Independent Auditor's Report

Trustees and Plan Administrator
IMI 401(k) Plan
Littleton, Colorado

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of IMI 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from qualified institutions as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP); and
- the certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by qualified institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule of Assets (Held at End of Year) as of December 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by qualified institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

IMI 401(k) Plan

Notes to Financial Statements

1. Description of the Plan

The following description of the IMI 401(k) Plan (the “Plan”) is provided for general information purposes only. Participants should refer to the plan document for a more complete description of the Plan’s provisions.

General

The Plan was established effective January 1, 1989. The Plan is a defined contribution plan covering all eligible employees of participating employers. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

IMI Americas LLC. (the “Company”) is the plan sponsor and Charles Schwab Trust Bank executes investment transactions as directed by the participants. Charles Schwab Trust Bank is also responsible for making distributions to participants. Charles Schwab Trust Bank performs some, but not all, of the recordkeeping services for the Plan. Charles Schwab Trust Bank performs these functions at the direction of the Company in accordance with the provisions of the Plan.

The Participating Employers

The Plan includes employees from the following companies. All of these companies are subsidiaries of the Company.

- IMI Critical Engineering LLC
- IMI Hydronic Engineering Inc.
- Norgren LLC
- Norgren Automation Solutions, LLC
- Norgren GT Development LLC
- Norgren Kloehn LLC
- Bimba, LLC
- Pneumadyne LLC
- Vaccon Company, Inc.
- Acro Associates LLC
- IMI Critical Engr PBM LLC
- Adaptas Solutions, LLC

As a result of a previous acquisition completed by the Company, on December 31, 2022 all accounts of the Adaptas Solutions, LLC 401(k) Plan were merged into the IMI 401(k) Plan. As of December 31, 2022, this transfer totaling \$8.4 million was recognized by the Plan, with plan assets continuing to be held by Reliance Trust Company, the plan trustee. The plan assets were subsequently transferred to Charles Schwab Trust Bank on February 1, 2023. All activity of the plan prior to the transfer of assets has been recognized in the Plan’s Statement of Changes in Net Assets Available for Benefits.

Eligibility

Employees become eligible to participate in the Plan provided they have completed one hour of service.

IMI 401(k) Plan

Notes to Financial Statements

Contributions

Participants may contribute through elective deferrals, as defined in the Plan, up to a maximum of 75% of eligible earnings. The Plan allows for participant pre-tax contributions, after-tax contributions, and post-tax Roth contributions. Maximum contributions by participants are limited annually by Internal Revenue Service (“IRS”) guidelines. The Plan also provides for automatic enrollment of participants at 3%, with an annual increase of 1%, until they reach a maximum deferral rate of 10%, unless the participant opts-out.

The participating employers also make safe-harbor matching contributions equal to 100% of employee pre-tax and/or Roth contributions up to 6% of the participant’s eligible annual earnings. Participating employers have the sole discretion to make a profit-sharing contribution to each participant’s account for the plan year, allocated based on each participant’s eligible earnings, provided that the participant is employed on the last day of the plan year. No such discretionary profit-sharing contribution was made for the year ended December 31, 2023.

Participant Accounts

Individual accounts are maintained for each plan participant. Each participant’s account is credited with the participant’s contributions, rollover contributions, participating employer’s safe-harbor matching contributions, as well as allocations of the participating employer’s profit-sharing contributions, if any, and investment earnings/losses. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings or account balances, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Participants direct the investment of contributions into various investment options offered by the Plan. As of December 31, 2023, the Plan offered 26 investment options of mutual funds, common and collective trust funds, self-directed brokerage accounts and a money market fund.

Rollover Contributions

The Plan allows for participants to transfer contributions into the Plan from another qualified plan or from an individual retirement account.

Vesting

Participants’ account balances (including participating employer safe-harbor matching contributions) vest immediately except for the discretionary profit-sharing contributions that vest 50% after two years of qualified service and 100% after three years of qualified service. In the case of Plan termination, disability or death of the participant, or attainment of normal retirement age, the participant’s account becomes fully vested.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance and can only have two loans outstanding at one time. Note terms generally may not exceed five years; however, if the note is for the purchase of a primary residence, the repayment period may be extended. Notes are secured by the balance in the participant’s account and bear interest at a rate of 1% over the prime rate. Principal and interest is paid ratably through payroll deductions. Notes are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis.

IMI 401(k) Plan

Notes to Financial Statements

Related fees are recorded as administrative expenses and are expensed when they are incurred. Delinquent participant notes are recorded as distributions based upon terms of the plan document.

Payment of Benefits

Upon retirement, death, disability, or termination of employment, participants or their beneficiaries are entitled to receive the vested value of the participant's account. Distributions are in the form of a lump sum payment, if the account balance is not more than \$1,000. If the account balance exceeds \$5,000, the participant can elect either a lump sum payment or installment payments. Installment payments must conform to guidelines set forth in the Plan. Hardship distributions are permitted from the participant's elective deferral account only.

