INDEPENDENT AUDITOR'S REPORT

The GE HealthCare Benefits Administrative Committee of GE HealthCare Retirement Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of GE HealthCare Retirement Savings Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2023, and the related statement of changes in net assets available for benefits for the period from January 3, 2023 through December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2023, and for the year then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section.

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information

prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter — Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its

form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1 - Plan Description

The following description of GE HealthCare Retirement Savings Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan was adopted by GE HealthCare Technologies Inc. (the "Company"), or its predecessor, and is a successor plan to the GE Retirement Savings Plan (the "GE Plan"). Certain benefits, assets, and liabilities attributable to certain individuals and totaling \$8,499,118 were spun off to the Plan from the GE Plan effective January 3, 2023 in connection with the General Electric Company's spinoff of its healthcare business. The transferred assets include employer contributions receivable owed to the GE Plan, on behalf of the Plan's participants, as of December 31, 2022 totaling approximately \$52,087. The GE Plan is a defined contribution plan sponsored by General Electric Company (the "Predecessor Employer").

The Plan is a defined contribution plan covering eligible employees of GE HealthCare Technologies Inc., its participating affiliates, and certain former and legacy former employees eligible for benefits under the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Contributions

The Plan provides for employee salary deferral contributions up to a maximum of 30 percent of eligible compensation, subject to maximum limitations established by the Internal Revenue Code (the "IRC"). Participants may make before-tax, Roth, and after-tax employee deferrals to the Plan. Participants may also make contributions to the Plan in the form of a rollover of funds from another qualified plan.

The Plan provides for employer matching contributions of 50 percent of the participant's contribution not to exceed 8 percent of the employee's compensation deferrals.

Certain eligible employees on salaried benefits (first hired by the Company or Predecessor Employer after January 1, 2011) and certain eligible salaried and hourly employees (first hired by the Company or Predecessor Employer after January 1, 2012) also receive a Company Retirement Contribution ("CRC") generally equal to 3 percent of their eligible earnings, irrespective of any employee contributions. In addition, participants whose benefit under the GE Pension Plan was frozen also receive the CRC. The CRC is credited annually (generally in the following January) for employees on salaried benefits, and each pay period for hourly employees. Hourly employees may also be eligible for an Additional Company Retirement Contribution ("ACRC") per year credited in the following January. For the 2023 plan year, participants' accounts were credited in January 2024 with CRCs totaling \$46,045 and ACRCs totaling \$1,854. The CRCs and ACRCs are in addition to the employer matching contribution.

Newly hired non-union employees who are eligible for CRCs and who have not made an affirmative deferral election are automatically enrolled as electing to contribute 8 percent of eligible pay as pre-tax contributions. Newly hired union employees who are eligible for CRCs and who have not made an affirmative deferral election are automatically enrolled as electing to contribute 2 percent of eligible pay as pre-tax contributions.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of the Company's contributions and plan earnings and may be charged with an allocation of administrative expenses. Allocations are based on participants' compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants may direct the investments of their account balances into various investment options offered by the Plan.

December 31, 2023

(000s omitted)

Note 1 - Plan Description (Continued)

Vesting

Participants are fully vested in their employee contributions and rollover contributions and any income or loss thereon. Vesting in the Company's contribution portion of their accounts, plus actual earnings thereon, is based on years of service. Participants fully vest in CRCs and ACRCs after 3 years of service. For employees hired after January 1, 2018, Company Matching contributions vest after 3 years of service. For employees hired prior to January 1, 2018, Company Matching contributions are fully vested.

Forfeitures

If a participant is not fully vested on his or her termination date, the nonvested amount of the account is forfeited. Forfeitures are used to reduce future company contributions or to pay administrative expenses of the Plan.

Participant Notes Receivable

Participants may borrow from their accounts subject to certain maximum and minimum amounts prescribed in the Plan and in the IRC. Notes receivable bear interest at a reasonable interest rate in accordance with the Company's loan policy.

Benefit Payments

A terminated participant (or the participant's beneficiary in the case of death) may elect to receive either a lump-sum or partial payments. Subject to certain Internal Revenue Service ("IRS") and Plan rules, actively employed participants may request regular withdrawals, age 59 ½ withdrawals, or distribution in the case of financial hardship, as defined in the Plan Document.

Party-in-interest and Related Party Transactions

Certain plan assets are in investment funds managed by Fidelity Management Trust Company or its affiliates (Fidelity). Fidelity is the trustee of the Plan, therefore these transactions qualify as party-in-interest transactions as defined under ERISA guidelines.

The Plan provides for loans to participants, which are party-in-interest transactions that are exempt from the prohibited transaction rules.

The Plan holds shares of the GE HealthCare Common Stock fund ("GEHC Stock Fund") and General Electric Company Common Stock Fund ("GE Stock Fund"). The GEHC Stock Fund and GE Stock Fund invest at least 98 percent of its assets in GE HealthCare Common Stock and General Electric Company Common Stock, respectively, with the remainder held in cash or cash equivalents to provide for the GEHC Stock Fund and GE Stock Fund's estimated liquidity needs. The GEHC Stock Fund and GE Stock Fund have a fair value of \$168,349 and \$827,731 at December 31, 2023, respectively. For the period from January 3, 2023 through December 31, 2023, the Plan sold approximately \$223,516 and \$182,833 of the GEHC Stock Fund and GE Stock Fund, respectively, which includes participant distributions held in the GEHC Stock Fund and GE Stock Fund. There were no share purchases of the GEHC Stock Fund or GE Stock Fund during the period ended December 31, 2023. No new investment is permitted to be made into the GEHC Stock Fund or GE Stock Fund, and participants are not permitted to direct their contributions or transfer of investments into the GEHC Stock Fund or GE Stock Fund. In accordance with the restated Plan Document, the GEHC Stock Fund and GE Stock Fund are to be divested, which is expected to occur in 2024.

