INDEPENDENT AUDITOR'S REPORT

To the Board of Trustees of the
UFCW Local 342 Savings and 401(k) Plan

Opinion

We have audited the financial statements of the UFCW Local 342 Savings and 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2023 and 2022, and the changes in its net assets available for benefits for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the UFCW Local 342 Savings and 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the UFCW Local 342 Savings and 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Report on Supplemental Information

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental Schedule of Assets Held at End of Year, Schedule of Delinquent Participant Contributions and Schedules of Administrative Expenses, together referred to as “supplemental information,” are presented for the purpose of additional analysis and are not a required part of the financial statements. The supplemental Schedule of Assets Held at End of Year and Schedule of Delinquent Participant Contributions are supplemental information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Supplemental information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental information, we evaluated whether the supplemental information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedules is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

UFCW LOCAL 342 SAVINGS AND 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2023 AND 2022

NOTE 1. DESCRIPTION OF THE PLAN

General - The following brief description of the UFCW Local 342 Savings and 401(k) Plan (the Plan) provides only general information. Participants should refer to their Summary Plan Description for a more complete description of the Plan's provisions.

The Plan is a collectively bargained multiemployer defined contribution pension plan. The Plan provides retirement benefits to participants, who, during active employment, were covered employees of contributing employers having collectively bargained agreements with Local 342 of the United Food and Commercial Workers and its successors. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Vesting - Under current provisions of the Plan, a participant becomes eligible either on the date the participant's collectively bargained employer first becomes obligated to make contributions to the Plan on their behalf or the later of the participant reaching the age of twenty-one or the completion of one thousand hours of service in their first twelve months of the employment with the collectively bargained employer or in any plan year after the participant has begun employment.

Contributions and Participants Accounts - Contributions to the Plan are invested and allocated to the individual participant's accounts. During 2008 only employer contributions were permitted under the Plan, however, effective January 1, 2009, participant contributions were permitted if they were stipulated in the respective Collective Bargaining Agreement. Effective January 1, 2009, the Plan allows for participant directed investing under an investment agreement with John Hancock Retirement Plan Services. Participants are completely vested in their balance of employer contributions upon completion of three years of vesting service or attainment of normal retirement age while working in covered employment. After the three years have been attained, the participant's account will become non-forfeitable. Participant contributions to their own account balance through participant and/or rollover contributions are immediately vested.

Contributions to the Plan are invested, as directed by the participant, in various mutual funds, and a pooled separate account. Participants must evaluate their own investment goals and objectives and choose the mutual funds best suited to achieve those goals and objectives. Poor investment performance by the mutual funds selected by participants may cause their vested balances to be lower than the amounts contributed to the Plan on their behalf.

Participant accounts are adjusted on each valuation date to reflect the effects of contributions, withdrawals, income, expense and realized and unrealized gains and losses that were applied to each investment fund or funds in which the participant had elected to invest in.

NOTE 1. DESCRIPTION OF THE PLAN (continued)

Benefits - Benefits will be available upon the attainment of normal retirement age of sixty-five or three years participation, if later, termination of employment or the participant's death. Benefits are paid out, depending on the account balance and retirement age, in either a single lump-sum cash payment or a direct rollover distribution. Participants may also be eligible to take a hardship withdrawal. "Hardship" is defined as an immediate and heavy financial need of the participant, for which the participant lacks other available resources. Such withdrawals are subject to specific qualification requirements.

Participant Loans - Effective May 20, 2014, participants may obtain loans from the vested value of their account. The maximum that may be borrowed is the lesser of \$50,000 or 50% of their vested account balance. The minimum dollar amount of a loan available to the Participant is \$500.00. Generally, loans must be repaid within five years/sixty months, except in limited circumstances, such as the purchase of a principal residence, in which case repayment may be made over a period not exceeding ten years/120 months. Loan repayments may be made after termination until the earlier of the loan is paid in full or defaulted upon. The applicable interest rate that shall be assessed by the Plan against any loan incurred will equal the Prime Rate + 1 %. A Participant will be permitted to have two outstanding loans at any time. The repayment of any loan must be made in at least quarterly installments of principal and interest. Loan repayments will be withdrawn first from (a) Employer Contributions; (b) Pre-Tax Contributions; (c) Rollover; (d) Employer Matching Contributions. The loan will not be in default until the end of 90 days from the date the repayment was due or the Internal Revenue Service's statutory limit on loan defaults, whichever is greater.

