Results of the 2023 Financial Statement Audit, Including Required Communications

December 31, 2023

Required Communications Regarding Our Audit Strategy & Approach (AU-C 260)

Overview & Responsibilities

Matter	Discussion
Section 103(a)(3)(C) – 29 CFR 2520.103-8	Management has elected to have the audit of the Plan’s financial statements performed in accordance with the <i>Employee Retirement Income Security Act of 1974</i> (ERISA) Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor’s (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. An audit performed in accordance with ERISA Section 103(a)(3)(C) does not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier, that is regulated, supervised, and subject to periodic examination by a state or federal agency, a qualified institution, that prepared and certified the investment information in accordance with 29 CFR 2520.103-5 of the DOL Rules and Regulations for Reporting and Disclosure under ERISA. Management has determined that an ERISA Section 103(a)(3)(C) audit is permissible under the circumstances. Management has also determined that the investment information is prepared and certified by a qualified institution as described by 29 CFR 2520.103-8, that the certification meets the requirements in 29 CFR 2520.103-5, and that the certified investment information is appropriately measured, presented, and disclosed in accordance with accounting principles generally accepted in the United States of America (GAAP).
Purpose	The purpose of an ERISA Section 103(a)(3)(C) audit is to express an opinion on whether the amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with GAAP and that the assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the certified investment information.
Scope of Our Audit	This report covers audit results related to your financial statements: • As of and for the year ended December 31, 2023. • Conducted in accordance with our contract dated March 18, 2024.

Matter	Discussion
Our Responsibilities	Forvis Mazars is responsible for forming and expressing an opinion about whether the financial statements that have been prepared by management, with the oversight of those charged with governance, are prepared in accordance with GAAP.
Audit Scope & Inherent Limitations to Reasonable Assurance	An audit performed in accordance with auditing standards generally accepted in the United States of America (GAAS) is designed to obtain reasonable, rather than absolute, assurance about the financial statements. The scope of our audit tests was established in relation to the financial statements taken as a whole and did not include a detailed audit of all transactions.
Extent of Our Communication	In addition to areas of interest and noting prior communications made during other phases of the engagement, this report includes communications required in accordance with GAAS that are relevant to the responsibilities of those charged with governance in overseeing the financial reporting process, including audit approach, results, and internal control. The standards do not require the auditor to design procedures for the purpose of identifying other matters to be communicated with those charged with governance.
Independence	The engagement team, others in our firm, as appropriate, and our firm, have complied with all relevant ethical requirements regarding independence.
Your Responsibilities	Our audit does not relieve management or those charged with governance of your responsibilities. Your responsibilities and ours are further referenced in our contract.
Distribution Restriction	This communication is intended solely for the information and use of the following and is not intended to be, and should not be, used by anyone other than these specified parties: • Plan Administrator and Trustee • Others within the Plan

Other Documents Containing Audited Financial Statements

The Plan's audited financial statements are included in the Form 5500, *Annual Return/Report of Employee Benefit Plan*, filed with the Department of Labor Employee Benefits Security Administration. As part of our procedures, we read the draft Form 5500 that is substantially complete to determine if financial information discussed in sections outside the financial statements materially contradicts the audited financial statements. If we identify any such matters, we bring them to management's attention and review subsequent revisions.

Our responsibility also includes communicating to you any information we believe is a material misstatement of fact. Nothing came to our attention that caused us to believe that such information, or its manner of presentation, is materially inconsistent with the information, or manner of its presentation, appearing in the financial statements.

Forvis Mazars Internal Control Communication

OneSource Employees' Retirement Pension Plan

Communication Regarding Internal Control Related Matters Identified in an Audit

December 31, 2023

Required Communications Regarding Internal Control (AU-C 265)

Consideration of Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements of OneSource Employees' Retirement Pension Plan as of and for the year ended December 31, 2023, in accordance with auditing standards generally accepted in the United States of America (GAAS), we considered the Plan's internal control over financial reporting (internal control).

This consideration served as a basis for designing audit procedures that are appropriate in the circumstance for the purpose of expressing our opinion on the financial statements.

However, this consideration was **not** for the purpose of expressing an opinion on the effectiveness of the Plan's internal control.

Accordingly, we do not express an opinion on the effectiveness of the Plan's internal control.

