INDEPENDENT AUDITOR'S REPORT

To the Participants and Plan Administrator of
ZimVie Inc. Savings and Investment 401(k) Program
Palm Beach Gardens, Florida

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of ZimVie Inc. Savings and Investment 401(k) Program (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements (Financial Statements).

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's Financial Statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022 and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the Financial Statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the accompanying Financial Statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying Financial Statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these Financial Statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the Financial Statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the Financial Statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2023 is presented for purposes of additional analysis and is not a required part of the Financial Statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the Financial Statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the Financial Statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the Financial Statements or to the Financial Statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Respectfully submitted,

ZIMVIE INC. SAVINGS AND INVESTMENT 401(K) PROGRAM

Palm Beach Gardens, Florida

NOTES TO FINANCIAL STATEMENTS

December 31, 2023 and 2022

NOTE 1 - DESCRIPTION OF PLAN

The following brief description of the ZimVie Inc. Savings and Investment 401(k) Program (the "Plan") is provided for general information purposes only. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

GENERAL

Effective January 1, 2022, certain employees of Zimmer Biomet Holdings, Inc. were transferred to a new entity, Zimmer Biomet Spine, Inc. d/b/a ZimVie. In association with, and concurrently with that transfer, the Plan was established January 1, 2022 and the participant accounts for affected participants held in the Zimmer Biomet Holdings, Inc. Savings and Investment 401(k) Program (the "Zimmer Plan") were transferred to the Plan. The Plan is a defined contribution plan covering substantially all employees of ZimVie US Corp LLC (formerly Zimmer Biomet Spine, Inc. d/b/a ZimVie) (the "Company"). It is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

CONTRIBUTIONS

Each year, participants may contribute a portion of their eligible compensation, as defined by the Plan, as pretax or Roth contributions, up to the lesser of the maximum allowed under the Internal Revenue Code ("IRC") or Plan limits by contribution type (60% for pretax, Roth, and after-tax, 75% for catch-up). Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute rollover amounts representing distributions from other qualified plans. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3% of eligible compensation and their contributions invested in a designated fund until changed by the participant. The Plan also includes an optional auto-escalation feature whereby participants may elect to have their deferral rates increased by 1% each year. The Company makes matching contributions equal to 100% of participant deferrals up to 6% of participant compensation. Catch-up contributions are not eligible for matching contributions. The Company also has the option to make a discretionary profit sharing contribution. No discretionary profit sharing contribution was made for 2023. Participants direct the investment of their contributions and Company contributions into various investment options offered by the Plan.

PARTICIPANT ACCOUNTS

Each participant's account is credited with the participant's contribution and an allocation of the Company's contributions, and Plan earnings, and charged with an allocation of administrative expenses paid by the Plan. Allocations are based on participant earnings, contributions, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

VESTING

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. The vesting schedule provides for 100% vesting of employer contributions after 4 years of credited service. Amounts representing employer contributions transferred in from the Zimmer Plan are subject to different vesting schedules which provide for 100% vesting ranging between 2 and 5 years of service.

Palm Beach Gardens, Florida

NOTES TO FINANCIAL STATEMENTS

December 31, 2023 and 2022

NOTES RECEIVABLE FROM PARTICIPANTS

The Plan provides that participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of 50% of their vested account balance or \$50,000. The loans are secured by the vested balance in the participant's account and bear interest at a rate of 1% above the prime interest rate. Principal and interest is paid ratably through payroll deductions. These loans are subject to certain restrictions as defined by the Plan Document and applicable restrictions under the IRC.

PAYMENT OF BENEFITS

Upon termination of service a participant, or their beneficiary, is entitled to receive the vested interest in his or her account. Participants may elect to receive a lump sum amount, partial payments or installment payments. Withdrawals may also be made when a participant attains age 59 1/2 or demonstrates financial hardship.

FORFEITED ACCOUNTS

At December 31, 2023 and 2022, forfeited nonvested accounts totaled \$469,200 and \$279,058, respectively. These accounts may be used to reduce future employer contributions or to pay plan administrative expenses. During 2023, \$70,078 in forfeitures were used to pay plan administrative expenses.