Plan Expenses

All costs of administering the Plan may be paid by the trustee from the trust, but if not so paid, will be paid by the participating employers. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are netted against appreciation (depreciation) of investments.

Forfeited Accounts

The nonvested portion of a terminated participant's account is forfeited upon distribution of the vested portion or after a five-year break in service. Forfeitures may be used to reduce participating employer safe-harbor matching contributions or profit-sharing contributions or to pay Plan administrative expenses. Forfeiture balances aggregated \$380 and \$76 at December 31, 2023 and 2022, respectively. During 2023, \$461 and \$0 of forfeiture balances were applied to participating employer contributions and administrative expenses of the Plan, respectively.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements were prepared using the accrual basis of accounting, in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of net assets available for benefits at the date of financial statements, the reported amounts of changes in net assets available for benefits during the reporting period, and the disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Contributions Receivable

Participant contributions are recognized in the period during which the Company makes the respective payroll deduction from the participant's compensation. Non-elective/Profit sharing and Employer matching contributions are recorded in the relevant period in accordance with the terms in the Plan document.

IMI 401(k) Plan

Notes to Financial Statements

Investment Valuation and Income Recognition

Investments are reported at fair value, which is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid. At December 31, 2023 and 2022, there were no amounts allocated to accounts of persons who had elected to withdraw from the Plan, but had not yet been paid.

3. Tax Status

The Plan obtained its latest determination letter on February 3, 2016, in which the IRS stated the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). Although the Plan has been amended since receiving the determination letter, the plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2023 and 2022, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2020.

4. Investments, at Fair Value

Financial Accounting Standards Board, *Accounting Standards Codification* 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under GAAP are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets in active markets;
- Quoted prices for identical or similar assets in inactive markets;

IMI 401(k) Plan

Notes to Financial Statements

- Inputs other than quoted prices that are observable for the asset;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

An asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

There have been no changes in the methodologies used at December 31, 2023. The following is a description of those valuation methodologies used for assets measured at fair value:

Mutual funds: Valued daily based on quoted prices from national exchanges in an active market.

Common collective trust funds: Valued at the last reported price when the fair value per share (unit) is determined and published and is the basis for current transactions. If no published price exists, the common collective trust funds are valued at the net asset value ("NAV"). The NAV is used as a practical expedient to estimate fair value and is based on the fair value of the underlying investments held by the fund, less its liabilities. The Plan's investments in these common and collective trust funds is not subject to any withdrawal or redemption restrictions, and there are no unfunded commitments at December 31, 2023 and 2022.

Money market funds: Valued at quoted prices.

Self-directed brokerage accounts: Self-directed brokerage accounts include money market funds and equity securities. Money market funds are valued at quoted market price in an exchange and active market, which represents the net value of shares held by the Plan at year end. Equity securities are valued at the closing price reported on the active market on which the individual securities are traded.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

**Certain common collective trust funds, which are measured at fair value using the net asset value per share (or its equivalent) practical expedient, have not been categorized in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the Statements of Net Assets Available for Benefits as of December 31, 2023 and 2022.*

5. Information Certified by Charles Schwab Trust Bank and Reliance Trust Company

The Plan administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Charles Schwab Trust Bank and Reliance Trust Company, both qualified institutions, have certified that the following investment information included in the accompanying financial statements and ERISA-required supplemental schedule is complete and accurate:

- Investments and notes receivable from participants as shown in the accompanying Statements of Net Assets Available for Benefits as of December 31, 2023 and 2022.
- Investment income and interest income on notes receivable from participants as shown in the accompanying Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2023.

IMI 401(k) Plan

Notes to Financial Statements

- Investment information included in the Schedule of Assets (Held at End of Year) as of December 31, 2023, as shown on the ERISA-required supplemental schedule.

At the request of the Plan administrator, the Plan's independent auditor did not perform auditing procedures with respect to this certified investment information, except for comparing such certified investment information to the related investment information included in the financial statements and ERISA-required supplemental schedule.

6. Plan Termination

Although the company has not expressed any intent to do so, the Company has the right under the Plan to discontinue contributions at any time and terminate the Plan subject to the provisions of ERISA. Upon plan termination, the account of each participant who is an employee of the employer shall vest in full. In the event of total discontinuance of contributions to or termination of the Plan, the trustee shall continue to hold and distribute the funds at the times and in the manner provided for in the Plan as if such event had not occurred.

7. Party-In-Interest and Related-Party Transactions

Transactions resulting in plan assets being transferred to or used by a related party are prohibited under ERISA unless a specific exemption applies. Charles Schwab Trust Bank is a party-in-interest as defined by ERISA as a result of investing plan assets in its own investment funds. However, such transactions are exempt under Section 408(b)(8) and are not prohibited by ERISA.

8. Risk and Uncertainties

The Plan's investment fund options provide participants with a variety of investment alternatives with differing levels of risk and income potential. Investment securities are exposed to various risks such as interest rate, credit and overall market volatility risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits.

9. Subsequent Events

The Plan has evaluated subsequent events through October 11, 2024, the date the financial statements were available to be issued.
