Independent Auditors' Report

To the Plan Administrator and Participants of
Domino Realty Management 401 (K) Profit Sharing Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of the Domino Realty Management 401 (K) Profit Sharing Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2023, and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor ("DOL")'s Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion on the Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the Financial Statements

- We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2023 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits.
- We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2023 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters — 2023 Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, Line 4I - Schedule of Assets for the period ended December 31, 2023 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

DOMINO REALTY MANAGEMENT COMPANY
401(k) PROFIT SHARING PLAN
Notes to Financial Statements
As of December 31, 2023 and 2022

NOTE 1 - DESCRIPTION OF PLAN

The following description of the Domino Realty Management Company (“Company” or “Sponsor”) 401(k) Profit Sharing Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General - The Plan is a defined contribution plan covering eligible employees of the Company and its wholly owned subsidiaries, and was originally established by the Company on January 1, 2004 under the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). The amended and restated provisions of the Plan became effective on February 1, 2016.

Plan administration - The Company, its subsidiaries, and certain members of management are collectively the Plan’s administrator (the “Plan Administrator”) and is responsible for oversight of the Plan. The Reliance Trust Company (“Custodian”) is the Plan’s custodian and is responsible for monitoring investment activities and maintaining individual participant account balances. Automatic Data Processing (“ADP”) is the third-party administrator (“TPA”) and performs as the Plan’s record-keeper.

Tax status - The Plan is a prototype plan offered by the TPA. The Internal Revenue Service has determined and informed the TPA by letter that the prototype plan is designed in accordance with applicable sections of the Internal Revenue Code (the “IRC”). The Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Participation - An employee is eligible for participation in the Plan upon completion of 6 months of consecutive service and attainment of age 21 prior to entry dates and during which at least 500 hours of service are completed. Eligible employees may enter the Plan on the first day of the month coinciding with or next following satisfaction of the eligibility requirements. Participants who are eligible to make salary deferrals to the Plan are eligible for safe harbor contributions. The Plan also has automatic enrollment, enrolling eligible participants who do not decline participation, with an automatic 6% deferral rate.

Contributions - Contributions to the Plan include (i) salary reduction contributions authorized by participants, (ii) non-elective matching contributions made by the Company, (iii) profit sharing contributions made by the Company, and (iv) rollovers of new participants from other qualified plans.

The Plan includes a safe harbor provision. Per the plan documents, the employer will make a Matching Contribution equal to 100% of the employee’s elective deferrals. The Company will not match Elective Deferrals that exceed 6% of the employees’ eligible earnings. For example, if an employee contributes 11% of their eligible earnings to the plan as an elective deferral, the Company will make a matching contribution equal to 100% of the elective deferral but will not match the portion of the elective deferral that exceeds 6% of the employee's eligible earnings. On January 1, 2023 the Plan has added an additional discretionary match for non-highly compensated employees equal an additional 4% for those participating up to 6%.

Participant contributions - Each participant may elect to contribute a prescribed percentage of his or her compensation to the Plan. For employees who elect to participate, such percentage shall not be less than 1% and not exceed 90% of compensation, as defined under the Plan, subject to certain IRC limitations. Each year participants may elect to contribute up to 100% of their eligible compensation to the Plan up to the maximum allowed by the IRC, which is \$22,500 for 2023. In addition, participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions to the Plan up to the IRC limit, which was \$7,500 for the year ended December 31, 2023. Participants may designate all or part of his or her contribution as Roth Contributions (as defined).

NOTE 1 - DESCRIPTION OF PLAN (CONTINUED)

Sponsor contributions - The Sponsor makes qualified, non-elective matching contributions to non-highly compensated employees equal to the percentage of the participant's compensation to the total compensation of all eligible participants in a given Plan year. During the year ended December 31, 2023, the Sponsor contributed 100% of the first 6% of base compensation that a participant contributed to the Plan, which amounted to \$358,672. The Sponsor also made an additional discretionary match for non-highly compensated employees equal an additional 4% for those participating up to 6%. For the year ended December 31, 2023, the Sponsor contributed profit-sharing contributions to the Plan, which amounted to \$214,974.

Participant accounts - Separate accounts are maintained for each participant's deferred compensation, rollover contributions, the Sponsor's qualified non-elective contributions, and an allocation of the Sponsor's profit-sharing contributions. All gains, income, or losses are allocated separately to each participant's account, based on the performance of the investments within that account. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants may direct their contributions into any or all of the investment accounts with the Administrator.

Vesting - The plan also offers Employer Matching Contributions. Employee's "vested percentage" in their accounts attributable to matching contributions is determined under the following schedule. Employees will always, however, be 100% vested in their matching contributions if they are employed on or after their Normal Retirement Age or if they die or become disabled.

