Independent Auditor's Report

Honda Retirement Plans Committee
Honda 401(k) Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Honda 401(k) Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the years then ended, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control-related matters that we identified during the audits.

Other Matter—Supplemental Schedules Required by ERISA

The supplemental schedule of delinquent participant contributions for the year ended December 31, 2023, and schedule of assets (held at end of year) as of December 31, 2023, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements, or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including its form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Honda 401(k) Savings Plan

Notes to Financial Statements

Note 1. Plan Description

The following description of Honda 401(k) Savings Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a complete description of the Plan's provisions.

General: The Plan was established on January 1, 2014, by American Honda Motor Company, Inc. (Plan Sponsor). The Plan allows participants an opportunity to contribute according to provisions of Section 401(k) of the Internal Revenue Code (IRC). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

The Plan Administrator responsibilities are carried out by the Honda 401(k) Savings Plan Committee (the Committee). Effective July 1, 2022, the Honda 401(k) Savings Plan Committee was merged into the Honda Retirement Plans Committee. The Plan allows eligible associates of certain adopting employers to participate in the Plan.

Fidelity Management Trust Company (Fidelity) is the trustee of the Plan. The trustee holds the Plan's assets and executes transactions therein based upon specific authorization of the Plan Administrator or participants.

Contributions: Under the terms of the Plan, eligible associates (other than Japanese national associates and student associates) with at least three months of service may participate in the Plan. Effective October 2022, all new hires are eligible to participate in the Plan immediately upon hire. Participants are automatically enrolled in the Plan with an elective pretax deferral rate of 6% of eligible compensation, increasing each January 1 thereafter by 1% until such elective deferral rate is 15% of eligible compensation, unless the participant affirmatively elects out of the automatic deferral feature, elects a different deferral rate, or elects not to participate in the Plan. A participant may authorize payroll deductions ranging from 1% to 75% of their base salary. The Employer matching contributions equal 100% of the first 6% of each participant's basic contribution. The Employer savings contribution is awarded to all eligible participants that were hired or rehired on or before September 3, 2013, and is equal to 3% of the participant's compensation. Effective October 2022, the savings contribution was increased to 4% for eligible associates. In addition, eligible associates hired or rehired on or after September 4, 2013, or elected to discontinue participation in the Honda Pension Plan effective January 1, 2014, receive an Employer service-based contribution that ranges from 2% to 8% of the participant's compensation based on years of service. Effective October 2022, the service-based contribution was increased by 1% for each eligible participant and ranges from 3% to 9%. The Plan also permits associates to transfer funds from other qualified plans into the Plan as rollover contributions. Such transfers must be approved by the Plan Administrator. Contributions are subject to certain limitations.

Participant accounts: Each participant's account is credited with the associate's contributions, employer's contributions, an allocation of investment earnings and is charged with an allocation of investment and administrative expenses. Allocations are based on the participant's selected funds allocation percentages. Investment income is allocated to participant accounts by investment fund balance on a daily basis. This allocation is based upon the ratio of each participant's weighted-average fund balance to the total of all participants' fund balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Honda 401(k) Savings Plan

Notes to Financial Statements

Note 1 Plan Description (Continued)

Vesting: Associate contributions are 100% vested at all times. Employer matching and savings contributions credited to a participant's account are fully vested at the time the contributions are made. Vesting in the Employer service contributions is based on years of service, where a year is defined as 365 days. Vesting in the employer service contributions along with earnings thereon is as follows:

Years of Service	Vesting Percentage
Fewer than 2	0%
2	25%
3	50%
4	75%
5 or greater	100%

Investment options: Participants may allocate their contributions to any of the various funds provided by the Plan. Participants may transfer account balances among the different funds on a daily basis.

Notes receivable from participants: The Plan permits loans to participants up to 50% of their vested account balance for not less than \$1,000 and not to exceed \$50,000. Participants are allowed one outstanding loan at a time. The term for repayment shall be no longer than five years nor less than 12 months. Loans bear a reasonable rate of interest as determined by the Committee. Principal and interest is paid ratably through periodic payroll deductions.

Distributions: A participant's vested account will be distributed upon retirement, termination, disability or death. Distributions are made in a lump sum or in installments not to exceed the life expectancy of the participant. A participant may make an in-service withdrawal due to financial hardship or upon attainment of age 59½. Such withdrawals are subject to an automatic approval based on the Plan requirements.

Forfeitures: Forfeited non-vested accounts are used to pay Plan expenses or reduce future employer contributions. Forfeited non-vested accounts totaled approximately \$3,200,000 and \$1,600,000 at December 31, 2023 and 2022, respectively. Employer contributions were reduced by approximately \$1,000,000 and \$100,000 from forfeited non-vested accounts during the years ended December 31, 2023 and 2022, respectively.

Note 2. Summary of Significant Accounting Policies

Basis of accounting: The financial statements of the Plan are prepared on the accrual basis of accounting.

Investment valuation and income recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Honda Retirement Plans Committee determines the Plan's valuation policies utilizing information provided by the trustee. See Note 6 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

Honda 401(k) Savings Plan

Notes to Financial Statements

Note 2. Summary of Significant Accounting Policies (Continued)

Contributions: Associate contributions and employer matching contributions are recognized when the associate contributions are withheld from the associate's earnings. The employer savings and service contributions are recognized weekly.

