Independent Auditors' Report

The Plan Investment Committee
Dura-Line LLC 401(k) Retirement Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Dura-Line LLC 401(k) Retirement Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits (modified cash basis) as of December 31, 2023 and 2022, and the related statements of changes in net assets available for benefits (modified cash basis) for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of and for the years ended December 31, 2023 and 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section of our report,

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with the modified cash basis of accounting which is an acceptable basis for the preparation of the financial statements.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management has determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Dura-Line LLC 401(k) Retirement Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter - Basis of Accounting

We draw attention to Note 2 of the financial statements, which describes the basis of accounting. The financial statements are prepared on the modified cash basis of accounting, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the modified cash basis of accounting described in Note 2; this includes determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are issued or are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of the modified cash basis of accounting.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with the modified cash basis of accounting.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental Schedule of Delinquent Participant Contributions for the year ended December 31, 2023 is presented for the purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

DURA-LINE LLC 401(K) RETIREMENT PLAN

Notes to the Financial Statements (Modified Cash Basis)

December 31, 2023 and 2022

(1) Description of plan

The following description of the Dura-Line LLC 401(k) Retirement Plan (the "Plan") (formerly "Dura-Line Corporation 401(k) Retirement Savings Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

(a) General

The Plan is a defined contribution (401(k) salary deferred) retirement plan established to provide savings benefits to eligible employees. Under the Plan, all employees of Dura-Line LLC (the "Plan Sponsor" or the "Company"), who have met eligibility requirements can participate in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

(b) Custodian change and plan merger

Effective July 1, 2023, the Plan transitioned from Principal Trust Company ("Principal") to Fidelity Management Trust Company ("Fidelity"). Investments were mapped to comparable investment options available under Fidelity. Additionally, the Plan adopted Fidelity's pre-approved plan documents effective July 1, 2023, under substantially the same provisions held with Principal.

To facilitate the consolidation of existing plans within a controlled group, the account balances of the Plan were transferred into the Mexichem Fluor, Inc. 401(k) Plan (Merged Plan) on December 29, 2023. Employees of the Plan Sponsor became participating employees in the Merged Plan effective January 1, 2024.

(c) Plan administration

The Plan is administered by the Investment Committee (the "Committee"), which is governed by the Board of Directors of the Company. The Committee is generally responsible for the selection of the Plan investment options, except where such responsibility has been properly delegated. Principal Life Insurance Company and Principal Trust Company (collectively "Principal") was responsible for the custody and management of the Plan's assets through June 30, 2023. Effective July 1, 2023, Fidelity Management Trust Company ("Fidelity") was responsible for the custody and management of the Plan's assets.

DURA-LINE LLC 401(K) RETIREMENT PLAN

Notes to the Financial Statements (Modified Cash Basis)

December 31, 2023 and 2022

(d) Participation

Effective April 1, 2022 employees are eligible to participate in the Plan immediately and will automatically enroll in the Plan on the pay period following eligibility for all contribution types. Prior to April 1, 2022, an eligible employee was automatically enrolled in the Plan on the first day of January, April, July, or October, coinciding with or following attainment of the age of 18 and completion of at least three months of service during the eligibility computation period ("participants"), unless the participant elects to not participate in the Plan.

(e) Contributions

Participants may elect to contribute from 0% to 100% of eligible compensation on a pre-tax or after-tax basis. These elective pre-tax contributions may not exceed the maximum annual amount as determined by the Internal Revenue Code ("IRC"). Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

The Plan automatically enrolls all newly eligible employees at a deferral rate of 3%, unless the employee elects to not participate in the Plan or has a salary deferral agreement in place. Each enrolled employee's deferral percentage will automatically increase by 1% per year, to a maximum of 6% unless the employee elects otherwise.

The Plan Sponsor matches an amount equal to 100% of the first 6% of pay each participant contributes through salary deferral. The Company also has a Qualified nonelective contribution equal to 3% of a participant's compensation.

The Plan also provides that the Plan Sponsor may make a discretionary contribution each year; however, an annual discretionary contribution is not required. There was no discretionary contribution made in 2023 or 2022.

