Independent Auditor's Report

The Plan Administrator
IEX Group, Inc.
401(k) Profit Sharing Plan
New York, New York

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of IEX Group, Inc. 401(k) Profit Sharing Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from qualified institutions as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- The certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by qualified institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedules, Schedule H (Form 5500), Line 4a - Schedule of Delinquent Participant Contributions for the year ended December 31, 2023, and Schedule H (Form 5500), Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2023, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and

other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The certified investment information in the supplemental schedules agrees to, or is derived from, in all material respects, the information prepared and certified by qualified institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Notes to Financial Statements

1. Description of the Plan

The following brief description of the IEX Group, Inc. 401(k) Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan document or Summary Plan Description for a complete description of the Plan.

General

The Plan is a defined contribution plan covering all eligible employees of IEX Group, Inc. (the Employer), as defined in the Plan document. The Plan was established effective as of January 1, 2014, restated effective January 1, 2018, and amended since then. For all contribution types, employees may enter the Plan immediately. There is no age requirement. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Reliance Trust Company (RTC) and Transamerica Financial Life Insurance Company Inc. (TFLIC) are the custodian and contract holder, respectively, of the Plan assets for the years ended December 31, 2023 and 2022.

Contributions

Participants may elect to contribute a percentage of their compensation, as defined in the Plan, up to the elective deferral limit allowed by law (\$22,500 in 2023). Participants who have attained or will attain 50 years of age before the end of the Plan year are eligible to make catch-up contributions up to the deferral limit allowed by law (additional \$7,500 for 2023, totaling \$30,000 in 2023). Participants are allowed to make Roth elective deferrals. Participants may also roll over amounts from tax-qualified and other types of plans, as specified in the Plan document.

The Employer makes matching contributions equal to 100% of the participant's deferral up to \$5,000 per year. The Employer, in its sole discretion, may also make profit-sharing contributions to be paid based on business units or location. There were no profit-sharing contributions made by the Employer for 2023.

Investment Options

All of the Plan's investment options are fully participant directed. Participants may direct the investment of their account balances into any of the Plan's available investment options.

Participant Accounts

Each participant's account is credited with the participant's contributions and rollover, if any, and is subject to the provisions of the Plan, an allocation of the Employer's contributions, and Plan's investment earnings and losses. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes Receivable from Participants

Subject to the terms as set forth in the Plan document, notes receivable may be made to a participant in an amount equal to the lesser of \$50,000 reduced by the excess (if any) of the highest

IEX Group, Inc. 401(k) Profit Sharing Plan

Notes to Financial Statements

outstanding balance of notes receivable during the one year period ending on the day before the notes receivable is made, over the outstanding balance of notes receivable from the Plan on the date the notes receivable is made, or one half the current value of the non-forfeitable accrued benefit. The notes receivable must be repaid over a period not extending beyond five years from the date of the notes receivable, unless such notes receivable are used to acquire a principal residence. The maximum number of notes receivable outstanding at any one time is one. Fees from notes receivable may be charged against the account of the participant to whom the notes receivable are granted, and the Plan administrator may adopt any administrative rules or procedures that it deems necessary or appropriate with respect to the granting and administering of notes receivable.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Employer matching contribution portion of their accounts is based on years of service and follows the schedule below:

Years of Service	Vesting (%)
Less than 2	-
2 or more	100

Vesting in the Employer non-elective contribution portion of their accounts is based on the years of service and follows the schedule below:

Years of Service	Vesting (%)
0-1 year	-
2 years	20
3 years	40
4 years	60
5 years	80
6 years	100

Payment of Benefits

On termination of service due to death, disability, retirement, or severance from employment, or upon reaching age 59½ while actively employed, a participant is entitled to receive a distribution in the amount equal to the value of the participant's vested interest in his or her account.

Forfeitures

If a participant leaves the Employer before becoming fully vested, any nonvested Employer contributions and investment earnings thereon are forfeited. Forfeitures will be used to reduce any future Employer contribution and/or Plan expenses. At December 31, 2023 and 2022, forfeited nonvested accounts amounted to \$25,050 and \$55,988, respectively. For the years ended December 31, 2023 and 2022, \$68,813 and \$225 in forfeitures were used to pay Plan expenses, respectively.

IEX Group, Inc. 401(k) Profit Sharing Plan

Notes to Financial Statements

Hardship Withdrawal

In cases of financial hardship, as defined by the Plan, participants may be eligible to receive a distribution from their pre-tax elective deferral account and/or Roth elective deferral account balance.

2. Summary of Accounting Policies

Basis of Accounting

The financial statements of the Plan are presented under the accrual basis of accounting, in accordance with accounting principles generally accepted in the United States of America (GAAP).

Use of Estimates

The preparation of financial statements in accordance with GAAP requires management to make estimates and assumptions that affect the reported amounts of certain assets and liabilities and changes therein, and the disclosure of contingent assets and liabilities at the date of the financial statements. These estimates include fair values of investments. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The investments of the Plan are reported at fair value except for the Plan's investment in a fully benefit-responsive investment contract. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the period.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Employer. Expenses that are paid by the Employer are excluded from these financial statements. Fees related to the administration of benefit payments are charged directly to participants as part of their benefit payments. Loan administration and investment-related expenses are included in administrative expenses.

Benefit Payments

Benefit payments to participants are recorded when paid.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance, plus any accrued but unpaid interest. Delinquent participant notes receivable are reclassified as distributions based upon the terms of the Plan document. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2023 and 2022.

