Part III Accountant's Opinion

3 Complete lines 3a through 3c if the opinion of an independent qualified public accountant is attached to this Form 5500. Complete line 3d if an opinion is not attached.

a The attached opinion of an independent qualified public accountant for this plan is (see instructions):

(1) ☒ Unmodified (2) ☐ Qualified (3) ☐ Disclaimer (4) ☐ Adverse

b Check the appropriate box(es) to indicate whether the IQPA performed an ERISA section 103(a)(3)(C) audit. Check both boxes (1) and (2) if the audit was performed pursuant to both 29 CFR 2520.103-8 and 29 CFR 2520.103-12(d). Check box (3) if pursuant to neither.

(1) ☒ DOL Regulation 2520.103-8 (2) ☐ DOL Regulation 2520.103-12(d) (3) ☐ neither DOL Regulation 2520.103-8 nor DOL Regulation 2520.103-12(d).

c Enter the name and EIN of the accountant (or accounting firm) below:

(1) Name: **HLB GROSS COLLINS, P.C.**

(2) EIN: **58-1367012**

d The opinion of an independent qualified public accountant is **not attached** as part of Schedule H because:

(1) ☐ This form is filed for a CCT, PSA, DCG or MTIA. (2) ☐ It will be attached to the next Form 5500 pursuant to 29 CFR 2520.104-50.

Part IV Compliance Questions

4 CCTs and PSAs do not complete Part IV. MTIAs, 103-12 IEs, and GIAs do not complete lines 4a, 4e, 4f, 4g, 4h, 4k, 4m, 4n, or 5. 103-12 IEs also do not complete lines 4j and 4l. MTIAs also do not complete line 4l. DCGs do not complete lines 4e, 4f, 4k, 4l, and 5, and DCGs generally complete the rest of Part IV collectively for all plans in the DCG, except as otherwise provided (see instructions).

During the plan year:

	Yes	No	Amount
a Was there a failure to transmit to the plan any participant contributions within the time period described in 29 CFR 2510.3-102? Continue to answer "Yes" for any prior year failures until fully corrected. (See instructions and DOL's Voluntary Fiduciary Correction Program.)		☒	
b Were any loans by the plan or fixed income obligations due the plan in default as of the close of the plan year or classified during the year as uncollectible? Disregard participant loans secured by participant's account balance. (Attach Schedule G (Form 5500) Part I if "Yes" is checked.)		☒	
c Were any leases to which the plan was a party in default or classified during the year as uncollectible? (Attach Schedule G (Form 5500) Part II if "Yes" is checked.)		☒	
d Were there any nonexempt transactions with any party-in-interest? (Do not include transactions reported on line 4a. Attach Schedule G (Form 5500) Part III if "Yes" is checked.)		☒	
e Was this plan covered by a fidelity bond?	☒		500000
f Did the plan have a loss, whether or not reimbursed by the plan's fidelity bond, that was caused by fraud or dishonesty?		☒	
g Did the plan hold any assets whose current value was neither readily determinable on an established market nor set by an independent third party appraiser?		☒	
h Did the plan receive any noncash contributions whose value was neither readily determinable on an established market nor set by an independent third party appraiser?		☒	
i Did the plan have assets held for investment? (Attach schedule(s) of assets if "Yes" is checked, and see instructions for format requirements.)	☒		
j Were any plan transactions or series of transactions in excess of 5% of the current value of plan assets? (Attach schedule of transactions if "Yes" is checked and see instructions for format requirements.)		☒	
k Were all the plan assets either distributed to participants or beneficiaries, transferred to another plan, or brought under the control of the PBGC?		☒	
l Has the plan failed to provide any benefit when due under the plan?		☒	
m If this is an individual account plan, was there a blackout period? (See instructions and 29 CFR 2520.101-3.)		☒	
n If 4m was answered "Yes," check the "Yes" box if you either provided the required notice or one of the exceptions to providing the notice applied under 29 CFR 2520.101-3.		☒	

5a Has a resolution to terminate the plan been adopted during the plan year or any prior plan year? ☐ Yes ☒ No
If "Yes," enter the amount of any plan assets that reverted to the employer this year _____.

