## Independent Auditor's Report

To the Plan Administrator  
Aperture Retirement Plan  
Arlington, Texas

### *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit*

We have performed audits of the financial statements of Aperture Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained a certification from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

### *Opinion*

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP); and
- The certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

### ***Basis for Opinion***

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

### ***Responsibilities of Management for the Financial Statements***

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

### ***Auditor's Responsibilities for the Audit of the Financial Statements***

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

#### ***Other Matter – Supplemental Schedules Required by ERISA***

The supplemental schedules of Schedule H (Form 5500), Line 4a - Schedule of Delinquent Participant Contributions and Schedule H (Form 5500), Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2023 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The certified investment information in the supplemental schedules agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meet the requirements of ERISA Section 103(a)(3)(C).

### 1. Plan Description

The following description of the Aperture Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

#### *General*

Aperture, LLC (the Company or Employer) established the Plan on February 1, 2021. The Plan is a defined contribution plan providing retirement and other related benefits to qualifying employees of the Company. The Plan is intended to conform to and qualify under Section 401 and 501 of the Internal Revenue Code of 1986 (IRC), as amended. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

On January 1, 2023, the Plan was amended to allow participating employers of CAC Forensics, LLC to participate in the Plan.

#### *Trustee and Administration of the Plan*

The Company is responsible for the administration and operation of the Plan. Fidelity Workplace Services LLC (the recordkeeper) has served as the Plan's recordkeeper and Fidelity Management Trust Company (the Trustee) has served as the Plan's trustee and is also responsible for the custody and management of the Plan's assets.

#### *Eligibility*

Employees of the Company are considered eligible for participation, except for: (1) residents of Puerto Rico; (2) employees covered by a collective bargaining agreement that does not provide for participation in the Plan; (3) a nonresident alien with no income from a U.S. source; and (4) part-time employees and interns unless the eligibility requirements have been met.

The participant must be 21 years of age to participate in the Plan. Additionally, the participant must complete one month of service to participate in the Plan. The participant must complete one year of service with a minimum of 1,000 hours of service to become eligible for employer matching or non-elective contributions. An eligible participant can enter the Plan on the first day of each month upon meeting the eligibility requirements.

#### *Contributions*

Each year, participants may contribute up to 90% of eligible compensation, as defined in the Plan. Salary deferral agreements shall be made, terminated, or changed according to procedures and limitations set up by the Plan Administrator and the Plan Document. The Company may allow participants, upon proper notice and approval, to enter into a special salary deferral agreement to make employee deferral contributions of up to 90% of any bonus compensation. The Plan also allows for Roth contributions. Participants who are age 50 or older can make additional pre-tax contributions known as "Catch-Up Contributions", subject to certain limitations. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover).

## Notes to Financial Statements

---

The Company may make a discretionary employer matching contribution as a percent of eligible compensation deferred by participants. Participants must complete at least 501 hours of service during the plan year and be employed as of the last day of the plan year by the Company or a related employer to be eligible for any matching contributions that may be made for that plan year. During 2023, the Company did not make any discretionary employer matching contributions.

The Company may also make non-elective discretionary contributions. Participants must complete at least 501 hours of service during the plan year and be employed as of the last day of the plan year by the Company or a related employer to be eligible to receive any non-elective contributions except in the event of death, disability or retirement during the year, to be eligible for the non-elective discretionary contribution. Non-elective discretionary contributions, if any, made to the Plan by the Company shall be allocated based upon a ratio of compensation for all eligible employees within the group of eligible employees to which they belong. Each employee will be considered their own group. In 2023, there were four separate groups with different percentages within each. Total non-elective discretionary contributions for the year were \$1,877,238.

Contributions are subject to certain Internal Revenue Service (IRS) limitations. Participants direct the investment of their contributions into various investment options offered by the Plan.

### ***Participant Accounts***

Each participant's account is credited with the participant's contributions, employer contributions, and an allocation of net Plan earnings or losses. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which participants are entitled is the vested portion of their accounts.

### ***Vesting***

Participants are always 100% vested in their individual deferral, Roth, and rollover contributions to the Plan and any earnings thereon. The employer's discretionary match is vested by length of service with the Company. A participant is credited with a period of service for each 12 consecutive month period from their date of employment until their date of termination.

Vesting in any Company discretionary contribution portion of their accounts vest in accordance with the following schedule:

| Number of Completed Years of Service | Vesting (%) |
|--------------------------------------|-------------|
| Less than 2                          | -           |
| 2 but less than 3                    | 20          |

### ***Payment of Benefits***

A participant's entire interest in the Plan is payable upon death, attainment of normal retirement age, becoming disabled, as defined, or termination of service. A participant may elect to receive a lump-sum amount equal to the vested portion of the participant's account, or annual installments. Participants may elect to rollover their vested balance to another qualified retirement plan or IRA.

