INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator
Berridge Manufacturing 401(k) Plan
San Antonio, Texas

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Berridge Manufacturing 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

(Continued)

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year from the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

(Continued)

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, Line 4i – Schedule of Assets (Held at End of Year), is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from, and relates directly to, the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

BERRIDGE MANUFACTURING 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2023 and 2022

NOTE 1 – DESCRIPTION OF PLAN

Berridge Manufacturing 401(k) Plan (the Plan) is a qualified retirement plan adopted by Berridge Manufacturing Company (the Company) to provide eligible employees with the opportunity to save for retirement on a tax-advantaged basis. The Plan was adopted on July 1, 1998 and was most recently amended and restated effective January 1, 2022 to conform the Plan to new tax laws and regulations. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The following description of the Plan provides only general information. Participants should refer to the legal plan document for a more complete description of the plan's provisions.

Eligibility: All employees of the Company are eligible to participate in the Plan after attainment of age 21 and completion of one period of service. An employee's entry date will be the first day of the plan year or the first day of the seventh month of the plan year coinciding with or next following the date the employee satisfies the eligibility requirements.

Contributions: Participants may elect to reduce their compensation by a specific percentage or dollar amount and have that amount contributed to the Plan as salary deferral. There are two types of salary deferrals: pre-tax 401(k) deferrals and Roth 401(k) deferrals. Total deferrals in any taxable year may not exceed a dollar limit which is set by law. Participants who are at least age 50 or will attain age 50 before the end of a calendar year may make additional catch-up contributions. Participants may revoke their salary deferral elections at any time. Participants may make any other modification to their salary deferral elections on the first day of the plan year or the first day of the seventh month of the plan year. Participants are also permitted to deposit into the plan distributions they have received from other retirement plans and certain IRAs as rollover contributions.

The Company may make a discretionary matching contribution equal to a uniform percentage of participants' salary deferrals. For 2023, the Company made a matching contribution equal to 50% of participants' elective deferral contributions, limited to 6% of a participant's compensation.

Participant Accounts: Each participant's account is credited with the participant's contributions and an allocation of (a) the Company's contributions (b) Plan earnings and losses, and (c) forfeitures of discretionary matching contributions, and is charged with his or her withdrawals and an allocation of administrative expenses. Allocations are based on participant contributions, eligible compensation, participant account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from participant's vested account. Each participant directs the investment of his or her account to any of the investment options available under the Plan.

Vesting: Participants are always 100% vested in their salary deferrals, rollover contributions, and actual plan earnings thereon. A participant's vested percentage for employer contributions is based on vested years of service. A participant is 100% vested after five years of service.

Investment Options: Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan offers mutual funds and a guaranteed investment contract as investment options for participants. Participants may redirect future contributions or exchange existing balances among available investment securities at any time.

Payment of Benefits: Participants may receive a distribution of the vested portion of some or all of their accounts in the Plan for the following reasons: termination of employment, early retirement, normal retirement, disability, or death. Benefits under the Plan will be paid to participants in cash. If the vested account balance does not exceed \$5,000, then the vested account balance may only be distributed to a participant in a single lump-sum payment. If the vested account balance exceeds \$5,000, then the participant may elect to receive a distribution of their vested account balance in a single lump-sum payment or installments.

NOTE 1 – DESCRIPTION OF PLAN (Continued)

Participants may be entitled to receive an in-service distribution. Participant may receive a distribution from the Plan from certain accounts prior to termination of employment provided they have attained age 59½. Participants may also withdraw money for financial hardship to satisfy certain immediate and heavy financial needs.

Retirement, Death, and Disability: A participant is entitled to 100% of his or her account balance upon retirement, death, or disability.

Plan Termination: Although the Company intends to maintain the Plan indefinitely, the Company reserves the right to terminate the Plan at any time. Upon termination, no further contributions will be made to the Plan and all amounts credited to participant's accounts will become 100% vested.

Administrative Expenses: Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

Forfeited Accounts: If a participant terminates employment before being fully vested, then the non-vested portion of a terminated participant's account balance remains in the Plan and is called a forfeiture. The Company may use forfeitures to pay plan expenses or reduce employer contributions. At December 31, 2023 and 2022, forfeited non-vested accounts totaled \$24,951 and \$20,607, respectively. During 2023, there were no forfeitures used to pay plan expenses or to reduce employer contributions.

Subsequent Events: The Plan has evaluated subsequent events through October 4, 2024, the date the financial statements were available to be issued.

NOTE 2 – SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting: The financial statements of the Plan are prepared on the accrual basis of accounting.

Estimates: The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP) requires the Company to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition: The Plan's investments other than the fully benefit responsive contract are reported at fair value as further described in Notes 4 and 5. Fair value is the price that would be received by the Plan for an asset or paid by the Plan to transfer a liability (an exit price) in an orderly transaction between market participants on the measurement date in the Plan's principal or most advantageous market for the asset or liability. Contract value is the relevant measure for the Plan's fully benefit-responsive investment contracts, because contract value is the amount Plan participants generally receive when executing transactions under the terms of the contract and Plan provisions. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis.

Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

BERRIDGE MANUFACTURING 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2023 and 2022

NOTE 2 – SUMMARY OF ACCOUNTING POLICIES (Continued)

Excess Participant Contributions Payable: Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service (IRS) are recorded as a liability with a corresponding reduction to contributions.

Payment of Benefits: Benefits are recorded when paid.

Risks and Uncertainties: The Plan holds various investments. Investments are exposed to various risks such as interest rate, market, liquidity, credit and risks related to global events. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the fair values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 3 – CERTIFIED INFORMATION

Certain information related to investments disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments held at December 31, 2023 and 2022, net appreciation in fair value of investments and dividends for the year ended December 31, 2023, was obtained by management and agreed to or derived from information certified as complete and accurate by Empower Annuity Insurance Company of America and Empower Trust Company, LLC.

NOTE 4 – FAIR VALUE MEASUREMENTS

Fair value measurements are determined by maximizing the use of observable inputs and minimizing the use of unobservable inputs. The hierarchy places the highest priority on unadjusted quoted market prices in active markets for identical assets or liabilities (Level 1 measurements) and gives the lowest priority to unobservable inputs (Level 3 measurements). The three levels of inputs within the fair value hierarchy are defined as follows:

Level 1 – Quoted prices (adjusted) for identical assets or liabilities in active markets that the Plan has the ability to access as of the measurement date.

Level 2 – Significant other observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.

Level 3 – Significant unobservable inputs that reflect the Plan's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

In some cases, a valuation technique used to measure fair value may include inputs from multiple levels of the fair value hierarchy. The lowest level of significant input determines the placement of the entire fair value measurement in the hierarchy.

Mutual Funds: The fair values of mutual fund investments are determined by obtaining quoted prices on nationally recognized securities exchange (Level 1 inputs).

(Continued)

BERRIDGE MANUFACTURING 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2023 and 2022

NOTE 4 – FAIR VALUE MEASUREMENTS (Continued)

The following tables sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

	2023			
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	\$ 7,750,734	\$ -	\$ -	\$ 7,750,734
Investments at fair value	\$ 7,750,734	\$ -	\$ -	\$ 7,750,734

	2022			
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	\$ 6,790,531	\$ -	\$ -	\$ 6,790,531
Investments at fair value	\$ 6,790,531	\$ -	\$ -	\$ 6,790,531

There were no assets or liabilities measured at fair value on a non-recurring basis at December 31, 2023 and 2022. There were no transfers between levels for 2023 and 2022.

NOTE 5 – KEY GUARANTEED PORTFOLIO FUND

The Plan has a fully benefit-responsive group annuity contract with Empower Annuity Insurance Company of America (Empower), which is called the Key Guaranteed Portfolio Fund (Fund). Empower maintains the contributions in a general account which is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract value of the group annuity contract at December 31, 2023 and 2022 was \$1,090,596 and \$1,145,295, respectively.

Since the Fund is fully benefit-responsive traditional investment contract, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the Fund. The Fund is presented on the statements of net assets available for benefits at contract value. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Certain events limit the Plan's ability to transact at contract value with Empower. Such events include the following: (1) premature termination of the contract by the Plan, (2) plant closings, (3) layoffs, (4) Plan termination, (5) bankruptcy, and (6) early retirement incentives. Plan management believes that the occurrence of events that would cause the Plan to transact at less than contract value is not probable.

Empower may not terminate the contract at any amount less than the contract value. Empower is contractually obligated to pay the principal and specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula agreed upon with Empower. Such interest rates are reviewed on a quarterly basis for resetting.

(Continued)

BERRIDGE MANUFACTURING 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2023 and 2022

NOTE 5 – KEY GUARANTEED PORTFOLIO FUND (Continued)

The crediting rate of the product will be established based on the earnings of the underlying assets in the entire medium-long term portfolio compared to the minimum interest crediting rate, as stated in the contract, and prevailing market conditions. The average yield earned by the Plan for the group annuity contract is derived by averaging the quarterly gross interest rates for the Fund over the year.

NOTE 6 – PARTY-IN-INTEREST TRANSACTIONS

Parties-in-interest are defined under Department of Labor regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer, and certain others. Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. Some administrative expenses of the Plan are paid directly by the Company. The Plan holds an investment contract with Empower. Empower is a service provide to the Plan and, therefore, these transactions and the Plan payment of fees to the Company qualify as party-in-interest transactions.

NOTE 7 – TAX STATUS

The IRS issued an opinion letter dated November 20, 2020 indicating that the non-standardized pre-approved plan adopted by the Plan, as then designed, was in compliance with applicable requirements of the IRC. Although the Plan had been amended from the original prototype document, Plan management believes that the Plan was operated in accordance with the IRC.

U.S. GAAP requires the Company to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2020.

NOTE 8 – RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, to Form 5500:

	<u>2023</u>	<u>2022</u>
