Independent Auditors' Report

Plan Administrator
J. Jill 401(k) Plan
Quincy, Massachusetts

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed the audits of the financial statements of the J. Jill 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022 and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on these financial statements.

¹ In certain jurisdictions, CBIZ CPAs P.C. operates under its previous name, Mayer Hoffman McCann P.C.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedules of (1) Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2023 and (2) Schedule H, Line 4a - Schedule of Delinquent Participant Contributions for the year ended December 31, 2023 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. J. JILL 401(k) PLAN

Notes to Financial Statements

Note 1 - Description of the Plan

The following description of the J. Jill 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General

The Plan was adopted on July 2, 2009, and is a defined contribution profit sharing plan with a cash deferral arrangement covering all employees of Jill Acquisition, LLC (the “Employer”) who have completed six months of service if full time and one year of service if part time and attained age 21 (“Participant”), except leased employees and collectively bargained employees. Participants are eligible to begin participating in the Plan on the first day of the month following eligibility. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). Substantially all investments are participant-directed.

Subsequent to year end, effective May 1, 2024, eligibility to participate in profit sharing contributions requires that a participant have 30 days of service if full time.

Participant Contributions

Participants may contribute up to 100% of their annual compensation as defined by the Plan, up to a dollar limit set by Federal law. A Participant may not defer an amount less than 1% of their annual compensation. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans (“Participant Rollovers”). Participants direct the investment of all contributions into various investment options offered by the Plan. Effective January 1, 2022, all new eligible participants are automatically enrolled in the Plan with a deferral rate of 6%.

Employer Contributions

Each year, the Employer, at its discretion, determines the amount of matching contributions and/or profit sharing contributions it will contribute to the Plan, subject to certain limitations. Eligibility to participate in profit sharing contributions requires that a participant have six months of service, (minimum of 1,000 hours worked during the Plan year) and be actively employed on the last day of the Plan year unless separated due to death, disability or attainment of early or normal retirement age. Effective May 1, 2022, the Employer elected to match 50% on the first 6% of compensation per employee per year. The Employer made a \$83,424 discretionary contribution for the 2023 plan year, of which \$31,059 was funded through forfeitures in August of 2024.

Participant Accounts

Each participant’s account is credited with the Participant’s contribution and a pro rata allocation of (a) the Employer’s contribution, (b) the Plan’s investment earnings, (c) an allocation of investment fees and (d) direct administrative expenses. Allocations are based on participant earnings, account balances or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the Participant’s vested account.

J. JILL 401(k) PLAN

Notes to Financial Statements

Note 1 - Description of the Plan (Continued)

Vesting

Participants are immediately vested in their deferral and rollover contributions plus actual earnings thereon. Vesting in the Employer's contribution is based on years of continuous service. A participant begins vesting after one year of service and is fully vested after five years of service. Upon death, disability or attainment of normal retirement age, participants are fully vested in their accounts. Subsequent to year end, effective May 2024, participants are immediately fully vested in their accounts.

Forfeitures

The non-vested portion of a participant's account shall be forfeited as of the earlier of the date on which the participant receives a complete distribution of his or her account or the last day of the Plan year in which the participant incurs five consecutive one-year breaks in service. The Plan uses such forfeitures to offset Employer contributions or pay Plan expenses. At December 31, 2023 and 2022, forfeited non-vested amounts totaled \$20,126 and \$26,144, respectively. During 2023, \$104,184 of forfeitures were used to offset Employer contributions. \$31,059 of forfeitures were used to reduce the 2023 plan year contribution in August of 2024.

Payment of Benefits

In-service withdrawals from Participants' account balances, as defined, are permitted upon the attainment of age 59½. Hardship withdrawals are allowed from a Participant's deferral account only. Prior to January 1, 2019 at which point such restrictions were removed, hardships were allowed only after exhausting the maximum amount available to the Participant as a loan under the Plan and deferrals were suspended for a period of six months after receipt of a hardship withdrawal. Participants are entitled to their account balance upon death, disability, retirement or termination of employment. A participant may elect to receive a lump-sum amount, installment payments or annuity payments, equal to his or her account balance. In addition, if a participant's account is less than \$1,000, and a distribution election has not been made by the Participant, the Plan administrator may distribute the benefit to the Participant.

Notes Receivable from Participants

Participants may borrow a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. Loan terms range up to five years (or up to 15 years for the purchase of a primary residence). Participants are allowed only one loan outstanding at any given time. Loans are secured by the balance in the Participant's account and bear interest at a rate equal to prevailing local bank rates for similar loans. Principal and interest are paid ratably through payroll deductions.

Administrative Fees

Investment expenses and some administrative expenses are paid by the Plan and other administrative expenses are paid by the Employer.

Notes to Financial Statements

Note 2 - Summary of Significant Accounting Policies

Basis of Presentation

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Investments, Investment Valuation and Income Recognition

Investments other than fully benefit-responsive investment contracts (valued at contract value) are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Contract value is the relevant measurement attribute for fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

The Plan administrator determines the Plan's valuation policies utilizing information provided by the trustee and custodians. See Note 4 for discussions of fair value measurements.

Benefits Paid

Benefits are recorded when paid.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires Plan management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could vary from the estimates that were used.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance, plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2023 and 2022.

