Part III Accountant's Opinion

3 Complete lines 3a through 3c if the opinion of an independent qualified public accountant is attached to this Form 5500. Complete line 3d if an opinion is not attached.

a The attached opinion of an independent qualified public accountant for this plan is (see instructions):

(1) ☒ Unmodified (2) ☐ Qualified (3) ☐ Disclaimer (4) ☐ Adverse

b Check the appropriate box(es) to indicate whether the IQPA performed an ERISA section 103(a)(3)(C) audit. Check both boxes (1) and (2) if the audit was performed pursuant to both 29 CFR 2520.103-8 and 29 CFR 2520.103-12(d). Check box (3) if pursuant to neither.

(1) ☒ DOL Regulation 2520.103-8 (2) ☐ DOL Regulation 2520.103-12(d) (3) ☐ neither DOL Regulation 2520.103-8 nor DOL Regulation 2520.103-12(d).

c Enter the name and EIN of the accountant (or accounting firm) below:

(1) Name: **DOEREN MAYHEW ASSURANCE**

(2) EIN: **38-2492570**

d The opinion of an independent qualified public accountant is **not attached** as part of Schedule H because:

(1) ☐ This form is filed for a CCT, PSA, DCG or MTIA. (2) ☐ It will be attached to the next Form 5500 pursuant to 29 CFR 2520.104-50.

Part IV Compliance Questions

4 CCTs and PSAs do not complete Part IV. MTIAs, 103-12 IEs, and GIAs do not complete lines 4a, 4e, 4f, 4g, 4h, 4k, 4m, 4n, or 5. 103-12 IEs also do not complete lines 4j and 4l. MTIAs also do not complete line 4l. DCGs do not complete lines 4e, 4f, 4k, 4l, and 5, and DCGs generally complete the rest of Part IV collectively for all plans in the DCG, except as otherwise provided (see instructions).

During the plan year:

	Yes	No	Amount
a Was there a failure to transmit to the plan any participant contributions within the time period described in 29 CFR 2510.3-102? Continue to answer "Yes" for any prior year failures until fully corrected. (See instructions and DOL's Voluntary Fiduciary Correction Program.)		☒	
b Were any loans by the plan or fixed income obligations due the plan in default as of the close of the plan year or classified during the year as uncollectible? Disregard participant loans secured by participant's account balance. (Attach Schedule G (Form 5500) Part I if "Yes" is checked.)		☒	
c Were any leases to which the plan was a party in default or classified during the year as uncollectible? (Attach Schedule G (Form 5500) Part II if "Yes" is checked.)		☒	
d Were there any nonexempt transactions with any party-in-interest? (Do not include transactions reported on line 4a. Attach Schedule G (Form 5500) Part III if "Yes" is checked.)		☒	
e Was this plan covered by a fidelity bond?	☒		20000000
f Did the plan have a loss, whether or not reimbursed by the plan's fidelity bond, that was caused by fraud or dishonesty?		☒	
g Did the plan hold any assets whose current value was neither readily determinable on an established market nor set by an independent third party appraiser?		☒	
h Did the plan receive any noncash contributions whose value was neither readily determinable on an established market nor set by an independent third party appraiser?		☒	
i Did the plan have assets held for investment? (Attach schedule(s) of assets if "Yes" is checked, and see instructions for format requirements.)	☒		
j Were any plan transactions or series of transactions in excess of 5% of the current value of plan assets? (Attach schedule of transactions if "Yes" is checked and see instructions for format requirements.)		☒	
k Were all the plan assets either distributed to participants or beneficiaries, transferred to another plan, or brought under the control of the PBGC?		☒	
l Has the plan failed to provide any benefit when due under the plan?		☒	
m If this is an individual account plan, was there a blackout period? (See instructions and 29 CFR 2520.101-3.)		☒	
n If 4m was answered "Yes," check the "Yes" box if you either provided the required notice or one of the exceptions to providing the notice applied under 29 CFR 2520.101-3.			

