INDEPENDENT AUDITORS' REPORT

To the Board of Trustees of
Foothill Cardiology Profit Sharing/401(k) and Health/Disability Plan and Trust

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Foothill Cardiology Profit Sharing/401(k) and Health/Disability Plan and Trust (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section -

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Foothill Cardiology Profit Sharing/401(k) and Health/Disability Plan and Trust and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Foothill Cardiology Profit Sharing/401(k) and Health/Disability Plan and Trust's ability to continue as a going concern for one year after the date financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Foothill Cardiology Profit Sharing/401(k) and Health/Disability Plan and Trust's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Foothill Cardiology Profit Sharing/401(k) and Health/Disability Plan and Trust's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedules: 1) Schedule H, line 4i-Schedule of Assets (Held at End of Year) and 2) Schedule H, line 4a - Schedule of Delinquent Participant Contributions as of or for the year ended December 31, 2023 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2023 AND 2022

NOTE A - DESCRIPTION OF THE PLAN

The following description of the Foothill Cardiology Profit Sharing/401(k) and Health/Disability Plan and Trust (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

1. General

Effective January 1, 1999, the Plan was established for employees of Foothill Cardiology Medical Group Inc. (the "Employer"). The Plan is a health/disability benefits plan and a contributory profit sharing plan under Sections 401(a) and 401(k) of the Internal Revenue Code (IRC) and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Effective October 1, 2023, the Plan terminated its contract with John Hancock Life Insurance Company (U.S.A.) (John Hancock) and U.S. Bank National Association (U.S. Bank) as custodians and recordkeepers. As a result, on October 12, 2023 all plan assets were transferred from John Hancock to John Hancock Trust Company LLC (John Hancock Trust), a successor custodian, and John Hancock Retirement Plan Services LLC (John Hancock Retirement) became the recordkeeper and administrative service provider. In addition, the Plan entered into new agreements with Oppenheimer & Co. Inc. (Oppenheimer) and Morgan Stanley, the new custodians of the self-directed brokerage accounts. The majority of plan assets with U.S. Bank were transferred to Oppenheimer and Morgan Stanley in December 2023.

2. Eligibility

Employees are eligible for participation in the Plan prior to quarterly entry dates, upon attaining age 21 and completion of one year of service (defined as 1,000 or more hours). Upon meeting the eligibility requirements, participants are automatically enrolled into the Plan at a 3% deferral rate, unless a different election is made by the participant including not to defer at all. Union, leased and non-resident aliens are excluded from participating in the Plan.

3. Contributions

Participants may elect to contribute on a pre-tax or Roth basis, up to the maximum deferral limit per Section 402(g)(1) of the IRC up to 100% of compensation. Additional "catch-up" contributions can be made beginning in the plan year in which a participant will be at least age 50 by the end of the plan year.

The Employer may make a discretionary matching contribution to the Plan and will make a safe harbor contribution to non-highly compensated employees. For the plan year ended December 31, 2023, the Employer made a safe harbor contribution equal to 3% of compensation totaling \$163,850. No discretionary matching contributions were made to the Plan for the year ended December 31, 2023.

NOTE A - DESCRIPTION OF THE PLAN (Continued)

3. Contributions (Continued)

In addition, the Employer may make a discretionary non-elective Employer contribution to the Plan subject to determination on an annual basis by the Board of Directors of the Employer. This discretionary Employer contribution, if any, shall be allocated to certain participant groups as designated by the Board of Directors of the Employer. Any amounts allocated to a participant group will be allocated as a uniform percentage of plan compensation or as a uniform dollar amount to all participants within that participant group. For the year ended December 31, 2023, this discretionary Employer contribution totaled \$733,029.

4. Rollover Contributions

With the approval of the plan administrator, a participant may contribute a rollover contribution into the Plan. The plan administrator may require the participant to supply all the information it deems necessary and a statement that such contribution constitutes a rollover contribution. In addition, such rollover contributions may be withdrawn from the Plan at any time with prior written notice to the plan administrator.

