INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator of
InMobi Inc. 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of InMobi Inc. 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and December 31, 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of InMobi Inc. 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and December 31, 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of InMobi Inc. 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about InMobi Inc. 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of InMobi Inc. 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about InMobi Inc. 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter — Supplemental Schedules Required by ERISA

The supplemental schedule of delinquent participant contributions for the year ended December 31, 2023 and schedule of assets (held at end of year) as of December 31, 2023 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

InMobi Inc. 401(k) Plan
Notes to Financial Statements
December 31, 2023 and 2022

Note 1 – Description of plan

The following description of the InMobi Inc. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering employees of InMobi Inc. and its affiliates Meson Mediation LLC (fka AerServ, LLC) and PinSight Media+, Inc., and an unrelated employer, Glance InMobi Inc. (the "Companies"). The Plan covers substantially all employees. The Plan also covers employees of Sprout Builder Inc. and MMTG Labs who did not have any employees through December 31, 2023.

The Plan entry date is the day that the participant meets all eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan's trustee is responsible for oversight of the Plan. InMobi, Inc. is the Plan Administrator and is responsible for the day-to-day operations of the Plan. The Plan's trustee determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Contributions

Participants may contribute up to 85% of their annual compensation, as defined by the Plan. Participants that are fifty years of age or older may make catch-up contributions to the Plan. Contributions are subject to certain statutory limitations. Participants may also contribute amounts representing distributions from other qualified plans as rollover contributions. The Companies may make discretionary matching contributions which are allocated each pay period.

For 2023 and 2022, the Companies elected to make discretionary matching contributions of 100% of employee contributions up to 3% of eligible compensation with a maximum matching contribution of \$5,000 per participant (see Note 6).

Notes receivable from participants

The loans are collateralized by the balance in the participant's account and bear interest at the prime rate in effect at the loan's inception plus 1%. Principal and interest is paid ratably through payroll deductions over a period generally not to exceed sixty months, unless the loan is for the purchase of a principal residence, for which the repayment term may not exceed three hundred and sixty months. A participant may have no more than one loan outstanding at a given time.

Participant accounts

Each participant's account is credited with the participant's elective and rollover contributions and the Companies' matching contributions, as well as allocations of plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon.

Participants are immediately 100% vested upon Plan participation for employer matching contributions.

InMobi Inc. 401(k) Plan
Notes to Financial Statements
December 31, 2023 and 2022

Note 1 – Description of plan (continued)

Payment of benefits

Benefits are paid in the form of a lump sum. Participants may withdraw all or a portion of the vested portion of their accounts if they:

- terminate employment before attaining normal retirement age
- become disabled
- retire
- die
- attain normal retirement age but continue to work, or
- qualify for in-service distributions upon attaining age 59 ½

In addition, participants may make withdrawals from their account if they incur a financial hardship.

Note 2 – Summary of significant accounting policies

Forfeited accounts

As participants are 100% vested in all employer contributions, per Plan documents, forfeited accounts generally consist of unallocated funds transferred to the Plan accounts by the employer in advance of funding obligations or in error due to computational differences. At December 31, 2023 and 2022 unallocated funds totaled \$103,548 and \$13,104, respectively. Employer matching contributions made during 2024 will be reduced by the balance in the unallocated plan assets account.

Funding policy

The Companies' remit employee deferral and employer matching contributions to the Plan on a payroll by payroll basis. The Companies' remit true-up matching contributions, if applicable, after the close of the plan year.

Basis of accounting

The accompanying financial statements have been prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Investment valuation and income recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's trustee determines the Plan's valuation policies using information provided by the trustee. See Note 4 for discussion on fair value measurement.

Purchase and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation/depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

InMobi Inc. 401(k) Plan
Notes to Financial Statements
December 31, 2023 and 2022

Note 2 – Summary of significant accounting policies (continued)

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when incurred. No allowance for credit losses has been recorded as of December 31, 2023 and 2022. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of benefits

Benefits are recorded when paid.

Tax status

Effective January 1, 2022, the Plan adopted a new plan document using the C-Ben Group LLC Non-Standardized Pre-Approved Profit Sharing Plan with CODA (a volume submitter plan). The Internal Revenue Service determined and informed C-Ben Group LLC by letter dated November 23, 2020, that the form of the volume submitter plan as then designed was in compliance with applicable provisions of the Internal Revenue Code (IRC). Prior to January 1, 2022, the Plan adopted a volume submitter plan developed by FIS Business Systems, LLC. The Internal Revenue Service determined and informed FIS Business Systems LLC by letter dated March 31, 2014, that the form of the volume submitter plan as then designed was in compliance with applicable provisions of the Internal Revenue Code (IRC). Although the volume submitter plans have been amended since receiving the determination letters, the plan administrator believes that the Plan is designed and currently being operated in compliance with applicable requirements of the IRC. The Plan administrator believes that the Plan is qualified and the related trust is tax exempt. Accordingly, there is no provision for income taxes in the accompanying financial statements.

