INDEPENDENT AUDITORS' REPORT

To the Plan Administrator
Quantum 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Quantum 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section of our report:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

INDEPENDENT AUDITORS' REPORT (CONTINUED)

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

INDEPENDENT AUDITORS' REPORT (CONTINUED)

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, Part IV, Line 4(i) – Schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information

INDEPENDENT AUDITORS' REPORT (CONTINUED)

included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

QUANTUM 401(k) PLAN

Notes to Financial Statements December 31, 2023

1. Plan Description

The following description of the Quantum 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan that is qualified under Internal Revenue Service Code Section 401(k). The Plan, as amended, covers all eligible employees of Quantum Fuel Systems LLC (the “Company” or the “Plan Sponsor”). The Plan was originally adopted on September 1, 2002, and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

The Board of Directors of the Company appointed a committee comprised of certain officers and employees to represent the Plan as Plan Administrator. The Plan Administrator has overall responsibility for the operation and administration of the Plan. The Plan Administrator determines the appropriateness of the Plan’s investment offerings, monitors investment performance and reports to the Board of Directors.

The Plan’s trustee and asset custodian is Empower Trust Company, LLC (“Empower”).

Eligibility

Other than employees covered by a collective bargaining agreement and non-resident aliens without U.S. source income, substantially all full-time employees of the Company who reach the age of 18 are immediately eligible to participate in the Plan. Part-time employees, which are defined as employees working less than 1,000 hours per year, must work at least 1,000 cumulative hours and meet the minimum age requirement to be eligible to participate in the Plan.

Contributions

Participants may contribute up to 100% of eligible compensation for the year up to the statutory limit. In addition, if the individual’s age is 50 or over during the calendar year, then the employee may be permitted to make an additional catch-up contribution up to the statutory limit.

The Company may make discretionary employer matching contributions during the Plan year. For the year ended December 31, 2023, the Company made matching contributions totaling \$270,077 to the Plan.

See accompanying independent auditors’ report.

QUANTUM 401(k) PLAN

Notes to Financial Statements (continued) December 31, 2023

1. Plan Description (continued)

Participant accounts

Each participant's account is credited with the participant's contributions and allocations of the Company's contribution, investment earnings or losses from investment options selected by the participant, and administrative expenses. Allocations are based on participant earnings, account balances or specific participant transactions, as defined in the Plan document. A participant is entitled to the benefit provided from their vested account.

Vesting

Participants' contributions plus actual earnings are 100% vested immediately. Employer contributions plus earnings thereon are subject to the following vesting schedule:

<u>Years of Service</u>	<u>Vested %</u>
Less than 1	0%
1	20%
2	40%
3	60%
4	80%
5 years or more	100%

The participant also becomes 100% vested when he or she reaches retirement age, becomes disabled while employed by the Company, or upon death while employed by the Company.

Notes receivable from participants

Participants may borrow a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at rates which are commensurate with local prevailing rates as determined by the Plan Administrator. The term of the participant loans may not exceed five years except under certain conditions as defined in the Plan document. Principal and interest are paid ratably through payroll deductions.

Payment of benefits

On termination of service due to death, disability or retirement, a participant is entitled to receive a lump sum amount equal to the value of the participant's vested interest in his or her account.

See accompanying independent auditors' report.

QUANTUM 401(k) PLAN

Notes to Financial Statements (continued) December 31, 2023

1. Plan Description (continued)

Forfeitures

Forfeitures may be used to reduce the Company's future matching contributions under the Plan or to pay certain Plan expenses. At December 31, 2023 and 2022, forfeited non-vested accounts totaled \$15,844 and \$4,153, respectively. For the year ended December 31, 2023, forfeitures of \$2,435 were used to reduce employer contributions.

2. Summary of Significant Accounting Policies

Basis of accounting

The financial statements of the Plan are prepared in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Use of estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amount of additions to and deductions from net assets during the reporting periods. Actual results could differ from those estimates.

Investment valuation and income recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset, or paid to transfer a liability, in an orderly transaction between market participants at the measurement date. The Plan Administrator determines the Plan's valuation policies utilizing information provided by the trustee and asset custodian. See Note 4 for discussion of fair value measurements.