Our consideration of internal control was for the limited purpose described in the preceding paragraphs and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and, therefore, material weaknesses or significant deficiencies may exist that were not identified. Given these limitations, during our audit, we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

This communication is intended solely for the information and use of the following and is not intended to be, and should not be, used by anyone other than these specified parties:

- Plan Administrator and Trustee
- Others within the Plan

Categorizing Deficiencies by Severity

Deficiency

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct misstatements on a timely basis.

Significant Deficiency

A significant deficiency is a deficiency, or combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Material Weakness

A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that material misstatements of the Plan's financial statements will not be prevented or detected and corrected on a timely basis.

Identified Deficiencies

We identified certain deficiencies in internal control that we consider to be significant deficiencies.

Significant Deficiencies

- Required Minimum Distributions – Internal Revenue Service regulations and Article II of the Plan Document require that participants that have attained 70.5 years of age in 2020 or earlier and 72 years of age after 2020 (Secure Act Amendment) are required to receive required minimum distributions ("RMDs"). After detailed review of the census, it was determined that there are potentially 156 active participants that might qualify for receiving RMDs.

In communication with the third-party administrator ("TPA"), the accounts are considered active as someone has signed and returned a registered letter, which is the TPA's process to validate the address of the participant and keep an account as active. However, the TPA does not believe their process is sufficient to validate that the letter was received by the beneficiary and requires a signed distribution form to process and begin RMDs.

We recommend that the Plan institute a process to ensure participant RMDs begin at 72 years of age to ensure compliance with IRS regulations and the Plan Document.

Deficiencies

- Distribution Withholding - A participant who took a lump sum distribution during the year only had 18.05% in federal taxes withheld instead of 20%. We recommend distributions processed by Principal are reviewed by plan management to ensure proper withholdings.
- Retiree Death Support - We noted three retirees stopped receiving monthly benefit payments during the 2023 Plan year. We were unable to obtain death support for the three retirees from Principal, however, they agreed their payments stopped and they should be removed from the retiree listing. We recommend all support for stop payments be retained at the time of notification.

The undersigned ("We") are providing this letter in connection with Forvis Mazars' audits of the financial statements of OneSource Employees' Retirement Pension Plan (the Plan) as of December 31, 2023 and 2022 and for the year ended December 31, 2023 and supplemental schedule as of December 31, 2023.

Our representations are current and effective as of the date of Forvis Mazars' report: October 14, 2024.

Our engagement with Forvis Mazars is based on our contract for services dated: March 18, 2024.

Our Responsibility & Consideration of Material Matters

We confirm that we are responsible for the fair presentation of the financial statements subject to Forvis Mazars' report in conformity with accounting principles generally accepted in the United States of America (GAAP) and for the fair presentation of the accompanying supplemental schedule in conformity with the Department of Labor's (DOL) Rules and Regulations under the *Employee Retirement Income Security Act of 1974* (ERISA).

We are also responsible for adopting sound accounting policies; establishing and maintaining effective internal control over financial reporting, operations, and compliance; and preventing and detecting fraud.

We elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. We acknowledge that the audits did not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier, that is regulated, supervised and subject to periodic examination by a state or federal agency, a qualified institution, that prepared and certified the investment information in accordance with 29 CFR 2520.103-5 of the DOL Rules and Regulations for Reporting and Disclosure under ERISA. We have determined that an ERISA Section 103(a)(3)(C) audit is permissible under the circumstances. We have also determined that the investment information is prepared and certified by a qualified institution as described by 29 CFR 2520.103-8, that the certification meets the requirements in 29 CFR 2520.103-5 and, that the certified investment information is appropriately measured, presented, and disclosed in accordance with accounting principles generally accepted in the United States of America (GAAP).

The purpose of an ERISA Section 103(a)(3)(C) audit is to express an opinion on whether the amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with generally accepted accounting principles and that the assets held by and certified to by a qualified institution agree to, are derived from, in all material respects, the certified investment information.

Certain representations in this letter are described as being limited to matters that are material. Items are considered material, regardless of size, if they involve an omission or misstatement of accounting information that, in light of surrounding circumstances, makes it probable that the judgment of a reasonable person relying on the information would be changed or influenced by the omission or misstatement. An omission or misstatement that is monetarily small in amount could be considered material as a result of qualitative factors.

Plan Design & Operations

6. We acknowledge our responsibility for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the ERISA plan financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants to determine the benefits due or which may become due to such participants.

