Independent Auditor's Report

Plan Administrator
State Garden, Inc. 401(k) Retirement Plan
Chelsea, Massachusetts

Opinion on the 2023 Financial Statements

We have audited the financial statements of State Garden, Inc. 401(k) Retirement Plan, an employee benefit plan subject to the *Employee Retirement Income Security Act of 1974* (ERISA), which comprise the statement of net assets available for benefits as of December 31, 2023, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of State Garden, Inc. 401(k) Retirement Plan as of December 31, 2023, and the changes in its net assets available for benefits for the year then ended, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion on the 2023 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the "Auditor's Responsibilities for the Audit of the 2023 Financial Statements" section of our report. We are required to be independent of State Garden, Inc. 401(k) Retirement Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the 2023 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about State Garden, Inc. 401(k) Retirement Plan's ability to continue as a going concern within one year after the date of these financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2023 Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of State Garden, Inc. 401(k) Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about State Garden, Inc. 401(k) Retirement Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

2023 Supplemental Schedule Required by ERISA

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule listed in the table of contents is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Auditor's Report on the 2022 Financial Statements

The 2022 financial statements of State Garden, Inc. 401(k) Retirement Plan were audited by predecessor auditors whose report dated October 12, 2023, expressed an unmodified opinion on those financial statements.

Note 1. Description of Plan

The following description of the State Garden, Inc. 401(k) Retirement Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

Effective August 1, 2021, the Plan was amended to change the name of the Plan to State Garden, Inc. 401(k) Retirement Plan. The Plan was formerly known as State Garden, Inc. 401(k) Profit Sharing Plan. The Plan was further amended and restated effective January 1, 2022.

General

The Plan is a defined contribution plan established to provide eligible employees of State Garden, Inc. (the "Company") with retirement benefits in accordance with Sections 401(a) and 401(k) of the Internal Revenue Code ("IRC"). The Plan is subject to the provisions of the *Employee Retirement Income Security Act of 1974* ("ERISA").

Eligibility

Prior to January 1, 2022, all Company employees, other than union employees, non-resident aliens, and leased employees are eligible to participate in the Plan if they have attained the age of 20½ and have completed three months of service. Immediately upon satisfying this requirement, employees will become automatically enrolled in the Plan at a deferral percent of 3%, increasing by 1%, annually, on the first day of the plan year until a deferral percent of 6% is reached.

Effective January 1, 2022, the Plan was amended to reduce the eligibility age and service requirements to 18 years and 2 months of service, respectively. Additionally, participants will be automatically enrolled in the Plan the first day of the month coinciding with or next following the date eligibility requirements are met.

Participant Contributions

Eligible participants may make voluntary contributions through salary reductions from 1% to 100% of their eligible annual compensation, as defined, limited to the maximum amount allowable under the provisions of the IRC (\$22,500 in 2023). Further, participants who are 50 years of age or older as of December 31, 2023 may contribute an additional "catch up" contribution (\$7,500 in 2023). The Plan also allows participants to defer funds as a "Roth 401(k) deferral." These deferrals are subject to federal income taxes and the maximum allowable contribution is \$22,500 combined between both the Roth and the pre-tax deferral. Participant rollover contributions are also permitted. Participants direct the investment of contributions made on their behalf into various investment options offered by the Plan. The Plan currently offers various mutual funds and common or collective trust funds as investment options for participants.

Employer Contributions

The Plan provides for a safe harbor contribution for all eligible participants. The safe harbor contribution is a non-elective contribution equal to 3% of a participants' eligible compensation, as defined.

The safe harbor non-elective contribution for the year ended December 31, 2023, totaled \$589,112, which was deposited into the Plan during the year ending December 31, 2024. The Company may also make additional discretionary matching contributions and discretionary profit-sharing contributions including qualified non-elective contributions. There were no discretionary matching or profit-sharing contributions made for the year ended December 31, 2023.

State Garden, Inc. 401(k) Retirement Plan
Notes to Financial Statements
December 31, 2023 and 2022

Participants must have attained the age of 18 and completed one year of service to be eligible to receive safe harbor contributions, discretionary matching contributions, or discretionary profit-sharing contributions. Additionally, to receive discretionary profit-sharing contributions participants must be employed by the Company on the last day of the plan year.

Participants' Accounts

Each participant's account is credited with the participant's contribution and its allocation of (a) the Company's contributions, (b) plan earnings or losses, and (c) administrative expenses.

Vesting

Participants are immediately vested in their voluntary contributions and safe harbor non-elective contributions plus actual earnings thereon. Vesting in the Company's discretionary contributions plus actual earnings thereon is based on the number of years of continuous service. Vesting begins after two years of service, as defined, with full vesting after six years of credited service as outlined in the table below:

<u>Years of Service</u>	<u>Percentage</u>
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

In the event of death, disability, or attainment of age 65, participants' accounts become fully vested.

