Independent Auditor's Report

To the Plan Administrator
MeridianLink 401(k) Profit Sharing Plan & Trust
Costa Mesa, California

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of MeridianLink 401(k) Profit Sharing Plan & Trust (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA ("ERISA Section 103(a)(3)(C) audit"). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency ("qualified institution"), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report:

- the amounts and disclosures in the accompanying financial statements other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("GAAP"); and
- the certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, Line 4i - Schedule of Assets (Held at Year End) as of December 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

MeridianLink 401(k) Profit Sharing Plan & Trust

Notes to Financial Statements

1. Description of the Plan

The following description of the MeridianLink 401(k) Profit Sharing Plan & Trust (the “Plan”) provides only general information. Participants should refer to the plan agreement, as amended, for a more complete description of the Plan’s provisions.

General

The Plan was adopted effective January 1, 2002, and was most recently amended February 1, 2023. The Plan is a tax qualified defined contribution plan which provides for retirement benefits and covers all eligible employees of MeridianLink, Inc. (the “Company” or the “Plan Sponsor”). Eligible employees include those who are at least age 18. Prior to February 1, 2023, employees were also required to complete at least three months of service with the Company to be eligible to participate in the Plan. Plan entry dates fall on the first day of the beginning of each calendar month after achieving eligibility. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”).

Trustee and Administration of the Plan

The Company and certain members of management who are the plan fiduciaries also act as the plan administrator, and as such are responsible for oversight of the Plan, including determining the appropriateness of the Plan’s investment offerings and monitoring investment performance.

The trustee of the Plan is Empower Trust Company, LLC (the Trustee) and recordkeeper of the Plan is Empower Retirement, LLC (the Recordkeeper). The administrator of the Plan is the Company. The trustee holds all assets of the Plan in accordance with the service provider contract with the Company.

Contributions

Each participant may elect to make pre-tax deferred contributions or after-tax Roth contributions of a prescribed percentage or a fixed amount of his or her eligible compensation to the Plan, subject to certain Internal Revenue Code (“IRC”) limitations. Participants may also contribute amounts representing distributions from other qualified plans, which are reflected as rollover contributions in the statement of changes in net assets available for benefits. Participants direct the investment of their contributions into various investment options offered by the Plan.

The Company makes discretionary contributions of 50% of the first 8% of the eligible compensation that a participant contributes to the Plan with a cap of \$4,000 per year. The matching contribution is determined each payroll period. During the 2023 plan year, matching contributions (net of forfeitures) of \$1,589,199 were made. The Plan also allows for discretionary profit-sharing contributions in which the Company can make a contribution on behalf of the participant. The Company did not make any profit-sharing contributions during 2023.

Participant Accounts

Each participant’s account is credited with the participant’s contributions and Company matching contributions, as well as allocations of the Company’s profit-sharing contribution, if any, and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan, as applicable. Allocations are based on participant earnings, account balances, or

MeridianLink 401(k) Profit Sharing Plan & Trust

Notes to Financial Statements

specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's matching and profit-sharing contributions, are based upon the following schedule:

<u>Years of Service</u>	<u>Vested Percentage</u>
Less than 1	0%
At least 1, but less than 2	20%
At least 2, but less than 3	40%
At least 3, but less than 4	60%
At least 4, but less than 5	80%
5 or more	100%

Forfeited Accounts

Participants who terminate their employment prior to the completion of the minimum number of applicable years forfeit their unvested employer contributions. Forfeitures are used to reduce employer matching contributions or to absorb certain Plan expenses. As of December 31, 2023 and 2022, forfeitures available and included within Plan assets were \$496 and \$80,896, respectively. During the year ended December 31, 2023 forfeitures of \$229,762 were used to offset employer contributions.

Payment of Benefits

On termination of service due to death, disability or retirement, a participant may elect to receive a lump sum amount equal to the value of the participant's vested interest in his or her account.

Upon termination of service, a participant with an account balance not in excess of \$5,000 will receive an automatic lump-sum payout as soon as administratively feasible. A participant with an account balance in excess of \$5,000 may elect to receive a lump sum payment, installment payments, or rollover the account to an Individual Retirement Account ("IRA") or another qualified plan. For a participant with an account balance in excess of \$5,000, no distribution will occur until a withdrawal request is completed.

In-service withdrawals from the Plan may also be made upon circumstances of financial hardship or attainment of age 59 ½, in accordance with provisions specified in the Plan agreement. However, participants cannot receive hardship withdrawals from any unvested balances.

