Part I	Asset and Liability Statement
---------------	--------------------------------------

1 Current value of plan assets and liabilities at the beginning and end of the plan year. Combine the value of plan assets held in more than one trust. Report the value of the plan's interest in a commingled fund containing the assets of more than one plan on a line-by-line basis unless the value is reportable on lines 1c(9) through 1c(14). Do not enter the value of that portion of an insurance contract which guarantees, during this plan year, to pay a specific dollar benefit at a future date. **Round off amounts to the nearest dollar.** MTIAs, CCTs, PSAs, and 103-12 IEs do not complete lines 1b(1), 1b(2), 1c(8), 1g, 1h, and 1i. CCTs, PSAs, and 103-12 IEs also do not complete lines 1d and 1e. See instructions.

Independent Auditors' Report

To the Trustees and the Investment Committee of
The University of Vermont Health Network 403(b) Retirement Savings Plan
Burlington, Vermont

Opinion

We have audited the accompanying financial statements of The University of Vermont Health Network 403(b) Retirement Savings Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to in the first paragraph present fairly, in all material respects, the net assets available for benefits of The University of Vermont Health Network 403(b) Retirement Savings Plan as of December 31, 2023 and 2022, and the changes in its net assets available for benefits for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Emphasis of Matter

As discussed in Note 1 to the financial statements, several plans merged into the University of Vermont Health Network 403(b) Retirement Savings Plan effective December 31, 2022. The accompanying financial statements include all assets of the merged plans (under this existing Plan under the new name, The University of Vermont Health Network 403(b) Retirement Savings Plan).

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the University of Vermont Health

Network 403(b) Retirement Savings Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of The University of Vermont Health Network 403(b) Retirement Savings Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of Schedule H, Line 4i – Schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying supplemental schedule is fairly stated, in all material respects, in relation to the financial statements taken as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

The University of Vermont Health Network 403(b) Retirement Savings Plan

Notes to Financial Statements

December 31, 2023 and 2022

(1) Description of Plan

The following description of The University of Vermont Health Network 403(b) Retirement Savings Plan (the “Plan”) provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

Effective December 31, 2022, Porter Medical Center 403(b) Retirement Savings Plan (PMC), Central Vermont Medical Center Employees Retirement Plan (CVMC), and The University of Vermont Health Network – Home Health and Hospice, Inc. 403(b) Retirement Savings Plan (HHH), merged into the University of Vermont Medical Center 403(b) Plan (UVMC) with amounts of \$42,467,353, \$97,178,754, and \$27,196,101, a net amount of \$166,550,699. On that same date, the name of the Plan changed to The University of Vermont Health Network 403(b) Retirement Savings Plan. Merged Plans still operate under their individual Plan documents, see below for changes effective January 1, 2023 as the Plans may vary by network affiliate.

(a) General– All participants in the Plan affiliates are or were employees of The University of Vermont Medical Center (the “Employer” or “UVMC”). The Plan is a defined contribution plan funded by employer and employee contributions. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

(b) Contributions:

UVMC - Each year, participants may contribute .5% to 100% of their compensation, as defined by the Plan, subject to Internal Revenue Service (IRS) limits.

UVMC will make a contribution for those eligible full-time or part-time employees who have completed 6 months of service and are scheduled to work at least 40 authorized hours per pay period.

The Employer makes two types of contributions, basic and matching, which begin 6 months after employment and is scheduled to work at least 40 authorized hours each pay period or is grandfathered in under former provisions. Ineligible employees include per-diem or regularly scheduled special employees, resident physicians, and non-resident aliens. The basic contribution is calculated based on assigned points and is made regardless of whether the employee participates in the Plan. Points are based on years of service and age. Points are calculated each year as of December 31 of the prior year and completed years of service. A year of service is determined as having worked at least 1,000 hours or more in a calendar year.

<u>Points</u>	<u>Basic Contribution</u>
Less than 40	3%
40-59	5%
60-79	7%
80+	10%

Physicians have a minimum employer basic contributions of 5%. Faculty Practice Physicians will have a minimum ER basic contribution of 5% and Community Practice Physicians will have an ER basic contribution of 4%.