The Plan invests in a guaranteed interest account, which is a group annuity contract valued at contract value. Contract value reflects the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan and is the relevant measure for the portion of assets attributable to fully benefit-responsive guaranteed interest account.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation/depreciation in the fair value of investments includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

See accompanying independent auditors' report.

QUANTUM 401(k) PLAN

Notes to Financial Statements (continued) December 31, 2023

2. Summary of Significant Accounting Policies (continued)

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus accrued but unpaid interest. Interest income is recorded on the accrual basis. No allowances for expected credit losses were required as of December 31, 2023 and 2022. If a participant ceases to make loan repayments and the participant loan is deemed to be in default, the participant loan balance is reduced and a distribution (referred to as deemed distribution) is recorded pursuant to the provisions of the Plan document. During the year ended December 31, 2023, there were \$19,329 of delinquent participant loans that were reclassified as deemed distributions.

Administrative expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company (Note 8). Expenses that are paid by the Company are not included in the accompanying statement of changes in net assets available for benefits. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation/depreciation in fair value of investments.

Payment of benefits

Benefits are recorded when paid.

Income taxes

GAAP requires the Plan Administrator to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service ("IRS"). The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that, as of December 31, 2023 and 2022, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements.

The Plan is subject to routine audits by taxing jurisdictions, however, there are currently no audits for any periods in progress.

Reclassifications

Certain reclassifications to prior year information were made to conform to current year presentation.

See accompanying independent auditors' report.

QUANTUM 401(k) PLAN

Notes to Financial Statements (continued) December 31, 2023

3. Information Certified by the Plan Trustee

The Plan Administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Empower, a qualified institution, has certified that the following information included in the accompanying financial statements and ERISA-required supplemental schedule is complete and accurate:

- Interest and dividend income from investments and net appreciation in the fair value of investments reflected on the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2023.
- Interest income on notes receivable from participants and other income reflected on the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2023.
- Investments and notes receivable from participants reflected on the accompanying statements of net assets available for benefits as of December 31, 2023 and 2022.
- Investment information included in Schedule H, Part IV, Line 4(i) - Schedule of Assets (Held at End of Year) as of December 31, 2023, as shown on the ERISA-required supplemental schedule.

At the request of the Plan Administrator, the Plan's independent auditors did not perform auditing procedures with respect to the certified investment information, except for comparing such certified investment information to the related investment information included in the financial statements and ERISA-required supplemental schedule.

4. Investments and Fair Value Measurements

GAAP provides the framework for measuring investments at fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

- Level 1 Inputs to the valuation methodology are based on unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

See accompanying independent auditors' report.

QUANTUM 401(k) PLAN

Notes to Financial Statements (continued) December 31, 2023

4. Investments and Fair Value Measurements (continued)

Level 2 Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets; quoted prices for identical or similar assets and liabilities in inactive markets; inputs other than quoted market prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for the Plan's investments. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Mutual Funds – Such investments are valued at the daily closing price as reported by the respective fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily Net Asset Value (“NAV”) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded, and therefore are classified within the Level 1 of the valuation hierarchy.

Collective Trust Funds – Such investments are valued using the NAV practical expedient as reported by the respective fund issuer. The NAV per unit is based on the fair value of the underlying assets held by the fund, minus its liabilities, and then divided by the number of units outstanding. The investments are redeemable daily at NAV by participants and have no commitment provisions. In accordance with Accounting Standards Codification Subtopic 820-10, certain investments that are measured at NAV practical expedient have not been classified in the fair value hierarchy.

Guaranteed Interest Account – The Plan is a party to fully benefit-responsive guaranteed interest account with Empower Annuity Insurance Company of America. The guaranteed interest account issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. Because the guaranteed

See accompanying independent auditors' report.

QUANTUM 401(k) PLAN

Notes to Financial Statements (continued) December 31, 2023

4. Investments and Fair Value Measurements (continued)

interest account is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for plan benefits. The guaranteed interest account is presented on the accompanying statements of net assets available for benefits at contract value. Contract value, as reported to the Plan by the issuer, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments. Certain events may limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Company or other Company events that cause a significant withdrawal from the Plan, (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, or (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuer and that also would limit the ability of the Plan to transact at contract value with the participants. In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, or (4) a material amendment to the agreement without the consent of the issuer.