NOTE 2 - SUMMARY OF ACCOUNTING POLICIES

BASIS OF ACCOUNTING

The financial statements of the Plan are prepared under the accrual method of accounting.

ESTIMATES

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

INVESTMENT VALUATION AND INCOME RECOGNITION

The investments of the Plan are reported at fair value. The fair value of a financial instrument is the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (the exit price). See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

ZIMVIE INC. SAVINGS AND INVESTMENT 401(K) PROGRAM

Palm Beach Gardens, Florida

NOTES TO FINANCIAL STATEMENTS

December 31, 2023 and 2022

NOTES RECEIVABLE FROM PARTICIPANTS

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2023 and 2022.

OPERATING EXPENSES

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Expenses that are charged to participant accounts include loan fees, withdrawal fees and plan administrative fees. Certain investment related expenses are included in net appreciation in fair value of investments.

PAYMENT OF BENEFITS

Benefits are recorded when paid.

NOTE 3 - CERTIFIED INVESTMENT INFORMATION

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at December 31, 2023 and 2022, and investment income and interest income on notes receivable from participants for the year ended December 31, 2023, was obtained by management and agreed to or derived from information certified as complete and accurate by Fidelity Management Trust Company ("Fidelity"), a qualified institution. The Plan's independent auditors did not perform auditing procedures with respect to this certified information, except for comparing such certified information to the related information included in the financial statements and ERISA-required supplemental schedule.

NOTE 4 - FAIR VALUE MEASUREMENT

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3).

The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 inputs to the valuation methodology include the following:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from, or corroborated by, observable market data by correlation or other means

ZIMVIE INC. SAVINGS AND INVESTMENT 401(K) PROGRAM

Palm Beach Gardens, Florida

NOTES TO FINANCIAL STATEMENTS

December 31, 2023 and 2022

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

- *Mutual funds*. Valued at the published daily net asset value ("NAV") as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.
- *Self-directed brokerage accounts (Brokeragelink)*. Accounts primarily consist of mutual funds and common stocks for which values are determined using quoted prices on a nationally recognized securities exchange, collective trusts, valued as described below, and interest-bearing cash, valued at cost.
- *Collective trusts*: Valued at the net asset value ("NAV") of units of a bank collective trust. The NAV, as provided by the trustee or custodian of the collective trust, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level within the fair value hierarchy the Plan's assets at fair value as of December 31, 2023 and 2022.

Investment Assets at Fair Value as of December 31, 2023				
	Level 1	Level 2	Level 3	Total

The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

Fair Value of Investments that Calculate Net Asset Value

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2023 and 2022, respectively. There are no participant redemption restrictions for these investments. The redemption notice period is applicable only to the Plan.

NOTE 5 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, liquidity, political uncertainty, pandemic environmental risks, cybersecurity and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

ZIMVIE INC. SAVINGS AND INVESTMENT 401(K) PROGRAM

Palm Beach Gardens, Florida

NOTES TO FINANCIAL STATEMENTS

December 31, 2023 and 2022

NOTE 6 - TRANSACTIONS WITH PARTIES-IN-INTEREST

Parties-in-interest are defined under DOL regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer, and certain others. The Plan held investments managed by Fidelity, and notes receivable from participants, which qualify as party-in-interest transactions. The Plan is not charged for administrative services performed on its behalf by employees of the Company. Some fees paid by the Plan for the investment management services are included in net appreciation in fair value of investments. During 2023, the Plan paid fees to Fidelity, Strategic Advisors, Inc., Fiducient Advisors LLC, and plan audit fees to Kruggel, Lawton & Company, LLC, which also qualify as party-in-interest transactions.

The Plan participates in the Fidelity Investments Revenue Credit (Fidelity RC) program. The Fidelity FC program is used to reimburse the Company for fees and expenses associated with the services of the program, or to pay such vendors including Fidelity and third parties, as appropriate. For 2023, the Fidelity RC program paid the Plan \$17,198. No amounts were used during the year to reimburse the Company or to pay vendors.