December 31, 2023 and 2022

Description of Plan (continued)

Eligible employees who defer compensation into the Plan are eligible for the matching contribution. The Employer will match:

<u>EE Deferral</u>	<u>ER Match</u>
3% or more	2%
2.50%	1.66%
2%	1.33%
1.50%	1%
1%	0.67%
0.50%	0.33%

CVMC – Participants are able to contribute 1% to 100% of their annual compensation, as defined by the Plan, subject to Internal Revenue Services (IRS) limits. All active employees are eligible to make personal contributions to the Plan upon the date of hire, the Plan provides for an automatic enrollment of 1%.

The Employer makes contributions for eligible full-time or part-time employees who have completed one year of service having worked 1,000 hours, are not grandfathered into the Central Vermont Medical Center Pension Plan (Defined Benefit Plan) and who are non-resident aliens.

The Employer makes two types of contributions, matching and discretionary nonelective (basic contribution), which begins one year after employment. Eligible employees who deferred compensation into the Plan are eligible for the matching contribution. The Employer matched 100% of the first 3% of elected deferrals. At the end of the Plan year, a “true-up” calculation is performed to ensure participants received the full matching contribution. The discretionary nonelective contribution for 2023 and 2022 was equal to 3% of eligible compensation. The discretionary nonelective contribution is made regardless of whether the employee participated in the Plan.

HHH - Contributions to the Plan are made by both the Employer and the employee. Participants can contribute 1% to 100% of their annual compensation, as defined by the Plan, subject to the Internal Revenue Service (IRS) limits. The Plan also allowed for rollover contributions from other qualified plans.

The Employer can make annual discretionary matching contributions, up to 3% of compensation deferred, to participants who had attained the age of 18, had been employed for one year, and had been credited with 1,000 hours of service. Catch-up contributions are not matched. The Organization matched 100% of the first 3% that was deferred during the years ended December 31, 2023 and 2022.

Description of Plan (continued)

PMC - Participants can contribute up to 75% of eligible annual compensation, as defined in the Plan. The maximum amount that participants can contribute on a pre-tax basis was limited by provisions of the Internal Revenue Code (IRC).

Employees become eligible for PMC contributions after completing 1,000 hours of service and attaining age 21 or older. PMC makes a contribution on participants' eligible compensation based on the following schedule:

<u>Year(s) of Service</u>	<u>Employer Contribution %</u>
1-9	3%
10-19	4%
20-29	5%
30+	6%

Participants age 50+ on December 31 of the current year are permitted to make catch-up contributions subject to the IRC limitations.

(c) Vesting:

UVMMC - Participants are immediately vested in their voluntary contributions plus earnings thereon. Participants become 100% vested in the Employer's basic and matching contributions after three years of employment. No vesting occurs until three years of employment have been completed.

CVMC - Participants are immediately vested in their voluntary contributions. Participants become 100% vested in the Hospital's basic and matching contribution after three years of employment. No vesting occurs until after three years of employment have been completed.

HHH - Participant are 100% vested in their account at all times.

PMC - Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the PMC contributions and earnings thereon is based on years of service. A vesting year is a calendar year with a minimum of 1,000 worked hours. A participant vests according to the schedule below:

(d) **Plan Termination and Amendments**— Although it has not expressed any intent to do so, UVMMC reserves the right to terminate the Plan subject to the provisions of ERISA. In the event of plan termination and payment of all expenses, the assets of the Plan would be distributed to participants based upon amounts outstanding in their account as of the date of liquidation. Additionally, UVMMC may amend the Plan at any time without the consent of any participant or any beneficiary, provided that no amendment deprives any participant of the participant's non-forfeitable accrued benefits.

(e) **Payments of Benefits**— For all affiliates the plan allows, upon attainment of age 59½, retirement, or disability at any age, the participant shall be entitled under the terms of the Plan to purchase a monthly or periodic income annuity option or choose a lump-sum distribution.

