Independent Auditor's Report

To the Plan Administrator
Zwicker & Associates, P.C. 401(k) Plan
Andover, Massachusetts

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Zwicker & Associates, P.C. 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP); and
- the certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedules Required by ERISA

The supplemental schedules of Form 5500 - Schedule H, Part IV, Line 4(i) - Schedule of Assets (Held at End of Year) as of December 31, 2023 and of Form 5500 - Schedule H, Part IV, Line 4(a) - Schedule of Delinquent Participant Contributions for the year ended December 31, 2023 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified

investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the certified investment information in the supplemental schedules agrees to, or are derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Zwicker & Associates, P.C. 401(k) Plan

Notes to Financial Statements

1. Description of Plan

The following description of the Zwicker & Associates, P.C. 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the plan document for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan covering all eligible employees of Zwicker & Associates, P.C. (the “Company”) who are age 21 or older and have completed six months of service. An employee is eligible to participate in the elective deferral and company matching feature of the Plan on the first day of the month following the month in which they have met the eligibility requirements. Plan management is responsible for oversight of the Plan, determining the appropriateness of the Plan’s investment offerings, and monitoring investment performance. The Plan is subject to the provisions of the Employee Retirement Income Security of 1974 (“ERISA”).

Contributions

Participants may elect to contribute from 1% up to 90% of their compensation, as defined by the Plan, subject to Internal Revenue Service (“IRS”) limitations. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan.

For the year ended December 31, 2023, the Company contributed 25% of the first 4% of eligible compensation that a participant contributed to the Plan during each pay period. Each year, the Company may determine the matching contribution percentage at its sole discretion. In addition to matching contributions on voluntary employee contributions, the Company may make additional discretionary contributions. For the year ended December 31, 2023, no additional discretionary contributions were made. All contributions are subject to certain limitations under the Internal Revenue Code (“IRC”).

Participant Accounts

Each participant’s account is credited with the participant’s contributions and allocations of (a) the Company’s contributions (b) plan earnings and (c) expenses. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account. Participants who choose to have loans are also charged fees to their individual accounts.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company discretionary matching and non-elective contribution portion of their accounts is based on years of service. A participant is 100% vested in the Company discretionary matching and non-elective contributions after six or more years of credited service in accordance with the following schedule:

Zwicker & Associates, P.C. 401(k) Plan

Notes to Financial Statements

<i>Years of Service</i>	<i>Percent Vested</i>
Less than 2 years	0%
2 years but less than 3 years	20%
3 years but less than 4 years	40%
4 years but less than 5 years	60%
5 years but less than 6 years	80%
6 years or more	100%

In the event of death, permanent disability, or retirement, a participant's Company contribution account becomes fully vested.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$500 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loans must be fully repaid within five years or within 30 years for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at rates ranging from 5.25% to 11.50%, which are commensurate with local prevailing rates plus 2.00% as determined by the plan administrator. Principal and interest are paid ratably through payroll deductions. Participants also have the option to repay the loan in a lump-sum amount. Only one loan can be outstanding during the Plan year.

Payment of Benefits

On termination of service due to death, disability, retirement, or termination of employment, a participant may elect to roll over their vested account balance to an individual retirement account, another qualified plan, or to receive a lump-sum distribution. Partial and installment distributions are also allowed under certain criteria as defined in the Plan. The Plan automatically rolls over terminated participants' accounts with balances less than \$5,000 to an individual retirement account, unless the participant elects to be paid out as defined by the plan documents.

Forfeitures

At December 31, 2023 and 2022, forfeited non-vested accounts totaled \$13,718 and \$20,006, respectively. Forfeited non-vested amounts can be used to reduce plan expenses and the Company's contribution obligations to the Plan. During the year ended December 31, 2023, the Plan used forfeitures in the amount of \$45,864 to reduce employer matching contributions.

2. Summary of Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect

Zwicker & Associates, P.C. 401(k) Plan

Notes to Financial Statements

the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's management determines the Plan's valuation policies utilizing information provided by the investment advisers and trustee. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Contributions

Participant contributions and any related Company matching contributions are recognized in the period during which the Company makes the respective payroll deduction from the participant's compensation.

Payment of Benefits

Benefit payments to participants are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants and distributions are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation or depreciation in fair value of investments.

Subsequent Events

The Plan has evaluated subsequent events through October 11, 2024, which is the date the financial statements were available to be issued.

