Report of Independent Auditors

To the Participants and Plan Administrator of
Hilton Guam Resort & Spa 401(k) Retirement Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Hilton Guam Resort & Spa 401(k) Retirement Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes (collectively referred to as the “financial statements”).

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

Auditor's Responsibilities for the Audit of the Financial Statements, continued

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Other Matter

Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2023 (referred to as the "supplemental schedule") is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Hilton Guam Resort & Spa 401(k) Retirement Savings Plan

Notes to Financial Statements

December 31, 2023

1. Description of Plan

The following description of the Hilton Guam Resort & Spa 401(k) Retirement Savings Plan (the Plan) provides general information about the Plan's provisions. Premier Ken Guam, L.P. (the Company) is the Plan sponsor and Plan administrator. Participants should refer to the plan document and summary plan description for a more complete description of the Plan's provisions, copies of which may be obtained from the Plan sponsor.

On July 11, 2022, the Company amended and restated its Plan documents. Effective January 1, 2021, the Plan excludes housing allowance, deferred compensation and pay under special or unexpected circumstance as part of eligible compensation for all contributions.

General

The Plan is a defined contribution plan covering substantially all full-time employees of the Company. Employees are eligible to participate in the Plan after completing three months of service and attaining age 21 for salary deferrals and matching contributions. The participants are entitled to discretionary profit-sharing contributions after completing one year of service. Eligible participants are automatically enrolled in the Plan once they became eligible unless they affirmatively decline to participate. The Plan does not include those employees who are union employees, nonresident aliens, leased employees, independent contractors and temporary employees.

The Plan administrator is responsible for the general administration of the Plan. ASC Trust, LLC (ASC) is the trustee and recordkeeper of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Contributions

Each year, participants may contribute up to the maximum percentage of their compensation allowable under the provisions of the Internal Revenue Code (the Code). If automatically enrolled, a participant's deferral is set at 3% of eligible compensation and will automatically escalate every seventh month of the plan year by 1% up to 6% of eligible compensation unless changed by the participant. The Plan permits the participants to withdraw the automatic deferral within 90 days. Participants who are at least age 50 or will attain age 50 before the end of the calendar year are eligible to make catch-up contributions.

1. Description of Plan, continued

Contributions, continued

The Company elected the flexible discretionary matching contribution wherein the employer has its sole discretion over the amount, the formula in allocating matching contributions, limits on elective deferral or employee contributions subject to matching and categories of participants who will receive the matching contributions and time period applicable to matching contributions formula. The Company makes a matching contribution equal to 100% of the participant's elective deferrals that do not exceed 1% of the participant's compensation, plus 50% of the participant's elective deferral that exceeds 1% but do not exceed 6% of the participant's eligible compensation. The Company may make discretionary profit-sharing contributions at the discretion of the board of directors. No such amounts were contributed for the year ended December 31, 2023.

Participants direct their elective contributions into various investment options offered by the Plan. The Company's contributions are invested in the same manner as that of the participant's elective contributions. In case of automatic contribution, the participant contributions are made pursuant to a default election.

Participant Accounts

Each participant's account is credited with the participant's contributions, the Company's matching, discretionary profit-sharing contributions and allocations of plan earnings, and is charged with an allocation of administrative expenses. Plan earnings are allocated based on the participant's share of net earnings or losses of their respective elected investment options. Allocations of administrative expenses are based on the participant's account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

All participants' interests in their 401(k) salary deferral accounts and rollover accounts shall at all times be fully vested and non-forfeitable. In case of a break in service, participant's years of service before and after such break in service shall be aggregated for purposes of determining the participant's vested and non-forfeitable right to benefits, provided that the participant has completed a year of service. For nonvested participants who incur a break in service, years of service with the Company before any period of consecutive one-year breaks in service shall not be taken into account, if the number of consecutive one-year breaks in service within such period equals or exceeds the greater of five years or the aggregate number of years of service before such period. The Company's matching contribution and discretionary profit-sharing contribution vesting are based on years of service and become 100% vested after two and three years of credited service, respectively, or shall become fully vested at the time of death, permanent disability and termination of employment on or after normal retirement age.

1. Description of Plan, continued

Payment of Benefits

Upon separation from service with the Company due to death, permanent disability, retirement or termination, a participant may elect to receive an amount equal to the vested value of the participant's account in a lump-sum payment. Partial withdrawals or installment payments are only permitted for participants who will be receiving the required minimum distribution under the Code section 401(a)(9). A participant whose vested account balance is \$5,000 or less will automatically receive an immediate lump-sum distribution equal to their vested account balance.

Hardship withdrawals are allowed for participants incurring an immediate and heavy financial need, as defined by the Plan, only to the extent of participant elective deferral. Hardship withdrawals are strictly regulated by the Internal Revenue Service (IRS) and a participant must exhaust all available loan options and available distributions prior to requesting hardship withdrawals.

In-service withdrawals are available in certain limited circumstances, as defined by the Plan.

Administrative Expenses

The Plan's administrative expenses are paid by either the Plan or the Company, as provided by the Plan's provisions. Administrative expenses paid by the Plan include recordkeeping and trustee fees. Expenses relating to purchases, sales, or transfers of the Plan's investments are charged to the particular investment fund to which the expenses relate. All other administrative expenses of the Plan are paid by the Company. Expenses that are paid by the Company are excluded from these financial statements.

