| <b>Part I</b> | <b>Asset and Liability Statement</b> |
|---------------|--------------------------------------|

**1** Current value of plan assets and liabilities at the beginning and end of the plan year. Combine the value of plan assets held in more than one trust. Report the value of the plan's interest in a commingled fund containing the assets of more than one plan on a line-by-line basis unless the value is reportable on lines 1c(9) through 1c(14). Do not enter the value of that portion of an insurance contract which guarantees, during this plan year, to pay a specific dollar benefit at a future date. **Round off amounts to the nearest dollar.** MTIAs, CCTs, PSAs, and 103-12 IEs do not complete lines 1b(1), 1b(2), 1c(8), 1g, 1h, and 1i. CCTs, PSAs, and 103-12 IEs also do not complete lines 1d and 1e. See instructions.

## INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator of  
the Antares Capital LP 401(k) Plan

### Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Antares Capital LP 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

### Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

### **Basis for Opinion**

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

### **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

### **Auditor's Responsibilities for the Audit of the Financial Statements**

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

#### **Other Matter — Supplemental Schedule Required by ERISA**

The supplemental schedule of Assets (Held at End of Year) as of December 31, 2023 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

## **(1) Description of the Plan**

The following description of the Antares Capital LP 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the plan document for a more complete description of the Plan’s provisions.

### ***(a) General***

Antares Capital LP (the “Company” or “Employer”) is the sponsor of the Plan. The Plan is a defined contribution plan covering all employees of the Company except residents of Puerto Rico, Canada, and independent contractors. Employees are eligible to make elective deferrals and to enter the Plan upon employment. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”). Fidelity Investments Institutional Operations Company, Inc. (“Fidelity Operations”) serves as third-party administrator of the Plan. Fidelity Management Trust Company (“Fidelity” or “Trustee”) serves as the trustee of the Plan.

### ***(b) Contributions***

Contributions to the Plan include (i) salary reduction contributions authorized by participants, (ii) matching contributions made by the Company, (iii) non-elective and elective employer contributions (“profit-sharing”) made by the Company; and (iv) participant rollovers from other plans.

Each year, participants may contribute a percentage of their compensation, ranging from 1% to 75%, as defined by the Plan, subject to the Internal Revenue Code, as amended (the “Code”) limitations. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan after 30 days unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 4% of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant.

Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. The Plan also allows additional discretionary contributions and elective after-tax (Roth) deferrals by participants. Additionally, participants are permitted to make rollover contributions into the Plan from other qualified defined benefit or defined contribution plans. An aggregate amount of \$762,638 was rolled into the Plan during the year ended December 31, 2023 and is included in rollover contributions on the statement of changes in net assets available for benefits.

The Company makes a matching contribution to each participant’s account equal to 100% of the amount of the participant’s salary reduction contribution, subject to a maximum of 4% of eligible compensation contributed to the Plan, with Company match true ups made annually in both 2022 and 2023. The Company made matching contributions of \$4,107,126, net of forfeitures to the Plan, during the year ended December 31, 2023.

For each contribution period, an additional fixed percentage profit-sharing amount equal to 3% is contributed to the Plan for each eligible participant as defined in the plan document. The Company made profit-sharing contributions of \$2,703,640 net of forfeitures to the Plan during the year ended December 31, 2023. In 2022, additional discretionary profit-sharing employer contribution estimates (“Other employer contribution receivable”) on the statements of net assets available for benefits of \$4,160,000 were authorized and were paid in the first quarter of 2023.

## ***(c) Participant Accounts***

Individual accounts are maintained for each participant. During 2023, each participant's account was credited with the participant's and Company's contributions and investment earnings for the participant's investment options on daily basis based on actual results. Participant accounts are also charged with withdrawals and allocated Plan income or losses and administrative expenses.

## ***(d) Investments***

Participants may direct the investment of their contributions and/or account balances into various investment options offered by the Plan and may change investments and transfer amounts between funds daily. The Plan offers participation in mutual funds and a common collective trust, which is a pooled investment vehicle exclusively for qualified retirement plans. The Company's contributions are invested in the options selected by each participant.

## ***(e) Vesting***

Participants are immediately vested in their contributions and actual earnings (losses) thereon and Company matching contributions. Profit-sharing contributions made by the Company cliff vest after three years of employment.