NOTE 7 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their employer contributions.

NOTE 8 - TAX STATUS

The Plan uses a non-standardized pre-approved plan document sponsored by FMR LLC. FMR LLC received an opinion letter from the Internal Revenue Service ("IRS") dated June 30, 2020, which states that the non-standardized pre-approved plan document, as then designed, satisfies the applicable provisions of the IRC. The Plan itself has not received a determination letter from the IRS. However, the plan administrator believes the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income tax has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan and has concluded that no uncertain positions are taken or are expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 9 - RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for plan benefits per the financial statements to Form 5500 at December 31:

	<u>2023</u>	<u>2022</u>
Net assets available for benefits per the financial statements	171,312,654	139,640,204
Deficit of collective trust value reported on Form 5500 below net asset value reported in financial statements	(373,280)	(467,746)
Net assets available for benefits per Form 5500	170,939,374	139,172,458

The following is a reconciliation of the change in net assets per the financial statements to Form 5500 for the year ended December 31, 2023:

Change in net assets per the financial statements	31,672,450
Change in deficit of collective trust value reported on Form 5500 below net asset value reported in financial statements	94,466
Change in net assets per the Form 5500	31,766,916

NOTE 10 - SUBSEQUENT EVENTS

The Company has evaluated subsequent events through the date the financial statements were available to be issued, other than the items discussed below, no events or transactions occurred through October 10, 2024 requiring recognition or disclosure in the financial statements.

Subsequent to year end, the Plan added a student debt 401(k) match program which treats student loans repayments as elective deferrals for purposes of calculating employer matching contributions, and a division of the company was sold which resulted in a partial plan termination where affected participants became 100% vested in their employer accounts. These events had an effective date of January 1, 2024.

To Those Charged with Governance
ZimVie Inc. Savings and Investment 401(k) Program
Palm Beach Gardens, Florida

Professional standards require us to advise you of the following matters relating to our recently completed audit of the financial statements and supplemental schedule(s) of ZimVie Inc. Savings and Investment 401(k) Program (the "Plan") as of and for the year ended December 31, 2023. The matters discussed herein are those that we have noted as of the date of this letter and we have not updated our procedures regarding these matters since that date to the current date.

Our Responsibility Under Generally Accepted Auditing Standards

As stated in our engagement letter dated February 11, 2024 our responsibility, as prescribed by professional standards, is to plan and perform our audit to obtain reasonable assurance about whether the financial statements and supplemental schedule(s) are free of material misstatements, whether caused by error or fraud. As permitted by ERISA Section 103(a)(3)(C) pursuant to 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA and as instructed by you, we have not performed auditing procedures with respect to investment information prepared and certified to by a qualified institution, except for obtaining and reading the certification, comparing the certified information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America ("GAAP"). Accordingly, the objective of the ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP. An audit in accordance with generally accepted auditing standards does not provide absolute assurance or guarantee the accuracy of the financial statements and supplemental schedule(s) and is subject to the inherent risk that errors or fraud, if they exist, have not been detected. Such standards also require that we obtain a sufficient understanding of the Plan's internal controls to plan the audit. However, such understanding is required for the purpose of determining our audit procedures and not to provide any assurance concerning such internal controls.

Overview of Planned Scope and Timing of the Audit

A discussion was held May 9, 2024 regarding the planned scope and timing of the audit, the intention of which was to assist those charged with governance in understanding better the consequences of our audit work on your oversight responsibilities along with assisting us in understanding better the Plan and its environment. The focus of this discussion included how the risks of material misstatement, whether due to error or fraud, would be addressed and on factors, rather than specific thresholds or amounts, that would impact materiality used in our planning and execution of the audit.

Significant Findings from the Audit

Management Judgments and Accounting Estimates

Accounting estimates are an integral part of the financial statements and are based on your knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and supplemental schedule(s) and because of the possibility that future events affecting them may differ markedly from management's current judgments. The primary estimate relative to the financial statements is management's estimate of fair market value and the related fair value hierarchy of the Plan's investments. We have reviewed management's estimates and deemed them to be appropriate.