5. Participant Accounts

Each participant account is credited with the participant's contributions, rollover contributions, Employer matching contributions and allocations of the Employer safe harbor and Employer discretionary contributions and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

6. Investment Options

Participants may direct employee and Employer contributions, as desired, in any of a variety of investment options held by John Hancock through October 12, 2023 and John Hancock Trust, thereafter. In addition, participants may direct contributions into self-directed brokerage accounts held by US Bank through December 5, 2023 and Oppenheimer and Morgan Stanley, thereafter. Participants may change their investment options daily.

7. Vesting

Participants are fully vested in their elective deferral contributions, rollover contributions, and Employer contributions plus actual earnings thereon.

NOTE A - DESCRIPTION OF THE PLAN (Continued)

8. Benefit Payments

Upon termination of service, normal retirement, death, or total and permanent disability, participants or their beneficiaries may elect to receive a lump sum or installment distributions equal to 100% of the value of the participant's account balance. Additionally, participants may receive in-service and hardship distributions if certain criteria are met.

Under the health/disability plan provisions, a participant shall be compensated upon permanent disfigurement, permanent loss or loss of use of a member or function of the body. As such, a disabled participant shall be compensated for the nature of his or her injury without regard to the period of his or her absence from work, age, level of compensation, years of service, or job description. The amount of this compensation may not exceed 105% of the participant's account balance. However, should the participant's account balance exceed the disability amount awarded, the combined total of benefit payments received under both provisions may not exceed 100% of the participant's account balance.

9. Notes Receivable from Participants

Participants may borrow from their account a minimum of \$1,000, up to 50% of their vested account balance, not to exceed \$50,000 reduced by the highest outstanding loan balance during the previous twelve months. Loans shall bear a reasonable interest rate equal to the prime rate plus 1%. Loans must be repaid within five years of the date of issuance in accordance with terms established by the plan administrator. Loans for the purchase of a principal residence must be repaid within twenty years. A participant may have only one loan outstanding at any given time.

10. Plan Termination

While the Employer has not expressed any intent to terminate the Plan, the Employer reserves the right to terminate the Plan at any time, subject to the provisions of ERISA. Upon termination, all interests of participants become fully vested, and the assets are distributed among the participants of the Plan in accordance with the provisions of the Plan.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

1. Basis of Presentation

The accompanying financial statements of the Plan have been prepared on the accrual basis of accounting.

DECEMBER 31, 2023 AND 2022

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

2. Plan Administration

The Employer is the plan sponsor and the plan administrator. The plan administrator is responsible for carrying out the duties imposed under ERISA.

3. Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the investment advisers and custodians. See Note D for further discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation/depreciation includes gains and losses on investments bought and sold as well as held during the year.

4. Payment of Benefits

Benefits are recorded when paid.

5. Administrative Expenses

Administrative expenses incurred by the custodians in performance of their duties are paid from the assets of the Plan. Fees related to the administration of notes receivable from participants and other participant specific fees are charged directly to the participant's account and are included in administrative expenses. Substantially all other out-of-pocket administrative expenses of the Plan are paid by the plan sponsor. Expenses that are paid by the plan sponsor are excluded from these financial statements. Investment related expenses are included in net appreciation/depreciation in fair value of investments.

6. Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires plan management to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

7. Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

8. Recent Accounting Pronouncement

As of January 1, 2023, the Plan adopted Accounting Standards Codification Topic 326, *Financial Instruments – Credit Losses*, using a modified-retrospective approach. The standard replaces the previous incurred loss model and requires entities to record an estimate of expected losses on financial assets for the remaining estimated life of the asset. This estimate must include consideration of historical experience, current conditions, and reasonable and supportable forecasts. The standard applies to the Plan's Employer and employee contribution receivables. The adoption did not have a material impact on these financial statements.

NOTE C - INFORMATION CERTIFIED BY CUSTODIANS

The plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by John Hancock, as of December 31, 2022 and through October 12, 2023, US Bank, as of December 31, 2023 and 2022 and for the year ended December 31, 2023, and John Hancock Trust as of December 31, 2023 and for the period October 13, 2023 to December 31, 2023, the Plan's custodians, as complete and accurate, except for comparing such information certified by the custodians to information included in the Plan's financial statements and supplemental schedule:

NOTE D - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Registered investment companies: Valued at the quoted net asset value (NAV) of shares held by the Plan at year end.