INDEPENDENT AUDITORS' REPORT

To the Plan Administrator of the

Choate Construction Company 401(k) Profit Sharing Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed the audits of the accompanying financial statements of

CHOATE CONSTRUCTION COMPANY 401(K) PROFIT SHARING PLAN

an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (“ERISA”), as permitted by ERISA Section 103(a)(3)(C) (“ERISA Section 103(a)(3)(C) audit”). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022 and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it permissible in the circumstances, has elected to have the audits of Choate Construction Company 401(k) Profit Sharing Plan’s financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (“investment information”) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA (“qualified institution”).

Management has obtained certifications from a qualified institution, Fidelity Management Trust Company, as of December 31, 2023 and 2022, and for the years then ended, stating that the certified investment information, as described in Note (6) to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section –

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Choate Construction Company 401(k) Profit Sharing Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Choate Construction Company 401(k) Profit Sharing Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with auditing standards generally accepted in the United States of America will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with auditing standards generally accepted in the United States of America, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Choate Construction Company 401(k) Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Choate Construction Company 401(k) Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedules, Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year) and Schedule H, Line 4(a) - Schedule of Delinquent Participant Contributions are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion –

- the form and content of the supplemental schedules, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agree to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

CHOATE CONSTRUCTION COMPANY 401(k) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

Years Ended December 31, 2023 and 2022

(1) Description of the Plan

The following description of the Choate Construction Company (“Company” or “Plan Sponsor”) 401(k) Profit Sharing Plan (“Plan”) is provided for general information purposes only. Participants should refer to the Plan agreement for more complete information on the provisions of the Plan.

General - The Plan is a defined contribution plan. All employees of the Company are eligible to participate on the first day of each month. All full time employees who have one year of service and 1,000 hours of service during each 12 month period are eligible to participate in the profit sharing portion of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”) and subsequent amendments. The Plan was established effective July 1, 1991 and has been subsequently amended.

Effective November 15, 2021, the deferral contributions of the Plan were amended and certain additional provisions were added to the Plan agreement.

The Plan was amended and restated in 2022 to define what is considered compensation as it relates to the Plan; and revisions for permissible investment options.

The Plan was amended in January 2023, to further define compensation under the Plan.

Company profit sharing contributions - Each year the Company has the option of making a profit sharing contribution to the Plan. The Company’s profit sharing contribution to the Plan was \$-0- in 2023 and 2022.

Contributions - Participants may contribute up to \$22,500 and \$20,500 for 2023 and 2022, respectively, of pretax annual compensation, as defined in the Plan agreement. Participants who have attained the age of 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also “rollover” amounts representing distributions from other qualified plans. The Plan allows the Company to make a discretionary matching contribution to the Plan. Participants are subject to an auto enrollment at 6% of annual compensation. Additional amounts may be contributed at the discretion of the Company's board of directors. Contributions are subject to certain limitations. Discretionary matching contributions totaled \$706 and \$4,915 during 2023 and 2022, respectively.

Participant accounts - Each participant’s account is credited with the participant’s contribution and an allocation of (a) the Company's contribution, (b) Plan earnings (losses), including unrealized appreciation (depreciation), and (c) forfeited balances of terminated participants’ non-vested amounts, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined in the plan agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting - Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the Company's discretionary matching and profit sharing contributions plus actual earnings thereon is based on years of continuous service.

For all employer matching contributions and earnings, an employee is 100 percent vested after six years of credited service.

For discretionary profit sharing contributions and earnings received, an employee is 100 percent vested after seven years of credited service.

CHOATE CONSTRUCTION COMPANY 401(k) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

Years Ended December 31, 2023 and 2022

(1) Description of the Plan (continued)

Investment options - The Plan offers several investment options and participants may instruct the trustee in how they want to invest their funds without regard to their vested interest. Participants may change their investment options and move money from one fund to another in accordance with rules established by the Plan administrator.

Forfeited accounts - Forfeitures of terminated participants' non-vested accounts may be used to reduce future Company contributions or to pay Plan expenses. Forfeited non-vested accounts totaled \$181 at December 31, 2023 and \$1,190 at December 31, 2022. These accounts will be used to reduce future employer contributions.

Notes receivable from participants - Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loan transactions are treated as a transfer to (from) the investment fund from (to) the participant loan fund. Loans must be repaid through payroll deductions and within a five-year period. The loans are secured by the balance in the participant's account and bear interest at the prevailing fixed rates as determined by the Plan administrator, which ranged from 5.25% to 10.50% and 5.25% to 9.00% for the years ended December 31, 2023 and 2022, respectively.