P: 574.264.2247 F: 574.266.0965

Members of the American Institute of Certified Public Accountants and the Indiana CPA Society

There were no material contingencies, as defined in Financial Accounting Standards Board (“FASB”) Accounting Standards Codification (“ASC”) 450, for which we had questions or concerns about the reasonableness of the accounting or the adequacy of the financial statement disclosure.

Misstatements

Professional standards require the auditor to accumulate all known and likely misstatements identified during the audit, other than those that we believe are trivial, and communicate them to the appropriate level of management. Additionally, we are required to communicate with those charged with governance uncorrected misstatements and the effect that they may have on the opinion in the auditor’s report and request their correction.

During our audit, no material misstatements or unrecorded misstatements were brought to the attention of management by us.

Qualitative Aspects of Accounting Practices

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by management are described in Note 2 to the financial statements. No new accounting policies were adopted and the application of existing policies was not changed during 2023. We noted no transactions entered into by the Plan during the year for which there is a lack of authoritative guidance or consensus. There are no significant transactions that have been recognized in the financial statements in a different period than when the transaction occurred.

Adoption of a Change in Accounting Principle

There were no situations involving the adoption of or a change in accounting principles where the application of alternative generally accepted accounting principles, including alternative methods of applying an accounting principle, would have a material effect on the Plan’s financial statements and supplemental schedule(s).

Disagreements with Management

Professional standards define a disagreement with management as a matter, whether or not resolved to our satisfaction, concerning a financial accounting, reporting, or auditing matter that could be significant to the Plan’s financial statements and supplemental schedule(s) or the audit report. No such disagreements arose during the course of our audit.

Consultation with Other Accountants

There may be circumstances where the Plan Sponsor considers consulting with other accountants about accounting and auditing matters. We are not aware of any consultations about accounting or auditing matters between management and other accountants. We are also not aware of opinions obtained by management from other accountants on the application of generally accepted accounting principles.

Significant Issues Discussed with Management Prior to Our Retention

Prior to our being retained as auditor for the current fiscal year, there were no significant accounting or other issues of concern discussed with management.

Significant/Material Alternative Accounting Treatments Discussed with Management

During the past year, there were no discussions with management concerning significant or material alternative accounting treatments.

Significant Difficulties Encountered in Performing the Audit

There were no significant difficulties encountered during the course of the audit. All records and information requested by Kruggel, Lawton & Company, LLC were freely available for inspection. Management and other personnel provided full cooperation.

Other Information in Documents Containing the Plan's Audited Financial Statements and Schedule(s)

Our responsibility for other information in documents containing the Plan's audited financial statements and schedule(s) does not extend beyond the financial information identified in the audit report, and we are not required to perform procedures to corroborate such other information. However, in accordance with the applicable standards, we have read Form 5500 and considered whether such information, or the manner of its presentation, was materially consistent with its presentation in the financial statements and schedule(s). Our responsibility also includes calling to management's attention any information that we believe is a material misstatement of fact. No inconsistencies or misstatements that were considered material came to our attention.

Representations Requested from Management

We have requested certain representations from management that are included in the management representation letter dated October 10, 2024.

Other Issues Arising from the Audit that We Consider Significant and Relevant to Those Charged with Governance

There were no other issues arising from the audit that we consider significant and relevant to those charged with governance.

Reportable Findings and Internal Control Over Financial Reporting Matters

We have communicated, in writing, to management and to those charged with governance all reportable findings, significant deficiencies and material weaknesses we noted in conjunction with our audit of the financial statements and supplemental schedule(s).

Independence

We are not aware of any circumstances or relationships that would impair our independence.

Should you desire further information concerning these matters, we will be happy to meet with you at your convenience.

This letter is solely for the internal use of those charged with governance and Plan management and should not be distributed to any other persons or used for any other purpose.

