Independent Auditor's Report

Plan Administrator
Henning Construction Company 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Henning Construction Company 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, part IV, line 4i—schedule of assets (held at end of year) as December 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Henning Construction Company 401(k) Plan

Notes to Financial Statements

Note 1. Description of the Plan

The following description of the Plan is provided for general information purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General and eligibility: The Plan is a defined contribution plan covering all employees of Henning Construction Company (the Sponsor or Company). In order to become eligible to participate, employees must reach 21 years of age and complete 1,000 hours of service during the applicable eligibility computation period. Entry dates are semi-annual on the first day of the first month or the first day of the seventh month after eligibility requirements are met. The Fiduciary and Investment Committee is responsible for oversight of the Plan and determines the appropriateness of the Plan's investment offerings and monitors performance. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions and investment options: Participants may make elective deferral contributions to the Plan up to 100% of compensation, as defined by the Plan subject to annual limit as defined by the Internal Revenue Code (IRC). Participants who have obtained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 6% of eligible compensation with an increase of 1% per year up to a maximum of 10% of compensation. The Sponsor makes matching contributions of 50% of the first 6% of base compensation that a participant contributes to the Plan. Additional amounts may also be contributed by the Sponsor at the discretion of the Sponsor's Board of Directors. There were no additional discretionary contributions during 2022. Participants direct the investment of their contributions and any employer contributions into various investments offered by the Plan. The Plan currently offers mutual funds and a group annuity contract as investment options for participants. Participants may change their investment options daily.

Participant accounts: Each participant's account is credited with the participant's contributions, employer's matching contributions and an allocation of Plan earnings. Participant accounts are charged with an allocation of administrative expenses paid by the Plan. Allocations are based on participant earnings, account balances or specific participant transactions, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are immediately vested in their elective deferral contributions and rollover contributions, plus actual earnings thereon. Vesting of employer matching contributions, plus actual earnings thereon is based on years of service. A participant is 20% vested after two years of service. Additional vesting increases 20% per year after year two until the participant is 100% vested after six years of service.

Payment of benefits: Upon separation of service due to death, disability, retirement or termination, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account or annual installments over specified times, not exceeding the life expectancy or joint life expectancy of the participant and/or the beneficiary. If a participant's vested account is \$5,000 or less the vested account will be paid in a single lump-sum.

In-service withdrawals are available in certain limited circumstances, as defined by the Plan. Hardship withdrawals are allowed for participants incurring an immediate and severe financial need, as defined by the Plan.

Henning Construction Company 401(k) Plan

Notes to Financial Statements

Note 1. Description of the Plan (Continued)

Plan termination: The Company has not expressed any intent to terminate the Plan, however, it has the right to do so subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

Forfeited accounts: Forfeited balances of terminated employees' nonvested accounts are used to reduce employer matching contributions, pay administrative expenses or be allocated to participants. The balance of forfeited nonvested accounts totaled approximately \$1,700 and \$556 at December 31, 2023 and 2022, respectively. During the year ended December 31, 2023, nonvested forfeited account balances of \$0 were used to reduce employer matching contributions.

Note 2. Summary of Significant Accounting Policies

Basis of accounting: The accompanying financial statements have been prepared under the accrual basis of accounting.

Accounting estimates and assumptions: The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP) requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Contributions: Contributions from Plan participants and the matching contributions from the employer are recorded in the year in which the employee contributions are withheld from compensation.

Investment valuation and income recognition: Investments held by the Plan are reported at fair value, except for fully benefit-responsive investment contracts, which are stated at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Fiduciary and Investment Committee determines the Plan's valuation policies utilizing information provided by the custodian. See Note 4 for further discussion and disclosures related to fair value measurements. Contract value is the attribute for fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of benefits: Benefits are recorded when paid.

Administrative expenses: Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. Administrative expenses of the Plan, such as expenses for bonding required by ERISA, expenses for auditing and recordkeeping, and fees for investment education services are paid by the Company. Certain other administrative expenses are paid directly by the Plan and charged directly to the participants' accounts. Investment related expenses are included in net appreciation of fair value of investments.

Risks and uncertainties: The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Henning Construction Company 401(k) Plan

Notes to Financial Statements

Note 2. Summary of Significant Accounting Policies (Continued)

Subsequent events: The Plan has evaluated subsequent events for potential recognition and disclosure through October 8, 2024, which is the date financial statements were available to be issued.