Payment of benefits - Upon termination of service due to death, disability, retirement, or other reason, a participant or beneficiary will receive an amount equal to the vested interest in the participant's account. This payment will be in the form of a lump-sum distribution of their total account balance.

(2) Summary of significant accounting policies

Basis of accounting - The financial statements of the Plan are prepared under the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Investment valuation and income recognition - The Plan's investments are stated at fair value in accordance with Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") Topic 820, *Fair Value Measurements and Disclosures*, as more fully described in Note (9). The Plan follows FASB Accounting Standards Update ("ASU") 2015-07, *Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities that Calculate Net Asset Value per Share (or its Equivalent)*, and also follows ASU 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contract, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient*. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value of interest bearing cash and mutual funds is determined by the quoted market prices. The fair value of the Plan's common collective trust funds is at Net Asset Value ("NAV"), which is calculated by the fund based on net asset value of the underlying investments. The NAV is used as a practical expedient to estimate fair value.

Purchases and sales of securities are recorded on the trade date. Interest income is recorded on the cash basis. Dividends are recorded on the ex-dividend date.

CHOATE CONSTRUCTION COMPANY 401(k) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

Years Ended December 31, 2023 and 2022

(2) Summary of significant accounting policies (continued)

Investment income (loss) - Investment income (loss) consists of interest, dividends, gains (losses) on sale of investment securities and the unrealized appreciation (depreciation) in fair value of investments. Net appreciation in the fair value of investments includes the Plan's gain (losses) on investments bought and sold, as well as held, during the year.

Notes receivable from participants - Notes receivable from participants are measured at their unpaid principal balance plus any accrued unpaid interest. Delinquent participant loans are reclassified as distributions based on the terms of the Plan document.

Payment of benefits - Benefits are recorded when paid.

Plan expenses - Substantially all Plan administrative and accounting fees of the Plan are paid by the Company.

Estimates - The preparation of the financial statements in conformity with U.S. GAAP requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Risk and uncertainties - The Plan invests in various investment securities. The Plan's investment securities, in general, are exposed to various risks, such as interest rate, credit and overall market volatility risks. Market risks include global events which could impact the value of investment securities, such as pandemics or international conflicts. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the valuation of investment securities will occur in the near term and such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Recently adopted accounting pronouncements - In June 2016, the FASB issued ASU 2016-13, *Financial Instruments - Credit Losses* (Topic 326): *Measurement of Credit Losses on Financial Instruments*, which changes the methodology for measuring credit losses on most financial instruments and the timing of when such losses are recorded. This update replaces the existing incurred loss impairment model with an expected loss model (referred to as the Current Expected Credit Loss model). The Company and Plan Sponsor adopted ASU 2016-13 and its related subsequent amendments (ASU 2018-19, ASU 2019-04, ASU 2019-05, ASU 2019-10, ASU 2019-11, and ASU 2020-02) on January 1, 2023. Financial assets held by the Plan that are subject to the guidance in FASB ASC 326 were contributions receivable. The adoption of this new accounting standard did not have a material impact on the Plan's financial statements.

(3) Plan termination

The Company intends to continue the Plan indefinitely for the benefit of its employees, but reserves the right to amend, modify, or terminate the Plan at any time or for any reason subject to the terms of ERISA. In the event the Plan terminates, the rights of all participants to amounts credited to each participant's account will be 100% vested and non-forfeitable, regardless of their percent vested at the time of the Plan's termination.

CHOATE CONSTRUCTION COMPANY 401(k) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

Years Ended December 31, 2023 and 2022

(4) Tax status

The trust established under the Plan to hold the Plan's assets is qualified pursuant to the appropriate section of the Internal Revenue Code ("IRC") and accordingly, the trust's net investment income is exempt from income taxes. The Plan received a favorable tax determination letter from the Internal Revenue Service on June 30, 2020. The Plan has been amended since receiving the determination letter. However, the Plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and therefore believe that the Plan is qualified and tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2023 and 2022, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

(5) Fidelity bond

ERISA Code section 412 requires the Plan to maintain fidelity bond coverage in an amount equal to the lesser of 10% of the total Plan assets as of the preceding plan year or \$500,000. The Plan has sufficient bond coverage as of December 31, 2023 and 2022.