In the event a participant dies prior to commencement of retirement benefit payments, the full current value of the account is then payable to the beneficiary or beneficiaries named by the participant in a single sum or by purchasing one of the income annuity options.

A participant terminating employment for reasons other than retirement or disability may choose a lump-sum distribution or choose to wait until they reach retirement age.

Hardship distributions are permitted in an amount not to exceed the total participant's elective deferral amount.

UVMMC - No other in-service distributions are allowed.

HHH - In-service withdrawals of employer matching contributions from annuity contracts were allowed after attainment of age 59 ½. Participants can also withdraw rollover contributions at any time.

PMC - Participants are subject to involuntary cash-outs if the participant separates from service at a time when the vested portion of the account balance had a value not greater than \$5,000. Participants receive their benefit payments in a single lump-sum payment.

December 31, 2023 and 2022

Description of Plan (continued)

(f) **Participant Accounts**– Each participant's account is credited with the participant's contributions and allocations of the Employer's contributions and Plan earnings. Earnings are allocated to participant accounts based on relative account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Each participant determines the investment strategy of their account as provided by the Plan.

(g) **Forfeited Accounts**– Forfeitures are used to reduce future Employer contributions and in 2023 and 2022, employer contributions were reduced by \$2,807,028 and \$466,247, respectively, from forfeited nonvested accounts. At December 31, 2023 and 2022, there was \$2,814,760 and \$1,171,697, respectively, in forfeited nonvested accounts.

(h) **Notes Receivable :**

UVMCMC - Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. Participants may only request one loan per 12 month period and cannot have more than one loan outstanding at any given time. The loans are secured by the balance in the participant's account and bear interest at current market rates. Principal and interest is repaid directly to the respective custodian.

Loans issued by TIAA and Lincoln Financial are considered plan loans, because the loans are issued directly by TIAA and Lincoln Financial to the participant and are secured by the participant's account balance. These loans qualify as non-ERISA and are excluded from the net assets available for benefits. Total Plan assets securing the loans as of December 31, 2023 and 2022 were \$228,738 and \$227,534, respectively.

PMC, CVMC, HHH – Participants can borrow up to their fund accounts a minimum of \$500 and up to a maximum equal to the lesser of, \$50,000 (less highest outstanding loan balance in the previous 12 months) or 50% of their account balance. Participants can not have more than one loan outstanding at any one given time. The interest rate charged is the Wall Street Journal Prime Rate plus 1%. Loans are secured by the balance in the participants accounts. Principal and interest are repaid through payroll deductions.

(i) **Administrative Expenses**– Administrative expenses are paid by the Employer. The custodians' expenses are allocated from each participant account based on an expense ratio.

The University of Vermont Health Network 403(b) Retirement Savings Plan

Notes to Financial Statements

December 31, 2023 and 2022

Description of Plan (continued)

- (j) **Risks and Uncertainties**— The Plan provides for various investment options which are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investments and the level of uncertainty related to changes in the value of investments, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statements of changes in net assets available for benefits.

(2) Summary of Significant Accounting Policies

- (a) **Basis of Accounting**— The financial statements of the Plan are prepared under the accrual basis of accounting.
- (b) **Use of Estimates**— The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan's management to use estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.
- (c) **Investment Valuation and Income Recognition**— Investments are reported at fair value, except for fully benefit-responsive investment contracts which are reported at contract value. Contract value is the relevant measurement attribute for a portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts. Contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

- (d) **Annuity Contracts**— Annuity contracts represent purchases of contracts which provide guaranteed amounts for future retirement benefits to participants. Once purchased, the guaranteed benefit of principal plus interest cannot be decreased, but it can be increased by dividends. These contracts are included in the Plan's assets because the insurance contracts do not guarantee to pay a "specific" benefit at a future date.
- (e) **Notes Receivables from Participants**— Notes receivables from participants are reported at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan Document.

Notes to Financial Statements

December 31, 2023 and 2022

Summary of Significant Accounting Policies (continued)

(f) *Benefit Payments*— Benefits are recorded when paid.