## ***(f) Notes Receivable from Participants***

Participants in the Plan may borrow from their accounts up to a maximum amount equal to the lesser of \$50,000 or 50% of their vested account balance. The highest outstanding loan balance (total of all loans combined) within the past 12 months cannot exceed \$50,000. Participant loan transactions are treated as transfers between the investment fund and the participant's loan account. Each loan is secured by the balance in the participant's account and bears interest at the prevailing interest rate on similar loans. Principal and interest are repaid by the participant on terms outlined in the loan agreement. As of December 31, 2023, participant loans have maturities through 2033 at interest rates ranging from 5.25% to 10.50%. A participant with the maximum number of 2 loans may not apply for another loan until 15 calendar days following the date an existing loan is paid in full.

## ***(g) Payment of Benefits***

Upon termination of service, retirement, death, or attaining age 65, a participant may elect to receive either a lump-sum amount equal to the value of his or her account, a direct rollover into a qualified retirement plan, or a combination of cash and direct rollover distribution. In-service distributions are available to Plan participants for financial hardship, rollover contributions, and once a participant reaches age 59½.

## ***(h) Forfeitures***

In the event a participant separates from service with less than fully vested benefits, the non-vested portion of the account is forfeited and may be used to reduce future contributions made by the Company. Forfeited non-vested accounts as of December 31, 2023 and 2022 had balances of \$1,389 and \$29, respectively. Forfeitures in the amount of \$477,578 were used in 2023 to pay a portion of Employer contributions.

## ***(i) Excess Contribution Payable***

The Plan is required to return contributions received during the Plan year in excess of the Code limits. There were no excess contributions due to participants as of December 31, 2023 or 2022.

## **(2) Summary of Accounting Policies**

### ***(a) Basis of Accounting***

The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

### ***(b) Use of Estimates***

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits, and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from estimated amounts.

### ***(c) Risks and Uncertainties***

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

### ***(d) Investment Valuation and Income Recognition***

The Plan's investments are stated at fair value. The Plan's investments consist of mutual funds and a collective investment trust fund. Fair value of a financial instrument is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion on fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Net investment income consists of dividends, interest income, and net appreciation in the fair value of investments. Net appreciation in the fair value of investments represents the net realized and unrealized changes in the market value of investments during the period. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis.

### ***(e) Notes Receivable from Participants***

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable are reclassified as distributions based upon the terms of the plan document.

### ***(f) Contributions***

Participant contributions are recorded when withheld. The employer match and profit-sharing contributions are also recorded when the employee contributions are withheld.

### ***(g) Administrative Expenses***

Administrative expenses may be either paid out of the Plan or paid directly by the Company. For 2023, \$3,175 in administrative expenses were paid out of the Plan. Management fees and operating expenses charged directly to each individual via their investments are deducted from income earned on a daily basis and are not separately reflected. Consequently, investment management fees and operating expenses are reflected as a reduction of investment return for such investments.

### ***(h) Payment of Benefits***

Benefits are recorded when paid. There are no amounts allocated to accounts of persons who have elected to withdraw from the Plan, but have not yet been paid, as of December 31, 2023 and 2022.

- (a) All investment balances and information included in the supplemental schedule of assets (held at end of year), are certified by the Trustee.
- (b) All investment balances and investment information, excluding the level of investments, the unfunded commitment, redemption frequency, other redemption restrictions, and redemption notice period in Note 4, Fair Value Measurements, are certified by the Trustee.

## (4) Fair Value Measurements

Accounting Standards Codification ("ASC") 820, *Fair Value Measurement*, provides a framework for measuring fair value. Fair value of a financial instrument is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. That framework provides a fair value hierarchy that prioritizes the inputs to valuation approaches used to measure fair value, as follows: Level 1, which refers to securities valued using unadjusted quoted prices from active markets for identical assets; Level 2, which refers to securities not traded on an active market but for which observable market inputs are readily available; and Level 3, which refers to securities valued based on significant unobservable inputs. Assets are classified in their entirety based on the lowest level of input that is significant to the fair value measurement.

