Independent Auditors' Report

To the Plan Administrator and Management of the
Pacific Lifestyle Homes, Inc. 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Pacific Lifestyle Homes, Inc. 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management of the Plan (Management), having determined that it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL's) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2023 and 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section—

- The amounts and disclosures in the accompanying financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- The information in the accompanying financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that Management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect Management's responsibility for the financial statements.

In preparing the financial statements, Management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by Management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedules, as listed in the accompanying table of contents, as of and for the year ended December 31, 2023, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of Management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that Management determined meets the requirements of ERISA Section 103(a)(3)(C).

Pacific Lifestyle Homes, Inc. 401(k) Plan

Notes to Financial Statements

Years Ended December 31, 2023 and 2022

1. Description of the Plan

The following description of the Pacific Lifestyle Homes, Inc. 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established for the benefit of eligible employees of Pacific Lifestyle Homes, Inc. and GCH Puget Sound, Inc. (collectively "the Employer"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). John Hancock Life Insurance Company (the "Custodian" or "John Hancock") is the appointed custodian of the Plan's assets. In April 2024, the Plan's appointed custodian was changed to Standard Insurance Company. The Plan is administered by the management of the Employer (Management). Participants may direct their contributions and account balances into various investment options offered by the Plan.

Eligibility

Employees – other than those who are union employees or non-resident aliens – are eligible to participate in the Plan if they have completed two months of service and are at least 18 years of age. Qualifying employees may participate in the Plan on the first day of the month coinciding with or next following the date that they meet the eligibility requirements.

Effective June 15, 2023, the Plan was amended to exclude part-time employees who perform less than 1,000 hours of service during a one year period, temporary employees, and seasonal employees.

Contributions

The Plan includes a salary deferral provision which provides for both pre-tax contributions and after-tax Roth 401(k) contributions. Participants may elect to defer up to 100% of their eligible compensation, subject to current Internal Revenue Code (IRC) limitations. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (i.e., rollover contributions). In addition, participants have the option to make in-plan Roth rollover contributions.

The Employer may make discretionary matching contributions to the Plan. During the years ended December 31, 2023 and 2022, the Employer matched 100% of each participant's contributions up to 3% of the participant's eligible compensation, as determined on an annual basis. In addition, the Employer may make a discretionary profit sharing contribution. Profit sharing contributions are allocated to each participant's account on a proportionate basis of eligible compensation for the Plan year. The Employer did not make any profit sharing contributions during the years ended December 31, 2023 and 2022.

Participant accounts

Each participant's account is credited (charged) with the participant's contributions and allocations of (a) the Employer's contributions, (b) Plan earnings (losses), and (c) administrative expenses. Earnings (losses) for each investment fund are allocated to participants' accounts based on the individual participant's account balance as compared to the total balance of the related investment fund. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately 100% vested in their voluntary salary contributions, rollover contributions, and the actual earnings (losses) thereon. Vesting in the Employer's discretionary matching and discretionary profit sharing contributions is based on years of service as follows:

Pacific Lifestyle Homes, Inc. 401(k) Plan

Notes to Financial Statements

Years Ended December 31, 2023 and 2022

<u>Years of Service</u>	<u>Nonforfeitable Percentage</u>
Less than 1	0%
1	20%
2	40%
3	60%
4	80%
5 or more	100%

In addition, upon death participants will immediately become 100% vested in their share of the Employer's contributions and the actual earnings (losses) thereon.

Forfeitures

As of December 31, 2023 and 2022, forfeited nonvested accounts were approximately \$25,000 and \$6,000 respectively. At the Employer's discretion, forfeited accounts may be used to reduce future Employer contributions and/or to pay Plan expenses. During the year ended December 31, 2023, no forfeitures were used to pay Plan expenses. During the year ended December 31, 2022, forfeitures of approximately \$4,000 were used to pay Plan expenses. During the years ended December 31, 2023 and 2022, forfeitures of approximately \$20,000 and \$43,000, respectively, were used to reduce Employer contributions.

Notes receivable from participants

Participants may have one loan at a time and may elect to borrow a minimum amount of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance, reduced by the highest outstanding participant note receivable balance in the preceding one-year period. Notes receivable from participants are secured by the balances in the respective participants' accounts. Terms of notes receivable from participants may be up to five years, unless used to acquire the participant's principal residence, in which case the term may be extended up to 30 years. The notes receivable from participants bear interest at a fixed rate of prime plus 1.0%. Interest rates on notes receivable from participants outstanding as of December 31, 2023 ranged from 4.25% to 5.25%.

Benefits

On termination of service due to death, disability, or retirement, a participant (or their beneficiary) may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, partial withdrawals, or annual installments over a specified period of time. For termination of service for other reasons, distributions of vested balances less than \$5,000 are automatically made in a lump-sum and if the participant does not elect to receive a distribution, the Plan permits the plan administrator to make a distribution directly to an individual retirement account set up on the participant's behalf. For vested balances greater than or equal to \$5,000, the Plan permits a participant to elect distribution by lump-sum. Upon reaching age 59½, participants may make in-service withdrawals of part or all of their elective contributions, including the related earnings (losses).