(f) Participant accounts

Each participant's account is credited with the Plan Sponsor contributions as calculated above and participant contributions. Each participant's account is credited or charged with the actual earnings (losses) of investment options selected by the participant and an allocation of discretionary contributions and administrative expenses. Allocations are based on participant compensation or account balances as defined in the plan agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

DURA-LINE LLC 401(K) RETIREMENT PLAN

Notes to the Financial Statements (Modified Cash Basis)

December 31, 2023 and 2022

(g) Vesting

Participants are immediately vested in their elective salary deferral plus actual earnings (losses) thereon. Effective April 1, 2022, participants are immediately vested in Plan Sponsor matching, discretionary, and qualified nonelective contributions. Prior to April 1, 2022 vesting was based on years of continuous service. Participants vested in Plan Sponsor discretionary contributions after two years of service by vesting 50% after year one and the remaining after year two. Participants vested in Plan Sponsor matching contributions after two years of credited service by vesting 0% until the two years were completed.

Participants may also become 100% vested upon full or partial termination of the Plan, or in one of the following ways, if incurred while employed: (1) death, (2) disability, or (3) reaching early retirement age of 55.

(h) Payment of benefits

Benefits become payable upon the participant's death, disability, retirement, termination of service, or attainment of age 59 1/2. On termination of service, a participant may elect to receive either an annuity or lump sum amount if his or her accrued benefit exceeds \$5,000. Accrued benefits that are greater than \$1,000 but do not exceed \$5,000 are distributed to the participant as a lump sum or rolled over into an Individual Retirement Account. Accrued benefits that are less than \$1,000 are distributed as a lump sum.

(i) Investment options

Participants designate individual investment elections among the available alternatives. Such designations must be expressed as a percentage or a specific dollar amount. Plan Sponsor contributions are invested in the same proportion as the participants' contributions and are allocated to each participant's account.

(j) Notes receivable from participants

A participant is permitted to borrow from his or her account a minimum of \$1,000 up to a maximum equal to the lesser of (1) \$50,000 reduced by the excess of the participant's highest outstanding loan balance during the 12 months preceding the date on which the loan is made over the outstanding loan balance on the date the new loan is made, or (2) 50% of the participant's vested account balance. Notes receivable are secured by the vested balance in the participant's account and bear interest at rates which are commensurate with local prevailing rates as determined by the plan administrator. Principal and interest are paid ratably through monthly payroll deductions. Notes receivable are available for a maximum of five years, unless issued for purchase of a primary residence, in which case, the note is for a maximum period determined by the plan administrator.

DURA-LINE LLC 401(K) RETIREMENT PLAN

Notes to the Financial Statements (Modified Cash Basis)

December 31, 2023 and 2022

(k) Forfeitures

Forfeitures are created when participants terminate employment prior to becoming fully vested in the Plan Sponsor contribution portion of their accounts. Such forfeitures reduce the Plan Sponsor's contributions to the Plan. Plan Sponsor contributions were reduced by \$- and \$18,669 during the years ending December 31, 2023 and 2022, respectively. There were no forfeited non-vested accounts as of December 31, 2023 and 2022.

(l) Hardship withdrawals

The Plan permits distributions in the event of a hardship, as defined in the plan agreement. These distributions are taxable and may be subject to a tax penalty equal to 10% of the hardship distribution amount if the participant is younger than age 59½. Hardship withdrawals are limited to the participant's elective account balance.

(m) Administrative expenses

Certain expenses of maintaining the Plan are paid directly by the Plan Sponsor and are excluded from these financial statements. Fees incurred by the Plan for investment management services are included in net appreciation (depreciation) in fair value of investments. Fees for administrative services are paid from the assets of the Plan and are charged directly to the participant's account and are included in administrative expenses. Fees for notes receivable from participants are charged against the specific participant's account.

Certain administrative functions are performed by officers or employees of the Plan Sponsor. No such officer or employee receives compensation from the Plan.

(2) Summary of significant accounting policies

(a) Basis of accounting

The Plan prepares its financial statements on the modified cash basis of accounting, which recognizes transactions, except for changes in the fair value of investments, when cash is either received or disbursed. Consequently, certain revenues and the related assets are recognized when received rather than when earned, and certain expenses are recognized when paid rather than when the obligation is incurred. Accordingly, the accompanying financial statements are not intended to present the net assets and changes therein in conformity with accounting principles generally accepted in the United States of America.

DURA-LINE LLC 401(K) RETIREMENT PLAN

Notes to the Financial Statements (Modified Cash Basis)

December 31, 2023 and 2022

(b) Investment valuation and income recognition

Investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note (4) for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest and dividend income is recorded when received. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

(c) Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balances. Delinquent notes receivable from participants are classified as distributions based upon the terms of the plan document.