The methodologies described above may provide a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan Administrator believes the valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the value of certain financial instruments could result in a different value measurements at the reporting date.

See accompanying independent auditors' report.

QUANTUM 401(k) PLAN

Notes to Financial Statements (continued) December 31, 2023

4. Investments and Fair Value Measurements (continued)

The following tables set forth, by level, within the fair value hierarchy, the Plan's investments as of December 31, 2023:

	Level 1	Level 2	Level 3	Total
Investments in:				
Mutual funds	<u>\$ 12,763,170</u>	<u>\$ -</u>	<u>\$ -</u>	\$ 12,763,170
Collective trust funds at NAV				<u>1,933,722</u>
Total investments at fair value				<u>\$ 14,696,892</u>

The following tables set forth, by level, within the fair value hierarchy, the Plan's investments as of December 31, 2022:

	Level 1	Level 2	Level 3	Total
Investments in:				
Mutual funds	<u>\$ 10,410,615</u>	<u>\$ -</u>	<u>\$ -</u>	\$ 10,410,615
Collective trust funds at NAV				<u>1,458,861</u>
Total investments at fair value				<u>\$ 11,869,476</u>

5. Risks and Uncertainties

The Plan invests in various investment securities (Note 4). Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported on the accompanying financial statements.

6. Tax Status

The Plan adopted a non-standardized defined contribution pre-approved plan provided by Empower. The pre-approved plan obtained its latest opinion letter from the IRS dated November 14, 2022, in which the IRS stated that the pre-approved plan, as then designed, was in compliance with the applicable sections of the Internal Revenue Code ("IRC"). The Plan has not received a determination letter specific to the Plan. The Plan Administrator believes that the Plan is currently designed and is being operated in compliance with the applicable requirements of the IRC. Therefore, the Plan Administrator believes that the Plan is qualified and the related trust is tax-exempt.

See accompanying independent auditors' report.

QUANTUM 401(k) PLAN

Notes to Financial Statements (continued) December 31, 2023

7. Reconciliation of Financial Statements to the Form 5500

The information contained in the financial statements does not agree to the information contained in the Form 5500 as of December 31, 2023 and 2022. Empower and the Plan Administrator did not have the required disclosures and/or information in order to present the investments in collective trust funds separately from investments in registered investment companies (e.g., mutual funds) on the Form 5500.

The following is a reconciliation of investments per the accompanying financial statements and Form 5500 as of December 31, 2023:

Investments in mutual funds, at fair value per financial statements	\$ 12,763,170
Investments in collective trust funds, at net asset value per financial statements	<u>1,933,722</u>
Investments in registered investment companies (e.g., mutual funds) per Form 5500	<u>\$ 14,696,892</u>

The following is a reconciliation of investments per the accompanying financial statements and Form 5500 as of December 31, 2022:

Investments in mutual funds, at fair value per financial statements	\$ 10,410,615
Investments in collective trust funds, at net asset value per financial statements	<u>1,458,861</u>
Investments in registered investment companies (e.g., mutual funds) per Form 5500	<u>\$ 11,869,476</u>

8. Related Party and Party-in-Interest Transactions

Certain Plan investments are managed by affiliates of the trustee and asset custodian, who also provide investment management, recordkeeping and administrative services to the Plan. Fees incurred by the Plan for investment management services are included in net appreciation/depreciation in fair value of the investments, as they are paid through revenue sharing, rather than a direct payment. The Company pays for other fees related to the Plan's operations directly and its employees provide uncompensated services to the Plan. The Plan issues notes receivable to participants, which are secured by the vested balances in the participants' accounts. Management believes these are permitted party-in-interest transactions under applicable ERISA and Department of Labor guidelines.

See accompanying independent auditors' report.

QUANTUM 401(k) PLAN

Notes to Financial Statements (continued) December 31, 2023

9. Plan Termination

Although it has not expressed any intent to do so, the Plan sponsor has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contribution accounts.

10. Subsequent Events

The Plan Administrator has evaluated subsequent events through October 14, 2024, the date the financial statements were available to be issued.