NOTE 2. SUMMARY OF SIGNIFICANT AUDIT POLICIES

Method of Accounting - The accompanying financial statements are prepared using the accrual basis of accounting.

Investments - Investments in the mutual funds are carried at fair value which generally represents quoted market prices or the net asset value of the funds as of the last business day of the fiscal year, as provided by the investment company. Short-term investments are carried at cost, which approximates fair value. Purchases and sales are recorded on a trade-date basis. Interest and dividends are recorded on the accrual basis. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Fully Benefit-Responsive Investment Contract - Insurance company pooled separate account is carried at contract value which equals deposits made plus interest created under the terms of the contract less withdrawals.

Contributions - Contributions due and not paid at year end are recorded as contributions receivable. Employer contributions are accounted for as exchange transactions. The Plan also allows for employee contributions and rollover contributions from qualified plans. These contributions are accounted for as exchange transactions. The estimate for expected credit losses considers historical loss experience, current economic conditions, and forward-looking information, including factors such as payment history, employer financial condition, and labor trends. As of December 31, 2023 and 2022, the allowance for credit losses was \$4,900 and \$7,300, respectively.

NOTE 2. SUMMARY OF SIGNIFICANT AUDIT POLICIES (continued)

Benefit Payments - Benefit payments to participants are recorded when paid.

Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures in the financial statements. Actual results could differ from those estimates.

Participant Loans Receivable - Participant loans receivable is valued at unpaid principal balance plus accrued unpaid interest.

Forfeited Accounts - Forfeited non-vested accounts totaled \$175,806 during the year ended December 31, 2023 and \$156,566 during the year ended December 31, 2022. These accounts were used to pay Plan administrative expenses and/or restore previously forfeited balances in 2023.

NOTE 3. PRIORITIES UPON TERMINATION

Although it has not expressed any intent to do so, the Trustees have the right to terminate the Plan subject to the provisions of ERISA. Upon termination, each affected participant would become 100% vested in their account.

NOTE 4. TAX STATUS

The Plan obtained its latest determination letter on June 3, 2015 in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements under Section 401(a) of the Internal Revenue Code and was, therefore, exempt from federal income taxes under the provisions of Section 501(a). The Plan has been amended since receiving the latest exemption letter. The Plan's administrator and the Plan's counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that, more likely than not, would not be sustained upon examination by the U.S. Federal, state, or local taxing authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. Typically, plan tax years will remain open for three years; however, this may differ depending upon the circumstances of the Plan.

NOTE 5. FUNDING POLICY

The Plan is financed by employer and employee contributions. The employer contribution rates are specified in a collective bargaining agreement with employers. These contributions ranged from \$10 to \$862 per month for years ended December 31, 2023 and 2022. During December 31, 2023, fifteen employers made one-time lump sum contributions totaling \$1,799,241. During December 31, 2022, thirteen employers made one-time lump sum contributions totaling \$1,248,360.

Employee contributions are subject to limitations determined by the Internal Revenue Service.

NOTE 6. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Basis of Fair Value Measurement:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

NOTE 6. FAIR VALUE MEASUREMENTS (continued)

For the years ended December 31, 2023 and 2022, there were no transfers in or out of levels 1, 2 or 3.

The following tables set forth by level within the fair value hierarchy, the major categories of the Plan's assets measured at fair value at December 31, 2023 and 2022:

NOTE 7. BENEFIT RESPONSIVE INVESTMENT

The Plan invests in the New York Life Insurance Company's Pooled Separate Account Anchor Account I. This contract is a fully benefit-responsive single group annuity contract that has a fixed rate of interest.

The assets in the Pooled Separate Account Anchor Account I are primarily invested in fixed income securities owned by the New York Life Insurance Company. Contract value is the relevant measure for fully benefit responsive contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan.

