INDEPENDENT AUDITORS' REPORT

To the Plan Administrator and Participants
General Atomics 401(k) Retirement Savings Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audits

We have performed the audits of the financial statements of **General Atomics 401(k) Retirement Savings Plan** (Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, the related statements of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements (Financial Statements).

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's Financial Statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (Investment Information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (Qualified Institution).

Management has obtained certifications from Qualified Institutions as of December 31, 2023 and 2022 and for the year ended December 31, 2023, stating that the certified Investment Information, as described in Note 3 to the Financial Statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying Financial Statements, other than those agreed to or derived from the certified Investment Information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying Financial Statements related to assets held by and certified to by Qualified Institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the Financial Statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of

financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the Financial Statements.

In preparing the Financial Statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the Financial Statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the Financial Statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the Financial Statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on these Financial Statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the Financial Statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the Financial Statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the Financial Statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified Investment Information, except for obtaining and reading the certifications, comparing the certified Investment Information with the related information presented and disclosed in the Financial Statements, and reading the disclosures relating to the certified Investment Information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the Financial Statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, Part IV, line 4i- Schedule of Assets (Held at End of Year) at December 31, 2023, is presented for purposes of additional analysis and is not a required part of the Financial Statements **but is supplementary information required by the Department of Labor's Rules and Regulations** for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the Financial Statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified Investment Information, has been subjected to auditing procedures applied in the audit of the Financial Statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the Financial Statements or to the Financial Statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified Investment Information, we compared such information to the related certified Investment Information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified Investment Information, including its form and **content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.**

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified Investment Information, are presented, in all **material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.**
- The information in the supplemental schedule related to assets held by and certified to by Qualified Institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

General Atomics 401(k) Retirement Savings Plan

Notes to Financial Statements (Dollar amounts in thousands)

NOTE 1 - DESCRIPTION OF PLAN

The General Atomics 401(k) Retirement Savings Plan (Plan) is a defined contribution plan covering all eligible employees of General Atomics and its participating affiliates (collectively referred to as the Company). Employees, with the exception of Temporary Employees, become eligible to participate in the Plan on the first day of employment. Temporary Employees become eligible on the first day of the payroll period following 90 days of employment. These financial statements and accompanying footnotes (Financial Statements) include general information about the Plan. The Plan Document contains the complete description of the Plan's provisions and benefits. Unless the context otherwise requires, terms used in the Financial Statements which are capitalized are defined terms within the Plan Document.

The Plan is administered by the Benefits Committee of General Atomics (the Plan Administrator) and is subject to the requirements of the Employee Retirement Income Security Act of 1974 (ERISA), as amended by the Pension Protection Act of 2006 (PPA). Investment assets were held in trust, and recordkeeping services were performed, by Vanguard Fiduciary Trust Company through July 6, 2023. Beginning July 7, 2023, investment assets were held in trust by Empower Trust Company, LLC and recordkeeping services were performed by Empower Retirement, LLC. Vanguard Fiduciary Trust Company and Empower Trust Company, LLC are collectively referred to as the Trustees.

Additional information about the Plan is contained in the Plan Document. Copies of this document are available at the General Atomics Human Resources Department. The Summary Plan Description is available at the Company's intranet.

Contributions

Participants may elect to defer and contribute from 1 to 50 percent of their Compensation. Participant contributions are matched by the Company through a bi-weekly Matching Contribution equal to 50 percent of the Participant's contribution up to the first 8 percent contributed. The Plan provides for contributions to be invested in various funds. Each Participant has the option to direct the investment of all contributions to any of the funds offered by the Plan. Eligible employees are automatically enrolled in the Plan at a 4 percent pre-tax deferral rate after 30 days of eligibility unless they take action to affirmatively elect a different deferral rate or to elect not to participate. Participants aged 50 or older before the close of the Plan year are eligible to make "catch-up" contributions. "Catch-up" contributions are pre-tax deferrals or Roth 401(k) contributions and are limited by applicable statutes.

Vesting

Salary deferrals (including earnings thereon) are immediately vested. Participants vest in the Company's Matching Contributions and their earnings at the rate of 25 percent after two years of service and an additional 25 percent for each year thereafter, with 100 percent vesting after five years.

Participant Loans

Participants may borrow from their account balances an amount not to exceed the lesser of \$50,000 (amount not in thousands) or 50 percent of their vested account balance. The minimum loan amount allowed by the Plan is \$1,000 (amount not in thousands). A Participant may have up to two loans outstanding at any time. General purpose Participant loans must be repaid within 5 years and residential purpose loans have a maximum repayment term of 15 years. The interest rate charged on amounts loaned to Participants is equal to the prime lending rate as of the loan origination date, plus 1%.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The Financial Statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Investment Valuation and Income Recognition

Investments are reported at fair value. See Note 4 for discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date.

Net Appreciation (Depreciation) in Fair Value of Investments

The net appreciation (depreciation) in the fair value of investments, which consists of the realized gains (losses) and the change in unrealized appreciation (depreciation) on those investments, is presented in the Statement of Changes in Net Assets Available for Benefits.

Notes Receivable from Participants

Notes receivable from Participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent Participant loans are reclassified as distributions based upon the terms of the Plan Document.

Distributions to Participants

Distributions to Participants are recorded when paid.

Administrative Expenses

Certain annual Plan administrative expenses are paid for by the Plan. Other Plan administrative expenses are paid by the Company. Administrative expenses paid for by the Plan totaled \$1,264 for the year ended December 31, 2023.