7. The Plan is qualified under the appropriate section of the Internal Revenue Code, and we intend to continue them as a qualified Plan and trust. We do not have any intention at present to terminate the Plan.
8. The Plan instrument has not been amended during the year.
9. The Plan obtained its latest determination letter on July 23, 2012, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, we believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, we believe that the Plan was qualified, and the related trust was tax-exempt as of the financial statement date.
10. The Plan has complied with the fidelity bonding requirements of ERISA.
11. The Plan has made no investments during the year that violate the terms of the Plan or Trust Agreement.
12. The Plan provisions at the date of this letter are the same as those at the actuarial valuation date.
13. The participant data that we provided the Plan's actuary for the purposes of determining the actuarial present value of accumulated Plan benefits and other actuarially determined amounts in the financial statements were complete.
14. We agree with the actuarial methods and assumptions that the actuary used for funding purposes and for determining accumulated Plan benefits and know of nothing that would make such methods or assumptions inappropriate in the circumstances.
15. Except as disclosed in the financial statements, the actuarial methods or assumptions used in calculating amounts recorded or disclosed in the financial statements have not been changed since the previous year.
16. We have reviewed the reports of all transactions processed by third-party services, and, based on our review, we believe the transactions shown in the reports are valid and in accordance with our instructions to the third-party processor. We also have had no communications from any of the Plan's service organizations regarding any fraud, noncompliance with laws and regulations, or uncorrected misstatements.
17. As applicable, we have complied with the DOL's regulations concerning the services provider fee disclosures in accordance with Section 408(b)(2).
18. We understand the values of the assets and liabilities recorded in the financial statements could change rapidly, resulting in material future adjustments to investment values that could negatively impact the Plan. We acknowledge that you have no responsibility for future changes caused by the current economic environment and the resulting impact on the Plan's financial statements. Further, the Plan Sponsor is solely responsible for all aspects of managing the Plan, including questioning the quality and valuation of investments.
19. We have evaluated whether there are conditions or events known or reasonably knowable, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year of the date of this letter without consideration of potential mitigating effects of management's plans not yet fully implemented and concluded substantial doubt does not exist.

Misappropriation, Misstatements, & Fraud

20. We have informed you of all current risks of a material amount that are not adequately prevented or detected by our procedures with respect to:
- Misappropriation of assets.
 - Misrepresented or misstated assets or liabilities.
21. We have no knowledge of fraud or suspected fraud affecting the Plan involving:
- Management or employees who have significant roles in internal control over financial reporting, or
 - Others when the fraud could have a material effect on the financial statements.
22. We have no knowledge of any allegations of fraud or suspected fraud affecting the Plan received in communications from participants, former participants, regulators, third-party servicers or others.
23. We have assessed the risk that the financial statements may be materially misstated as a result of fraud and disclosed to you any such risk identified.

Related Parties & Parties-in-Interest

24. We have disclosed to you the identity of all of the Plan's related parties and parties-in-interest and all the related-party and party-in-interest relationships of which we are aware.

In addition, we have disclosed to you all related-party transactions and amounts receivable from or payable to related parties of which we are aware, including any modifications during the year that were made to related-party transaction agreements which existed prior to the beginning of the year under audit, as well as new related-party transaction agreements that were executed during the year under audit.

Related-party relationships and transactions have been appropriately accounted for and disclosed in accordance with accounting principles generally accepted in the United States of America (GAAP).

25. We understand that the term related-party refers to:
- Affiliates
 - Entities for which investments are accounted for by the equity method
 - Trusts for the benefits of employees, such as pension and profit-sharing trusts that are managed by or under the trusteeship of management
 - Principal owners and members of their immediate families
 - Management and members of their immediate families
 - Any other party with which the entity may deal if one party can significantly influence the management or operating policies of the other to an extent that one of the transacting parties might be prevented from fully pursuing its own separate interests.

Another party is also a related party if it can significantly influence the management or operating policies of the transacting parties or if it has an ownership interest in one of the transacting parties and can significantly influence the other to an extent that one or more of the transacting parties might be prevented from fully pursuing its own separate interests.

The term affiliate refers to a party that directly or indirectly controls, or is controlled by, or is under common control with, the entity.

