**INDEPENDENT AUDITOR'S REPORT**

June 27, 2024

To the Participants and Plan Administrator
Marathon Petroleum Thrift Plan

Opinion

We have audited the financial statements of the Marathon Petroleum Thrift Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974, as amended ("ERISA"), which comprise the statement of net assets available for benefits as of December 31, 2023, and the related statement of changes in net assets available for benefits for the year then ended, as well as the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2023, and the changes in its net assets available for benefits for the year then ended, in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("U.S. GAAS"). Our responsibilities under those standards are further described in the "Auditor's Responsibilities for the Audit of the Financial Statements" section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Other Matter — Prior-Year Financial Statements

The statement of net assets available for benefits of the Plan as of December 31, 2022 was audited by other auditors whose report dated June 23, 2023 expressed an unmodified opinion on that statement.

Responsibilities of Management for the Financial Statements

The Plan's management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

INDEPENDENT AUDITOR'S REPORT (CONTINUED)

Responsibilities of Management for the Financial Statements (continued)

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

The Plan's management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. *Reasonable assurance* is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with U.S. GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting in error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with U.S. GAAS:

- We exercise professional judgment and maintain professional skepticism throughout the audit.
- We identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and we design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- We obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- We evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, and we evaluate the overall presentation of the financial statements.
- We conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of assets (held at end of year) as of December 31, 2023 is presented for the purposes of additional analysis and is not a required part of the financial statements, but is supplementary information required by the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from, and relates directly to, the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with U.S. GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the supplemental schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

**INDEPENDENT AUDITOR'S REPORT**

June 27, 2024

To the Participants and Plan Administrator
Marathon Petroleum Thrift Plan

Opinion

We have audited the financial statements of the Marathon Petroleum Thrift Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974, as amended ("ERISA"), which comprise the statement of net assets available for benefits as of December 31, 2023, and the related statement of changes in net assets available for benefits for the year then ended, as well as the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2023, and the changes in its net assets available for benefits for the year then ended, in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("U.S. GAAS"). Our responsibilities under those standards are further described in the "Auditor's Responsibilities for the Audit of the Financial Statements" section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Other Matter — Prior-Year Financial Statements

The statement of net assets available for benefits of the Plan as of December 31, 2022 was audited by other auditors whose report dated June 23, 2023 expressed an unmodified opinion on that statement.

Responsibilities of Management for the Financial Statements

The Plan's management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Responsibilities of Management for the Financial Statements (continued)

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

The Plan's management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. *Reasonable assurance* is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with U.S. GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting in error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with U.S. GAAS:

- We exercise professional judgment and maintain professional skepticism throughout the audit.
- We identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and we design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- We obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- We evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, and we evaluate the overall presentation of the financial statements.
- We conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of assets (held at end of year) as of December 31, 2023 is presented for the purposes of additional analysis and is not a required part of the financial statements, but is supplementary information required by the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from, and relates directly to, the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with U.S. GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the supplemental schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

1. Description of Plan

The following brief description of the Marathon Petroleum Thrift Plan (the “Plan”) is provided for general informational purposes only. Plan participants should refer to the Summary Plan Description or the Plan document for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution retirement plan sponsored by Marathon Petroleum Company LP (“Company”). The Plan generally covers employees of the Company and other related employers that the Company has authorized to participate in the Plan. Eligible employees may participate in the Plan by electing to make contributions in accordance with procedures established by the Plan Administrator. Effective April 8, 2024, newly hired and rehired eligible employees are automatically enrolled in the Plan, unless they affirmatively opt-out of making contributions. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”). The Plan is a safe harbor type plan under Section 401(k)(12) of the Internal Revenue Code of 1986, as amended (“Code”).

Contributions

Participants may contribute up to a total of 75% of their eligible pay to the Plan in the form of pre-tax, Roth, after-tax and catch-up contributions. Participants who are “highly compensated employees” within the meaning of Section 414(q) of the Code may contribute only up to 6% of their eligible pay in the form of after-tax contributions. Only those participants who are at least age 50 during the Plan Year (the calendar year) may make catch-up contributions. All contributions are subject to Plan restrictions and limitations under the Code, including the annual compensation limit under Section 401(a)(17) of the Code. Participants may also make rollover contributions or direct-plan transfer contributions in accordance with the terms of the Plan.