Vesting Schedule Matching Contributions		
Years of Service		Percentage
1		20%
2		40%
3		60%
4		80%
5		100%

Notes receivable from participants - Participants may borrow against their vested account balance at the discretion of the Plan Administrator subject to restrictions and limitations determined by the IRC. Repayment schedules for notes receivable from participants are as agreed upon by the participant and the Plan Administrator. Interest on notes receivable from participants is determined by the Plan Administrator as the prime rate published in the Wall Street Journal on the 14th day of each month, plus one percent. The notes are secured by the balance in the participant's account. Generally, notes mature within five years unless the note is for the purchase of a principal residence, in which case the Plan Administrator can permit a longer repayment period.

Payment of benefits - Upon termination of service, a participant may elect to receive either a lump-sum distribution or direct transfer to either an Individual Retirement Account or a qualified retirement plan. Other withdrawals and loans from the Plan can be made under certain circumstances, as defined in the Plan agreement. Participants who are 100% vested and 59 ½ years of age may take an in-service withdrawal of all or a portion of the value of their vested accounts once each plan year.

Hardship withdrawals - In the event a participant experiences a financial hardship, as defined in the Plan agreement, the participant may be eligible to request a hardship withdrawal. There were \$126,776 hardship withdrawals for the year ended December 31, 2023.

NOTE 1 - DESCRIPTION OF PLAN (CONTINUED)

Forfeitures - Non-vested Sponsor contributions forfeited by participants upon termination are available to reduce future payments of the Sponsor's non-elective matching contributions or Plan administration fees. As of, and for the year ended, December 31, 2023, there were no material forfeited non-vested amounts available or used during the year to reduce Sponsor contributions, respectively.

Plan termination - Although it has not expressed intent to do so, the Sponsor reserves the right under the Plan to cease contributions and terminate the Plan, subject to action by the Sponsor's Board of Directors and to the provisions of ERISA and the IRC. Upon termination of the Plan, all participants become 100% vested in their accounts.

Risks and uncertainties - The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risks associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of presentation - The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America, consistent with reporting in the Form 5500.

Use of estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Valuations of investments - Investments are stated at fair value. The Plan defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (Note 3).

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the plan's gains and losses on investments bought and sold as well as held during the year.

Realized and unrealized appreciation (depreciation) - Realized and unrealized appreciation (depreciation) is based on the contract and market values of the assets at the end of the Plan year compared to the contract and market values of the assets at the beginning of the Plan year, or at the time of purchase for assets purchased/exchanged during the Plan year. In the Statement of Changes in Net Assets Available for Benefits, the Plan presents the net appreciation or depreciation in the fair value of investments, which consists of realized gains or losses and unrealized market value appreciation or depreciation of investments.

Fair value measurements - The Plan measures fair value under a framework that utilizes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to the unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements), moderate priority to valuations based on observable inputs, such as market prices of similar assets and liabilities (level 2), and the lowest priority to the unobservable inputs (level 3).

DOMINO REALTY MANAGEMENT COMPANY
401(k) PROFIT SHARING PLAN
Notes to Financial Statements
As of December 31, 2023 and 2022

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

The three levels of inputs in measuring fair value are:

Level 1 inputs: Unadjusted quoted prices for identical assets or liabilities in active markets that the Foundation has the ability to access.

Level 2 inputs: Directly or indirectly observable inputs other than quoted prices included within Level 1, including the following:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 inputs: Unobservable inputs for the asset or liability.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level input that is significant to the fair value measurement. Valuation techniques shall maximize the use of relevant observable inputs and minimize the use of unobservable inputs. When the Plan changes its valuation inputs for measuring financial assets and liabilities at fair value, either due to changes in current market conditions or other factors, it may need to transfer those assets or liabilities to another level in the hierarchy based on the new inputs used. The Plan recognizes these transfers at the end of the reporting period that the transfers occur. For the year ended December 31, 2023, there were no significant transfers of financial assets or liabilities between the hierarchy levels.

Notes receivable from participants - Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when incurred. No allowance for estimated credit losses has been recorded as of December 31, 2023. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan document. Outstanding notes receivable from participants as of December 31, 2023 bear interest ranging from 4.25% to 9.5% and mature through 2051.

Participant distributions - Benefits paid to participants are recorded when paid.

Corrective forfeitures - Contributions by employer in excess of permitted limits are forfeited, as required to satisfy the relevant non-discrimination provisions of the Plan for 2023. For the Plan year ended December 31, 2023, corrective forfeitures of \$6,627, were recorded.

Administrative expenses - Non-investment costs and most administrative expenses of the Plan are paid by the Sponsor, which is a party-in-interest. These expenses are not reflected in the accompanying financial statements and constitute exempt part-in-interest transactions under ERISA. Investment service fees are paid by the Plan and are netted against the related investment income. Certain administrative expenses are paid by the Plan.

Income taxes - Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that, more likely than not would not, be sustained upon examination by the taxing authorities. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that, as of December 31, 2023 and 2022, there are no uncertain positions taken or expected to be taken

that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 3 - FAIR VALUE MEASUREMENTS

The following is a description of the valuation methodologies used for the investments measured at fair value, including the general classification of such instruments pursuant to the valuation hierarchy.