Litigation, Laws, Rulings & Regulations

26. Neither the Plan nor the Plan Sponsor are aware of any pending or threatened litigation or claims whose effects should be considered when preparing the financial statements. Neither the Plan nor the Plan Sponsor have sought or received attorney's services related to pending or threatened litigation or claims during or subsequent to the audit period. Also, we are not aware of any litigation or claims, pending or threatened, for which legal counsel should be sought.
27. We have no knowledge of communications, other than those specifically disclosed, from regulatory agencies, governmental representatives, employees, or others concerning investigations or allegations of noncompliance with laws and regulations, deficiencies in financial reporting practices, or other matters that could have a material adverse effect on the financial statements.
28. We have disclosed to you all known instances of violations or noncompliance or possible violations or suspected noncompliance with laws and regulations whose effects should be considered when preparing financial statements or as a basis for recording a loss contingency.
29. We have apprised you of all communications, written or oral, with regulatory agencies concerning the operation of the Plan.

Nonattest Services

30. You have provided nonattest services, including the following, during the period of this engagement:
 - Preparing a draft of the financial statements and related notes and supplementary information
 - Preparing entries to convert cash basis accounting records to accrual basis accounting records
31. With respect to these services:
 - a. We have designated a qualified management-level individual to be responsible and accountable for overseeing the nonattest services.
 - b. We have established and monitored the performance of the nonattest services to ensure they meet our objectives.
 - c. We have made any and all decisions involving management functions with respect to the nonattest services and accept full responsibility for such decisions.
 - d. We have evaluated the adequacy of the services performed and any findings that resulted.
 - e. Established and maintained internal controls, including monitoring ongoing activities.
 - f. When we receive final deliverables from you we will store those deliverables in information systems controlled by us. We have taken responsibility for maintaining internal control over these deliverables.

Financial Statements & Reports

32. We have reviewed and approved a draft of the financial statements and related notes referred to above, which you prepared in connection with your audit of our financial statements. We acknowledge that we are responsible for the fair presentation of the financial statements and related notes.
33. With regard to supplementary information:
 - a. We acknowledge our responsibility for the fair presentation of the supplementary information, including its form and content in conformity with relevant regulatory requirements or other applicable criteria.
 - b. The methods of measurement and presentation of the supplementary information are unchanged from those used in the prior period, and we have disclosed to you any significant assumptions or interpretations underlying the measurement and presentation of the supplementary information.
 - c. We believe the significant assumptions or interpretations underlying the measurement and/or presentation of the supplementary information are reasonable and appropriate.
 - d. The supplemental information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Transactions, Records, & Adjustments

34. All transactions have been recorded in the accounting records and are reflected in the financial statements.
35. We have everything we need to keep our books and records.
36. We have disclosed any significant unusual transactions the Plan has entered into during the period, including the nature, terms, and business purpose of those transactions.
37. There are no uncorrected misstatements or omitted disclosures.

Accounting & Disclosure

38. We are not aware of any side agreements or other arrangements (either written or oral) that are in place.
39. Except as reflected in the financial statements, there are no:
 - a. Plans or intentions that may materially affect carrying values of assets and liabilities.
 - b. Material transactions omitted or improperly recorded in the financial records.
 - c. Material unasserted claims or assessments that are probable of assertion or other gain/loss contingencies requiring accrual or disclosure in accordance with Accounting Standards Codification (ASC) Topic 450, *Contingencies*, including those arising from environmental remediation obligations.
 - d. Events occurring subsequent to the date of the statement of net assets available for benefits through the date of this letter, which is the date the financial statements were available to be issued, requiring adjustment or disclosure in the financial statements.
 - e. Reportable transactions as defined in Section 103(b)(3)(H) of ERISA.

40. Except as disclosed in the financial statements, the Plan has:
- a. Satisfactory title to all recorded assets, and those assets are not subject to any liens, pledges, or other encumbrances.
 - b. Complied with all aspects of contractual agreements, for which noncompliance would materially affect the financial statements.
41. The Plan has used the work of a specialist for actuarial valuation and determination of the pension benefit obligation disclosed in the financial statements. We agree with the findings of specialists in evaluating the accuracy and valuation of the calculations and have adequately considered the qualification of the specialists in determining the amounts and disclosures used in the financial statements and underlying accounting records. We did not give or cause any instructions to be given to the specialists with respect to the values or amounts derived in an attempt to bias their work, and we are not otherwise aware of any matters that have had impact on the independence or objectivity of the specialists.

