Independent Auditor's Report

Plan Administrator
Renovo Solutions, LLC 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Renovo Solutions, LLC 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2023 and 2022, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter — Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2023 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and

other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

RENOVO SOLUTIONS, LLC 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2023 AND 2022

1. Description of Plan

The following description of the Renovo Solutions, LLC 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

a. General

The Plan is a defined contribution savings and profit sharing plan established March 1, 2010, thereafter fully restated effective January 1, 2022, by Renovo Solutions, LLC (the “Company” or “Plan Sponsor”) under the provisions of Section 401(a) of the Internal Revenue Code (“IRC”), which includes a qualified cash or deferred arrangement as described in Section 401(k) of the IRC, for the benefit of eligible employees of the Company. The Plan is administered by the Company. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”), as amended.

Effective January 1, 2023, employees of MultiMedical Systems, LLC are included in the Plan.

b. Eligibility

Employees of the Company are eligible to participate in the 401(k) portion of the Plan upon reaching the age of 21 and completion of 3 consecutive months in which at least 1 hour of service is completed (except nonresident and union employees). Open enrollment occurs quarterly at which time eligible employees may begin participating in the Plan. Effective January 1, 2022, employees who meet the Plan’s eligibility requirements are auto-enrolled in the Plan, and those who do not elect out of this auto-enrollment feature or do not change the pre-selected contribution election, have a contribution election of 3% of compensation (as defined by the Plan). Effective January 1, 2023, the initial automatic deferral percentage by employee will increase by 1% of compensation, up to a maximum of 6% of compensation annually on the first day of each Plan year.

c. Participant Contributions

Participants may defer up to 100% of their eligible compensation through pre-tax and Roth salary deferrals, subject to the IRC limit of \$22,500 and \$20,500 for the years ended December 31, 2023 and 2022, respectively. Upon reaching the age of 50, eligible employees may make additional catch-up contributions limited to \$7,500 and \$6,500 for the years ended December 31, 2023 and 2022, respectively. Participants may also roll over amounts representing distributions from other qualified defined benefit or defined contribution plans into the Plan.

c. Employer Contributions

The Company matches 100% of the first 3% of eligible compensation deferred by a participant and an additional 50% of the next 2% deferred. Participants become eligible to participate in matching contributions upon completion of one year of service and is determined every quarter. The Company may also make additional profit sharing contributions to the Plan at the discretion of the Company's members, subject to the limits of the IRC. No additional profit sharing contributions were made during 2023 and 2022.

Effective July 1, 2023, the Company may make a flexible matching contribution equal to a discretionary percentage and will determine the discretionary matching percentage, if any, to be contributed to the Plan each year at their sole discretion. All participants will share in the allocation of matching contributions regardless of service completed during the Plan year or employment status at the end of the Plan year. No additional flexible matching contributions were made during 2023.

d. Participant Accounts

Individual accounts are maintained for each of the Plan's participants to reflect the participant's contributions, the Company's contributions, and an allocation of the Plan's earnings and expenses. Participants can direct their account into a variety of investments offered by OneAmerica Retirement Services, the recordkeeper of the Plan. The benefit to which a participant is currently entitled is the benefit that can be provided from the participant's vested account.

e. Vesting

Participants are fully vested at all times in the portion of their accounts attributable to their own contributions and safe harbor matching contributions and the earnings thereon. Effective January 1, 2018, the Company changed from a safe harbor match to a vesting employer match. Participants vest in the portion of their accounts attributable to Company profit sharing and employer contributions and the earnings thereon at a rate of 20% for each year of service beginning at one year of service. A participant is fully vested after five years of credited service upon death or in the event a participant becomes disabled.

f. Payment of Benefits

Upon reaching retirement age, termination of service or death, a participant or beneficiary may be paid a lump-sum amount equal to the participant's vested account balance or partial withdrawals or installments mandated as minimum distributions by the IRC. Account balances less than \$5,000, excluding balances rolled into the Plan, may be distributed in the form of a direct rollover to an individual retirement account designated by the Plan administrator.

