Ozarks Coca-Cola/Dr Pepper Bottling Company Profit Sharing 401(k) Plan

Independent Auditors' Report, Financial Statements,
and Supplemental Schedule

Years Ended December 31, 2023 and 2022

Independent Auditors' Report

To the Plan Administrator
Ozarks Coca-Cola/Dr Pepper Bottling Company
Profit Sharing 401(k) Plan
Springfield, Missouri

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Ozarks Coca-Cola/Dr Pepper Bottling Company Profit Sharing 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the years ended December 31, 2023 and 2022, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

500 W. Main Street, Suite 200 Branson, MO 65616 | 417-334-2987 | fax 417-336-3403

- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Ozarks Coca-Cola/Dr Pepper Bottling Company Profit Sharing 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Ozarks Coca-Cola/Dr Pepper Bottling Company Profit Sharing 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Ozarks Coca-Cola/Dr Pepper Bottling Company Profit Sharing 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Ozarks Coca-Cola/Dr Pepper Bottling Company Profit Sharing 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule of Assets (Held at End of Year) as of December 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including the form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Profit Sharing 401(k) Plan

Notes to the Financial Statements

Years Ended December 31, 2023 and 2022

1. Description of Plan

The following description of the Ozarks Coca-Cola/Dr Pepper Bottling Company Profit Sharing 401(k) Plan (Plan), sponsored by Ozarks Coca-Cola/Dr Pepper Bottling Company (Company), provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering all full-time employees of the Company who have 250 hours of service in a three month period and are age 18 or older. The Plan does not cover those employees who are employed under a collective bargaining agreement (union). As of January 1, 2023, the Plan was amended to designate all employer matching contributions as safe harbor contributions. The plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The trustees are responsible for oversight of the Plan.

Contributions: Each year, participants may contribute up to 100% of their annual wages, subject to certain IRS limitations, as defined in the Plan through pre-tax contributions or as after-tax Roth contributions. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate. Automatically enrolled participants have their deferral rate set at 1% of eligible compensation and their contributions are invested in a designated balanced fund until changed by the participant. The Company makes discretionary profit sharing contributions to the Plan which is an amount determined by the Board of Directors equal to a percentage of the participant's eligible wages. The Company profit sharing contribution rate for 2023 and 2022 was 3% and totaled \$915,177 and \$756,768, respectively. The Company makes matching contributions equal to a discretionary percentage of the participant's salary reductions. For 2023, the safe harbor matching percentage was 100% of participants' elective salary reductions up to 4% of eligible wages and totaled \$1,093,200. For 2022, the matching percentage was 100% of participants' elective salary reductions up to 4% of eligible wages and totaled \$905,375.

Participant accounts: Each participant's account is credited with (a) the participant's contribution, (b) the Company's profit sharing and matching contributions, (c) forfeiture allocations, if any, as an additional Company contribution and (d) Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Net income and asset revaluation are allocated to each participant based upon the earnings of the investments selected by the participant. These are allocated based upon the participant's account balance. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Ozarks Coca-Cola/Dr Pepper Bottling Company

Profit Sharing 401(k) Plan

Notes to the Financial Statements

Years Ended December 31, 2023 and 2022

Vesting: Participants are immediately 100% vested in their contributions plus actual earnings thereon. As of January 1, 2023, participants are immediately 100% vested in their safe harbor matching contributions plus actual earnings thereon. Vesting in the Company's matching contribution prior to January 1, 2023 and the profit sharing portions of their accounts are based on years of continuous service. A participant is 100% vested after five years of credited service.

Payment of benefits: A distribution of a participant's vested account balance can be made due to hardship, attainment of age 59 ½, death, disability, retirement, qualified military service, when required by law, or upon termination of service with the Company. A distribution of a participant's rollover balance can be made at any time regardless of the limitations described above.

Participants who terminate service and have account balances of \$1,000 or less will receive an automatic distribution of that balance. Participants with balances greater than \$1,000 but less than \$5,000 will have their balance directly rolled over to an individual retirement account as designated by the Company, unless the participant elects direct distribution or other eligible direct rollover. Participants with account balances that exceed \$5,000 may elect to receive a lump-sum amount equal to the value of the vested interest in their account or installments for a fixed period not to exceed their assumed life expectancy.