Total investment income (loss)	<u>\$ 13,059,919</u>	<u>\$ (15,288,182)</u>

(7) Party-in-interest transactions

Certain Plan investments are managed by Fidelity Advisors. Fidelity Advisors is the investment management arm of Fidelity Management Trust Company. Fidelity Management Trust Company is the trustee, as defined in the Plan agreement; therefore, those transactions qualify as party-in-interest transactions. Fees paid by the Plan for the investment management services amounted to \$151,853 for the year ended December 31, 2023 and \$69,978 for the year ended December 31, 2022.

All of these party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

Less: Participant receivable at end of year	(113,433)	(122,619)
Changes in net assets per Schedule H of Form 5500	<u>\$ 11,743,155</u>	<u>\$ (14,206,331)</u>

(9) Fair value measurements

FASB ASC 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurement) and the lowest priority to unobservable inputs (Level 3 measurement). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

CHOATE CONSTRUCTION COMPANY 401(k) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

Years Ended December 31, 2023 and 2022

(9) Fair value measurements (continued)

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Interest bearing cash and mutual funds: These investments consist of various publicly traded money market funds and mutual funds. The fair values are based on quoted market prices and therefore are classified as Level 1 investments.

Self-directed brokerage accounts: Investments included in these accounts consist of interest bearing cash and mutual funds which are valued based on the quoted market prices and classified as Level 1 investments.

Collective investment trusts: The Plan holds collective investment trusts ("CIT") in common collective trusts. The CIT are pooled investment vehicles sponsored and maintained by a trust company. These investments are typically only available to defined contribution and defined benefit plans. The trustee estimates the fair value of investments in collective funds that have calculated net asset value per unit. Accordingly, as a practical expedient, these investments are valued at NAV as reported by the investee funds. The funds have the ability to redeem their investments in the collective funds at NAV without restrictions.

Managed income portfolio: The Plan holds an investment in a common collective trust fund (the "Fidelity Managed Income Portfolio II Class I" or "MIP"). The investment in the MIP is presented at fair value, which reflects the NAV of the fund. The NAV of the MIP is based on the fair value of the underlying securities plus the contract value of the fully benefit-responsive wrapper contract. The MIP's NAV represents the Plan's fair value since this is the amount at which the Plan transacts with the fund. A participant's ownership of the MIP is represented by units that are issued and redeemed daily at the MIP's constant NAV of \$1.00 per unit. Although it is the policy of the MIP to use its best efforts to maintain a stable NAV of \$1.00 per unit, there is no guarantee that the MIP will be able to maintain that value. The MIP allows for daily liquidity with no additional notice required for redemption. The MIP is unlikely to maintain a stable NAV if, for any reason, it cannot obtain or maintain wrap contracts covering all of its underlying assets that are not otherwise invested in money market funds. In the event that an issuer of a wrap contract fails to perform as intended, the MIP's NAV may decline if the market value of its assets declines. Plan management believes the occurrence of events and circumstances that would cause the MIP to transact at less than NAV is not probable.

(9) Fair value measurements (continued)

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables present the fair value measurements set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2023 and 2022:

	2023			
	Level 1	Level 2	Level 3	Total
Interest bearing cash	\$ 1,439,582	\$ -	\$ -	\$ 1,439,582
Mutual funds	28,288,435	-	-	28,288,435
Self-directed Brokerage accounts	627,621	-	-	627,621
Investments measured within fair value hierarchy	30,355,638	-	-	30,355,638
Common collective trusts, measured at NAV (a)	-	-	-	45,820,845
Total investments at fair values	<u>\$ 30,355,638</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 76,176,483</u>

	2022			
	Level 1	Level 2	Level 3	Total

Total investments at fair values	<u>\$ 22,492,680</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 64,538,479</u>

- (a) The investments that are measured at fair value using the NAV per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value of investments in the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

(10) Self-directed investments

The Plan allows participants to invest their account balances in any investment desired within certain Plan and ERISA limitations. Participants are allowed to place investments into the self-directed program in addition to or in place of the various formal investment programs offered by the Plan.

NOTES TO FINANCIAL STATEMENTS

Years Ended December 31, 2023 and 2022

(10) Self-directed investments (continued)

The following table reflects self-directed investments in the Plan, included in the Statements of Net Assets Available for Benefits as of December 31, 2023 and 2022:

	2023	2022
Investments at fair value:		
Interest bearing cash	\$ 16,121	\$ 18,379
Mutual funds	611,500	145,335
Total investments at fair value	<u>\$ 627,621</u>	<u>\$ 163,714</u>

Net appreciation (depreciation) in fair value of self-directed investments and interest and dividends in self-directed investments, included in investment income (loss) in the Statements of Changes in Net Assets Available for Benefits, totaled \$55,108 for the year ended December 31, 2023 and (\$21,306) for the year ended December 31, 2022. Self-directed investments were certified by a qualified institution as of and for the years ended December 31, 2023 and 2022.