g. Hardship Withdrawals

Upon certain conditions, participants, while still employed by the Company, are permitted to withdraw, in a single sum, a portion of their vested account balance as a

result of an immediate and heavy financial need. These conditions include unreimbursed medical expenses, the purchase of the participant's principal residence, the payment of post-secondary education tuition, the payment of burial or funeral costs of immediate family members, the payment of natural disaster clean-up on the participant's principal residence or to prevent eviction or foreclosure from the participant's principal residence.

h. Notes Receivable from Participants

Participants may borrow the lesser of \$50,000 or 50% of their vested account balance. Loans are secured by the vested account balance of the participant. Loans are repayable through payroll deductions over periods ranging up to five years, unless the loan is used to acquire a principal residence, in which case the loan term may be extended. The interest rate on participant loans is determined by the Company at a reasonable rate comparable with similar loans. The interest rate on outstanding loans at December 31, 2023 ranged between 4.25% - 9.50% and the loans mature through 2038.

i. Forfeitures

The forfeited accounts of non-vested terminated participants may be used to pay administrative expenses of the Plan or to reduce future Company contributions. For the years ended December 31, 2023 and 2022, total forfeitures used to reduce employer matching contributions were \$40,807 and \$902, respectively. As of December 31, 2023 and 2022, there were \$26,986 and \$40,806, respectively, in unused forfeitures available to reduce future Company contributions or to pay administrative expenses.

2. Summary of Significant Accounting Policies

a. Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

b. Use of Estimates

The preparation of the financial statements in conformity with GAAP requires management of the Plan to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

c. Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

Net appreciation (depreciation) in fair value of investments consists of the net change in unrealized gains or losses during the year and the realized gain or loss on investments sold during the year. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis and dividends are recorded on the ex-dividend date.

d. Notes Receivable From Participants

Notes receivable from participants are recorded at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants may be treated as a distribution based on the terms of the Plan document.

e. Payment of Benefits

Benefits are recorded when paid.

f. Administrative Expenses

For the years ended December 31, 2023 and 2022, direct expenses totaling \$57,339 and \$50,713, respectively, were paid by the Plan. These fees represent transactional fees incurred that were allocated to specific participants. Certain expenses are included in the transaction prices of investments bought and sold and cannot be separately quantified.

g. Revenue Sharing

The Plan has a revenue sharing agreement in place whereby fees earned by mutual fund companies are shared with the Plan based upon a percentage of assets under management and maintained in a separate ERISA account. These earnings are used for the benefit of the Plan to pay administrative expenses. For the years ended December 31, 2023 and 2022, revenue sharing earnings in the amount of \$1,462 and \$1,758, respectively, were included in the net appreciation (depreciation) in fair value of investments in the statements of changes in net assets available for benefits.

h. Subsequent Events

The Plan has evaluated subsequent events with respect to the Plan through October 14, 2024, the date the financial statements were available for issuance.

Effective January 1, 2024, the eligibility service requirements of 1 year of service and 1,000 hours of service will be removed for matching and nonelective contribution types. The eligibility service requirements of 3 months of service with 1 hour of service required will remain for elective deferrals. The eligibility age requirement will be removed from all contribution types. The entry date for all contribution types will be the date on which the eligibility requirements are satisfied.

Effective April 15, 2024, for purposes of all contributions, interns, seasonal employees, and leased employees will be excluded from participating in the Plan. For purposes of matching contributions and nonelective contributions, part-time and temporary employees will be excluded from participating in the Plan.

3. Investments

Plan investment assets are participant-directed and held by Matrix Trust Company (the “Trustee”) as of December 31, 2023 and 2022. Participants can direct their accounts among various mutual funds and a guaranteed interest contract.

4. Fair Value Measurements

Accounting Standards Codification (“ASC”) 820 *Fair Value Measurements*, establishes a framework for fair value measurement, which provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset’s or liability’s fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for investment assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Mutual Funds

The mutual funds are valued at quoted market prices which are available on active markets and, therefore, are classified as Level 1 within the fair value hierarchy.