Participant Loans

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loan terms range from one to five years or longer for the purchase of a primary residence. A participant is permitted to have only one loan outstanding at any point in time. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with prevailing U.S. prime interest rate plus one percent (1%) at the time of loan and shall remain fixed for the life of the loan. Principal and interest are paid through periodic payroll deductions over the term of the loan. The balance of the loan will be due upon termination of employment, otherwise the loan will be declared to be in default. A loan is deemed to be in default when a scheduled installment payment is 90 days late.

Forfeitures

Upon termination of employment, participants forfeit their nonvested balances. If a participant is rehired within a five year period, the forfeited contributions are reinstated. Forfeitures may be used to pay the Plan expenses or to reduce amounts otherwise required to be contributed to the Plan. The unallocated forfeiture balance as of December 31, 2023 and 2022 totaled approximately \$1,000 and \$4,000, respectively. In 2023, the forfeitures used to pay administrative expenses and reduced the Company's contributions totaled approximately \$10,000.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting.

Payment of Benefits

Benefits are recorded when paid.

Notes Receivable from Participants

Notes receivable from participants represent participant loans that are recorded at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2023 and 2022.

Investment Valuation and Income Recognition

Investments held by the Plan are stated at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (an exit price). See Note 4 for further discussion and disclosures related to fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded as earned. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

2. Summary of Significant Accounting Policies, continued

Contributions

Participant contributions and the matching employer contributions are recorded in the year in which the participant contributions are withheld from compensation.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes and supplemental schedule. Actual results could differ from those estimates.

Subsequent Events

Management evaluated subsequent events for the Plan through October 11, 2024, the date the financial statements were available to be issued.

3. Investments

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule including investments held and notes receivable from participants at December 31, 2023 and 2022, and net appreciation in fair value of investments and dividends on investments and interest income on notes receivable from participants for the year ended December 31, 2023, was obtained or derived from information provided to the plan administrator and certified as complete and accurate by ASC.

4. Fair Value Measurements

The fair value framework establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The fair value hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below.

Level 1 - Unadjusted quoted prices in active markets that are accessible to the reporting entity at the measurement date for identical assets and liabilities.

Level 2 - Inputs other than quoted prices in active markets for identical assets and liabilities that are observable either directly or indirectly for substantially the full term of the asset or liability.

Level 3 - Significant unobservable inputs for the asset or liability (i.e., supported by little or no market activity).

Hilton Guam Resort & Spa 401(k) Retirement Savings Plan

Notes to Financial Statements, continued

4. Fair Value Measurements, continued

Following is a description of the valuation techniques and inputs used for each general type of investments measured at fair value by the Plan.

Common/Collective Trust Funds: The common/collective trust fund investments are valued at their fair value that is readily determinable, published and is the basis for current transactions. These funds are classified within level 1 of the valuation hierarchy.

Registered Investment Companies (RIC): RIC consist primarily of mutual fund investments. Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables sets forth by fair value hierarchy level the Plan's assets carried at fair value:

	Assets at Fair Value at December 31,			
	2023		2022	
	Level 1	Total	Level 1	Total
Common/collective trust funds:				
Dynamic retirement trust fund	\$5,551,873	\$5,551,873	\$4,753,234	\$4,753,234
Stable value trust fund	551	551	625	625
Registered investment companies	<u>138,109</u>	<u>138,109</u>	<u>100,449</u>	<u>100,449</u>
Total assets at fair value	<u>\$5,690,533</u>	<u>\$5,690,533</u>	<u>\$4,854,308</u>	<u>\$4,854,308</u>

Dynamic retirement trust fund is a collective investment fund which consists of separate investments profiles that provide an appropriate mix of investments that has the potential to produce the desired return while reducing volatility in the overall value of the portfolio. The profiles primarily invest in registered mutual funds, exchange-traded funds, collective trust funds and money market certificates. The participant directed redemption has no restrictions.

Stable value trust fund is a collective trust fund which invests all of its assets in investment contracts and security-backed contracts that are considered as indirect investment in fully benefit-responsive contracts. The fund seeks to provide investors with a moderate level of stable income without principal volatility. There are currently no redemption restrictions on these investments.

Hilton Guam Resort & Spa 401(k) Retirement Savings Plan

Notes to Financial Statements, continued

5. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market volatility and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

6. Income Tax Status

The underlying non-standardized prototype plan has received an opinion letter from the IRS dated June 30, 2020, stating that the written form of the underlying prototype document is qualified under Section 401 of the Code. Any employer adopting this form of the Plan will be considered to have a plan qualified under Section 401 of the Code, and, therefore, the related trust is tax-exempt. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualified status. The plan administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes the Plan, as amended, is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. Plan management has analyzed the tax positions taken by the Plan, and has concluded that there are no uncertain positions taken or expected to be taken. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2020.

7. Party in Interest Transactions

The Plan holds units of common/collective trust funds managed by ASC. These transactions qualify as party-in-interest transactions; however, they are exempt from the prohibited transaction rules under ERISA.