Payment of Benefits

Upon termination of employment, retirement, attainment of age 59½, death or disability, the participant or the participant's beneficiary is entitled to receive the vested portion of the participant's account in a single lump-sum. Further, withdrawals from the Plan before leaving the Company are available for special "hardship" reasons. Distributions to participants are recorded when paid.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2023 and 2022. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

Participants may borrow a minimum of \$1,000 up to the lesser of \$50,000 or 50% of their vested account balance. All participant loans are subject to approval by the plan administrator and are limited to one loan at a time. Each loan bears interest at prime plus 1%. Loan terms generally may not exceed five years. However, if the loan is to acquire the principal residence of the participant, the term may be extended up to ten years. Loans are secured by the balance in the participant's account. Principal and interest is paid ratably through payroll deductions or an ACH agreement.

Forfeitures

The Plan provides that forfeitures, the unvested portion of employer contributions for terminated participants, may be used to pay administrative expenses of the Plan. The remaining forfeitures shall be used to reduce Company contributions. During the 2023 plan year, forfeitures of \$1,681 were used to pay administrative expenses. As of December 31, 2023 and 2022, the net forfeiture balance was \$9 and \$2, respectively.

Cash Reserves and Other Income

Certain mutual fund expenses, that are charged by the mutual fund companies to the individual participants (e.g. 12b-1, sub transfer agent), are recaptured by the Plan and held in a cash reserve account. These funds then benefit Plan participants by paying for expenses of the Plan that are approved by the IRS, Department of Labor ("DOL") and ERISA, such as administration and auditing fees. During the year ended December 31, 2023, these funds amounted to \$113, and are included as other income in the accompanying statement of changes in net assets available for benefits. As of December 31, 2023 and 2022, the balance in the cash reserve account was \$35 and \$31, respectively.

Note 2. Summary of Significant Accounting Policies

The following is a summary of significant accounting policies followed by the Plan.

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan sponsor determines the Plan's valuation policies utilizing information provided by the investment advisor and custodian. See Note 7 for a discussion of fair value measurements.

Realized gains and losses on investments sold and the unrealized appreciation and depreciation of investments held are reported on an average current cost basis, based on fair market value of the investments at the beginning of the plan year or at the time of purchase during the plan year.

Purchases and sales of securities are recorded on a trade-date basis. Interest is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Administrative Expenses

The Company may, at its discretion, pay the expenses incident to administering the Plan. In the event that the Company does not pay the Plan expenses, the expenses shall be paid by the Plan.

Use of Estimates

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires plan management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Note 3. Tax Status

The Plan uses a non-standardized pre-approved plan sponsored by the Sentinel Benefits Group, Inc. ("Sentinel"). Sentinel obtained its latest opinion letter dated November 30, 2020, in which the Internal Revenue Service ("IRS") stated that the prototype adopted by the Plan, as then designed, qualifies under Section 401(a) of the IRC. Although the Plan has been amended since receiving the opinion letter, the Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

The Financial Accounting Standards Board has issued a standard regarding the accounting and recognition of income tax positions taken or expected to be taken by the Plan. The plan administrator assesses the tax positions taken by the Plan and has concluded that as of December 31, 2023, there are no uncertain tax positions taken or expected to be taken that would require recognition or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 4. Risks and Uncertainties

The Plan provides for various investment options in accounts which invest in investment securities. Investment securities are exposed to various risks such as interest rate, market and credit.

Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that these changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits

Note 5. Plan Termination

Although it has not expressed any intent to do so, the Company has the right, under the Plan, to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Note 6. Party-in-Interest

Certain Plan investments are shares of a mutual fund managed by Fidelity Brokerage Services LLC, the custodian of the Plan. In addition, certain Plan investments are shares of common or collective trusts sub-advised by Sentinel Pension Advisors, Inc. ("SPA"), a division of Sentinel Benefits & Financial Group ("SBFG"). SBFG is the Plan's recordkeeper, as defined by the Plan. These transactions qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules, as defined by ERISA. Administrative expenses paid to third parties responsible for financial advisory services were \$12,285 for the year ended December 31, 2023.

Note 7. Fair Value Measurements

Accounting standards require that financial and non-financial assets and liabilities, recognized or disclosed in financial statements on a recurring basis (at least annually), be measured at fair value. These standards define fair value as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date.

State Garden, Inc. 401(k) Retirement Plan
Notes to Financial Statements
December 31, 2023 and 2022

These standards also establish a fair value hierarchy which requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. These standards describe three levels of inputs that may be used to measure fair value:

- Level 1** Quoted prices in active markets for identical assets or liabilities that are accessible at the measurement date.
- Level 2** Observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities in active markets; quoted prices for similar assets or liabilities in markets that are not active; or model-derived valuations or other inputs that are observable or can be corroborated by observable market data for the assets or liabilities.
- Level 3** Unobservable inputs for the assets or liabilities that are significant to the fair value measurement. These inputs reflect the Plan's assumptions about the assumptions a market participant would use in pricing the asset or liability.

The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 and Level 3 inputs are only used when higher level inputs are not available.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common or Collective Trusts: Valued based on the underlying unit value of the assets held. The trusts invest in listed equities and other investments that are valued at the NAV of units of the bank collective trust. The NAV is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV. Participant transactions (purchases and sales) may occur daily.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Recurring Measurements

The following tables presents the fair value measurements of assets recognized in the accompanying statements of net assets available for benefits measured at fair value on a recurring basis and the level within the fair value hierarchy in which the fair value measurements fall at December 31, 2023 and 2022.