Estimates

42. We have identified all accounting estimates that could be material to the financial statements, and we confirm the appropriateness of the methods and the consistency in their application, the accuracy and completeness of data, and the reasonableness of significant assumptions used by the Plan in making the accounting estimates, including those measured at fair value reported in the financial statements.
43. Significant estimates that may be subject to a material change in the near term have been properly disclosed in the financial statements. We understand that "near term" means the period within one year of the date of the financial statements. In addition, we have no knowledge of concentrations, which refer to volumes of loans, investments, or deposits, existing at the date of the financial statements that would make the Plan vulnerable to the risk of severe impact in the near term that have not been properly disclosed in the financial statements.

Fair Value

44. With respect to the fair value measurements of financial assets and liabilities, recognized in the financial statements or disclosed in the notes thereto:
- a. The underlying assumptions are reasonable and they appropriately reflect management's intent and ability to carry out its stated course of action.
 - b. The measurement methods and significant assumptions used in determining fair value are appropriate in the circumstances for financial statement measurement and disclosure purposes and have been consistently applied.
 - c. The significant assumptions appropriately reflect market participant assumptions.
 - d. The disclosures related to fair values are complete, adequate, and in conformity with accounting principles generally accepted in the United States of America.
 - e. There are no subsequent events that require adjustments to the fair value measurements and disclosures included in the financial statements.

Investments

45. Investments are properly measured at fair value. Investments measured at fair value include:
- a. Investments with a readily determinable fair value that are reported at net asset value (NAV) per share/unit.
 - b. Investment values determined using NAV as a practical expedient.

Tax Matters

46. We understand the potential penalties for failure to disclose reportable tax transactions to the taxing authorities and have fully disclosed to Forvis Mazars any and all known reportable tax transactions.
47. We acknowledge that any delay in filing the audit report and the Form 5500 on a timely basis is our responsibility, and the penalties, if any, associated with such delays are our responsibility.

Assumptions selected by actuary

Inflation	2.40% increase per year. Our long-term inflation assumption considered the current economic environment, recent and historical data, and forecasts from Federal Reserve Bank FOMC, Congressional Budget Office, and Survey of Professional Forecasters. See Long-Term Capital Market Assumptions link.														
Asset return	4.25% for the current plan year. The asset return is developed as a weighted average rate based on the target asset allocation of the plan and the long-term capital market assumptions. The calculated return is on an arithmetic mean basis. For details, see the Long-Term Capital Market Assumptions link.														
Expected expense	The expected expense included in target normal cost is an estimate based on prior year expenses paid from plan assets, with an updated estimate of PBGC premiums. This is the best estimate available of upcoming year's expenses.

40	0.035%	0.05%
55	0.18%	0.245%

We don't have the plan experience necessary to directly set this assumption; therefore, we are relying on the assumption set by the prior actuary. This assumption is reasonable with the plan's design. As we gain plan experience, we will monitor and make appropriate adjustments in the future.

Marriage

85% married; husbands are 3 years older than wives.

This assumption does not have material impact on the results of this report and has been selected based on our best estimate of active workforce.

Withdrawal

Selected rates of withdrawal are shown below:

Age	Rate of withdrawal
25	5.29%
40	3.50%
55	0.00%

Form of benefit and basis

100% of active participants will elect a benefit paid in a lump sum at the assumed retirement ages.

Participants who are already terminated on the valuation date are assumed to elect a single sum payable at the assumed retirement age.

The lump sum benefit is based on the Applicable Mortality and the plan's funding target interest rates, as prescribed.

We don't have the plan experience necessary to directly set this assumption; therefore, we are relying on the assumption set by the prior actuary. This assumption is reasonable with the plan's design. As we gain plan experience, we will monitor and make appropriate adjustments in the future.

Methods prescribed by law

Liability measure

Funding target is the present value of the benefits accrued on the valuation date. Included in Funding Target is the value of any missed required minimum distributions (defined in IRC §401(a)(9) and Treasury Regulation §1.401(a)(9)), equal to back payments with interest at 8.00%.

Target normal cost is based on benefits expected to accrue during the current plan year and includes an estimate of plan expenses for the year.

Forfeitures

Terminated vested participants over age 65 where due diligence has been done to attempt to locate, including sending registered letters, will have their benefits assumed to be forfeited under the plan.

Methods selected by plan sponsor

Asset method

The asset valuation method is prescribed by law for plans that elect to use a value other than market value.

For each of the preceding two years, an expected value of assets at the end of the year is compared to the end of year market value. The resulting gain or loss is recognized evenly over three plan years.