(11) Subsequent events

Management has reviewed subsequent events through October 14, 2024, the date which the financial statements were available to be issued and has determined that there were no subsequent events that require recognition or disclosure in the financial statements.

INDEPENDENT AUDITORS' REPORT

To the Plan Administrator of the

Choate Construction Company 401(k) Profit Sharing Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed the audits of the accompanying financial statements of

CHOATE CONSTRUCTION COMPANY 401(K) PROFIT SHARING PLAN

an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (“ERISA”), as permitted by ERISA Section 103(a)(3)(C) (“ERISA Section 103(a)(3)(C) audit”). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022 and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it permissible in the circumstances, has elected to have the audits of Choate Construction Company 401(k) Profit Sharing Plan’s financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (“investment information”) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA (“qualified institution”).

Management has obtained certifications from a qualified institution, Fidelity Management Trust Company, as of December 31, 2023 and 2022, and for the years then ended, stating that the certified investment information, as described in Note (6) to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section –

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Choate Construction Company 401(k) Profit Sharing Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Choate Construction Company 401(k) Profit Sharing Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with auditing standards generally accepted in the United States of America will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with auditing standards generally accepted in the United States of America, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Choate Construction Company 401(k) Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Choate Construction Company 401(k) Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedules, Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year) and Schedule H, Line 4(a) - Schedule of Delinquent Participant Contributions are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion –

- the form and content of the supplemental schedules, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agree to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

CHOATE CONSTRUCTION COMPANY 401(k) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

Years Ended December 31, 2023 and 2022

(1) Description of the Plan

The following description of the Choate Construction Company (“Company” or “Plan Sponsor”) 401(k) Profit Sharing Plan (“Plan”) is provided for general information purposes only. Participants should refer to the Plan agreement for more complete information on the provisions of the Plan.

General - The Plan is a defined contribution plan. All employees of the Company are eligible to participate on the first day of each month. All full time employees who have one year of service and 1,000 hours of service during each 12 month period are eligible to participate in the profit sharing portion of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”) and subsequent amendments. The Plan was established effective July 1, 1991 and has been subsequently amended.

Effective November 15, 2021, the deferral contributions of the Plan were amended and certain additional provisions were added to the Plan agreement.

The Plan was amended and restated in 2022 to define what is considered compensation as it relates to the Plan; and revisions for permissible investment options.

The Plan was amended in January 2023, to further define compensation under the Plan.

Company profit sharing contributions - Each year the Company has the option of making a profit sharing contribution to the Plan. The Company’s profit sharing contribution to the Plan was \$-0- in 2023 and 2022.

Contributions - Participants may contribute up to \$22,500 and \$20,500 for 2023 and 2022, respectively, of pretax annual compensation, as defined in the Plan agreement. Participants who have attained the age of 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also “rollover” amounts representing distributions from other qualified plans. The Plan allows the Company to make a discretionary matching contribution to the Plan. Participants are subject to an auto enrollment at 6% of annual compensation. Additional amounts may be contributed at the discretion of the Company's board of directors. Contributions are subject to certain limitations. Discretionary matching contributions totaled \$706 and \$4,915 during 2023 and 2022, respectively.

Participant accounts - Each participant’s account is credited with the participant’s contribution and an allocation of (a) the Company's contribution, (b) Plan earnings (losses), including unrealized appreciation (depreciation), and (c) forfeited balances of terminated participants’ non-vested amounts, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined in the plan agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting - Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the Company's discretionary matching and profit sharing contributions plus actual earnings thereon is based on years of continuous service.

For all employer matching contributions and earnings, an employee is 100 percent vested after six years of credited service.

For discretionary profit sharing contributions and earnings received, an employee is 100 percent vested after seven years of credited service.

CHOATE CONSTRUCTION COMPANY 401(k) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

Years Ended December 31, 2023 and 2022

(1) Description of the Plan (continued)

Investment options - The Plan offers several investment options and participants may instruct the trustee in how they want to invest their funds without regard to their vested interest. Participants may change their investment options and move money from one fund to another in accordance with rules established by the Plan administrator.

