INDEPENDENT AUDITOR'S REPORT

To the Participants and Administrative Committee of
Novus, Inc. Cash or Deferred Arrangement Profit Sharing Plan:

I have audited the accompanying financial statements of Novus, Inc. Cash or Deferred Arrangement Profit Sharing Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

In my opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of Novus, Inc. Cash or Deferred Arrangement Profit Sharing Plan as of December 31, 2023 and 2022, and the changes in its net assets available for benefits for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

I conducted my audits in accordance with auditing standards generally accepted in the United States of America. My responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of my report. I am required to be independent of Novus, Inc. Cash or Deferred Arrangement Profit Sharing Plan and to meet my other ethical responsibilities, in accordance with the relevant ethical requirements relating to my audits. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Novus, Inc. Cash or Deferred Arrangement Profit Sharing Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

My objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes my opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, I:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Novus, Inc. Cash or Deferred Arrangement Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Novus, Inc. Cash or Deferred Arrangement Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

I am required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that I identified during the audit.

Supplemental Schedules Required by ERISA

My audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedules of Schedule of Delinquent Participant Contributions and Schedule of Assets (Held at End of Year) are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards.

In forming my opinion on the supplemental schedules, I evaluated whether the supplemental schedules, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In my opinion, the information in the accompanying schedules is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

NOVUS, INC. & CASH OR DEFERRED ARRANGEMENT PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

1. DESCRIPTION OF THE PLAN

The following description of the Novus, Inc. Cash or Deferred Arrangement Profit Sharing Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General. The Plan is a voluntary defined contribution plan available for all regular, full-time employees of Novus, Inc and Parfois PR LLC who have completed one year service and are 21 years or older. The Plan was established effective January 1, 1994 and is sponsored by Novus, Inc. (the “Company”). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Plan Amendment. The Plan was amended with the following changes:

Effective May 1, 2022, employer matching contributions will be made with respect to Catch-Up contributions.

Effective October 10, 2022, the Plan included a new in-service withdrawal pursuant to Puerto Rico Treasury Department’s Circular Letter 22-13. The Plan Adopted certain provisions of the Circular Letter 22-13 pertaining to special withdrawals and distributions due to the passing of Hurricane Fiona.

Contributions. Employees may contribute, through payroll deductions, up to \$15,000. For employees 50 years or older, they can select to contribute up to an additional \$1,500 of pretax annual compensation. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various mutual funds as investment options for participants. The Plan also includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan, unless affirmatively elect not to participate, with a default deferral rate set at 3% of eligible compensation. Contributions are automatically invested in designated mutual funds until changed by the participants. The Company can make discretionary matching contributions to the Plan. The Company contributes 100% for each pay period up to 10% of compensation the participant elected to contribute to the Plan. Forfeitures of non-vested Company contributions can be used to reduce future Company contributions to the Plan.

Participant accounts. Each participant’s account is credited with the participant’s contribution, allocations of the company’s contribution, plan earnings (losses) and charged with an allocation of any administrative expenses paid by the Plan. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account. Under the provisions of the Plan, participating employees may elect to invest their contributions in one or more of the trust investment mutual funds that are administered by the Plan’s investment manager UBS Financial Services Inc.

Vesting. Participants are 100% vested in their contributions and any earnings thereon. Participants become 100% vested in the Company’s matching contributions on their behalf upon the occurrence of any of the following events: completion of three years of service with the Company; attaining the normal retirement at 62 years or early retirement at 55 years; total disability while employed by the Company or death while employed by the Company.

Notes receivable from participants. Participants may borrow from their fund accounts. The loans are secured by the balance in the participant's account and bear interest rates which are commensurate with local prevailing rates as determined by the highest prime rate published in the "Money Rate" section of The Wall Street Journal. For loans originated before October 1, 2020, principal and interest are paid ratably through monthly payroll deductions and for loans originated on or after October 1, 2020, principal and interest are paid ratably through direct payment to the administrator, Benefit Plan Administrative Service Inc.

Payment of benefits. Upon participants' termination or retirement, their vested account balance will be paid in a single lump sum in cash or in equal cash installments for a fixed period not to exceed the participant's expected remaining life.

Forfeited accounts. At December 31, 2023 and 2022, forfeited nonvested accounts totaled \$264,321 and \$240,099, respectively. These accounts might be used to reduce future employer contributions. During 2023, total forfeiture amounts used to reduce employer contributions totaled \$3,786.

SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting- The financial statements of the Plan are prepared under the accrual method of accounting.

Use of Estimates- The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Investment Valuation and Income Recognition- Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See note 2 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

Note Receivable from Participants- Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2023 and 2022. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Plan Expenses- Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Payments of Benefits- Benefits are recorded when paid.

Subsequent Events- The plan has evaluated subsequent events through October 2, 2024, the date the financial statements were available to be issued.

2. FAIR VALUE MEASUREMENTS

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority. Level 2 inputs consist of observable inputs other than quoted prices for identical assets (Level 1). Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs are used for investments for which Level 1 inputs were not available. Level 3 inputs would only be used if Level 1 or Level 2 inputs were not available. There are no plan assets requiring the use of Level 2 and Level 3 inputs for the periods presented and there were no changes in the methods used to measure fair value at December 31, 2023 and 2022.

Level 1 Fair Value Measurements

Mutual funds and Stable value funds (money market): valued at the daily closing price as reported by the fund and Stable value funds (money market). Mutual funds and Stable value funds (money market) held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds and Stable value funds (money market) are deemed to be actively traded.

The following table sets forth by level, within fair value hierarchy, the plan's assets at fair value as of December 31, 2023 and 2022:

Assets at Fair Value as of December 31, 2023

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual Funds	\$13,565,651	\$ -	\$ -	\$13,565,651

Assets at Fair Value as of December 31, 2022

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual Funds	\$13,319,133	\$ -	\$ -	\$13,319,133

3. PARTY IN INTEREST INVESTMENTS AND TRANSACTIONS

Novus, Inc. is a party-in-interest, as defined by ERISA. There were no prohibited party-in-interest investments or transactions for the year ended December 31, 2023.

4. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

5. INCOME TAXES

The Plan is exempt from Puerto Rico income taxes under the provisions of the Puerto Rico Internal Revenue Code of 2011 (“PRIRC”), as amended. The Plan is not qualified under Section 401 of the Internal Revenue Code, but it is exempt from the United States taxation under Section 1022 of the Employee Retirement Income Security Act of 1974. The Plan is required to operate in conformity with the PRIRC to maintain its qualification.

The Plan participants are not taxed on the income and contributions made for their accounts until such time as the participant or the participant’s beneficiary receives distributions from the Plan.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability or asset if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the PR Department of Treasury. The plan administrator has analyzed the tax positions taken by the plan, and has concluded that as of December 31, 2023, no uncertain positions are taken or are expected to be taken that would require recognition of a liability or asset or disclosure in the financial statements. The plan might be subject to routing audits by taxing jurisdictions; however, there are currently no PR Department of Treasury audits for any tax periods in progress.

6. RISKS AND UNCERTAINTIES

The plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant’s account balances and the amounts reported in the statement of net assets available for benefits.