(d) Payment of benefits

Benefits are recorded when paid.

(e) Use of estimates

The preparation of financial statements in conformity with the modified cash basis of accounting requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

(f) Events occurring after reporting date

The Plan has evaluated events and transactions that occurred between December 31, 2023 and October 14, 2024, which is the date that the financial statements were available to be issued, for possible recognition or disclosure in the financial statements.

(3) Certified Information

Certain information related to investments presented and disclosed in the accompanying financial statements and the schedule of assets (held at end of year), including the fair value of investments, and net appreciation (depreciation) in fair value of investments, interest and dividend income, was obtained or derived from information supplied to the plan investment committee and certified as complete and accurate. The certification was provided by Principal as of and for the year ended December 31, 2022 and for the period from January 1, 2022 through June 30, 2023 and by Fidelity for the period July 1, 2023 through December 31, 2023 and as of December 31, 2023.

DURA-LINE LLC 401(K) RETIREMENT PLAN

Notes to the Financial Statements (Modified Cash Basis)

December 31, 2023 and 2022

(4) Fair value measurements

Fair value is a market-based measurement, not an entity-specific measurement. Therefore, a fair value measurement should be determined based on the assumptions that market participants would use in pricing the asset or liability. As a basis for considering market participant assumptions in fair value measurements, fair value accounting standards establish a fair value hierarchy that distinguishes between market participant assumptions based on market data obtained from sources independent of the reporting entity including quoted market prices in active markets for identical assets (Level 1), or significant other observable inputs (Level 2) and the reporting entity's own assumptions about market participant assumptions (Level 3). The Plan does not have any fair value measurements using significant unobservable inputs (Level 3) as of December 31, 2023 and 2022.

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2023 and 2022.

- (i) *Mutual funds*: Valued at the net asset value ("NAV") of shares held by the Plan at year end in an active market.

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan's management believes its valuation method is appropriate and consistent with other market participants, the use of a different methodology or assumption to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level the Plan's assets within the fair value hierarchy as of December 31, 2023 and 2022:

Fair Value Measurements as of December 31, 2023 using the following inputs

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	\$ _____ -	\$ _____ -	\$ _____ -	\$ _____ -
Investments measured at NAV as a practical expedient (a)				_____ -

Fair Value Measurements as of December 31, 2022 using the following inputs

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	\$ <u>41,611,280</u>	\$ _____	\$ _____	\$ 41,611,280
Investments measured at NAV as a practical expedient (a)				<u>6,101,777</u>
Investments at fair value				<u>\$ 47,713,057</u>

(a) Certain investments are measured at NAV as a practical expedient to estimate fair value and, therefore, has not been classified in the fair value hierarchy.

The following table summarizes investments for which the fair value is measured using NAV as a practical expedient as of December 31, 2023 and 2022, respectively. There are no plan level or participant redemption restrictions for these investments.

<u>Description</u>	<u>Fair Value 12/31/2023</u>	<u>Fair Value 12/31/2022</u>	<u>Unfunded Commitments</u>	<u>Redemption Frequency (if currently eligible)</u>	<u>Redemption Notice Period</u>
Collective investment fund	\$-	\$4,248,781	n/a	Daily	None
Pooled separate accounts	\$-	\$1,852,996	n/a	Daily	None

(5) Income tax status

The Plan Sponsor adopted a pre-approved profit sharing plan, which received a favorable opinion letter from the Internal Revenue Service ("IRS") on June 30, 2020, which stated that the pre-approved plan was designed in accordance with the applicable sections of the IRC. The Plan itself has not received a determination letter from the IRS stating that the Plan is qualified under Section 401(a) of the IRC. The Plan has been amended since adopting the pre-approved plan. However, the plan administrator believes that the adopted pre-approved plan is designed and is currently being operated in compliance with the applicable provisions of the IRC and is therefore, qualified and exempt from taxation.

(6) Related party and party-in-interest transactions

Certain Plan investments are shares of pooled separate accounts and a collective investment fund managed by Fidelity and previously, Principal, and, therefore, these transactions qualify as party-in-interest transactions under ERISA. As described in Note (1), the Plan paid expenses to various service providers which also qualify as party-in-interest transactions. The Plan also holds notes receivable from participants which also qualify as party-in-interest transactions.