5a Has a resolution to terminate the plan been adopted during the plan year or any prior plan year? ☐ Yes ☒ No
If "Yes," enter the amount of any plan assets that reverted to the employer this year _____.

INDEPENDENT AUDITOR'S REPORT

Benefits Administrative Committee of the
Baylor College of Medicine 403(b)
Tax Deferred Investment Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Baylor College of Medicine 403(b) Tax Deferred Investment Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2023 and 2022 and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audits of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- The information in the accompanying financial statements related to assets held by and certified by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audits of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our ethical responsibilities in accordance with the ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audits of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgement made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2023 is presented for purposes of additional analysis and is not a required part of the financial statements, but is supplemental information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

BAYLOR COLLEGE OF MEDICINE 403(b) TAX DEFERRED INVESTMENT PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2023 AND 2022

Note 1 - Description of Plan

General

The Baylor College of Medicine 403(b) Tax Deferred Investment Plan (the Plan) was established by the Baylor College of Medicine (the College) for the benefit of certain employees. The Plan is designed to qualify for favorable tax treatment under section 403(b) of the Internal Revenue Code (the Code) and is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). The following summary is provided for general information purposes only. Unless otherwise noted, this information is as of and for the year ended December 31, 2023. Participants should refer to the Plan document for more complete information.

Administration

The Plan is administered by the Benefits Administrative Committee (the Committee) consisting of the College's Vice President for Finance and Administration and six employees of the College. The Committee is responsible for oversight of the Plan and determines the appropriateness of the Plan's investment offerings and monitors investment performance. The Committee has appointed a Plan Administrator to coordinate the day-to-day administration of the Plan. Fidelity Management Trust Company, Teachers Insurance and Annuity Association of America (TIAA) and College Retirement Equities Fund (CREF) are the Custodians of the Plan's assets. The Custodians hold all of the Plan's assets and execute transactions. Fidelity Workplace Services LLC and TIAA are the recordkeepers for the Plan.

Eligibility

The Plan is available to substantially all employees of the College. There is no minimum age or service requirement for participation in the Plan. An employee who is a student enrolled and regularly attending classes at the College shall not be eligible to participate in the Plan. An Employee who is a nonresident alien and who receives no earned income from the College that constitutes income from sources within the United States is not eligible to participate in the Plan.

Contributions

Each employee may contribute a fixed percentage of eligible compensation either on a pre or after-tax basis, subject to certain Code limits. New employees of the College are automatically enrolled in the Plan and are deemed to have elected to contribute on a pre-tax basis 3% of their pay to the Plan each pay period. If a participant is automatically enrolled in the Plan, he or she will have 90 days from the date of the first automatic contribution to opt out of the Plan and have the deducted contributions returned.

If a participant turns 50 before the end of the calendar year, he or she may make additional contributions in accordance with the Code. If a participant has worked for the College for 15 years or more, he or she may be eligible to make additional salary catch up contributions in accordance with the Code. Rollover contributions from other qualified retirement plans and conduit individual retirement accounts are permitted. The College does not make any contributions to the Plan.

Vesting

Participants are fully vested upon entering the Plan.

BAYLOR COLLEGE OF MEDICINE 403(b) TAX DEFERRED INVESTMENT PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2023 AND 2022

Participant Accounts

Separate accounts are maintained for each participant. Each participant account is credited with the participant's contribution and a proportional allocation of net earnings of the applicable investment funds and any participant specific administrative fees. Each participant is entitled to the benefit that can be provided from the participant's vested account. Participants may direct their accounts to any of the investment options offered through the Plan.

Benefit Payments

Distributions are payable upon termination, death, or retirement. Participants and their beneficiaries have the option to leave their account balances in the Plan and share in the investment earnings and losses. An active participant may elect to receive a distribution of all or a portion of their account upon the attainment of age 59 ½. Upon submission of a distribution request, a participant's account balance is distributed when practicable. Distributions are based on the valuation date applicable to the investment chosen following the distribution request. The form of distribution is selected by the participant at time of request. The available distribution options are lump sum cash distribution, systematic distributions, life annuity, and various joint survivor annuities. Required minimum distributions are made in accordance with Internal Revenue Service (IRS) requirements.