Financial Accounting Standards Board Accounting Standards Codification (ASC) Topic 740 *Accounting for Uncertainty in Income Taxes* requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if they have taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2023 and 2022 there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan's policy is to recognize interest and penalties related to unrecognized tax benefits in income tax expense.

Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

InMobi Inc. 401(k) Plan
Notes to Financial Statements
December 31, 2023 and 2022

Note 2 – Summary of significant accounting policies (continued)

Use of estimates

The preparation of financial statements in conformity with U.S. GAAP requires the plan administrator to make estimates and assumptions that affect the reported amount of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions during the reporting period. Actual results could differ from these estimates.

Expenses

Certain expenses of maintaining the Plan are paid directly by the Companies and are excluded from the financial statements. Fees related to the administration of notes receivable from participants and benefits paid to participants are charged directly to the participant's account and are included in administrative expenses. Certain investment-related expenses are included in administrative expenses as well.

Plan termination

Although they have not expressed any intent to do so, the Companies have the right under the Plan to discontinue their contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Note 3 – Plan amendments

Effective January 1, 2022, the Plan was restated in order to comply with the requirements for Cycle 3 Pre-Approved Plans, pursuant to Rev. Proc. 2017-41. This restatement also included the following significant changes:

- Eligible employees must have attained age 21 to participate in the Plan. Prior to January 1, 2022 there was no minimum age requirement.
- A participant may not defer more than 85% of Plan compensation each pay period. The prior limit was 90% of Plan compensation in a Plan Year.
- Glance InMobi Inc, an unrelated employer, became a participating employer.

Note 4 – Fair value measurements

Financial Accounting Standards Board ASC 820, *Fair Value Measurements*, provides a framework for measuring, reporting and disclosing fair value under generally accepted accounting principles. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in an active market for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3).

InMobi Inc. 401(k) Plan
Notes to Financial Statements
December 31, 2023 and 2022

Note 4 – Fair value measurements (continued)

The three levels of the fair value hierarchy under ASC 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used at December 31, 2023 and 2022.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The funds held by the Plan are deemed to be actively traded.

Stable value fund: Valued using the related liability recorded by the issuer.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value could result in a different fair value measurement at the reporting date.

Assets at fair value at December 31, 2023 were as follows:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds:				
Growth funds	\$ 5,693,792	\$ --	\$ --	\$ 5,693,792

Total investments at fair value	<u>\$ 10,097,181</u>	<u>\$ --</u>	<u>\$ --</u>	<u>\$ 10,385,459</u>

- (a) In accordance with ASC 820-10, since the stable value fund is measured at net asset value per share (or its equivalent), it has not been classified in the fair value hierarchy.

Note 5 – Certified information

The following information certified by Empower Annuity Insurance Company of America and Empower Trust Company LLC to be complete and accurate as of and for the years ended December 31, 2023 and 2022 was relied upon in the preparation of the financial statements and supplemental schedule:

- Investment asset amounts included in the Statements of Net Assets Available for Benefits as of December 31, 2023 and 2022.
- Schedule of Assets (Held at End of Year) (Form 5500, Schedule H, 4i).
- Net appreciation in fair value of investments included in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2023.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, no auditing procedures were performed with respect to the information certified as complete and accurate by the custodian, except for comparing such information to information included in the financial statements.

Note 6 – Employer contributions

For 2023 and 2022, the Companies elected to make discretionary matching contributions of 100% of employee contributions up to 3% of eligible compensation with a maximum matching contribution of \$5,000 per participant. In 2023 and 2022, the Companies made matching contributions in excess of \$5,000 for certain employees. These excess contributions were moved from participant accounts to the forfeiture account in 2023 for errors made in 2023 and 2022. Certain of these amounts were inadvertently missed and were subsequently moved to the forfeiture account in 2024.

Other employer contributions in the accompanying financial statements include QNEC and QMAC corrections for the year ended December 31, 2023 of \$9,524, as well as lost income of \$1,057 on late remittances and other operational failures that occurred in the year ended December 31, 2022.

Note 7 – Related party transactions

The Plan's investment custodian and trustee through July 31, 2022, Great-West Trust Company and Great-West Life & Annuity Insurance Company (Great-West), was renamed Empower Trust Company LLC and Empower Annuity Insurance Company of America (Empower) effective August 1, 2022. Empower is the custodian and trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions.

The Plan custodian and trustee receive all charges, fees, and compensation, both direct and indirect, for services provided to the Plan under the packaged retirement services programs.

InMobi, Inc. provides certain accounting, administrative, and investment management services to the Plan for which no fees are charged. These transactions are exempt party-in-interest transactions.

See below for significant related party and party-in-interest transactions for services provided during the Plan year ended December 31, 2023.