Forfeited accounts - Forfeitures of terminated participants' non-vested accounts may be used to reduce future Company contributions or to pay Plan expenses. Forfeited non-vested accounts totaled \$181 at December 31, 2023 and \$1,190 at December 31, 2022. These accounts will be used to reduce future employer contributions.

Notes receivable from participants - Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loan transactions are treated as a transfer to (from) the investment fund from (to) the participant loan fund. Loans must be repaid through payroll deductions and within a five-year period. The loans are secured by the balance in the participant's account and bear interest at the prevailing fixed rates as determined by the Plan administrator, which ranged from 5.25% to 10.50% and 5.25% to 9.00% for the years ended December 31, 2023 and 2022, respectively.

Payment of benefits - Upon termination of service due to death, disability, retirement, or other reason, a participant or beneficiary will receive an amount equal to the vested interest in the participant's account. This payment will be in the form of a lump-sum distribution of their total account balance.

(2) Summary of significant accounting policies

Basis of accounting - The financial statements of the Plan are prepared under the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Investment valuation and income recognition - The Plan's investments are stated at fair value in accordance with Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") Topic 820, *Fair Value Measurements and Disclosures*, as more fully described in Note (9). The Plan follows FASB Accounting Standards Update ("ASU") 2015-07, *Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities that Calculate Net Asset Value per Share (or its Equivalent)*, and also follows ASU 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contract, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient*. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value of interest bearing cash and mutual funds is determined by the quoted market prices. The fair value of the Plan's common collective trust funds is at Net Asset Value ("NAV"), which is calculated by the fund based on net asset value of the underlying investments. The NAV is used as a practical expedient to estimate fair value.

Purchases and sales of securities are recorded on the trade date. Interest income is recorded on the cash basis. Dividends are recorded on the ex-dividend date.

CHOATE CONSTRUCTION COMPANY 401(k) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

Years Ended December 31, 2023 and 2022

(2) Summary of significant accounting policies (continued)

Investment income (loss) - Investment income (loss) consists of interest, dividends, gains (losses) on sale of investment securities and the unrealized appreciation (depreciation) in fair value of investments. Net appreciation in the fair value of investments includes the Plan's gain (losses) on investments bought and sold, as well as held, during the year.

Notes receivable from participants - Notes receivable from participants are measured at their unpaid principal balance plus any accrued unpaid interest. Delinquent participant loans are reclassified as distributions based on the terms of the Plan document.

Payment of benefits - Benefits are recorded when paid.

Plan expenses - Substantially all Plan administrative and accounting fees of the Plan are paid by the Company.

Estimates - The preparation of the financial statements in conformity with U.S. GAAP requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Risk and uncertainties - The Plan invests in various investment securities. The Plan's investment securities, in general, are exposed to various risks, such as interest rate, credit and overall market volatility risks. Market risks include global events which could impact the value of investment securities, such as pandemics or international conflicts. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the valuation of investment securities will occur in the near term and such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Recently adopted accounting pronouncements - In June 2016, the FASB issued ASU 2016-13, *Financial Instruments - Credit Losses* (Topic 326): *Measurement of Credit Losses on Financial Instruments*, which changes the methodology for measuring credit losses on most financial instruments and the timing of when such losses are recorded. This update replaces the existing incurred loss impairment model with an expected loss model (referred to as the Current Expected Credit Loss model). The Company and Plan Sponsor adopted ASU 2016-13 and its related subsequent amendments (ASU 2018-19, ASU 2019-04, ASU 2019-05, ASU 2019-10, ASU 2019-11, and ASU 2020-02) on January 1, 2023. Financial assets held by the Plan that are subject to the guidance in FASB ASC 326 were contributions receivable. The adoption of this new accounting standard did not have a material impact on the Plan's financial statements.

(3) Plan termination

The Company intends to continue the Plan indefinitely for the benefit of its employees, but reserves the right to amend, modify, or terminate the Plan at any time or for any reason subject to the terms of ERISA. In the event the Plan terminates, the rights of all participants to amounts credited to each participant's account will be 100% vested and non-forfeitable, regardless of their percent vested at the time of the Plan's termination.

