fair value (see *fair value measurements* below). Under the group annuity insurance contract that supports this fund, participants may ordinarily direct withdrawal or transfers of all or a portion of their account balance at contract value within reasonable timeframes. Generally, there are no events that could limit the ability of the Plan to transact at contract value paid within 90 days or paid over time. In addition, there are no events that allow the issuer to terminate the contract and which require the Plan sponsor to settle at an amount different than contract value paid either within 90 days or over time.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date.

2. Summary of Significant Accounting Policies, Continued

Investment Valuation and Income Recognition, Continued

The Plan presents in the Statement of Changes in Net Assets Available for Benefits the net appreciation or depreciation in the fair value of its investments, which consist of realized gains (losses) and unrealized appreciation (depreciation) on those investments.

In addition, the Plan receives revenue sharing for compensation of certain recordkeeping services in exchange for assuming part of the mutual funds administrative functions. Income from revenue sharing is available to offset certain Plan expenses.

Benefit Payments to Participants

Benefit payments to participants are recorded when processed for payment. Benefit payments that have been processed, but not yet remitted to, or on behalf of, participants are reported as benefits payable.

Administrative Expenses

Participant loan fees are paid by the participant, through a reduction of the proceeds of the loan. All other costs associated with administering the Plan are charged to all individual participant accounts, based on the individual participants' account balances at the date of payment.

Notes Receivable from Participants

Notes receivable from participants are stated at their outstanding balances, including any accrued but unpaid interest. Interest income is recorded on the accrual basis, and related fees are recorded as administrative expenses as incurred. Delinquent notes receivable are reclassified as distributions based upon the terms of the Plan document. No allowance for credit losses has been recorded as of December 31, 2023 and 2022.

Fair Value Measurements

ASC Topic 820, *Fair Value Measurements and Disclosures*, establishes a fair value hierarchy for those assets and liabilities measured at fair value, that distinguishes between assumptions based on market data (observable inputs) and the Plan's own assumptions (unobservable inputs). The hierarchy consists of: Level 1 – quoted market prices in active markets for identical instruments; Level 2 – inputs other than Level 1 inputs that are observable; and Level 3 – unobservable inputs developed using estimates and assumptions determined by the Plan.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publicly list their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded and therefore are included in Level 1 of the hierarchy.

Frontier Behavioral Health 403(b) Investment Plan
Notes to Financial Statements, Continued
Year Ended December 31, 2023

2. Summary of Significant Accounting Policies, Continued

Fair Value Measurements, Continued

Common/collective trust fund (CCT): Valued at net asset value (NAV). The majority of the underlying securities in which the CCTs invest are fully benefit-responsive investment contracts. Even though the CCTs hold fully benefit-responsive investment contracts, the Plan's investments in the CCTs are not considered fully benefit-responsive investment contracts, and are reported at fair value. NAV is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The NAV of the CCT is not publicly quoted, but is available to current investors via the custodian website or when Plan participants access their account values. The NAV is the basis for current transactions and the CCT can be redeemed at NAV as of the measurement date. Therefore, the Plan believes that this investment has a "readily determinable fair value". Because the CCTs are valued similarly to mutual funds, the Plan believes they should be Level 1 assets to allow for consistent disclosure. Unfunded commitments are typically found only in private equity funds, and are not applicable to CCTs.

At December 31, 2023 and 2022, the assets or liabilities of the Plan that were measured at fair value on a recurring basis are summarized as follows:

December 31, 2023

	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 36,340,800	\$ --	\$ --	\$ 36,340,800
Common/collective trust fund	1,648,601	--	--	1,648,601

December 31, 2022

	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 29,897,269	\$ --	\$ --	\$ 29,897,269
Common/collective trust fund	1,954,131	--	--	1,954,131

Certain assets and liabilities are measured at fair value on a nonrecurring basis; that is, the instruments are not measured at fair value on an ongoing basis, but are subject to fair value adjustments only in certain circumstances (for example, when there is evidence of impairment). The Plan had no assets or liabilities measured at fair value on a nonrecurring basis during 2023 or 2022.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates and affect the amounts reported in the financial statements.

Subsequent Events

The Plan's management has evaluated subsequent events through October 7, 2024, the date as of which these financial statements were available to be issued. No material subsequent events have occurred since December 31, 2023 that required recognition or disclosure in these financial statements.

3. Investments

All investment information disclosed in the accompanying financial statements and supplemental schedule, including investments held at December 31, 2023 and 2022, and interest and dividend income and net appreciation in the fair value of investments for the year ended December 31, 2023, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by the custodian, Matrix Trust Company, as permitted by 29 CFR 2520.103-8 of the Department of Labor's *Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974*.

The fair value of individual investments that represented 5% or more of the Plan's net assets at December 31, 2023 and 2022 are as follows:

	<u>2023</u>	<u>2022</u>
Investments representing 5% or more of the Plan's net assets:		
Mutual funds:		
American Funds 2040 Target Date Retire R6	2,506,273	2,543,153

Total investments	<u>\$ 37,989,401</u>	<u>\$ 31,851,400</u>

*Investment is not 5% or more of the Plan's net assets at this date.

During 2023, the Plan's investments (including investments purchased, sold and held during the year) appreciated in fair value as follows:

Mutual funds	\$ 4,099,218
Common/collective trust fund	<u>35,432</u>
	<u>\$ 4,134,650</u>

4. Risks and Uncertainties

The Plan invests in a combination of mutual and common/collective investment trust funds. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in the values of investment securities may occur and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

Frontier Behavioral Health 403(b) Investment Plan
Notes to Financial Statements, Continued
Year Ended December 31, 2023

5. Plan Tax Status

The Plan has been designed to qualify under Section 403(b) of the Internal Revenue Code (IRC). The terms of the Plan have been prepared to conform with the sample language provided by the Internal Revenue Service (IRS). The Plan administrator intends to apply for a determination letter on the Plan once the IRS opens such a program. The Plan is required to operate in conformity with the IRC to maintain the tax-exempt status for plan participants under Section 403(b). The Plan administrator and the Plan's tax counsel believe the Plan is currently being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income tax has been included in the Plan's financial statements.

6. Information Certified by the Custodian

The Plan administrator has received certification from Matrix Trust Company (see Note 3) that the following information is complete and accurate:

- Investments reflected on the accompanying Statements of Net Assets Available for Benefits as of December 31, 2023 and 2022.
- Net appreciation in fair value of investments and interest and dividend income from investments reflected on the accompanying Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2023.
- Investments reflected on the supplemental Schedule H, line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2023.

7. Party-in-Interest Transactions

Certain Plan investments are shares of mutual funds managed by Matrix Trust Company. Because Matrix Trust Company is the custodian of the Plan, these transactions represent party-in-interest transactions. Fees paid by the Plan to Matrix Trust Company for plan administration services totaled \$13,837 during 2023.

Northwest Plan Services (NWPS) provides third party administrator services to the Plan and is considered to be a party-in-interest to the Plan. Fees paid by the Plan to NWPS for plan administration services totaled \$49,160 during 2023.

In addition, Northwest Mutual Wealth Management (NMWM) provides third party investment advisory services to the Plan and is considered to be a party-in-interest to the Plan. Fees paid by the Plan to NMWM for plan investment services totaled \$68,237 during 2023.

8. Reconciliation of Financial Statements to Form 5500

Form 5500, which is filed with the Department of Labor, has items that differ from the amounts shown on the accompanying Statements of Net Assets Available for Benefits and the Statement of Changes in Net Assets Available for Benefits. These differences are classification differences only and have no effect upon net assets available for benefits or increase in net assets available for benefits.