The Company makes matching contributions on eligible participant contributions up to a maximum of 6% of eligible pay at the rate of \$1.17 per dollar contributed.

Valuation of Participant Accounts

Each participant’s Plan account is (a) credited with the participant’s contributions and allocations of the Company’s contributions and Plan earnings (losses) based on the participant’s relative investment holdings, and (b) charged with an allocation of investment and administrative expenses, as applicable. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Vesting

Participants are fully and immediately vested in their contributions and Company matching contributions made on or after January 1, 2016, plus actual earnings thereon. For Company matching contributions made prior to January 1, 2016, participants generally become fully vested in these Company contributions, plus actual earnings thereon, upon the earliest of the following: upon retirement under the Marathon Petroleum Retirement Plan (a separate tax-qualified retirement plan maintained by the Company); upon death or disability while actively employed; after three years of service with the Company or its affiliates; upon attainment of age 65 while actively employed; or upon termination or partial termination of the Plan. Certain employer nonelective contributions and employer matching contributions previously made under the merged Andeavor 401(k) Plan and the merged Andeavor Retail 401(k) Plan remain subject to separate vesting schedules that were provided under such merged plans and that were incorporated into the Plan as part of the plans’ merger. For Company nonelective contributions previously made for certain Speedway LLC employees, participants generally become fully vested in such contributions, plus actual earnings thereon upon the earliest of the following: upon death or disability of an actively employed participant; after three years of service with Speedway LLC or its affiliates; upon attainment of age 65 while actively employed; or upon the termination or partial termination of the Plan.

Participant Loans

Participants may borrow from their Plan accounts a minimum of \$500 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. A participant is limited to two outstanding loans. The loans are collateralized by the balance in the participants' accounts and bear interest rates that currently range from 3.25% to 9.25%, determined in accordance with Plan provisions. Principal and interest are paid ratably through payroll deductions for active employees and through ACH payments for participants not receiving pay and retirees.

Hardship Withdrawals

Active participants may take hardship withdrawals from the portion of their Plan accounts consisting of elective deferrals, rollovers and after-tax contributions if they incur immediate and severe financial needs (as defined in the Plan document) that cannot be met through other available withdrawal options in the Plan, including available participant loan provisions. Hardship withdrawals cannot be taken from participants' other Plan account portions. The amount of hardship withdrawal cannot exceed the amount of the financial need plus an additional amount to cover taxes and any anticipated penalties. Participants may continue their contributions to the Plan and receive the Company matching contributions on those contributions without interruption after the effective date of their hardship withdrawal.

CARES Act Distributions

Beginning in April 2020, the Plan made use of a provision under the Coronavirus Aid, Relief, and Economic Security Act ("CARES Act") that allowed participants to take a penalty-free distribution up to \$100,000 (not exceeding a participant's qualifying account balance) through the remainder of 2020 for qualifying coronavirus-related reasons. These reasons included adverse financial consequences due to being quarantined, furloughed, laid off, having work hours reduced or being unable to work due to a lack of childcare due to COVID-19. Income attributable to CARES Act distributions is subject to tax over three years, and the participant may re-contribute the funds to an eligible retirement plan within three years after the date the distribution was received without regard to that year's contribution cap.

Payment of Benefits

A participant whose employment is terminated may elect to receive a lump-sum distribution of the participant's account or may elect to defer the commencement of benefits until a date no later than the April 1 immediately following the calendar year in which such participant attains age 73. As permitted by the Code, mandatory distributions in excess of \$1,000 and no more than \$7,000 require automatic rollover to an IRA for participants who fail to make an active election otherwise available under the Plan. A retired participant or a spouse beneficiary may withdraw all or any portion of the remaining balance in his or her account subject to certain restrictions. An installment settlement option is available to retired participants and spouse beneficiaries, and to active participants who are subject to in-service minimum required distributions under Section 401(a)(9) of the Code, in each case subject to certain requirements and restrictions.

Forfeitures

Non-vested participants who terminate employment with the Company and its affiliates will forfeit their pre-2016 Company matching contributions, any unvested merged plan employer nonelective and employer matching contributions, and employer nonelective contributions made for certain Speedway LLC employees, and earnings thereon when either of the following takes place: (1) they remove their participant contributions from the Plan or (2) they do not return to employment with the Company or any of its affiliates within five years of termination. Forfeited amounts and earnings thereon are eligible for reinstatement, should a participant return to employment with the Company or any of its affiliates prior to the limitation provided for under the Plan. As of December 31, 2023 and 2022, forfeited non-vested accounts totaled \$153,309 and \$273,768, respectively. Forfeitures used to reduce certain Plan fees in 2023 and 2022 totaled \$0 and \$96,144, respectively.