Forfeitures

Plan forfeitures used to offset Matching Contributions totaled \$1,602 for the year ended December 31, 2023. Plan forfeitures used for Plan administrative expenses totaled \$480 for the year ended December 31, 2023. At December 31, 2023 and 2022, there was a balance of \$1,427 and \$895, respectively, remaining in the unallocated forfeiture account.

Risks and Uncertainties

The Plan provides for various investment options in any combination of stocks, bonds and other investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in the near term could materially affect Participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits and the Statement of Changes in Net Assets Available for Benefits. Market values of investments may decline for a number of reasons, including changes in prevailing market and interest rates, increases in defaults and credit rating downgrades, among others.

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the Financial Statements and the reported amount of additions to and deductions from net assets during the reporting period. Actual results could differ from those estimates.

Subsequent Events

The Plan Administrator has reviewed all events or transactions that occurred after December 31, 2023 up through October 14, 2024, the date these Financial Statements were available to be issued.

NOTE 3 - TRUST ARRANGEMENT AND INFORMATION CERTIFIED BY TRUSTEES (UNAUDITED)

The Trustees administer the investment assets of the Plan and execute transactions therein. Differences between amounts certified by the Trustees on a cash basis and the amounts accounted for in the Financial Statements on a trade date basis arise from amounts receivable and amounts payable for pending trades as disclosed in the accompanying Statements of Net Assets Available for Benefits. The following is a summary of the Plan's financial information and data certified by the Trustees as complete and accurate in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- Investments with a fair value totaling \$2,306,891 and \$1,941,771 at December 31, 2023 and 2022, respectively.
- Notes receivable from Participants totaling \$44,049 and \$41,442 at December 31, 2023 and 2022, respectively.
- Interest on notes receivable from Participants, dividends and net appreciation in fair value of investments totaling \$2,654, \$23,095, and \$341,702, respectively, for the year ended December 31, 2023.

NOTE 4 - FAIR VALUE MEASUREMENTS

Authoritative guidance on fair value measurements provides a framework for measuring fair value and assumes that an orderly transaction to sell an asset or transfer a liability occurs in the principal market for the asset or liability or, in the absence of a principal market, the most advantageous market for the asset or liability. Fair value measurements are based on an exit price model.

General Atomics 401(k) Retirement Savings Plan

Notes to Financial Statements (Dollar amounts in thousands)

The guidance on fair value measurements establishes a fair value hierarchy that requires an entity to maximize the use of observable inputs, where available. This hierarchy prioritizes the inputs into three broad levels, as follows:

Level 1: Quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2: Observable inputs, other than Level 1 inputs, such as quoted prices for similar assets and liabilities in active markets, inputs other than quoted prices that are observable for the asset or liability, or inputs that are derived principally from or corroborated by observable market data through correlation.

Level 3: Unobservable inputs supported by little or no market activity that are significant to the fair value of the assets or liabilities.

A financial asset or liability's classification within the hierarchy is determined based on the lowest level input that is significant to the fair value measurement.

The estimated fair values of the Plan's Level 1 investments are measured on the basis of unadjusted quoted prices in active markets.

The Plan's Level 2 investments are valued using pricing models constructed by independent pricing services that maximize observable data and incorporate quotes from multiple dealers and active market trade data, when available, for identical or similar securities of issuers with similar credit ratings. The net asset value of each unit of a common collective trust is determined using observable inputs to value the underlying assets held by each trust, and then dividing the total of underlying assets by the number of units outstanding. Admissions and withdrawals are recorded at the unit value determined on the valuation date. The fair values of all Level 2 assets consider the risk of counterparty nonperformance.

None of the Plan's investments are valued using Level 3 inputs.

The preceding methods described produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan Administrator believes the valuation methods are appropriate and consistent with methods used by other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 5 – TERMINATION OF THE PLAN

While the Company has not expressed any intent to terminate the Plan, the Plan Document provides that the Company reserves the right to terminate the Plan at any time by action of its Board of Directors, subject to the provisions of ERISA. If the Plan were to be terminated, Participants would become fully vested in Matching Contributions at that time.

NOTE 6 – FEDERAL INCOME TAX STATUS

The Plan obtained a favorable tax determination letter from the Internal Revenue Service (IRS) dated April 22, 2014, indicating that the Plan documentation satisfied the requirements for tax qualification under Section 401(a) of the Internal Revenue Code (IRC) and, therefore, the trust established as part of the Plan is exempt from federal income tax under the provisions of Section 501(a) of the IRC. The Plan has been amended since receiving the determination letter; however, the Plan Administrator believes that the Plan continues to be designed, documented and operated in compliance with the applicable requirements of the IRC.

U.S. GAAP requires the Plan Administrator to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2023, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the Financial Statements. The Plan is subject to routine audits by taxing jurisdictions. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2020.

NOTE 7 - PARTY-IN-INTEREST TRANSACTIONS

The Plan invests in various funds managed by Vanguard Fiduciary Trust Company and, therefore, the related transactions qualified as party-in-interest transactions as defined by ERISA. Vanguard Fiduciary Trust Company was authorized to invest in securities under its management and control on behalf of the Plan. For the year ended December 31, 2023, Vanguard Fiduciary Trust Company made purchases and sales of such securities amounting to \$151,339 and \$131,428, respectively.

Members of the Plan Sponsor's Benefits Committee also participate in the Plan.