NOTES TO FINANCIAL STATEMENTS

Years Ended December 31, 2023 and 2022

(4) Tax status

The trust established under the Plan to hold the Plan's assets is qualified pursuant to the appropriate section of the Internal Revenue Code ("IRC") and accordingly, the trust's net investment income is exempt from income taxes. The Plan received a favorable tax determination letter from the Internal Revenue Service on June 30, 2020. The Plan has been amended since receiving the determination letter. However, the Plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and therefore believe that the Plan is qualified and tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2023 and 2022, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

(5) Fidelity bond

ERISA Code section 412 requires the Plan to maintain fidelity bond coverage in an amount equal to the lesser of 10% of the total Plan assets as of the preceding plan year or \$500,000. The Plan has sufficient bond coverage as of December 31, 2023 and 2022.

(7) Party-in-interest transactions

Certain Plan investments are managed by Fidelity Advisors. Fidelity Advisors is the investment management arm of Fidelity Management Trust Company. Fidelity Management Trust Company is the trustee, as defined in the Plan agreement; therefore, those transactions qualify as party-in-interest transactions. Fees paid by the Plan for the investment management services amounted to \$151,853 for the year ended December 31, 2023 and \$69,978 for the year ended December 31, 2022.

All of these party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

(9) Fair value measurements

FASB ASC 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurement) and the lowest priority to unobservable inputs (Level 3 measurement). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

(9) Fair value measurements (continued)

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Interest bearing cash and mutual funds: These investments consist of various publicly traded money market funds and mutual funds. The fair values are based on quoted market prices and therefore are classified as Level 1 investments.

Self-directed brokerage accounts: Investments included in these accounts consist of interest bearing cash and mutual funds which are valued based on the quoted market prices and classified as Level 1 investments.

Collective investment trusts: The Plan holds collective investment trusts ("CIT") in common collective trusts. The CIT are pooled investment vehicles sponsored and maintained by a trust company. These investments are typically only available to defined contribution and defined benefit plans. The trustee estimates the fair value of investments in collective funds that have calculated net asset value per unit. Accordingly, as a practical expedient, these investments are valued at NAV as reported by the investee funds. The funds have the ability to redeem their investments in the collective funds at NAV without restrictions.

Managed income portfolio: The Plan holds an investment in a common collective trust fund (the "Fidelity Managed Income Portfolio II Class I" or "MIP"). The investment in the MIP is presented at fair value, which reflects the NAV of the fund. The NAV of the MIP is based on the fair value of the underlying securities plus the contract value of the fully benefit-responsive wrapper contract. The MIP's NAV represents the Plan's fair value since this is the amount at which the Plan transacts with the fund. A participant's ownership of the MIP is represented by units that are issued and redeemed daily at the MIP's constant NAV of \$1.00 per unit. Although it is the policy of the MIP to use its best efforts to maintain a stable NAV of \$1.00 per unit, there is no guarantee that the MIP will be able to maintain that value. The MIP allows for daily liquidity with no additional notice required for redemption. The MIP is unlikely to maintain a stable NAV if, for any reason, it cannot obtain or maintain wrap contracts covering all of its underlying assets that are not otherwise invested in money market funds. In the event that an issuer of a wrap contract fails to perform as intended, the MIP's NAV may decline if the market value of its assets declines. Plan management believes the occurrence of events and circumstances that would cause the MIP to transact at less than NAV is not probable.

(9) Fair value measurements (continued)

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables present the fair value measurements set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2023 and 2022:

	2023			
	Level 1	Level 2	Level 3	Total
Interest bearing cash	\$ 1,439,582	\$ -	\$ -	\$ 1,439,582
Mutual funds	28,288,435	-	-	28,288,435
Self-directed Brokerage accounts	627,621	-	-	627,621
Investments measured within fair value hierarchy	30,355,638	-	-	30,355,638

Total investments at fair values	<u>\$ 30,355,638</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 76,176,483</u>

	2022			
	Level 1	Level 2	Level 3	Total
Interest bearing cash	\$ 935,561	\$ -	\$ -	\$ 935,561
Mutual funds	21,393,405	-	-	21,393,405
Self-directed Brokerage accounts	163,714	-	-	163,714
Investments measured within fair value hierarchy	22,492,680	-	-	22,492,680
Common collective trusts, measured at NAV (a)	-	-	-	42,045,799
Total investments at fair values	<u>\$ 22,492,680</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 64,538,479</u>

- (a) The investments that are measured at fair value using the NAV per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value of investments in the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

(10) Self-directed investments

The Plan allows participants to invest their account balances in any investment desired within certain Plan and ERISA limitations. Participants are allowed to place investments into the self-directed program in addition to or in place of the various formal investment programs offered by the Plan.
