INDEPENDENT AUDITOR'S REPORT

To the Participants and Trustees of
Tacoma Millmen's Supplemental Retirement Plan

Opinion

We have audited the accompanying financial statements of Tacoma Millmen's Supplemental Retirement Plan, which comprise the statements of net assets available for benefits (liquidation basis) as of December 31, 2023 and 2022; the related statements of changes in net assets available for benefits (liquidation basis) for the years then ended; and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits (liquidation basis) of Tacoma Millmen's Supplemental Retirement Plan as of December 31, 2023 and 2022, and the changes in net assets available for benefits (liquidation basis) for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion on the Financial Statements

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Tacoma Millmen's Supplemental Retirement Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements, relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Basis of Accounting

As discussed in Note 1 to the financial statements, the Board of Trustees of Tacoma Millmen's Supplemental Retirement Plan approved a plan of liquidation on March 3, 2017, and management determined that liquidation is imminent. As a result, effective December 31, 2017, the plan has changed its basis of accounting to the liquidation basis used in presenting the financial statements. Subsequent to December 31, 2017, the Board of Trustees amended the termination date of the plan to be effective on December 31, 2018. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

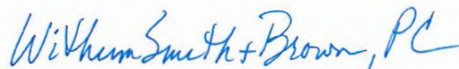

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentation, or the override of internal control. Misstatements, including omissions, are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Tacoma Millmen's Supplemental Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Tacoma Millmen's Supplemental Retirement Plan

Notes to Financial Statements

December 31, 2023 and 2022

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Method of Accounting

Prior to January 1, 2017, the Plan prepared its financial statements using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America. During the year ended December 31, 2017, the termination of the Plan became imminent. Accordingly, the Plan's basis of accounting was changed to the liquidation basis of accounting (amounts are valued at the amount expected to be collected and paid), effective January 1, 2017. Subsequent to December 31, 2017, the Board of Trustees amended the termination date of the Plan to be effective on December 31, 2018. As of December 31, 2023, the Plan has terminated as discussed in Note 3. Any fluctuations in the realizable amount will be recognized in the period in which they occur.

Investment Valuation, Transactions and Income Recognition -

General - Investments are carried at fair value, which is determined, presented and disclosed in accordance with Financial Accounting Standards Board Accounting Standards Codification (FASB ASC) 820, *Fair Value Measurements and Disclosures*. Under FASB ASC 820, fair value is defined as the price that would be received to sell an asset or paid to transfer a liability (i.e., the "exit price") in an orderly transaction between market participants at the measurement date.

FASB ASC 820 establishes a fair value hierarchy for inputs used in measuring fair value that maximizes the use of observable inputs and minimizes the use of unobservable inputs by requiring that the most observable inputs be used when available. Observable inputs are those that market participants would use in pricing the asset or liability based on market data obtained from sources independent of the Plan. Unobservable inputs reflect the Plan's assumptions about inputs that market participants would use in pricing the investments developed based on the best information available in the circumstances. The fair value hierarchy is categorized into three levels, based on the inputs, as follows:

Level 1 - Valuations based on quoted prices in active markets for identical assets or liabilities that the Plan has the ability to access.

Level 2 - Valuations based on quoted prices in markets that are not active, quoted prices for similar investments in active markets, or model-based valuations for which all significant assumptions are observable and can be corroborated by observable market data.

Level 3 - Valuations based on unobservable inputs that are supported by little or no market activity and are significant to the overall fair value measurement. Values are determined using proprietary pricing models, discounted cash flow models that include the investment entities' own judgments and estimations, or some other pricing method using unobservable inputs.

Inputs and Valuation Methods - In determining fair value, FASB ASC 820 allows various valuation approaches. The specific method used for the Plan's investment classes is presented below.

Money market mutual funds: Money market mutual funds are valued at cost, which approximates fair value (Level 2).

Valuation Methods, Consistency - The valuation techniques used in the accompanying financial statements have been consistently applied.

Transactions and Income Recognition - Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Notes to Financial Statements

December 31, 2023 and 2022

Benefits

Benefits are recorded when paid.

Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures in the financial statements. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan invests in money market mutual funds. Such investments are exposed to various risks, such as interest rate, market and credit. Due to the level of risk associated with certain investments and the level of uncertainty with respect to changes in the value of investments, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, which could materially affect the amounts reported in the statements of net assets available for benefits (liquidation basis) and the statements of changes in net assets available for benefits (liquidation basis).