Independent Auditors' Report

**The Plan Investment Committee
Dura-Line LLC 401(k) Retirement Plan:**

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Dura-Line LLC 401(k) Retirement Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits (modified cash basis) as of December 31, 2023 and 2022, and the related statements of changes in net assets available for benefits (modified cash basis) for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of and for the years ended December 31, 2023 and 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section of our report,

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with the modified cash basis of accounting which is an acceptable basis for the preparation of the financial statements.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management has determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Dura-Line LLC 401(k) Retirement Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter - Basis of Accounting

We draw attention to Note 2 of the financial statements, which describes the basis of accounting. The financial statements are prepared on the modified cash basis of accounting, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the modified cash basis of accounting described in Note 2; this includes determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are issued or are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of the modified cash basis of accounting.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with the modified cash basis of accounting.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental Schedule of Delinquent Participant Contributions for the year ended December 31, 2023 is presented for the purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

DURA-LINE LLC 401(K) RETIREMENT PLAN

Notes to the Financial Statements (Modified Cash Basis)

December 31, 2023 and 2022

(1) Description of plan

The following description of the Dura-Line LLC 401(k) Retirement Plan (the "Plan") (formerly "Dura-Line Corporation 401(k) Retirement Savings Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

(a) General

The Plan is a defined contribution (401(k) salary deferred) retirement plan established to provide savings benefits to eligible employees. Under the Plan, all employees of Dura-Line LLC (the "Plan Sponsor" or the "Company"), who have met eligibility requirements can participate in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

(b) Custodian change and plan merger

Effective July 1, 2023, the Plan transitioned from Principal Trust Company ("Principal") to Fidelity Management Trust Company ("Fidelity"). Investments were mapped to comparable investment options available under Fidelity. Additionally, the Plan adopted Fidelity's pre-approved plan documents effective July 1, 2023, under substantially the same provisions held with Principal.

To facilitate the consolidation of existing plans within a controlled group, the account balances of the Plan were transferred into the Mexichem Fluor, Inc. 401(k) Plan (Merged Plan) on December 29, 2023. Employees of the Plan Sponsor became participating employees in the Merged Plan effective January 1, 2024.

(c) Plan administration

The Plan is administered by the Investment Committee (the "Committee"), which is governed by the Board of Directors of the Company. The Committee is generally responsible for the selection of the Plan investment options, except where such responsibility has been properly delegated. Principal Life Insurance Company and Principal Trust Company (collectively "Principal") was responsible for the custody and management of the Plan's assets through June 30, 2023. Effective July 1, 2023, Fidelity Management Trust Company ("Fidelity") was responsible for the custody and management of the Plan's assets.

DURA-LINE LLC 401(K) RETIREMENT PLAN

Notes to the Financial Statements (Modified Cash Basis)

December 31, 2023 and 2022

(d) Participation

Effective April 1, 2022 employees are eligible to participate in the Plan immediately and will automatically enroll in the Plan on the pay period following eligibility for all contribution types. Prior to April 1, 2022, an eligible employee was automatically enrolled in the Plan on the first day of January, April, July, or October, coinciding with or following attainment of the age of 18 and completion of at least three months of service during the eligibility computation period ("participants"), unless the participant elects to not participate in the Plan.

(e) Contributions

Participants may elect to contribute from 0% to 100% of eligible compensation on a pre-tax or after-tax basis. These elective pre-tax contributions may not exceed the maximum annual amount as determined by the Internal Revenue Code ("IRC"). Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

The Plan automatically enrolls all newly eligible employees at a deferral rate of 3%, unless the employee elects to not participate in the Plan or has a salary deferral agreement in place. Each enrolled employee's deferral percentage will automatically increase by 1% per year, to a maximum of 6% unless the employee elects otherwise.

The Plan Sponsor matches an amount equal to 100% of the first 6% of pay each participant contributes through salary deferral. The Company also has a Qualified nonelective contribution equal to 3% of a participant's compensation.

The Plan also provides that the Plan Sponsor may make a discretionary contribution each year; however, an annual discretionary contribution is not required. There was no discretionary contribution made in 2023 or 2022.