IEX Group, Inc. 401(k) Profit Sharing Plan

Notes to Financial Statements

3. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

The Plan's exposure to a concentration of credit risk is limited by the diversification of investments across various participant-directed fund elections. Additionally, the investments within each participant-directed fund election are further diversified into varied financial instruments.

4. Certified Investment Information

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedules, including investments held at December 31, 2023 and 2022, and net appreciation in fair value of investments, and dividends and interest for the year ended December 31, 2023, was obtained by management and agreed to or derived from information certified as completed and accurate by RTC and TFLIC.

The Plan administrator instructed the Plan's independent auditors not to perform, and they did not perform, auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and ERISA-required supplemental schedules.

5. Fair Value Measurements

The Plan follows the provisions of GAAP, which establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under GAAP are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

IEX Group, Inc. 401(k) Profit Sharing Plan

Notes to Financial Statements

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodology used for assets measured at fair value.

Mutual Funds - Mutual funds are valued at unadjusted quoted market prices, which represent the net asset value (NAV) of shares owned by the Plan at year-end.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth, by level within the fair value hierarchy, assets at fair value:

December 31, 2023

	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 21,094,314	\$ -	\$ -	\$ 21,094,314
Total Investments, at fair value	\$ 21,094,314	\$ -	\$ -	\$ 21,094,314

December 31, 2022

	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 14,508,782	\$ -	\$ -	\$ 14,508,782
Total Investments, at fair value	\$ 14,508,782	\$ -	\$ -	\$ 14,508,782

6. Fully Benefit-Responsive Stable Value Option

The Plan entered into a fully benefit-responsive investment contract with TFLIC. TFLIC maintains the contributions in a general account. The Transamerica Stable Value Option is backed by the general account of TFLIC. While TFLIC declares rates periodically and backs the principal and interest of this investment, any guarantees are subject to the claims-paying ability of TFLIC. The investment choice is not guaranteed by the Federal Deposit Insurance Corporation (FDIC) or any other government agency. Although Plan participants generally may withdraw assets from the Stable Value Option investment choice without restrictions, TFLIC may impose a hold period at the contract level in the event of a full-contract discontinuance or partial-contract discontinuance.

This contract meets the fully benefit-responsive investment contract criteria and, therefore, is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by TFLIC, represents contributions made under the contract, plus earnings, less participant

IEX Group, Inc. 401(k) Profit Sharing Plan

Notes to Financial Statements

withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Stable Value Option, as a deposit liability of TFLIC with no underlying assets, would have no direct investments on behalf of the Plan. The assets are based on the general unallocated account of TFLIC, and the risk of investment is based on their insurance ratings. The average yield earned is equal to the average yield earned by the Plan, adjusted to reflect the actual interest rate credited to Plan participants.

Since the Stable Value Option investment choice is an obligation of TFLIC, the occurrence of an event that limits the ability of the investment to transact at contract value between TFLIC and a participant holding the investment is not probable.

In addition, certain events allow TFLIC to terminate the contract with the Plan and settle at an amount different from contract value. Such events include: (1) the Plan is changed so as to significantly affect the Employer's obligations under the contract; or (2) the contract can no longer be treated as a pension plan contract, as that term is defined under the Code, and the Employer's determine that it is not practical to continue the provision of benefits under the contract; or (3) the Plan is terminated; or (4) the trustee of the Plan (Contract Holder) fails to comply with the requirements under the contract, or (5) the Contract Holder, except by unintentional omission, fails to give TFLIC the information TFLIC needs under the contract; or (6) the Contract Holder, except by unintentional omission, fails to furnish TFLIC with a copy of any amendments to the Plan, or annual report records; or (7) the sum of the contract account values at any time equals \$20,000 or less.

7. Plan Termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue any of its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event the Plan is terminated, participants will become 100% vested in their accounts.

8. Tax Status

As of January 1, 2018, the Plan adopted Ascensus' Volume Submitter 401(k) Profit-Sharing Plan (Volume Submitter Plan). Accordingly, the Plan is permitted to rely on the document provider's advisory letter. The Internal Revenue Service (IRS) has determined and informed the document provider by a letter, dated February 1, 2018, that the Volume Submitter Plan is designed in accordance with the applicable sections of the Internal Revenue Code (the IRC). The Plan administrator believes that the Plan is designed and currently being operated in compliance with the applicable provisions of the IRC. Therefore, the administrator believes that the Plan is qualified.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognizes a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable taxing authorities. The Plan is subject to routine audits by taxing jurisdictions, however, there are currently no audits for any tax periods in progress.

IEX Group, Inc. 401(k) Profit Sharing Plan

Notes to Financial Statements

9. Related Party and Party-in-Interest Transactions

Certain Plan investments are managed by TFLIC. Any purchases and sales of these funds qualify as party-in-interest transactions. Notes receivable from participants would also qualify as exempt party-in-interest transactions. Additionally, certain employees and officers of the Employer, who are also participants of the Plan, perform administrative services for the Plan at no cost. Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA.

10. Late Remittances

For the years ended December 31, 2023 and 2022, employee salary deferral withholdings in the amounts of \$146,471 and \$76,768, respectively, were not remitted within the appropriate time period by the Employer. These non-exempt party-in-interest transactions constitute a prohibited transaction, as defined by ERISA. The Employer will take the appropriate steps to correct the delinquent contributions by calculating and depositing the corresponding lost earnings into the participant accounts. The Employer has further implemented a procedure to ensure all future remittances are done within the prescribed time period.

11. Subsequent Events

The Plan has evaluated subsequent events through October 11, 2024, the date that the financial statements were available to be issued. There were no subsequent events identified requiring disclosure or adjustment to the financial statements.