2. DESCRIPTION OF THE PLAN

The following description of the Plan provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions. The Plan is a defined contribution pension plan covering the eligible employees of the two participating employers under the collective bargaining agreement. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

General

Tacoma Millmen's Supplemental Retirement Plan (the Plan) was formed in 1988 by various employers in the millwork business and the United Brotherhood of Carpenters and Joiners of America, Millmen's Union Local Number 2761.

Participant Accounts

Each participant's account was credited with the employer contribution (if any) and Plan earnings net of administrative expenses. Benefit payments were deducted directly from a participant's account. In anticipation of the termination of the Plan, as discussed in Note 3, the Plan has allocated funds for payment of future expenses. As of December 31, 2023 and 2022, the net assets held for future payment of expenses totaled \$0 and \$41,328, respectively. The account balances held by participants in their individual accounts totaled \$0 and \$1,656 as of December 31, 2023 and 2022, respectively.

Forfeitures

A participant's non-vested account balance was forfeited based on the vesting schedule below at the earlier of the date they receive a distribution or incur five consecutive breaks in service after termination of employment.

Vesting

As a result of the Plan's termination, as described in Note 3, all participant accounts are fully vested.

Contributions

Employer contributions were first allocated to Tacoma Millmen's Pension Plan to the extent necessary, as determined by the Plan's actuary, to meet that year's funding requirements. No employer contributions were made to this Plan during the years ended December 31, 2023 and 2022.

Notes to Financial Statements
December 31, 2023 and 2022

Board of Trustees

The Plan is administered by a Board of Trustees composed of three union trustees and three employer trustees.

3. PLAN TERMINATION

On March 3, 2017, the Board of Trustees elected to terminate the Plan. Under the terms of the Plan agreement, all participant accounts became fully vested. To allow the Plan to participate in a federal program, which will facilitate the termination and payout of the remaining participant account balances, the Board of Trustees amended the date of termination of the Plan to become effective on December 31, 2018. The Plan is in the process of paying the participants’ account balances under the terms of the Plan agreement. As of December 31, 2023, the Plan has liquidated all of its accounts, paid all invoices, and has terminated.

4. TAX STATUS

The Plan’s administrator and attorney believe that the Plan is designed and in compliance with the applicable requirements under Section 401(a) of the Internal Revenue Code (IRC) and is, therefore, exempt from federal income taxes under the provisions of Section 501(a).

Accounting principles generally accepted in the United States of America require management to evaluate the tax positions taken by the Plan and to recognize a tax liability if the Plan has taken an uncertain position that, more likely than not, would not be sustained upon examination by the Internal Revenue Service. Management has analyzed the tax positions taken by the Plan and has concluded that, as of December 31, 2023 and 2022, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by the taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

5. TRANSFER OF PARTICIPANT BALANCES

In January 2022, the Plan transferred \$251,953 to the Pension Benefit Guaranty Corporation's (PBGC) Missing Participant Program after it had exhausted all efforts to pay out the remaining benefits to participants. This transfer of funds represented all of the remaining participant account balances held within the Plan at the time of transfer of \$250,588 plus an administrative fee paid to the PBGC of \$1,365. Subsequent to the transfer to PBGC, a previously written benefit check from 2021 was redeposited into the Plan's bank account totaling \$1,656. As of December 31, 2023, the Plan no longer held any assets or participant account balances.

6. INVESTMENTS AT FAIR VALUE HIERARCHY

Assets measured at fair value on a recurring basis, based on their fair value hierarchy at December 31, 2023 and 2022, are as follows:

| | <u>Money market Mutual Funds</u> | <u>Fair Value Measurements at Significant Other Observable Inputs (Level 2)</u> |
|-------------------|--------------------------------------|---|
| December 31, 2023 | \$ - | \$ - |
| December 31, 2022 | \$ 49,405 | \$ 49,405 |

7. RELATED-PARTY TRANSACTIONS

The Plan is a related party with Tacoma Millmen's Pension Plan due to common trustees. As of December 31, 2023 and 2022, the Plan owed \$0 and \$6,583, respectively, to the related party.

8. SUBSEQUENT EVENTS

In preparing these financial statements, management of the Plan has evaluated events and transactions that occurred after December 31, 2023, for potential recognition or disclosure in the financial statements. These events and transactions were evaluated through October 7, 2024, the date that the financial statements were available to be issued, and no items have come to the attention of management that require recognition or disclosure.