The expected value includes contributions, distributions, any deducted administrative expenses, and expected earnings (based on the lesser of the assumed interest rate or the maximum allowable rate). The deferred gains and losses are added to the current market value and then restricted to no more than 110% and no less than 90% of that market value.

When actual returns exceed the assumed return, the actuarial value of assets will lag below market value. The lag and the smoothing effect are limited since the value must be within 10% of market value.

Segment rates

24-month average with no weighting to prior law basis. Use rates where August is the last month included in the average.

PBGC premium basis

Variable rate premiums are calculated using census, market value of assets and the one-month average of corporate bond rates in effect on the valuation date. You elected this Standard interest method for the 01/01/2023 plan year and the method must be used for five years before a change can be made.

Segment 1 years 0-5	Segment 2 years 5-20	Segment 3 years 20+
4.84%	5.15%	4.85%

Methods elected by actuary

Retirees	Assets and liabilities for current and future retirees are included.
Vested benefits	A benefit is included in vested benefits if it meets the requirements under PBGC. The benefit is multiplied by the participant's vesting percentage applicable to each benefit on the valuation date. The following ancillary benefits are always treated as nonvested: disability benefits payable to retirement age unless in pay status, pre-retirement death benefits in excess of the survivor annuity death benefit and post retirement death benefits for non-retired participants except as noted in the Plan provisions.

Assumptions and methods elected by actuary - plan accounting (ASC 960)

With the exceptions below, all assumptions and methods are the same as those used in determining your plan's regular funding target and target normal cost.

Mortality	Based on Pri-2012 Total dataset base rate mortality table projected generationally using MP-2021.
Mortality base rates	Before benefit payment period Employee amount-weighted, male and female During benefit payment period Retiree amount-weighted, male and female The Society of Actuaries (SOA) is an actuarial organization that periodically reviews mortality data and publishes mortality tables and improvement scales. In October 2019, the SOA released the Pri-2012 Mortality Tables for private-sector retirement plans in the U.S. The Pri-2012 report contains different sets of mortality tables based on complete dataset or various subsets. The Total dataset base rate table was selected based on information provided by the plan sponsor. Pri-2012 section 12.4. provided three approaches for designated beneficiaries in the calculation of joint-and-survivor annuities. We believe "Approach 1" is reasonable for this plan.
Mortality improvement	MP-2021 is the most recent improvement scale published by the SOA in October 2021. In selecting this assumption, we considered the other parameters available in the MIM-2021-v3 application tool issued by the SOA in October 2022 and consider the selections in MP-2021 reasonable. Based on the sponsor's input, plan experience does not show a need for long-term excess death or Covid death load adjustments.

OneSource Employees' Retirement Pension Plan
EIN 13-2598740 Plan No. 001

Interest rate used to value liabilities	4.25% The interest rate used to value ASC 960 liabilities is developed as long-term expected geometric return on plan assets. Arithmetic expected return is calculated as the weighted average of broad asset classes' arithmetic returns of the plan's target asset allocation, and then converted to the geometric under lognormal distribution assumption. For details, see Long-Term Capital Market Assumptions link.
Treatment of administrative expenses	No adjustments are made for administrative expenses, either through a reduction in the discount rate or by calculating a present value of future expenses. Plan sponsors may change their administrative expense handling at any time. Our approach provides consistent handling of ASC 960 liabilities from year to year, whether expenses are paid with plan assets or directly by the employer. Note - expenses paid with plan assets are required to be included in funding normal cost. As a result, the plan is reimbursed annually through required funding. Exception – contributions are not required due to assets sufficiently in excess of liabilities to fund both expenses and normal cost. In this case, administrative expenses are taken from the excess assets.
Basis for lump sums	Interest rate IRC §417(e) segment rates as of November 2022 that are tied closed to high quality corporate bond yields. 5.09%/5.60%/5.41% We don't have the plan experience necessary to directly set this assumption; therefore, we are relying on the assumption set by the prior actuary. This assumption is reasonable with the plan's design. As we gain plan experience, we will monitor and make appropriate adjustments in the future. If lump sum is unisex version of same table as mortality. Mortality IRS Prescribed lump sum mortality for 2021, 2022 and 2023. Future years are projected to decrement date with SOA mortality improvement scale MP-2021. This assumption reflects current law as provided by the IRS.