Distributions: Benefits are recognized when paid.

Administrative expenses: Fees charged by the trustee and other administrative fees incurred by the Plan are charged to and paid directly by the Plan Administrator or the Plan participants, as directed by the Committee.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balances plus any accrued interest.

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make certain estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ significantly from those estimates.

Risks and uncertainties: The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Subsequent events: The Plan Administrator has evaluated subsequent events through October 14, 2024, the date on which the financial statements were available to be issued.

Note 3. Tax Status

The Internal Revenue Service (IRS) has determined and informed the Plan Sponsor, by a letter dated October 23, 2013, that the Plan, as designed, is qualified under the appropriate sections of the Internal Revenue Code (IRC). The Plan has been amended since receiving the determination letter. The Plan Administrator believes that the Plan is currently designed and is being operated in compliance with the applicable requirements of the IRC, and therefore believes the Plan is qualified.

Note 4. Party-in-Interest Transactions

Certain Plan investments are shares of registered investment companies (through the self-directed brokerage accounts) managed by Fidelity. Fidelity is the trustee, as defined by the Plan; therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for administrative and other services provided by Fidelity approximated \$923,000 and \$1,284,000 for the years ended December 31, 2023 and 2022, respectively. In addition, the Plan paid approximately \$1,416,000 and \$1,396,000 for certain expenses related to Plan operations to various service providers for the years ended December 31, 2023 and 2022, respectively.

Honda 401(k) Savings Plan

Notes to Financial Statements

Note 5. Information Certified by Fidelity

The following is a summary of the Plan's asset information as of and for the years ended December 31, 2023 and 2022, included throughout the Plan's financial statements and ERISA-required supplemental schedules, obtained by management and agreed to or derived from information certified as complete and accurate by Fidelity, a qualified institution.

	2023	2022
Investments, at fair value:		
Registered investment companies	\$ 467,572,175	\$ 388,482,337
Money market fund	6,070,434	6,917,105
Self-directed brokerage accounts	135,477,401	105,983,126
Common collective/collective investment trusts	4,805,230,557	4,185,894,609
	<u>\$ 5,414,350,567</u>	<u>\$ 4,687,277,177</u>
Notes receivable from participants	<u>\$ 67,096,209</u>	<u>\$ 61,785,645</u>

Fidelity also certified to the completeness and accuracy of the net appreciation (depreciation) in fair value of investments of \$782,403,778 and \$(922,040,774) for the years ended December 31, 2023 and 2022, respectively, and \$32,228,683 and \$40,000,208 of interest and dividends related to the aforementioned assets for the years ended December 31, 2023 and 2022, respectively. Fidelity also certified the completeness and accuracy of the interest income on notes receivable from participants of \$3,959,808 and \$3,499,836 for the years ended December 31, 2023 and 2022, respectively.

Note 6. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under Accounting Standards Codification 820 are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets of liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Notes to Financial Statements

Note 6. Fair Value Measurements (Continued)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used at December 31, 2023 and 2022:

Shares of registered investment companies: Valued at quoted market prices which represent the net asset value (NAV) of shares held by the plan at year-end.

Common collective/collective investment trusts: Valued at the total of the NAV of the underlying securities held by the account at year-end. The Plan's interest in the common/collective trusts are valued based on the information reported by the investment advisor.

Money market fund: Valued at the closing price reported on the active market on which the fund is traded, generally at \$1 per share.

Self-directed brokerage accounts: Valued at the closing price reported on the active market on which the individual securities are traded.

The methods described above may produce a fair value that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets measured at fair value on a recurring basis as of December 31:

	2023			
	Level 1	Level 2	Level 3	Total
Registered investment companies	\$ 467,572,175	\$ -	\$ -	\$ 467,572,175

Notes to Financial Statements

Note 6. Fair Value Measurements (Continued)

Changes in fair value levels: To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value to another. In such instances, the transfer is reported at the beginning of the reporting period.

Investments measured using net asset value per share practical expedient: The following tables set forth additional disclosures of the Plan's investments whose fair value is estimated using NAV per share (or its equivalent) as of December 31:

	2023			
	Fair Value	Unfunded Commitment	Redemption Frequency	Redemption Notice Period
Common collective/collective investment trusts	\$ 4,805,230,557	None	Daily	None

	2022			
	Fair Value	Unfunded Commitment	Redemption Frequency	Redemption Notice Period
Common collective/collective investment trusts	\$ 4,185,894,609	None	Daily	None

Note 7. Plan Termination

Although it has not expressed any intent to do so, the Plan Sponsor had the right under the Plan to terminate the Plan at any time, subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Note 9. Nonexempt Transactions

During 2023, the Company inadvertently failed to deposit \$11,117 of participant contributions within the required timeframe as stated by the United States Department of Labor regulations. The Company deposited lost earnings to correct this failure in 2023 by following the DOL guidelines outside the VFCP. The Company intends to file Form 5330 and intends to pay the applicable excise tax to the IRS. The correction and any excise taxes, if applicable, will be made from the Company's assets and not from assets of the Plan.