Notes receivable from participants: Participants may borrow from their accounts a minimum of \$1,000 up to a maximum of \$50,000 or 50% of their account balance, whichever is less. The loans are secured by the balance in the participant's account and bear interest at rates ranging from 3.25% to 10.5%, which are commensurate with local prevailing rates as determined by the plan administrator. Principal and interest are paid ratably through payroll deductions.

Recognition of service: For purposes of satisfying the service requirements for vesting, eligibility, and hours of service, the Plan recognizes service with Coca-Cola Refreshments.

Forfeitures: All forfeited nonvested accounts were used at December 31, 2023 and 2022. Plan expenses of \$7,960 and \$17,917 were paid from forfeited nonvested accounts during 2023 and 2022, respectively. Forfeitures in the amount of \$113,002 and \$97,095 were used to reduce employer contributions for the years ended December 31, 2023 and 2022, respectively. Forfeitures can be used to pay plan expenses, reduce future employer contributions or they can be reallocated to participants as an additional contribution.

2. Summary of Significant Accounting Policies

Basis of accounting: The financial statements of the Plan are prepared on the accrual basis of accounting.

Ozarks Coca-Cola/Dr Pepper Bottling Company

Profit Sharing 401(k) Plan

Notes to the Financial Statements

Years Ended December 31, 2023 and 2022

Accounting estimates: The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance. No allowance for credit losses has been recorded as of December 31, 2023 or 2022. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Expenses: Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Investment related expenses are included in net appreciation (depreciation) in fair value of investments.

Investment valuation and income recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 7 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded when received. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of benefits: Benefits are recorded when paid.

Subsequent events: Management has evaluated subsequent events between the end of the most recent fiscal year end and October 14, 2024, the date the financial statements were available to be issued.

3. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Years Ended December 31, 2023 and 2022

4. Certified Information

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at December 31, 2023 and 2022, and net appreciation (depreciation) in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the years ended December 31, 2023 and 2022, was obtained by management and agreed to or derived from information certified as complete and accurate by John Hancock Life Insurance Company (the custodian).

5. Related-Party Transactions & Party In Interest Transactions

The Plan holds investments in funds managed by the Plan's asset custodian, John Hancock Life Insurance Company. Investments in John Hancock Life Insurance Company funds totaled \$36,167,666 and \$25,115,068 at December 31, 2023 and 2022, respectively.

A portion of the administrative costs of the Plan are paid by the Company. Certain employees of the Company serve as the Plan's administrator and trustees. They do not receive any compensation for services rendered to the Plan.

6. Tax Status

The prototype plan obtained its latest opinion letter on June 30, 2020, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended and restated since receiving the opinion letter. However, the plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2023 and 2022, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. A tax liability would be recognized if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by taxing authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. Fair Value Measurement

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC Topic 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets and liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.
- If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Group variable annuity pooled separate accounts: Valued at the net asset value of the units held by the group annuity contract provider using the quoted net asset value of the shares of the underlying mutual funds adjusted for any dividends or distributions received by John Hancock Life Insurance Company and the daily equivalent of any fee charged pursuant to the contract. Mutual funds are registered with the Securities and Exchange Commission and are carried at the net asset value at which the mutual fund shares are actively traded.

Notes to the Financial Statements

Years Ended December 31, 2023 and 2022

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value:

Assets at Fair Value as of December 31, 2023				
	Level 1	Level 2	Level 3	Total
Investments measured at net asset value ^(a)	\$ -	\$ -	\$ -	\$ 36,058,064
Investments at fair value	\$ -	\$ -	\$ -	\$ 36,058,064

Assets at Fair Value as of December 31, 2022				
	Level 1	Level 2	Level 3	Total
Investments measured at net asset value ^(a)	\$ -	\$ -	\$ -	\$ 28,843,071
Investments at fair value	\$ -	\$ -	\$ -	\$ 28,843,071

^(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Investments Measured Using the Net Asset Value per Share Practical Expedient