Respectfully,

To Those Charged with Governance and the Plan Administrator of
ZimVie Inc. Savings and Investment 401(k) Program
Palm Beach Gardens, Florida

Except as discussed in the following paragraph, in planning and performing our audit of the statement of net assets available for benefits and statement of changes in net assets available for benefits of ZimVie Inc. Savings and Investment 401(k) Program ("Plan") as of and for the year ended December 31, 2023, in accordance with auditing standards generally accepted in the United States of America, we considered the Plan's internal control over financial reporting (internal control) as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we do not express an opinion on the effectiveness of the Plan's internal control.

We were engaged to perform an audit of the Plan's financial statements in accordance with ERISA Section 103(a)(3)(C) pursuant to by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Our audit did not include consideration of internal control relating to the investment information prepared and certified by a qualified institution.

Our consideration of internal control was for the limited purpose described in the preceding paragraph and would not necessarily identify all deficiencies in internal control that might be significant deficiencies or material weaknesses and/or all reportable findings. However, as discussed below, in conjunction with our audit of the Plan financial statements, we identified certain deficiencies in internal controls over financial reporting.

Definitions Related to Reportable Findings and Internal Control Over Financial Reporting

A reportable finding is a matter that is one or more of the following: (a) an identified instance of noncompliance or suspected noncompliance with laws or regulations, (b) a finding arising from the audit that is, in the auditor's professional judgment, significant and relevant to those charged with governance regarding their responsibility to oversee the financial reporting process, and/or (c) an indication of deficiencies in internal control identified during the audit that have not been communicated by management by other parties and that, in the auditor's professional judgment, are of sufficient importance to merit management's attention. A reportable finding may also be considered a deficiency in internal control, a significant deficiency, or a material weakness. A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A significant deficiency is a deficiency or combination of deficiencies in internal control over financial reporting that is less severe than a material weakness, yet important enough to merit attention by those charged with governance. A material weakness is a deficiency, or combination of deficiencies in internal control over financial reporting, such that there is a reasonable possibility that a material misstatement of the financial statements will not be prevented or detected on a timely basis.

The following significant deficiencies were identified, which were also considered to be reportable findings:

1. Definition of Eligible Compensation

It was noted during our audit procedures there was inconsistency in the application of the terms in the Plan document relating to the definition of eligible compensation for the purposes of calculating the employee's contribution and the employer's contribution. The Plan document defines eligible compensation to include performance incentive. Further, the plan document does not provide for a special election for any forms of compensation. Therefore, employee deferrals should be withheld from, and corresponding employer contributions

should also be made for, performance incentive amounts. However, we noted in practice this is not how performance incentive is being treated. The default treatment is to exclude performance incentive from eligible compensation but to allow participants to make a special election to defer between 2% - 60% of these amounts through election on the Fidelity PSW site. Although it appears this treatment has been applied consistently over time and for all participants, the current treatment is not in alignment with the current plan document provisions.

We also noted for one participant sales bonus was included in eligible compensation for deferrals, with the participant's special election percentage applied to the sales bonus for one pay period.

We recommend the plan sponsor ensure the Plan is operating in compliance with the current Plan document. If management wishes to revise the treatment of certain wage types, we recommend discussion with the service provider to determine if changes to the plan document for the desired provisions are appropriate or permissible.

2. Forfeitures

Forfeitures may be used by the Plan to reduce employer contributions or pay administrative expenses as provided by the plan document. We noted the Plan maintains a balance in the forfeiture account from year to year. Generally, the Internal Revenue Code ("IRC") does not allow for this practice as the IRC does not authorize forfeiture accounts to hold unallocated monies beyond the plan year after the year in which they arise.

We recommend plan management develop a policy regarding the use of forfeitures in accordance with the terms of the plan document and to work with the service provider to properly apply the forfeitures annually.

This communication is intended solely for the information and use of plan management, those charged with governance, and others within the organization and is not intended to be and should not be used by anyone other than these specified parties.

Copies of this letter should be made available to appropriate individuals responsible for maintaining the Company's internal control, procedures and other matters for study and implementation.

We would be pleased to discuss the above matters or to respond to any questions at your convenience.

Respectfully,