Investment Options

A participant may direct the investment of the contributions allocated to the participant's Plan account in any of the Plan's investment options.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America ("US GAAP").

Use of Estimates

The preparation of financial statements in conformity with US GAAP requires the Plan's management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Fully benefit responsive investment contracts are reported at contract value. Contract value is the relevant measurement attribute for fully benefit responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. All other investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Investment-related expenses are also included in net appreciation (depreciation) of fair value of investments. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Notes Receivable from Participants

Notes receivable from participants represent loans that are recorded at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. No allowance for credit losses has been recorded since delinquent notes receivable from participants are recorded as a distribution based upon the terms of the Plan document.

Administration of Plan Assets

All costs, expenses and fees incurred in administering the Plan, to the extent not paid by the Company, are incurred by the participants. Participants were charged (from their Plan accounts) for record keeping and administration services in the amount of \$6.50 quarterly (\$26 per year). Fees or charges for investment management services are not paid by the Company but are borne by the participants electing such services. Any taxes applicable to the participant accounts are charged or credited to the participant accounts by Fidelity Management Trust Company ("Fidelity" or the "Trustee"). The Stable Value Fund (the "Fund") is managed by the Trustee pursuant to a trust agreement. Any fees charged by the Trustee are deducted from the interest earned by Plan participants who have any of their Plan account invested in the Fund. The total amount of fees charged for 2023 in connection with the Fund was \$1,157,262.

3. Fair Value Measurements

The Financial Accounting Standards Board (FASB) Accounting Standards Codification 820, *Fair Value Measurement and Disclosures* (“ASC 820”) establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. There are three approaches for measuring the fair value of assets and liabilities: the market approach, the income approach and the cost approach, each of which includes multiple valuation techniques. This hierarchy consists of three broad levels:

- Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and liabilities and have the highest priority;
- Level 2 inputs consist of observable market-based inputs or unobservable inputs that are corroborated by market data, and are either directly or indirectly observable as of the measurements date; and
- Level 3 inputs are unobservable inputs that are not corroborated by market data and may be used with internally developed methodologies that result in management’s best estimate of fair value. These inputs have the lowest priority.

The Plan’s investments are reported at fair value in the accompanying statement of net assets available for benefits, except for fully benefit-responsive investment contracts, which are reported at contract value. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. The following provides a description of the valuation techniques employed for each major Plan asset category at December 31, 2023 and 2022.

Common stocks – Investments in common stocks are valued using a market approach at the closing price reported in an active market and are therefore considered Level 1.

Mutual funds – Investments in mutual funds, including money market mutual funds, are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (“NAV”) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded and are considered Level 1.

Common Collective Trusts (“CCTs”) – Investments in CCTs are valued using a market approach at the NAV of units held, but investment opportunities in such funds are limited to institutional investors on behalf of defined contribution plans. The published NAV is available to institutional investors and is the basis for transactions. These investments are considered Level 2.

The CCTs are the Fidelity Institutional Asset Management Target Date (Income, 2005, 2010, 2015, 2020, 2025, 2030, 2035, 2040, 2045, 2050, 2055, 2060 and 2065) Commingled Pools, the Low-Priced Stock Pool, the Growth Company Pool, International Discovery Pool and the Contrafund Pool. These pools seek active return until the pool’s targeted retirement year. Thereafter, the pool’s objective will be capital preservation. These pools invest in diversified portfolios of equity, fixed income, and/or short-term products and may use futures, options, swaps, and exchange-traded funds to remain fully invested.

4. Stable Value Fund

At December 31, 2023 and 2022, the Plan held Synthetic Investment Contracts ("SICs") of \$471,789,995 and \$621,137,484, respectively, recorded at contract value. Of the remaining assets of \$9,854,555 and \$9,445,687 held by the Fund at December 31, 2023 and 2022, respectively, substantially all assets are invested in cash equivalents and stated at amortized cost, which approximates fair value. Ordinarily, participants may direct the withdrawal or transfer of all or a portion of their investment in the Fund at contract value.

Wrap contracts use a crediting rate formula to convert market value changes in the underlying assets into income distributions to minimize the difference between the market value and contract value of the underlying assets over time. Using the crediting rate formula, an estimated future market value is calculated by compounding the current market value at the current yield to maturity for a period equal to the duration of the wrapped assets. The crediting rate may be affected by many factors, including purchases and redemptions by participants, but the precise impact depends on whether the market value of the underlying assets is higher or lower than the contract value of those assets. Crediting rates are typically reset, if needed, on a monthly basis. The wrap contracts provide a guarantee that the crediting rate will not fall below 0%.

A wrap issuer may terminate a wrap contract at any time subject to the provisions of the contract agreement. In addition, wrap contracts limit the ability of the Fund to transact at contract value upon the occurrence of certain events (including, but not limited to, the complete or partial termination of the Plan, group layoffs, early retirement programs, or the Plan's failure to qualify under Section 401(a) or Section 401(k) of the Code). However, the Plan Administrator believes the occurrence of these types of events is not probable at this time.

5. Party-in-Interest Transactions

Transactions involving shares of MPC common stock are performed by the Trustee on the open market, unless otherwise directed by the Company, in which case, shares may be bought or sold directly from MPC. During 2023, all shares of MPC common stock were purchased on the open market. At December 31, 2023 and 2022, the Plan held 6,422,560 and 7,803,511 shares of MPC common stock, respectively, with a fair value of \$952,850,948 and \$908,250,621, respectively, and a cost basis of \$345,648,222 and \$400,500,217, respectively.

Certain Plan investments, amounting to \$3,487,525,481 and \$2,608,489,670 at December 31, 2023 and 2022, respectively, are units of funds managed by the Trustee. Certain other Plan investments, within the Fidelity BrokerageLink self-directed brokerage account Plan feature, are managed by Fidelity. The Trustee also provides certain accounting and administrative services to the Plan for a negotiated fee. Fidelity is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions; however, they are exempt from the prohibited transaction rules under ERISA.

Certain employees and officers of Company affiliates, who may also participate in the Plan, perform administrative services for the Plan at no cost.

6. Plan Termination

Although it has not expressed any interest to do so, the Company has the right under the Plan to terminate the Plan and discontinue its contributions at any time, subject to the provisions of the Code and ERISA. In the event of Plan termination, participants will become 100% vested in their Plan accounts.

7. Tax Status

The Plan, as amended and restated effective as of January 1, 2016, received a favorable determination letter from the Internal Revenue Service (“IRS”) dated April 11, 2017, indicating that the Plan is tax qualified in form under Section 401(a) of the Code. Although the Plan has been amended, and also restated effective January 1, 2023, since receiving the determination letter, the Plan Administrator and the Plan’s tax counsel believe the Plan, as amended, is designed and is currently being operated in compliance with the applicable requirements of the Code and, therefore, believe that the Plan is tax qualified and that the Plan’s related trust is tax-exempt.

US GAAP requires Plan management to evaluate uncertain tax positions taken by the Plan and to recognize a tax liability (or asset) when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that, as of December 31, 2023, and December 31, 2022, there were no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. Risks and Uncertainties

The Plan provides for various investment options. These investments are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with investment securities and the level of uncertainty related to changes in the value of investment securities, it is possible that changes in the near or long term could materially affect participants’ account balances and the amounts reported in the statement of net assets available for benefits and the statement of changes in net assets available for benefits.

9. Subsequent Events

Effective January 1, 2024, participants who make qualified student loans payments (“QSLPs”) during a Plan Year (the calendar year) are eligible to have those QSLPs treated as elective deferrals eligible for matching contributions under the Plan.

Effective April 8, 2024, newly hired and rehired employees are automatically enrolled in the Plan with a 6% pre-tax contribution rate, beginning 35 days after their start date, unless they affirmatively opt-out of automatic enrollment.

Subsequent events were evaluated through June 27, 2024, the date the financial statements were issued.

*** A SIC is comprised of two components, an underlying asset and a wrapper contract. The underlying assets are valued at representative quoted market prices. The wrapper contracts are valued by using replacement cost methodology. Contract value represents contributions made under the contract, plus earnings, less Plan withdrawals and administrative expenses. The wrapper contract guarantees the SIC contract value.