**FOOTHILL CARDIOLOGY PROFIT SHARING/401(k) AND
HEALTH/DISABILITY PLAN AND TRUST**
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2023 AND 2022

NOTE D - FAIR VALUE MEASUREMENTS (Continued)

Collective investment trusts: Valued at the NAV of units of the collective trust fund. The NAV, as provided by the trustee of the fund, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV.

Stable value collective investment trust (Putnam): A stable value collective investment trust that is composed primarily of security-backed investments contracts, guaranteed investment contracts and similar contracts issued by insurance companies, banks, and other financial institutions, and is valued at the NAV of units of the collective trust. The NAV is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV.

Interest bearing cash: Valued at cost plus interest.

Guaranteed interest accounts: Valued at contract value, which approximates fair value. Contract value represents contributions made under the contract plus compound interest earned less participant withdrawals and administrative expenses. Interest is earned over a defined term of 3 years, provided all contributions remain in the account until maturity. Interest rates are established on the first day of the month and apply to all contributions made in the account during the period. Withdrawals taken prior to the end of the guarantee period may be subject to a market value adjustment. The average crediting rate to participants was 1.4% for the year ended December 31, 2023. On October 12, 2023, the guaranteed interest accounts were transferred to the stable value fund held with John Hancock Trust.

The primary investment objective of the guaranteed interest accounts is to seek to achieve investment income consistent with the preservation of principal, primarily through investments in federal and other government bonds, corporate bonds and commercial mortgages. Transfers between guaranteed interest accounts are not permitted. The guaranteed interest accounts do not have unfunded commitments relating to their investments, or any significant restrictions on participant-directed withdrawals. Participant-directed transfers between a guaranteed interest account and other investment options may be subject to a market value adjustment.

Pooled Separate Accounts: The net asset value (NAV) of these accounts is based on the market value of their underlying investments. The NAV is not a publicly quoted price in an active market. The NAV is used as a practical expedient to estimate fair value. This practical expedient is not used when it is determined to be probable that the account will sell the investment for an amount different than the reported NAV.

Self-directed brokerage accounts: Accounts primarily consist of mutual funds, interest-bearing cash, foreign stocks, and domestic common stocks that are valued on the basis of readily determinable market prices.

NOTE D - FAIR VALUE MEASUREMENTS (Continued)

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2023 and 2022:

<i>Assets at Fair Value as of December 31, 2023</i>

^(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to the line items presented in the Statements of Net Assets Available for Benefits.

The following tables summarize investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2023 and 2022. Participant directed transfers to other investment options were generally limited to two per calendar month for investments held with John Hancock.

NOTE E - RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Plan investments are or were held by John Hancock, U.S. Bank, John Hancock Trust, Oppenheimer and Morgan Stanley, the custodians. John Hancock Retirement is the record-keeper for the Plan. Certain plan investments are managed by the custodians and, therefore, these transactions qualify as party-in-interest transactions. Notes receivable from Plan participants and the related interest income are also considered party-in-interest transactions.

John Hancock Trust receives revenue from certain investment options offered by the Plan. This revenue is used to offset certain amounts owed to John Hancock Trust for its administrative services to the Plan. Revenues in excess of expenses are allocated to participants on a monthly basis. No such amounts were allocated to participants during the year ended December 31, 2023.

NOTE F - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statement of Net Assets Available for Benefits.

**FOOTHILL CARDIOLOGY PROFIT SHARING/401(k) AND
HEALTH/DISABILITY PLAN AND TRUST**
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2023 AND 2022

NOTE G - INCOME TAX STATUS

The Employer adopted a non-standardized pre-approved profit sharing plan with a money purchase and a cash or deferred arrangement (non-standardized plan), which received a favorable opinion letter from the Internal Revenue Service (IRS) dated June 30, 2020, which stated that the related plan is designed in accordance with applicable sections of the IRC. The Plan has been amended since receiving the opinion letter; however, the plan administrator and the Plan's advisors believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Administration errors, if any, which are insignificant or operational in nature, are handled by the plan administrator in accordance with applicable IRS correction policies. Therefore, the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE H - SUBSEQUENT EVENTS

Plan management has evaluated subsequent events through October 11, 2024, the date the financial statements were available to be issued.