Note 1 - Plan Description (Continued)

Amendment and Termination

While it has not expressed any intent to do so, the Company has the right under the Plan to amend and/or discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in the plan agreement and ERISA. Upon termination of the Plan, participants become 100 percent vested in their account balances.

Note 2 - Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("US GAAP").

Investment Valuation

The Plan's investments are stated at fair value.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis of accounting. Dividends are recorded on the ex-dividend date.

Participant Notes Receivable

Participant notes receivable are recorded at their unpaid principal balances plus any accrued interest. Participant notes receivable are written off when deemed uncollectible in accordance with the Plan Document.

Contributions

Contributions from Plan participants and the employer matching contributions are recorded when the employee contributions are withheld from compensation. The CRC and ACRC employer contributions are recorded in the year in which participant compensation is earned.

Benefit Payments

Benefits are recorded when paid.

Administrative Expenses

Substantially all expenses related to administration of the Plan are paid by the Company or out of the Plan's forfeiture account at the discretion of the Plan Sponsor, and in accordance with the provisions of the Plan, with the exception of the Plan's loan fees and distribution fees, which are deducted from a participant's account balance and are included in expenses in the Statement of Changes in Net Assets Available for Benefits.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions during the reporting period. Actual results could differ from those estimates.

Subsequent Events

The financial statements and related disclosures include evaluation of events up through and including October 2, 2024, which is the date the financial statements were available to be issued.

December 31, 2023

(000s omitted)

Note 3 - Certified Information

The Trustee holds the Plan's investments and participant notes receivable and executes all related transactions. The investment and participant notes receivable balances and related income and losses included in the accompanying financial statements, and supplemental schedule of assets (held at end of period) are based solely on information certified by the Trustee.

Note 4 - Tax Status

The Company intends to apply for a determination letter from the IRS requesting tax-exempt treatment under the applicable section of the IRC with the IRS transition period for corporate transactions. Nevertheless, the Company believes the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Accordingly, no provision for income taxes has been made in the accompanying financial statements.

Note 5 - Fair Value Measurements

Accounting standards require certain assets and liabilities be reported at fair value in the financial statements and provide a framework for establishing that fair value. The framework for determining fair value is based on a hierarchy that prioritizes the valuation techniques and inputs used to measure fair value.

Level 1

Fair values determined by Level 1 inputs use quoted prices in active markets for identical assets that the Plan has the ability to access.

Level 2

Fair values determined by Level 2 inputs use other inputs that are observable, either directly or indirectly. These Level 2 inputs include quoted prices for similar assets in active markets, quoted prices for identical or similar assets in markets that are not active, and inputs other than quoted prices that are observable for the asset.

Level 3

Level 3 inputs are unobservable inputs, including inputs that are available in situations where there is little, if any, market activity for the related asset.

In instances whereby inputs used to measure fair value fall into different levels of the fair value hierarchy, fair value measurements in their entirety are categorized based on the lowest level input that is significant to the valuation. The Plan's assessment of the significance of particular inputs to these fair value measurements requires judgment and considers factors specific to each asset.

Registered investment companies

Valued at the daily closing price reported by the fund. Registered investment companies held by the Plan are open-end mutual funds that are registered with the United States Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The registered investment companies held by the Plan are deemed to be actively traded.

Common stock fund

Valued at the closing price reported on the active market on which the individual securities are traded.

December 31, 2023

(000s omitted)

Note 5 - Fair Value Measurements (Continued)

Common/collective trust funds

Valued at the NAV of units of a bank collective trust. The NAV, as provided by the Trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the common/collective trust, the investment advisor reserves the right to temporarily delay the withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

There are no significant redemption restrictions or unfunded commitments on the Plan's investments.

The following table presents information about the Plan's assets measured at fair value on a recurring basis at December 31, 2023:

	Assets Measured at Fair Value on a Recurring Basis at December 31, 2023	
	Investments (at Fair Value)	Level 1
Registered investment companies	\$ 2,307,772	\$ 2,307,772
Common stock funds	996,080	996,080
Total	3,303,852	<u>\$ 3,303,852</u>
Investments measured at NAV - Common/collective trust funds	6,399,239	
Total investments at fair value	<u>\$ 9,703,091</u>	

Note 6 - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

As of December 31, 2023, the following investments represent more than 10 percent of the fair value of the Plan's total investments:

State Street U.S. Core Equity Fund	\$ 1,597,411
BlackRock Equity Index Fund F	1,431,087
BlackRock Russell 1000 Index Non-Lendable Fund F	1,295,717

Note 7 - Plan Merger

Effective June 12, 2023, the BK Medical Holding Company, Inc. 401(k) Plan was merged into the Plan. Accordingly, assets of approximately \$32,097 representing the participant accounts and notes receivable of participants were transferred into the Plan.