Notes Receivable from Participants

Participants may borrow a maximum of 50% of their vested account balance from their Fidelity account or effective December 1, 2022, 50% from their TIAA account, neither to exceed \$50,000 (\$100,000 or 100% of their vested account balance under the Coronavirus Aid, Relief, and Economic Security (CARES) Act). Prior to December 1, 2022, the participant was limited to 45% from their TIAA account. Participant loans are secured by the balance in a participant's account. The term of the loan may not exceed five years, unless used to buy a principal residence, in which case the five-year limit does not apply; however, the loan terms may have been extended for one year related to the suspension of loan repayments under the CARES Act. An interest rate will be specified in each agreement. Principal and interest is paid bi-weekly either through payroll deductions to Fidelity or by remitting monthly payments to TIAA. Total number of allowed loans outstanding was increased to three due to the additional loan options allowed under the Disaster Tax Relief Act of 2017 and the CARES Act, with such increase in number ending after December 31, 2022, at which time one loan outstanding will be allowed.

Note 2 - Summary of Significant Accounting Policies

Basis of Accounting

The financial statements are prepared on the accrual basis of accounting and present the net assets available for benefits and changes in those net assets in accordance with accounting principles generally accepted in the United States of America (GAAP).

Use of Estimates

Preparation of the financial statements in accordance with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

BAYLOR COLLEGE OF MEDICINE 403(b) TAX DEFERRED INVESTMENT PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2023 AND 2022

Investment Valuation and Income Recognition

Investments are reported at fair value, except for the fully benefit-responsive investment contract, which is reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements. Purchases and sales are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments purchased and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2023 or 2022. Delinquent participant notes receivable are reclassified as distributions based upon the terms of the Plan document.

Contributions

Employee contributions are recorded in the year in which the participant's compensation is earned.

Benefit Payments

Benefit payments are recorded when paid.

Administrative Fees and Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the College. Expenses that are paid by the College are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative fees and expenses. Investment related expenses are included in the net appreciation or depreciation in fair value of the respective investment.

Note 3 - Unaudited Information Certified by Custodians

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted under such election, the following information has been certified by either Fidelity Management Trust Company, TIAA or CREF as to its completeness and accuracy and was not subject to any auditing procedures performed by the Plan's independent auditor:

- Investments and notes receivable from participants as shown in the statements of net assets available for benefits as of December 31, 2023 and 2022, and notes to financial statements.
- Net appreciation in fair value of investments, investment interest and dividend income, and interest income on notes receivable from participants as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2023 and notes to financial statements.
- All investment and participant loan information included in the supplemental schedule of assets (held at end of year) as of December 31, 2023.

Note 4 - Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 - Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; or inputs that are derived principally from or corroborated by observable data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 or 2022.

Mutual funds and money market funds: Valued at the publicly quoted daily closing price as reported by the fund. The funds held by the Plan are deemed to be actively traded. These investments are deemed to be Level 1.

Fixed annuity contract: Valued at fair value by adding the accumulated cash contributions and interest credited to the Plan's contract, less any withdrawals. Liquidity restrictions apply to a portion of the contract; thus, making the respective portion not fully-benefit responsive. This contract is guaranteed by TIAA and carries a minimum 3% rate of interest. TIAA maintains the contributions in a general account and there are no reserves against contract value. This investment is deemed to be Level 3.

Pooled separate account: Valued based on the underlying investments or the fair value of the underlying pool of securities, using net asset value as the practical expedient. This investment seeks long-term returns primarily through rental income and appreciation of real estate.

The methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while management of the Plan believes the valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

- (a) In accordance with Subtopic 820-10, the pooled separate account was measured using NAV as the practical expedient and thus has not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The following table sets forth additional disclosures for entities that use NAV as a practical expedient to measure fair value as of December 31, 2023 or 2022:

BAYLOR COLLEGE OF MEDICINE
403(b) TAX DEFERRED INVESTMENT PLAN

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2023 AND 2022

The following table sets forth a summary of certain changes in the fair value of the Plan's Level 3 assets for the year ended December 31, 2023:

Purchases	\$ 139,977
Sales	9,052,521
Transfers into *	15,042,844
Transfers out *	13,262,226

* Transfers into and out of Level 3 were due to participants electing to change their investment options.

Note 5 - Fully Benefit-Responsive Investment Contract

A portion of the TIAA Traditional Annuity Account is a fully benefit-responsive investment contract and as such, is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by TIAA, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. As of December 31, 2023 and 2022, the contract value of this portion of the investment was \$97,370,880 and \$106,989,356, respectively.

This contract is fully and unconditionally guaranteed by TIAA and includes a minimum interest rate guarantee of 3%. TIAA maintains the contributions in a general account. The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments. There are no reserves against contract value for credit risk of the issuer or otherwise.

Certain events may limit the ability of the Plan to transact at contract value with TIAA. Such events include termination of the contract, spinoffs, divestitures, layoffs, corporate relocation, partial or total plan termination, retirement incentive programs, and the liberalization of plan withdrawal or transfer rules. Upon occurrence of any of these events, a market value adjustment may apply. The Plan Administrator believes that any events that would limit the Plan's ability to transact at contract value are remote.

Note 6 - Federal Income Tax Status

The Plan was designed to qualify under Section 403(b) of the Code. The Plan Administrator believes that the terms of the Plan have been prepared to conform with the written plan requirements of Regulation 1.403(b)-3 of the Code. The Plan is required to operate in conformity with the Code to maintain the tax-exempt status for Plan participants under Section 403(b). The Plan Administrator believes the Plan is being operated in conformity with Code. The Plan may be subject to routine audits by taxing jurisdictions; however, there are currently no audit for any tax periods in progress.

The Plan adopted mandatory provisions of the SECURE Act 2.0 during the year ended December 31, 2023. Written amendments to the Plan document to reflect these operational changes will be executed at a later date in accordance with deadlines pursuant to applicable laws and IRS guidance.

Note 7 - Plan Termination

Although no interest has been expressed, the College has the right under the Plan to discontinue contributions and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

BAYLOR COLLEGE OF MEDICINE
403(b) TAX DEFERRED INVESTMENT PLAN

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2023 AND 2022

Note 8 - Risks and Uncertainties

The Plan provides for various investments options which in general, are exposed to risks, such as interest rate, credit and overall market volatility risk. Some of the Plan's investment options may involve investments in securities with contractual cash flows, such as asset backed securities, collateralized mortgage obligations and commercial mortgage-backed securities. The value, liquidity and related income of these types of securities are sensitive to changes in economic conditions, including real estate value, delinquencies or defaults, or both, and may be adversely affected by shifts in the market's perception of the issuers and changes in interest rates. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the statements of net asset available for benefits.

Note 9 - Related Party and Party-in-Interest Transactions

Plan investments are managed by TIAA, CREF and an affiliate of Fidelity Management Trust Company. TIAA, CREF and Fidelity Management Trust Company are the Custodians of the Plan. These investment transactions qualify as party-in-interest transactions as defined by ERISA; however, these transactions are permitted under the provisions of the Plan and are not considered prohibited transactions under 29 CFR 408(b) of the ERISA regulations. The Plan has entered into revenue sharing agreements with the Custodians, with such revenue rebated to the participant account that generated the revenue credit. During the year ended December 31, 2023, revenue credits of \$907,349 are reflected as other income on the statement of changes in net assets available for benefits. Certain corrections made during the year by the College are included in other income on the statement of changes in net assets available for benefits. Certain costs of administering the Plan are borne directly by the College.

Note 10 - Subsequent Events

Management of the Plan has evaluated subsequent events through October 11, 2024, the date the financial statements were available to be issued. Management has determined that no subsequent events have occurred that require recognition or disclosure in these financial statements.