Notes Receivable from Participants

Prior to the plan amendment on March 2, 2020, Participants were permitted to borrow a minimum of \$500 of their vested benefits under the Plan. Participants could borrow up to a maximum equal to the lesser of 50% of their vested account balance or \$50,000, reduced by the highest outstanding loan balance in their account during the prior 12-month period. Loans are secured by the participant's account and bear an interest rate based on prevailing market conditions (prime rate plus 2%), unless otherwise determined by the Plan Administrator. The notes are repaid ratably through payroll deductions over a period of five years or less, unless used to purchase a principal

residence up to 30 years. Under the revised plan, beginning in March 2020, new loans are no longer permitted.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Use of Estimates

The preparation of financial statements in accordance with GAAP requires Plan management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ materially from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The plan administrator determines the Plan's valuation policies utilizing information provided by the trustee. See Note 3 for discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus accrued unpaid interest. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

Contributions

Participant contributions and any related employer matching contributions are recognized in the period during which the Company makes the respective payroll deduction from the participant's compensation. Profit-sharing contributions are recorded in the relevant period in accordance with the terms in the Plan document.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements.

MeridianLink 401(k) Profit Sharing Plan & Trust

Notes to Financial Statements

Fees related to participant-initiated transactions are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in net appreciation (depreciation) in fair value of investments.

3. Fair Value Measurements

FASB Accounting Standards Codification ("ASC") 820, *Fair Value Measurement* ("ASC 820"), provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under ASC 820, are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access;

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specific (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for investments measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. Mutual funds held by the Plan are deemed to be actively traded.

Collective Trust Funds: Valued at the NAV of units of a collective trust fund ("CCT"). The NAV, as provided by the trustee of the CCT, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchased and sales) may occur daily with no notice period. There were no unfunded commitments as of December 31, 2023 and 2022. These funds are Direct Filing Entities ("DFE").

Stable Value Fund: A stable value fund that is composed primarily of fully benefit-responsive investment contracts that is valued at the net asset value of units of the collective trust. The net

MeridianLink 401(k) Profit Sharing Plan & Trust

Notes to Financial Statements

asset value is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value. Participant transactions (purchases and sales) may occur daily with no notice period. There were no unfunded commitments as of December 31, 2023 and 2022. This fund is a DFE filer.

The preceding methods described may produce a fair value calculation which may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2023 and 2022:

	Investments at Fair Value as of December 31, 2023			Total
	Level 1	Level 2	Level 3	
Mutual Funds	\$ 43,091,759	\$ -	\$ -	\$ 43,091,759
Investments measured at NAV*				
Collective Trust Funds				6,580,106
Stable Value Fund				1,035,634
Total investments at fair value	\$ 43,091,759	\$ -	\$ -	\$ 50,707,499

	Investments at Fair Value as of December 31, 2022			Total
	Level 1	Level 2	Level 3	
Mutual Funds	\$ 30,642,745	\$ -	\$ -	\$ 30,642,745
Investments measured at NAV*				
Collective Trust Funds				4,283,274
Stable Value Fund				838,289
Total investments at fair value	\$ 30,642,745	\$ -	\$ -	\$ 35,764,308

* In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items present in the statements of net assets available for benefits.

4. Information Certified by the Trustee

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at December 31, 2023 and 2022, and net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2023, was obtained by management and agreed to or derived from information certified as complete and accurate by Empower Trust Company, LLC, a qualified institution.

MeridianLink 401(k) Profit Sharing Plan & Trust

Notes to Financial Statements

At the request of the Plan Administrator, the Plan's independent auditors did not perform auditing procedures with respect to this certified investment information, except for comparing such certified investment information to the related investment information in the financial statements, including reading the disclosures related to the investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP, and in the ERISA-required supplemental schedule, including assessing whether the supplemental schedule is in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

5. Tax Status

The Plan uses a pre-approved plan document sponsored by Great-West Trust Company, LLC. The pre-approved plan received an opinion letter from the IRS, dated June 30, 2020, which states that the pre-approved plan document, as then designed, satisfies the applicable provisions of the IRC. Although the Plan has been amended since the date of the opinion letter, Plan management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

6. Related Party and Party In Interest Transactions

Certain Plan investments are in funds and accounts that are managed by Empower Trust Company or their subsidiaries and affiliates. Participant loan and distribution processing fees are paid to Empower by participants. The Plan also issues loans to participants which are secured by the vested balance of the participants' accounts. As described in Note 2, the Plan paid certain expenses related to plan operations and investment activity to various service providers. These transactions are party-in-interest transactions, which are exempt from prohibited transaction rules.

7. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

9. Subsequent Events

The Company has evaluated subsequent events through October 7, 2024, which is the date that these financial statements were available to be issued.