### ***Forfeitures***

At December 31, 2023 and 2022, forfeited non-vested accounts totaled \$58,741 and \$53,963, respectively. These accounts may be used to pay administrative expenses and reduce future employer contributions. In 2023, \$6,146 of the forfeited funds were used to pay administrative expenses.

### ***Notes Receivable from Participants***

Participants are permitted to borrow a minimum of \$1,000 of their vested benefits under the Plan. Participants may borrow up to a maximum equal to the lesser of 50% of their vested account balance or \$50,000, reduced by the highest outstanding loan balance in their account during the prior 12-month period. Loans are secured by the participant's account and bear an interest rate at local prevailing rates as determined by the Plan Administrator, which would be made under similar circumstances and is fixed for the term of the loan. The notes are repaid ratably through payroll deductions over a period of five years or less. These loans are subject to certain restrictions as defined by the Plan Document and applicable restrictions under the IRC. Each participant may not have more than one loan outstanding at any time.

### ***Transfer from Former Affiliated Plan***

During the year ended December 31, 2023, \$62,766 in unallocated balances were transferred into the Plan from a former affiliated plan. These balances were allocated in the current year to participants who were previously part of the former affiliated plan.

## **2. Summary of Significant Accounting Policies**

### ***Basis of Accounting***

The accompanying financial statements have been prepared on the accrual basis of accounting.

### ***Use of Estimates***

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

### ***Investment Valuation and Income Recognition***

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at

the measurement date. The Plan determines the Plan's valuation policies utilizing information provided by its custodian. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in the fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

### ***Contributions and Contributions Receivable***

Participant contributions and any related employer matching contributions are recognized in the period during which the Company makes the respective payroll deduction from the participant's compensation. Non-elective/profit sharing contributions are recorded in the relevant period in accordance with the terms in the Plan document.

### ***Notes Receivable from Participants***

Notes receivable from participants are measured at their unpaid principal balance plus accrued unpaid interest. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

### ***Payment of Benefits***

Benefits are recorded when paid.

### ***Administrative Expenses***

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to participant-initiated transactions are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in net appreciation in fair value of investments.

## **3. Fair Value Measurements**

Accounting Standards Codification (ASC) 820, *Fair Value Measurement*, provides for a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under ASC 820 are described as follows:

*Level 1* - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

*Level 2* - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.

# Aperture Retirement Plan

## Notes to Financial Statements

---

- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from, or corroborated by, observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

*Level 3* - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

There have been no changes in the methodologies used at December 31, 2023 and 2022. The following is a description of the valuation methodologies used for the investments measured at fair value, including the general classification of such instruments pursuant to the valuation hierarchy.

*Mutual Funds* - Mutual Funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded and classified as Level 1.

*Money Market Fund* - Money market funds are fixed income mutual funds that invest in short-term debt securities such as U.S. Treasury Bills and commercial paper. Money market funds are measured using their daily NAV and classified as Level 1.

The preceding methods described may produce a fair value calculation which may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments measured at fair value on a recurring basis:

### 4. Certified Investment Information

Certain information disclosed in the accompanying financial statements and ERISA-required supplemental schedules, related to investments and notes receivable from participants held as of December 31, 2023 and 2022, and net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2023, was obtained by management and agreed to or derived from information certified as complete and accurate by Fidelity Management Trust Company, a qualified institution.

### 5. Related Party Transactions

Certain Plan investments are in funds and accounts that are managed by the Trustee. Participant loan and distribution processing fees are paid to the recordkeeper by participants. The Plan also issues loans to participants which are secured by the vested balance of the participants' accounts. As described in Note 2, the Plan paid certain expenses related to plan operations and investment activity to various service providers. These transactions are party-in-interest transactions, which are exempt from prohibited transaction rules.

### 6. Risks and Uncertainties

The Plan holds various investment securities. Investment securities, in general, are exposed to various risks, such as interest rate risk, credit risk and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the financial statements and participant account balances.

### 7. Income Tax Status

The Plan uses a pre-approved plan document sponsored by Fidelity Investments (FMR LLC). FMR LLC received an opinion letter from the IRS, dated June 30, 2020, which states that the pre-approved plan document, as then designed, satisfies the applicable provisions of the IRC. Although the Plan has been amended since the date of the opinion letter, Plan management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no IRS examinations for any tax periods in progress.

### 8. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event that the Plan is terminated, participants would become 100% vested in their accounts, and the assets of the Plan, less expenses and liquidations costs, will be distributed to the Plan participants.

### 9. Delinquent Participant Contributions

During the Plan year ended December 31, 2022, participant contributions totaling \$1,501 were not remitted to the Plan within the period prescribed by DOL regulations. These transactions constitute non-exempt party-in-interest transactions or prohibited transactions as defined by ERISA. The Employer has corrected these transactions. The related lost earnings were remitted to the Plan during 2023.