Registered investment companies - The shares in registered investment companies (including debt securities) are valued at quoted market prices in an exchange and active market, which represents the net asset values of shares held by the Plan at year end and are measured as Level 1 under the fair value hierarchy.

Collective trust funds - *Common/collective trusts ("CCT")*: Valued using the NAV per share practical expedient and are valued at the NAV of units held by the Plan at year-end. The NAV, as provided by the trustee of the common collective trust, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient would not be used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transaction (purchases and sales) may occur daily. The redemption frequency of each of these CCT is daily, and there are no redemption restrictions. There are no unfunded commitments related to the Plan's investment in CCTs.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets measured at fair value on a recurring basis as of December 31:

NOTE 4 - TRANSACTIONS WITH PARTIES-IN-INTEREST AND RELATED PARTY TRANSACTIONS

Parties in interest, by definition, include a plan sponsor or employee, fiduciaries (including those who provide investment advice or who have discretionary control over the Plan's assets), and those who provide services to the Plan. Notes receivable are due from participants.

Fees incurred by the Plan for the investment in management services are included in net appreciation in fair value of the investment as they are paid through revenue sharing, rather than a direct payment. The Plan made a direct payment to the third-party administrator of \$3,540, during the year ended December 31, 2023, which was not covered by revenue sharing. The Plan Sponsor pays directly any other fees related to the Plan's operations. These transactions qualify as exempt party-in-interest transactions under ERISA.

NOTE 5 - INFORMATION CERTIFIED BY THE CUSTODIAN OF PLAN ASSETS (UNAUDITED)

The following unaudited information in the financial statements was certified to be complete and accurate by the Custodian of the Plan's assets within the meaning of 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for reporting and disclosure under ERISA:

- All amounts included as investments in the Statements of Net Assets Available for Benefits;
- Investment income (loss) included in the Statements of Changes in Net Assets Available for Benefits; and
- All amounts enumerated in Note 3 and in the Supplemental Schedule of Assets (Held at End of Year) including notes receivable from participants.

Part IV Compliance Questions

4 CCTs and PSAs do not complete Part IV. MTIAs, 103-12 IEs, and GIAs do not complete lines 4a, 4e, 4f, 4g, 4h, 4k, 4m, 4n, or 5. 103-12 IEs also do not complete lines 4j and 4l. MTIAs also do not complete line 4l. DCGs do not complete lines 4e, 4f, 4k, 4l, and 5, and DCGs generally complete the rest of Part IV collectively for all plans in the DCG, except as otherwise provided (see instructions.)

During the plan year:

a Was there a failure to transmit to the plan any participant contributions within the time period described in 29 CFR 2510.3-102? Continue to answer "Yes" for any prior year failures until fully corrected. (See instructions and DOL's Voluntary Fiduciary Correction Program.)

	Yes	No	Amount

4j			
4k			
4l			
4m			
4n			

b Were any loans by the plan or fixed income obligations due the plan in default as of the close of the plan year or classified during the year as uncollectible? Disregard participant loans secured by participant's account balance. (Attach Schedule G (Form 5500) Part I if "Yes" is checked.)

c Were any leases to which the plan was a party in default or classified during the year as uncollectible? (Attach Schedule G (Form 5500) Part II if "Yes" is checked.)

d Were there any nonexempt transactions with any party-in-interest? (Do not include transactions reported on line 4a. Attach Schedule G (Form 5500) Part III if "Yes" is checked.)

e Was this plan covered by a fidelity bond?

f Did the plan have a loss, whether or not reimbursed by the plan's fidelity bond, that was caused by fraud or dishonesty?

g Did the plan hold any assets whose current value was neither readily determinable on an established market nor set by an independent third party appraiser?

h Did the plan receive any noncash contributions whose value was neither readily determinable on an established market nor set by an independent third party appraiser?

i Did the plan have assets held for investment? (Attach schedule(s) of assets if "Yes" is checked, and see instructions for format requirements.)

j Were any plan transactions or series of transactions in excess of 5% of the current value of plan assets? (Attach schedule of transactions if "Yes" is checked and see instructions for format requirements.)

k Were all the plan assets either distributed to participants or beneficiaries, transferred to another plan, or brought under the control of the PBGC?

l Has the plan failed to provide any benefit when due under the plan?

m If this is an individual account plan, was there a blackout period? (See instructions and 29 CFR 2520.101-3.)

n If 4m was answered "Yes," check the "Yes" box if you either provided the required notice or one of the exceptions to providing the notice applied under 29 CFR 2520.101-3.

5a Has a resolution to terminate the plan been adopted during the plan year or any prior plan year? ☐ Yes ☐ No
If "Yes," enter the amount of any plan assets that reverted to the employer this year