# Antares Capital LP 401(k) Plan

Notes to Financial Statements

As of December 31, 2023 and 2022 and for the year ended December 31, 2023

*Asset Valuation Approaches* – Valuation approaches maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The following is a description of the valuation methodologies used for assets measured at fair value.

*Mutual Funds* – Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

*Collective Trust Fund* – The Collective trust fund is a stable value fund. This fund is comprised primarily of fully benefit-responsive investment contracts and is reported at fair value using net asset value (“NAV”) as a practical expedient. Stable value funds calculate NAV per share in a manner consistent with the measurement principles in ASC Topic 946, *Financial Services— Investment Companies*. Those measurement principles indicate that, in the determination of a stable value fund’s NAV, the relevant measurement is NAV, which include the fully benefit-responsive investment contracts held by the funds at contract value. This NAV represents the Plan’s fair value since this is the NAV at which the Plan transacts with the fund. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the common collective trust, the sponsor reserves the right to require 12 months’ notification in order to ensure that securities liquidations will be carried out in an orderly business manner.

Below are the Plan’s investments measured at fair value as of December 31, 2023:

As of December 31, 2023 and 2022 and for the year ended December 31, 2023

*Transfers Between Levels* – The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation approaches may require the transfer of financial instruments from one fair value level to another.

The significance of transfers between levels is evaluated based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits.

The following tables set forth a summary of the Plan's investments with a reported NAV at December 31, 2023 and 2022.

- (a) Mellon Stable Value Fund Class M pursues its investment objective to seek preservation of principal and a stable rate of return by investing primarily in a diversified portfolio of contracts issued by creditworthy insurance companies ("GICs"), synthetic GICs, separate account GICs, variable rate GICs, repurchase agreements, and cash and cash equivalents, including money market instruments and certificates of deposit.
- (b) As noted above, there are certain redemption restrictions at the Plan level. However, there are no redemption restrictions for participants of the Plan.

## (5) Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to suspend or discontinue contributions at any time and to terminate the Plan in whole or in part subject to the provisions of ERISA. If terminated, participants in the Plan would become 100% vested in their accounts. In the event of complete or partial Plan termination, the Company shall determine whether the assets of the Plan shall be liquidated and distributed or whether the assets shall continue to be held in the trust and distributed in accordance with the terms of the Plan.

# Antares Capital LP 401(k) Plan

Notes to Financial Statements

As of December 31, 2023 and 2022 and for the year ended December 31, 2023

---

## (6) Exempt Party-In-Interest Transactions

Certain Plan investments are shares of mutual funds managed by Fidelity. Fidelity is the trustee and Fidelity Operations is the recordkeeper, as defined by the Plan. Therefore, these transactions qualify as exempt party-in-interest transactions. Fees paid for investment management services were included as a reduction of the return earned on each fund.

Certain officers and employees of the Company who may also be participants in the Plan perform administrative services related to the operation, recordkeeping, and financial reporting of the Plan.

The Plan issues loans to participants, which are secured by the vested balances in the participants' accounts.

## (7) Federal Income Tax Status

The Plan uses a prototype plan document sponsored by Fidelity Management and Research Company ("FMRC"). FMRC received an opinion letter from the Internal Revenue Service ("IRS"), dated June 30, 2020, which states that the prototype document satisfies the applicable provisions of the Code. The Plan itself has not received a determination letter from the IRS. The Plan has been amended since FMRC received the letter, however, the Plan's management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Code. Therefore, no provision for income taxes has been recorded in the Plan's financial statements.

## (8) Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Form 5500 at December 31, 2022:

|                                                                | 2022           |
|----------------------------------------------------------------|----------------|
| Net assets available for benefits per the financial statements | \$ 103,363,712 |
| Adjustment from NAV to 5500 reporting of the stable value fund | (241,170)      |
| Net assets per Form 5500                                       | \$ 103,122,542 |

For the year ended December 31, 2023, the net increase in net assets available for benefits differs by \$241,170 from the net income (loss) per the Form 5500 due to the reversal of the prior year stable value adjustment.

## (9) Subsequent Events

The Company has evaluated subsequent events through October 14, 2024, which is the date the financial statements were available to be issued. The Company did not identify any subsequent events that would require adjustment to or disclosure in the financial statements.