Interest is accrued daily and credited monthly to the stable value account and the rates are guaranteed by New York Life Insurance Company to be no less than 0% before any deduction for expenses. The key factors that impact the crediting rate under the group annuity contract are the timing and magnitude of cash flows in and out of the separate account. The interest crediting rate may be reset no more frequently than daily and no less frequently than quarterly. The gross crediting rate allocated to the investment at December 31, 2023 and 2022 was 3.86% and 3.58% respectively.

NOTE 7. BENEFIT RESPONSIVE INVESTMENT (continued)

The contract provides certain restrictions, withdrawals for benefit payments at death, retirement, disability and termination of employment and for loans, hardship withdrawals or in-service withdrawals as permitted by the Plan at contract value. Participants may deposit and withdrawal on a daily basis at contract value. Transfers to other funds are also made at contract value, but these transfers may be subject to certain restrictions.

At the termination of the contract, the Plan may receive a book value distribution of the Plan's interest in the stable value account provided that twelve months written notice is given to the New York Life Insurance Company.

The Plan reimburses UFCW Local 342, AMC & RFSEU Local 342 Welfare Fund, and AMC RFSEU Local 342 Group Legal Services Fund for its portion of shared administrative expenses, which includes salaries and payroll taxes. The shared administrative expenses are allocated on a basis approved by the Plan's Trustees. The reimbursed amounts for the years ended December 31, 2023 and 2022 were \$1,034,105 and \$270,000, respectively.

NOTE 8. RELATED PARTY TRANSACTIONS (continued)**Benefits**

Contributions made to related benefit plans on behalf of all employee groups consisted of the following:

	<u>2023</u>	<u>2022</u>
AMC & RFSEU Local 342 Health Care Fund	\$ 84,925	\$ 10,305

The Plan shares the cost of the UFCW Local 342 employee pension benefit withdrawal liability due to the Local 153 OPEIU Pension Fund based on a shared expense allocation agreement. The withdrawal liability was determined in March 2013 and reallocated in July 2015. The Plan has an allocated withdrawal liability of \$74,196 and \$88,155 for the years ended December 31, 2023 and 2022, respectively. During the years ended December 31, 2023 and 2022, the Plan made payments of its allocated portion totaling \$13,959 and \$11,535, respectively.

Certain plan investments are shares of mutual funds managed by Main Stay Investments, a New York Life Company. John Hancock Retirement Plan Services is the Trustee, as defined by the Plan, and, therefore, these transactions qualify as party-in-interest transactions. These transactions have been denoted as such on the supplemental schedule of assets held at end of year.

The transactions above qualify as party-in-interest transactions which are exempt from the prohibited transaction rules of ERISA.

NOTE 9. RISKS AND UNCERTAINTIES

The Plan invests in various investments. Investments are exposed to various risks such as economic, interest rate, market and sector risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits.

NOTE 10. NONEXEMPT TRANSACTIONS

There were certain employers who failed to remit employee deferrals for participant contributions within the time frame required by the Department of Labor (DOL). By DOL regulation an employer is required to segregate employee contributions from its general assets as soon as practicable but no later than fifteen business days after the end of the month in which amounts contributed by employees are withheld from their wages. Any remittances beyond that time are considered to be nonexempt or prohibited transactions by regulation. The total of these transactions was \$1,637 and \$10,031 during the years ended December 31, 2023 and 2022, respectively, which are included in the amount reported in the attached supplemental Schedule of Delinquent Participant Contributions.

NOTE 11. NEW ACCOUNTING PRONOUNCEMENT

In June 2016, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) No. 2016-13, Financial Instruments - Credit Losses (Topic 326), which is effective for the year ended December 31, 2023. This new standard provides financial statement users with more decision-useful information about the expected credit losses on financial instruments and other commitments to extend credit held by a reporting entity at each reporting date. The standard replaced the incurred loss impairment model with a methodology that reflects expected credit losses and requires consideration of a broader range of reasonable and supportable information to inform credit loss estimates. The standard had no material impact on the Plan's financial statements.

NOTE 12. SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through October 11, 2024, the date the financial statements were available to be issued, and they have been evaluated in accordance with relevant accounting standards.