Hardship withdrawals

Participants who are still employed by the Employer are permitted to take withdrawals from their accounts under certain financial hardship conditions, as described in the Plan document.

Administrative expenses

At the Employer's discretion, administrative expenses of the Plan may be paid directly by the Employer; certain other administrative expenses may be paid by the Plan. Expenses that are paid by the Employer are excluded from the accompanying financial statements. Fees related to the administration of notes receivable from participants are charged directly to the related participants' accounts and are included in administrative expenses in the accompanying statements of changes in net assets available for benefits. In

addition, certain investment related expenses are offset against new appreciation or included in net depreciation in fair value of investments in the accompanying statements of changes in net assets available for benefits.

2. Summary of Significant Accounting Policies

Basis of accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (GAAP) requires Management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Management determines the Plan's valuation policies utilizing information provided by the Plan's custodians and investment advisors. See Note 4 for discussion of fair value measurements.

Investment income recognition

Purchases and sales of investments are recorded on a trade-date basis. Net appreciation (depreciation) in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2023 or 2022. If a participant ceases to make loan repayments and the plan administrator deems the note receivable to be in default, the note receivable balance is reduced, and a benefit payment is recorded.

Payment of benefits

Benefits are recorded when paid.

Subsequent events

Management has evaluated, for potential recognition or disclosure in the financial statements, subsequent events that have occurred through October 10, 2024, which is the date that the financial statements were available to be issued.

3. Certified Investments

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedules, including investments and notes receivable from participants held as of December 31, 2023 and 2022, and net appreciation (depreciation) in fair value of investments and interest income on notes receivable from participants for the years then ended, was obtained by Management and agreed to or derived from information certified as complete and accurate by the Custodian.

4. Fair Value Measurements

GAAP defines fair value, establishes a framework for measuring fair value, and requires certain disclosures about fair value measurements. The hierarchy of fair value valuation techniques under GAAP provides for three levels: Level 1 provides the most reliable measure of fair value, whereas Level 3, if applicable, generally would require significant management judgment. The three levels for categorizing assets and liabilities under GAAP's fair value measurement requirements are as follows:

- Level 1: Fair value of the asset or liability is determined using unadjusted quoted prices in active markets (that the Plan has the ability to access) for identical assets or liabilities;
- Level 2: Fair value of the asset or liability is determined using inputs other than quoted prices that are observable for the applicable asset or liability, either directly or indirectly, such as quoted prices for similar (as opposed to identical) assets or liabilities in active markets and quoted prices for identical or similar assets or liabilities in markets that are not active; and
- Level 3: Fair value of the asset or liability is determined using unobservable inputs that are significant to the fair value measurement and reflect the Plan's own assumptions regarding the applicable asset or liability.

An asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodology used for the Plan's assets measured at fair value. There have been no changes in the methodology used as of December 31, 2023 and 2022.

Pooled separate accounts – The fair value of investments held in pooled separate accounts is based on the net asset value (NAV) of the units held by the Plan at year-end, which are determined based on the quoted pricing inputs of the underlying investments. The NAV is used as a practical expedient to estimate fair value; and, accordingly, the Plan's investments in pooled separate accounts are excluded from the fair value hierarchy in accordance with GAAP. The underlying investments comprising the pooled separate accounts are primarily mutual funds, which are valued at quoted market prices.

The method above may produce fair value calculations that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although Management believes that the valuation method used by the Plan is appropriate and consistent with those used by other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in different fair value measurements as of the reporting date.

All of the Plan's investments provide for daily redemption at the prior day's NAV, with no advance notification requirements or significant redemption restrictions.

5. Related Party Transactions

Certain of the Plan's investments are invested in funds offered by the Custodian. Therefore, transactions involving these investments qualify as party-in-interest.

The Employer is the sponsor of the Plan and paid substantially all administrative expenses of the Plan during the years ended December 31, 2023 and 2022. In addition, the plan administrator is a participant in the Plan.

6. Plan Termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of the Plan's termination, participants would become 100% vested in their accounts.

Years Ended December 31, 2023 and 2022

7. Tax Status

The Plan adopted a prototype defined contribution retirement plan (the Prototype Plan) developed by Pension Plan Specialists. The Internal Revenue Service (IRS) has determined and informed Pension Plan Specialists by a letter dated June 30, 2020 that the Prototype Plan is designed in accordance with the applicable sections of the IRC. Although the Plan has been amended since Pension Plan Specialists received the determination letter, the plan administrator and the Plan's legal counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified and the related trust is tax-exempt.

GAAP requires Management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. Management has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2023, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the accompanying financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. Risks and Uncertainties

The Plan invests in various investment instruments which are exposed to certain risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of the Plan's investments will occur in the near-term and that such changes could materially affect participants' account balances and the amounts reported in the accompanying financial statements and supplemental schedules.