Subsequent Events

The Plan has evaluated subsequent events through October 14, 2024, the date that the financial statements were available to be issued. See Note 1 for subsequent amendments to the Plan relating to eligibility and vesting. No other significant matters were identified for disclosure during the evaluation

J. JILL 401(k) PLAN

Notes to Financial Statements

Note 3 - Information Certified by the Trustee and Custodian

Plan investments are held by the Plan's Trustee and Custodian, Empower Life & Annuity Insurance Company of New York ("Empower"). The fair value and contract values of all investments as of December 31, 2023 and 2022 and all investment transactions for the year ended December 31, 2023, including interest and dividend income and net appreciation, are reported to the Plan and certified as complete and accurate by Empower. Information included in the supplemental schedule, Schedule H, Line 4i - Schedule of Assets (Held at End of Year), and notes receivable from participants, have also been derived from information certified by Empower. The Plan offers investment choices to allow participants to create a diversified portfolio of assets based on a participant's risk tolerance. Participants may direct contributions to any of the investments options that consist of shares of mutual fund accounts and a guaranteed interest contract sponsored by Empower.

Note 4 - Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level I) and the lowest priority to unobservable inputs (Level III). The three levels of the fair value hierarchy are described below:

Level I – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level II – Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets; quoted prices for identical or similar assets and liabilities in inactive markets; inputs other than quoted market prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level II input must be observable for substantially the full term of the asset or liability.

Level III – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Mutual Funds

Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily Net Asset Value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Note 4 - Fair Value Measurements (Continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2023 and 2022:

<i>Description</i>	<i>Investments at Fair Value as of December 31, 2023</i>			
	<i>Level I</i>	<i>Level II</i>	<i>Level III</i>	<i>Total</i>

Total investments at fair value	\$ 66,232,711	\$ -	\$ -	\$ 66,212,589

<i>Description</i>	<i>Investments at Fair Value as of December 31, 2022</i>			
	<i>Level I</i>	<i>Level II</i>	<i>Level III</i>	<i>Total</i>
Mutual funds	\$ 53,117,841	\$ -	\$ -	\$ 53,117,841
Total investments at fair value	\$ 53,117,841	\$ -	\$ -	\$ 53,117,841

Note 5 - Fully Benefit-Responsive Investment Contract

The Plan holds an investment contract that meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses.

Fixed Interest Fund-Sagic Diversified Bond Fund

The Plan has a benefit-responsive fixed interest fund with Empower, the recordkeeper through December 31, 2023. The SAGIC Diversified Bond Fund is valued by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the credit worthiness of the issuer. The contract promises to pay interest at crediting rates which are announced in advance and guaranteed for a specified period of time as outlined in the group annuity contract. Empower maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. There are no unfunded commitments related to this investment. There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rates are based on a formula agreed upon with the issuer but may not be less than 0%. Such rates are reviewed on a quarterly basis for resetting. For the year ended December 31, 2023, the crediting interest rate was 4.5%.

J. JILL 401(k) PLAN

Notes to Financial Statements

Note 5 - Fully Benefit-Responsive Investment Contract (Continued)

Fixed Interest Fund-Sagic Diversified Bond Fund (Continued)

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendment to the Plan document (including complete or partial termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the Plan to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan administrator does not believe that any events, which would limit the Plan's ability to transact at contract value with the contract issuer, are probable of occurring.

Note 6 - Risk and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Market risks include global events such as a pandemic or international conflict, which could impact the value of investment securities. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

Note 7 - Related-Party Transactions and Exempt Party-in-Interest Transactions

Plan investments include a fixed interest fund managed by Empower Retirement. Empower Retirement is the recordkeeper as defined by the Plan and therefore, these transactions qualify as party-in-interest transactions. For the Plan year ended December 31, 2023, administrative fees of \$156,827 were paid to Empower Retirement. In addition, notes receivable from participants also qualify as exempt party-in-interest transactions, as defined by ERISA.

Note 8 - Plan Termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Any unallocated assets of the Plan shall be allocated to participant accounts and distributed in such a manner as the Employer may determine.

J. JILL 401(k) PLAN

Notes to Financial Statements

Note 9 - Excess Contributions Refundable

At December 31, 2023 and 2022, the Plan had a liability of \$82,632 and \$181,536, respectively, which represented the return of excess contributions required to satisfy the relevant nondiscrimination provisions of the Plan. The excess contributions were returned to participants by March 14, 2024 and February 28, 2023, respectively.

Note 10 - Tax Status

The Plan has adopted the Massachusetts Mutual Life Insurance Company prototype non-standardized 401(k) profit sharing plan. The Plan and related trust have been determined by the Internal Revenue Service (the "IRS") to be tax-exempt under Internal Revenue Code Section 401(a). The most recent favorable opinion letter from the Internal Revenue Service was received by the Plan, dated April 7, 2021. The Plan has been amended since receiving the opinion letter; however, the Plan administrator believes that the Plan is currently designed and is being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 11 - Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Form 5500 as of December 31:

The accompanying Statements of Net Assets Available for Benefits, Statement of Changes in Net Assets Available for Benefits and the supplemental information have been prepared in accordance with accounting principles generally accepted in the United States of America. The information listed on Schedule H of Form 5500 has been prepared in accordance with procedures established by the third-party administrator and certain items have been classified differently.

Note 12 - Delinquent Contributions

Defined contribution plans are required to remit employee contributions to the Plan as soon as they can be reasonably segregated from the Employer's general assets. Contributions of \$725 and \$393,284 were not remitted to the Plan timely during the years ended December 31, 2023 and 2022, respectively, as reflected in the accompanying Schedule of Delinquent Participant Contributions. The Employer made the necessary contributions and calculated and deposited lost earnings in 2023 and 2022.