Guaranteed Interest Contract

The guaranteed interest contract ("GICs") is backed by the American United Life general account. Due to the nature of these contracts, they do not have specific underlying assets assigned. Since American United Life GICs are not traded on an open market and public prices are not available, fair value calculations are determined based on unobservable inputs that reflect the Plan's own assumptions about how the market would price the asset, based on the best information available in the circumstances. Therefore, the guaranteed interest contract is classified as Level 3 within the valuation hierarchy.

The following table sets forth by level within the fair value hierarchy, the Plan's investment assets at fair value as of December 31, 2023:

	Investment Assets at Fair Value			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 19,640,771	\$ -	\$ -	\$ 19,640,771
Guaranteed interest contract	-	-	124,095	124,095
Total investments	<u>\$ 19,640,771</u>	<u>\$ -</u>	<u>\$ 124,095</u>	<u>\$ 19,764,866</u>

The following table sets forth by level within the fair value hierarchy, the Plan's investment assets at fair value as of December 31, 2022:

	Investment Assets at Fair Value			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 14,739,753	\$ -	\$ -	\$ 14,739,753
Guaranteed interest contract	-	-	356,064	356,064
Total investments	<u>\$ 14,739,753</u>	<u>\$ -</u>	<u>\$ 356,064</u>	<u>\$ 15,095,817</u>

The following table sets forth a summary of changes in the fair value of the Plan's Level 3 assets for the years ended December 31, 2023 and 2022:

Guaranteed Interest Contract	2023	2022
Beginning balance	\$ 356,064	\$ 76,607
Purchases	323,819	283,368
Interest income	-	-
Sales	(559,205)	(5,991)
Net realized and unrealized gains	3,417	2,080
Ending balance	<u>\$ 124,095</u>	<u>\$ 356,064</u>

5. Risks and Uncertainties

The Plan assets are invested in a variety of investments. Investment securities, in general, are exposed to various risks, such as interest rate, credit, foreign currency and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits, and therefore participant account balances.

6. Information Certified by the Trustee (Unaudited)

The Plan administrator has elected the method of annual reporting compliance permitted by ERISA section 103(a)(3)(c) pursuant to Section 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosures under ERISA. Accordingly, certain information related to investments disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments held at December 31, 2023 and 2022, and net appreciation (depreciation) in fair value of investments, and interest and dividends for the years ended December 31, 2023 and 2022, was obtained by management and agreed to or derived from information certified as complete and accurate by Matrix Trust Company.

The classification of the investments into the appropriate levels (1, 2, or 3) as disclosed in Note 4 is not certified by the Trustee and is the responsibility of the Plan's management.

7. Party-in-Interest Transactions

A party-in-interest is defined as a fiduciary or employee of the Plan, any person who provides service to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50% or more of such an employer or employee organization, or a relative of such persons mentioned.

Certain Plan investments were managed by the Trustee during the years ended December 31, 2023 and 2022. Accordingly, the investment transactions with the Trustee qualify as party-in-interest transactions.

Additionally, the Plan Sponsor is a party-in-interest to the Plan. However, there were no transactions with the Plan Sponsor other than the funding of contributions to the Plan and the payment of certain Plan expenses in 2023 and 2022.

8. Tax Status

The Plan utilizes a Non-Standardized Pre-Approved Profit Sharing Plan with CODA. OneAmerica Financial Partners, Inc. received an advisory letter from the Internal Revenue Service ("IRS") on August 19, 2020 in which the IRS stated that the Plan, as then designed, was in compliance with the applicable requirements of the IRC. Management of the Plan believes the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, they believe that the Plan is qualified and the related trust is tax exempt as of December 31, 2023 and 2022.

Assuming it meets certain initial and ongoing requirements, the Plan is generally exempt from federal and state income taxes. However, GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2023 and 2022, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

9. Plan Termination

Although it has not expressed any intention to do so, the Company may terminate the Plan at any time subject to the provisions of ERISA. In the event of Plan termination, participants will become fully vested in all their accounts.

10. Reconciliation of Financial Statements to the Form 5500

The following is a reconciliation of net assets available for benefits as reported on the Plan's financial statements to amounts reported on the Form 5500 at December 31:

	<u>2023</u>	<u>2022</u>
Net assets available for benefits reported on the financial statements:
