INDEPENDENT AUDITORS' REPORT

To the Advisory Committee
The Act 1 Group of Companies 401(k) Plan for Hourly Associates
Glendale, California

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of The Act 1 Group of Companies 401(k) Plan for Hourly Associates (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL's") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier ("qualified institution") in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2023, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("U.S. GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with U.S. GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with U.S. GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control-related matters that we identified during the audits.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2023 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with U.S. GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

The Plan was established on July 1, 2004 and covers substantially all hourly associates of the following companies (collectively, the "Company" or the "Employer"):

Act 1 Global Holdings, LLC	At-Tech Staffing Services, Inc.
Act 1 Services, Inc.	California National University for Advanced Studies, Inc.
Act Now Personnel Services, Inc.	Cerritos Travel, Inc.
ActOne Government Solutions, Inc.	Gigsource, Inc.
All Care Insurance Solutions, Inc.	Howroyd Wright Employment Agency, Inc.

All administrative functions related to the Plan are carried out upon approval by an advisory committee (the "Committee") which consists of selected key Company employees. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Eligibility

In order to be eligible for salary deferral and Employer contributions, the participant must have attained the age of 18. The Plan does not have a minimum service requirement.

Participant Contributions

Under the terms of the Plan, a participant may elect to defer a flat dollar amount or a percentage of compensation, as defined in the Plan Agreement, to an elective member account. A participant may cease contributions to the Plan at any time. Hourly employees may enter the Plan or change deferrals on the first day of each calendar month.

Employees can contribute up to 75% of their total earnings to the maximum allowed by law, which is \$22,500 in 2023. Participant contributions and related earnings are 100% vested when made.

Catch-up Contributions

All employees who are eligible to make elective deferrals under the Plan and who have attained the age of 50 before the close of a plan year are eligible to make catch-up contributions of up to an additional \$7,500 for 2023.

Employer Contributions

The Employer may make discretionary contributions to the Plan. Employer contributions may be contributed during the Plan year or after the Plan year ends. Any Employer contributions will be made in accordance with the Employer contribution formula. Generally, there is no Employer match for the hourly associates except for a few hourly individuals who are working under a contract with a host client.

NOTES TO FINANCIAL STATEMENTS

December 31, 2023

1. Description of the Plan, continued

Rollovers

Rollovers are participant contributions to the Plan distributed from other qualified retirement plans.

Participant Accounts

Each participant's account is credited with the participant's contributions, and allocations of employer discretionary contributions, less administrative expenses. In addition, each participant's account is credited with an allocation of earnings and losses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. If a participant receives a distribution from the Plan as of any date other than a valuation date, the value of the participant's account will be the value as of the prior valuation date.

Vesting

Employees are always 100% vested in the contributions they choose to defer. Participants become vested in the Employer's matching contributions commencing on the participant's date of hire according to the following schedule:

<u>Years of Service</u>	<u>Percent Vested</u>
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Benefit Payments

Vested benefits are paid upon termination of service, death, disability, retirement, or financial hardship. Participants or their beneficiaries receive a lump sum amount equal to the value of their account. Benefits due to participants are recorded as a reduction of net assets when paid to a participant or beneficiaries.

Notes Receivable from Participants

The Plan provides for participant loans with a term of 5 years with interest at the prime rate of interest as of the end of the month preceding the loan request, plus 2.00%. The minimum loan is \$1,000; the maximum is the lesser of \$50,000 or one-half of the participant's vested account balance.

A loan becomes immediately due and payable upon a participant's termination of employment with the Company or death. The interest rates on notes receivable from participants ranged from 5.25% to 10.50% as of December 31, 2023 and 2022. The current value of loans to participants was \$167,989 and \$113,665 as of December 31, 2023 and 2022, respectively.

THE ACT 1 GROUP OF COMPANIES 401(k) PLAN FOR HOURLY ASSOCIATES

NOTES TO FINANCIAL STATEMENTS

December 31, 2023

1. Description of the Plan, continued

Forfeitures

Forfeitures occur when participants terminate from the Plan before becoming fully vested in the Employer contributions in their accounts. Forfeitures are used to pay administrative expenses and then applied to reduce future employer contributions. The Plan used \$5,134 of the forfeited non-vested balance to offset employer discretionary contributions and administrative expenses for the year ended December 31, 2023. As of December 31, 2023, the forfeited non-vested account balance was \$139,659.

Plan Amendments

Effective January 1, 2010, the Plan was amended to provide for military service, mid-west disaster relief and other requirements by adoption of Mass Mutual Life Insurance Company's Profit Sharing/401(k) Non-Standardized Prototype Plan. Effective February 1, 2010, special and optional charges have changed from "Billed" to "Deduct" from Plan forfeitures; if not available in the forfeiture account, then they are billed to the Company. Effective March 1, 2022, the Plan was amended and restated to bring the Plan in compliance with legislative and regulatory changes.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of termination, the Company will follow the rules set forth by ERISA.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires the Plan to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates and assumptions, and such differences may be material to the financial statements.

Notes Receivable from Participants

The Plan reports loans to participants in accordance with Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 962, *Plan Accounting – Defined Contribution Pension Plans*. Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2023 and 2022. If a participant ceases to make loan repayments and the Plan's administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded for that participant.

THE ACT 1 GROUP OF COMPANIES 401(k) PLAN FOR HOURLY ASSOCIATES

NOTES TO FINANCIAL STATEMENTS

December 31, 2023

2. Summary of Significant Accounting Policies, continued

Fully Benefit-Responsive Investment Contracts

As described by the FASB's guidance on fair value measurements, investment contracts held by a defined-contribution plan are required to be reported at fair value, excluding full benefit-responsive investment contracts which are to be measured at contract value. Contract value is the relevant measurement for the portion of the assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts, because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan (See Note 6).

Investment Valuation and Income Recognition

The Plan's investments, other than the benefit responsive investment contracts, are stated at fair value based upon quoted market prices. Shares of pooled separate accounts are valued at the net asset value of shares held by the Plan as of December 31, 2023 and 2022. Any net appreciation or depreciation for the year is reflected in the statement of changes in net assets available for benefits. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Payment of Benefit

Benefits are recorded when paid.

Expenses

The Company may elect to pay administrative expenses of the Plan. If the Company elects not to pay the expenses, the Plan is assessed the expenses. Certain asset charges and account fees are paid from the respective participant's accounts.

Expenses of the Plan that are paid directly by the Plan are included in the statement of changes in net assets available for benefits. Expenses incurred maintaining the Plan that are paid directly by the Employer are excluded from these financial statements. Investment-related expenses are included in net change in the fair value of investments.

Excess Contributions

Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service ("IRS") are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2023 excess contributions to the applicable participants prior to October 15, 2024.

3. Income Tax Status

The underlying volume submitter plan of Empower Retirement LLC ("Empower") received an opinion letter from the Internal Revenue Service ("IRS") dated April 7, 2021, stating that the form of the Plan is qualified under Section 401 of the Internal Revenue Code ("IRC") and is tax-exempt. In accordance with Revenue Procedures 2015-6 and 2015-36, the Plan has determined that it is eligible and has chosen to rely on the current IRS volume submitter plan opinion letter. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualification status. The Plan's administrator believes the Plan is being operated in compliance with the applicable requirements of the IRC and, therefore, believes the Plan is qualified and the related trust is tax-exempt.

THE ACT 1 GROUP OF COMPANIES 401(k) PLAN FOR HOURLY ASSOCIATES

NOTES TO FINANCIAL STATEMENTS

December 31, 2023

3. Income Tax Status, continued

U.S. GAAP requires that Plan management evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain tax position that more-likely-than-not would not be sustained upon examination by the IRS. In the opinion of Plan management, there are no tax positions taken that require accrual. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

4. Risks and Uncertainties

The Plan provides for various investment options in any combination of investment securities offered by the Plan. Investment securities are exposed to various risks, such as interest rate, market fluctuations and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in market values, interest rates or other factors in the near term could materially affect participants' account balances, the amounts reported in the statement of net assets available for benefits and the statement of changes in net assets available for benefits.

The Plan invests in securities of foreign companies, which involves special risks and considerations not typically associated with investing in U.S. companies. These risks include devaluation of currencies, less reliable information about issuers, different securities transaction clearance and settlement practices, and possible adverse political and economic developments. Moreover, securities of many foreign companies and their markets may be less liquid and their prices are more volatile than securities of comparable U.S. companies.

5. Financial Information Certified by the Recordkeeper and by the Trustee

In accordance with CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA"), all investment information, including investment income in the accompanying financial statements and supplemental schedule, have been certified as complete and accurate by Empower, the custodian of the Plan.

The following is a summary of information included in the Plan's financial statements, which were certified by Empower as of December 31, 2023 and 2022 and for the year ended December 31, 2023:

	2023	2022
Investments, at fair value	\$ 26,209,244	\$ 22,169,990

6. Investments

Valuation of Investments

FASB ASC 820, *Fair Value Measurement* ("ASC 820") establishes a framework for measuring fair value that is a market-based measurement for financial reporting. For some assets and liabilities there are observable market transactions and for others observable market transactions and information might not be available. However, the objective of a fair value measurement is to estimate the price at which an orderly transaction to sell the asset or to transfer a liability would take place between market participants at the measurement date under current market conditions. ASC 820 also prioritizes, within the measurement of fair value, the use of market-based information over entity-specific information and establishes a three-level hierarchy for fair value measurements based on the transparency of information used in the valuation of an asset or liability as of the measurement date.

Investments measured and reported at fair value are classified and disclosed in one of the following categories:

Level 1 – Quoted prices in active markets for identical assets or liabilities as of the reporting date. The mutual funds held by the Plan are considered to be actively traded.

Level 2 – Pricing inputs, including broker quotes, are generally those other than exchange quoted prices in active markets, which are either directly or indirectly observable as of the reporting date, and fair value is determined through the use of models or other valuation methodologies. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs are unobservable for the investment and includes situations where there is little, if any, market activity for the investment. The inputs into the determination of fair value require significant management judgment or estimation. Investments that are included in this category generally include privately held investments and partnership interests.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following tables summarize the valuation of the Plan's investments by the ASC 820 fair value hierarchy levels as of December 31, 2023 and 2022:

	Investments at Fair Value as of December 31, 2023

Pooled Separate Accounts

Investments in pooled separate accounts are reported at fair value, which is determined daily based on quoted market prices for the underlying securities. The investment objectives of the Plan's pooled separate accounts are apparent in their names. Shares may be redeemed any time at net asset value. There are no restrictions on redemptions and no unfunded commitments to purchase additional shares of the pooled separate accounts. Interest and dividends are recorded on the accrual basis. Purchases and sales of securities are recorded on a trade-date basis. Net appreciation includes the Plan's gains and losses on investments purchased and sold as well as held during the year.

Guaranteed Interest Account

The Plan has a benefit-responsive investment contract with Empower, the recordkeeper/custodian of the General Investment Account ("Account") as agent for Reliance Trust Company, the trustee of the Plan, which is reported as a guaranteed interest account in the statements of net assets available for benefits. Empower maintains the contributions in a pooled account. The account is credited with actual earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The underlying assets of the fund are fully benefit-responsive investment contracts. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Contract value, as reported to the Plan by Empower, represents contributions made under the contract, plus credited interest, less withdrawals and administrative expenses. Participants may direct the withdrawal or transfer of all or a portion of their investments at contract value.

The investment contract accrues interest using a formula called the "crediting rate." Investment contracts use the crediting rate formula to convert market value changes in the underlying assets into income distributions in order to minimize the differences between the market and contract value of the underlying assets over time. The average yield earned is calculated by dividing the annual interest credited to the Plan during the Plan year by the average annual fair value. The average interest rate credited to the participant is calculated by dividing the annual interest credited to the participants during the year by the average fair value.

The average yield earned by the Plan and the average interest credited to participants reported above may differ from the crediting rate on participant balances due to interest being credited based on contract values, the timing of cash flows, the process by which rates may be reset during the Plan year and simplified assumptions used in the calculations noted above. Investment contracts provide a guaranteed crediting rate of 3.00% for the years ended December 31, 2023 and 2022.

6. Investments, continued

Guaranteed Interest Account, continued

The contract value of the guaranteed interest account was \$2,564,248 and \$3,959,763 as of December 31, 2023 and 2022, respectively.

The methods described above may produce a value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Investments Measured at Net Asset Value

ASC 820 allows net asset value ("NAV") to be used as a practical expedient to estimate the fair value of investments. Investments using the NAV per share practical expedient as fair value are no longer categorized in the fair value hierarchy but are presented separately. There were no investments valued at NAV as of December 31, 2023 and 2022.

7. Related Party Transactions and Party-in-Interest Transactions

Certain investments held by the Plan are issued and managed by Empower. Empower is the recordkeeper/custodian of the Plan assets as agent for Reliance Trust Company, the trustee of the Plan, and therefore, these transactions qualify as party-in-interest transactions. Fees incurred and paid directly by the Plan for investment management and administrative services were \$137,545 for the year ended December 31, 2023.