(g) *Subsequent Events*— The Plan evaluated subsequent events through October 15, 2024, the date the Plan's financial statements were available to be used.

(3) Investment Contracts

The Plan has entered into fully benefit-responsive investment contracts. Because the investment contracts are fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contracts.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. Furthermore, certain events would allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Examples of such events include (a) an uncured breach of the Plan's investment guidelines, (b) a material amendment to the contract without the issuer's consent, (c) violation of a material obligation under the contract, and (d) a material misrepresentation. The Plan administrator does not believe that any events that would limit the Plan's ability to transact at contract value with plan participants are probable of occurring.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer. Such interest rates are reviewed on a quarterly basis for resetting.

The investment contracts do not permit the insurance company to terminate the agreements prior to the scheduled maturity date.

(4) Fair Value Measurements

Generally accepted accounting principles in the United States of America establish a framework for measuring fair value. That framework provides a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurement) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

The University of Vermont Health Network 403(b) Retirement Savings Plan

Notes to Financial Statements

December 31, 2023 and 2022

Fair Value Measurements (continued)

Level 2 – Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Mutual and money market funds: Valued at the closing price reported on the active market on which the individual securities are traded.

Pooled separate accounts: The pooled separate accounts whose sole asset is an underlying mutual fund are reported at fair value based on the quoted market prices of the underlying mutual funds. Pooled separate accounts that consist of investment funds made up of a variety of different investment assets are valued on the aggregate fair value of the underlying assets. The units of these pooled separate accounts are not actively traded. Accordingly, each individual underlying asset is evaluated to determine where its fair value measurement falls within the fair value hierarchy. The entire pooled separate account fund is included within the fair value hierarchy based on the lowest level of any asset, or group of assets, that is significant to the overall fair value measurement.

Annuity contracts: Reported at contract value which approximates fair value. The contract value of the annuity equals the accumulated cash contributions, interest credited to the Plan's contracts, and transfers in (if any), less any withdrawals and transfers out (if any).

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Fair Value Measurements (continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2023 and 2022:

Assets at Fair Value as of December 31, 2023				
	Level 1	Level 2	Level 3	Total

The following table presents information about significant unobservable inputs related to the Plan's investments in assets categorized as Level 3 in the fair value hierarchy at December 31, 2023 and 2022:

2023			
Information about significant unobservable inputs			
Type	Fair Value	Valuation Technique	Significant Unobservable Input
TIAA Traditional Annuity (Non fully benefit-responsive)	\$ 4,197,758	Discounted cash flow Theoretical transfer (exit value)	Risk – adjusted discount rate applied

Type	Fair Value	Valuation Technique	Significant Unobservable Input
TIAA Traditional Annuity (Non fully benefit-responsive)	\$ 4,147,675	Discounted cash flow Theoretical transfer (exit value)	Risk – adjusted discount rate applied

During 2023 and 2022, the Plan purchased Level 3 assets in the amount of \$261,555 and \$74,031 respectively. During 2023 and 2022, the Plan sold Level 3 assets in the amount of \$335,582 and \$233,025, respectively.

Notes to Financial Statements

December 31, 2023 and 2022

(5) Tax Status

The Plan was formed based on a prototype plan. The Plan administrator believes that the Plan is currently designed and is being operated in compliance with the section 401(a) of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable taxing authorities. The Plan administrator has concluded that as of December 31, 2023, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax period in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2020.

(6) Related Parties

The Plan has a number of service providers. Such parties are considered parties-in-interest under ERISA.

(7) Withdrawing Participants

There are no significant Participant withdraws from the Plan that have not been paid as of December 31, 2023.

(8) Litigation

The University of Vermont Medical Center ("UVM Medical Center"), Board of Trustees, and its Defined Contribution Fiduciary Investment Committee was served with an ERISA class-action lawsuit. The Plan has not been named in the lawsuit. Due to the early stage of this lawsuit the ultimate outcome is unknown.