(f) Participant accounts

Each participant's account is credited with the Plan Sponsor contributions as calculated above and participant contributions. Each participant's account is credited or charged with the actual earnings (losses) of investment options selected by the participant and an allocation of discretionary contributions and administrative expenses. Allocations are based on participant compensation or account balances as defined in the plan agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

DURA-LINE LLC 401(K) RETIREMENT PLAN

Notes to the Financial Statements (Modified Cash Basis)

December 31, 2023 and 2022

(g) Vesting

Participants are immediately vested in their elective salary deferral plus actual earnings (losses) thereon. Effective April 1, 2022, participants are immediately vested in Plan Sponsor matching, discretionary, and qualified nonelective contributions. Prior to April 1, 2022 vesting was based on years of continuous service. Participants vested in Plan Sponsor discretionary contributions after two years of service by vesting 50% after year one and the remaining after year two. Participants vested in Plan Sponsor matching contributions after two years of credited service by vesting 0% until the two years were completed.

Participants may also become 100% vested upon full or partial termination of the Plan, or in one of the following ways, if incurred while employed: (1) death, (2) disability, or (3) reaching early retirement age of 55.

(h) Payment of benefits

Benefits become payable upon the participant's death, disability, retirement, termination of service, or attainment of age 59 1/2. On termination of service, a participant may elect to receive either an annuity or lump sum amount if his or her accrued benefit exceeds \$5,000. Accrued benefits that are greater than \$1,000 but do not exceed \$5,000 are distributed to the participant as a lump sum or rolled over into an Individual Retirement Account. Accrued benefits that are less than \$1,000 are distributed as a lump sum.

(i) Investment options

Participants designate individual investment elections among the available alternatives. Such designations must be expressed as a percentage or a specific dollar amount. Plan Sponsor contributions are invested in the same proportion as the participants' contributions and are allocated to each participant's account.

(j) Notes receivable from participants

A participant is permitted to borrow from his or her account a minimum of \$1,000 up to a maximum equal to the lesser of (1) \$50,000 reduced by the excess of the participant's highest outstanding loan balance during the 12 months preceding the date on which the loan is made over the outstanding loan balance on the date the new loan is made, or (2) 50% of the participant's vested account balance. Notes receivable are secured by the vested balance in the participant's account and bear interest at rates which are commensurate with local prevailing rates as determined by the plan administrator. Principal and interest are paid ratably through monthly payroll deductions. Notes receivable are available for a maximum of five years, unless issued for purchase of a primary residence, in which case, the note is for a maximum period determined by the plan administrator.

DURA-LINE LLC 401(K) RETIREMENT PLAN

Notes to the Financial Statements (Modified Cash Basis)

December 31, 2023 and 2022

(k) Forfeitures

Forfeitures are created when participants terminate employment prior to becoming fully vested in the Plan Sponsor contribution portion of their accounts. Such forfeitures reduce the Plan Sponsor's contributions to the Plan. Plan Sponsor contributions were reduced by \$- and \$18,669 during the years ending December 31, 2023 and 2022, respectively. There were no forfeited non-vested accounts as of December 31, 2023 and 2022.

(l) Hardship withdrawals

The Plan permits distributions in the event of a hardship, as defined in the plan agreement. These distributions are taxable and may be subject to a tax penalty equal to 10% of the hardship distribution amount if the participant is younger than age 59½. Hardship withdrawals are limited to the participant's elective account balance.

(m) Administrative expenses

Certain expenses of maintaining the Plan are paid directly by the Plan Sponsor and are excluded from these financial statements. Fees incurred by the Plan for investment management services are included in net appreciation (depreciation) in fair value of investments. Fees for administrative services are paid from the assets of the Plan and are charged directly to the participant's account and are included in administrative expenses. Fees for notes receivable from participants are charged against the specific participant's account.

Certain administrative functions are performed by officers or employees of the Plan Sponsor. No such officer or employee receives compensation from the Plan.

(2) Summary of significant accounting policies

(a) Basis of accounting

The Plan prepares its financial statements on the modified cash basis of accounting, which recognizes transactions, except for changes in the fair value of investments, when cash is either received or disbursed. Consequently, certain revenues and the related assets are recognized when received rather than when earned, and certain expenses are recognized when paid rather than when the obligation is incurred. Accordingly, the accompanying financial statements are not intended to present the net assets and changes therein in conformity with accounting principles generally accepted in the United States of America.

DURA-LINE LLC 401(K) RETIREMENT PLAN

Notes to the Financial Statements (Modified Cash Basis)

December 31, 2023 and 2022

(b) Investment valuation and income recognition

Investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note (4) for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest and dividend income is recorded when received. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

(c) Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balances. Delinquent notes receivable from participants are classified as distributions based upon the terms of the plan document.