3. Certified Investments

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Reliance

Zwicker & Associates, P.C. 401(k) Plan

Notes to Financial Statements

Trust Company (“Reliance”), the trustee for the Plan and qualified institution, has certified as to the completeness and accuracy of all the investments and notes receivable from participants prepared by ADP Retirement Services (“ADP RS”) on behalf of Reliance as reflected on the accompanying statements of net assets available for benefits as of December 31, 2023 and 2022, the supplemental schedule, Form 5500 - Schedule H, Part IV, Line 4(i) - Schedule of Assets (Held at End of Year) as of December 31, 2023, and the related investment activity and interest income on notes receivable from participants reflected on the statement of changes in net assets available for benefits for the year ended December 31, 2023. The Plan’s independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

4. Fair Value Measurement

The Financial Accounting Standards Board Accounting Standards Codification (“ASC”) Topic 820, *Fair Value Measurement*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC Topic 820 are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
Level 2	Inputs to the valuation methodology include: • quoted prices for similar assets or liabilities in active markets; • quoted prices for identical or similar assets or liabilities in inactive markets; • inputs other than quoted prices that are observable for the asset or liability; • inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability’s fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques need to maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Zwicker & Associates, P.C. 401(k) Plan

Notes to Financial Statements

Registered Investment Companies and Money Market Fund

Registered investment companies and the money market fund are valued at the daily closing price as reported by the fund. Mutual funds and the money market fund held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (“NAV”) and to transact at that price. The registered investment companies and money market fund held by the Plan are deemed to be actively traded.

Common/Collective Trusts

Common/collective trusts have the characteristics of a structure similar to a registered investment company and are valued based on the readily determinable quoted market price that each common/collective trust publishes at the end of each business day. Units of common/collective trusts are valued to reflect performance of the underlying assets minus any fees and charges. While the underlying assets may be actively traded on an exchange, the common/collective trusts are not and, therefore, are classified as level 2 assets in the fair value hierarchy.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan’s assets at fair value:

<i>December 31, 2023</i>	Level 1	Level 2	Level 3	Total
Registered investment companies	\$ 9,337,906	\$ -	\$ -	\$ 9,337,906
Common/collective trusts	-	6,368,341	-	6,368,341
Money market fund	1,921,004	-	-	1,921,004
Total Investments, at fair value	\$ 11,258,910	\$ 6,368,341	\$ -	\$ 17,627,251

<i>December 31, 2022</i>	Level 1	Level 2	Level 3	Total
Registered investment companies	\$ 7,291,892	\$ -	\$ -	\$ 7,291,892
Common/collective trusts	-	4,897,572	-	4,897,572
Money market fund	1,975,324	-	-	1,975,324
Total Investments, at fair value	\$ 9,267,216	\$ 4,897,572	\$ -	\$ 14,164,788

5. Related-Party Transaction

Certain plan investments are shares of registered investment companies, the money market fund, and common/collective trusts managed by State Street Bank and Trust Company (“State Street”). State Street is a sub-custodian to Reliance. Therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for the investment management services are included in net appreciation or depreciation in fair value of the investment. Any revenue sharing in excess of fees for management services are held in the Plan’s suspense account and used to offset future fees.

Zwicker & Associates, P.C. 401(k) Plan

Notes to Financial Statements

Certain employees of the Company who participate in the Plan, perform administrative services to the Plan at no cost to the Plan. Notes receivable from participants are also exempt party-in-interest transactions.

ADP RS is the record keeper of the Plan. During 2023, the Plan paid \$10,915 in operating expenses to ADP RS. The Plan or Company may make a payment to ADP RS for administrative expenses not covered by revenue sharing.

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their Company contributions.

7. Tax Status

The Company, as the Plan's sponsor, adopted a pre-approved plan document which received an IRS opinion letter dated October 6, 2020, which states that the pre-approved document satisfies the applicable sections of the IRC. The Plan has subsequently been amended; however, the Plan's management and Plan's tax counsel believe that the Plan is currently designed and is being operated in compliance with the applicable requirements of the IRC and that the Plan continues to be tax exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the federal and state taxing authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near-term and that such changes could materially affect participants' account balances and the amounts reported on the statements of net assets available for benefits.

9. Delinquent Contributions

During the Plan year ended December 31, 2022, contributions totaling \$163,826 were not remitted to the Plan within the period prescribed by DOL regulations. These transactions constitute prohibited transactions as defined by ERISA. The principal amount of these contributions were remitted to the Plan prior to December 31, 2022 and related lost earnings of \$847 were remitted to the Plan in 2023.