(d) Payment of benefits

Benefits are recorded when paid.

(e) Use of estimates

The preparation of financial statements in conformity with the modified cash basis of accounting requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

(f) Events occurring after reporting date

The Plan has evaluated events and transactions that occurred between December 31, 2023 and October 14, 2024, which is the date that the financial statements were available to be issued, for possible recognition or disclosure in the financial statements.

(3) Certified Information

Certain information related to investments presented and disclosed in the accompanying financial statements and the schedule of assets (held at end of year), including the fair value of investments, and net appreciation (depreciation) in fair value of investments, interest and dividend income, was obtained or derived from information supplied to the plan investment committee and certified as complete and accurate. The certification was provided by Principal as of and for the year ended December 31, 2022 and for the period from January 1, 2022 through June 30, 2023 and by Fidelity for the period July 1, 2023 through December 31, 2023 and as of December 31, 2023.

DURA-LINE LLC 401(K) RETIREMENT PLAN

Notes to the Financial Statements (Modified Cash Basis)

December 31, 2023 and 2022

(4) Fair value measurements

Fair value is a market-based measurement, not an entity-specific measurement. Therefore, a fair value measurement should be determined based on the assumptions that market participants would use in pricing the asset or liability. As a basis for considering market participant assumptions in fair value measurements, fair value accounting standards establish a fair value hierarchy that distinguishes between market participant assumptions based on market data obtained from sources independent of the reporting entity including quoted market prices in active markets for identical assets (Level 1), or significant other observable inputs (Level 2) and the reporting entity's own assumptions about market participant assumptions (Level 3). The Plan does not have any fair value measurements using significant unobservable inputs (Level 3) as of December 31, 2023 and 2022.

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2023 and 2022.

- (i) *Mutual funds*: Valued at the net asset value ("NAV") of shares held by the Plan at year end in an active market.

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan's management believes its valuation method is appropriate and consistent with other market participants, the use of a different methodology or assumption to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level the Plan's assets within the fair value hierarchy as of December 31, 2023 and 2022:

Fair Value Measurements as of December 31, 2023 using the following inputs

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	\$ _____ -	\$ _____ -	\$ _____ -	\$ _____ -
Investments measured at NAV as a practical expedient (a)				_____ -

Fair Value Measurements as of December 31, 2022 using the following inputs

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	\$ <u>41,611,280</u>	\$ _____ -	\$ _____ -	\$ 41,611,280
Investments measured at NAV as a practical expedient (a)				<u>6,101,777</u>
Investments at fair value				<u>\$ 47,713,057</u>

(a) Certain investments are measured at NAV as a practical expedient to estimate fair value and, therefore, has not been classified in the fair value hierarchy.

The following table summarizes investments for which the fair value is measured using NAV as a practical expedient as of December 31, 2023 and 2022, respectively. There are no plan level or participant redemption restrictions for these investments.

<u>Description</u>	<u>Fair Value 12/31/2023</u>	<u>Fair Value 12/31/2022</u>	<u>Unfunded Commitments</u>	<u>Redemption Frequency (if currently eligible)</u>	<u>Redemption Notice Period</u>
Collective investment fund	\$-	\$4,248,781	n/a	Daily	None
Pooled separate accounts	\$-	\$1,852,996	n/a	Daily	None

(5) Income tax status

The Plan Sponsor adopted a pre-approved profit sharing plan, which received a favorable opinion letter from the Internal Revenue Service ("IRS") on June 30, 2020, which stated that the pre-approved plan was designed in accordance with the applicable sections of the IRC. The Plan itself has not received a determination letter from the IRS stating that the Plan is qualified under Section 401(a) of the IRC. The Plan has been amended since adopting the pre-approved plan. However, the plan administrator believes that the adopted pre-approved plan is designed and is currently being operated in compliance with the applicable provisions of the IRC and is therefore, qualified and exempt from taxation.

(6) Related party and party-in-interest transactions

Certain Plan investments are shares of pooled separate accounts and a collective investment fund managed by Fidelity and previously, Principal, and, therefore, these transactions qualify as party-in-interest transactions under ERISA. As described in Note (1), the Plan paid expenses to various service providers which also qualify as party-in-interest transactions. The Plan also holds notes receivable from participants which also qualify as party-in-interest transactions.