Note 3. Information Certified and Provided by Nationwide Trust Company, FSB (the Custodian)

The following is a summary of the Plan's asset information as of December 31, 2023 and 2022, and for the year ended December 31, 2023, included throughout the Plan's financial statements and ERISA-required supplemental schedule, obtained by management and agreed to or derived from information certified by Nationwide Trust Company, FSB, the custodian. The Plan Administrator has obtained certifications from the custodian that the information provided to the Plan Administrator by the custodian related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the information which appears throughout the financial statements and ERISA-required supplemental schedule related to the following assets:

	December 31	
	2023	2022
Mutual funds (fair value)	\$ 6,897,895	\$ 5,136,646
Group annuity contract (contract value)	243,175	390,059
	<u>\$ 7,141,070</u>	<u>\$ 5,526,705</u>

The custodian also certified the completeness and accuracy of \$1,056,785 of net appreciation in fair/contract value of investments for the year ended December 31, 2023.

Note 4. Fair Value Measurements

Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants and required the use of valuation techniques that are consistent with the market approach, the income approach and/or the cost approach. Inputs to valuation techniques refer to the assumptions that market participants would use in pricing the asset or liability. Inputs may be observable, meaning those that reflect the assumptions market participants would use in pricing the asset or liability developed based on market data obtained from independent sources or unobservable, meaning those that reflect the Plan's own assumptions about the assumptions market participants would use in pricing the asset or liability developed based on the best information available in the circumstances. The fair value hierarchy is as follows:

- Level 1:** Quoted prices (unadjusted) for identical assets or liabilities in active markets that the Plan has the ability to access as of the measurement date
- Level 2:** Significant other observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities, quoted prices in markets that are not active or other inputs that are observable or can be corroborated by observable market data
- Level 3:** Significant unobservable inputs that reflect the Plan's own assumptions about the assumptions that market participants would use in pricing an asset or liability

Henning Construction Company 401(k) Plan

Notes to Financial Statements

Note 4. Fair Value Measurements (Continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2023 and 2022:

Description	2023			Total
	Level 1	Level 2	Level 3	
Assets:				
Mutual funds	\$ 6,897,895	\$ -	\$ -	\$ 6,897,895
Total assets in the fair value hierarchy	<u>\$ 6,897,895</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 6,897,895</u>

Description	2022			Total
	Level 1	Level 2	Level 3	
Assets:				
Mutual funds	\$ 5,136,646	\$ -	\$ -	\$ 5,136,646
Total assets in the fair value hierarchy	<u>\$ 5,136,646</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 5,136,646</u>

A description of the valuation methodologies used for instruments measured at fair value, as well as the general classification of such instruments pursuant to the valuation hierarchy, is set forth below. The level to which an asset or liability is classified is based upon the lowest level of input that is significant to the fair value measurements. There have been no changes in valuation methodologies at December 31, 2023 compared to December 31, 2022.

Mutual funds: Mutual funds are valued at the quoted market price of the fund and are classified within Level 1 of the valuation hierarchy.

Note 5. Tax Status

The Plan has adopted a volume submitter plan. The volume submitter plan has received an opinion letter from the Internal Revenue Service stating that the Plan is designed in accordance with applicable sections of the Code. The Plan has been amended since receiving the determination letter. However, the Plan Administrator believes that the Plan is designed and is being operated in compliance with the applicable requirements of the Code.

Management has evaluated the Plan's tax position and concluded that the Plan has maintained its tax exempt status and had taken no uncertain tax positions that require adjustments to the financial statements. Therefore, no provisions or liability for income taxes has been included in the financial statements.

Note 6. Related-Party Transactions and Party-In-Interest Transactions

Certain plan investments are managed by Nationwide Trust Company, FSB, the Plan custodian. These transactions qualify as party-in-interest transactions. Fees paid by the Plan to the custodian totaled \$30,047 for the year ended December 31, 2023.

Henning Construction Company 401(k) Plan

Notes to Financial Statements

Note 7. Fully Benefit-Responsive Investment Contract

The Plan has an investment contract with Nationwide Life Insurance Company. This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses.

Nationwide Life Insurance Company maintains contract deposits in an unallocated fund, to which it adds interest at the contract rate. Deposits into this contract are guaranteed the contract rate of return. The crediting rate is based on a formula established by the contract issuer but may not be less than 0%. The crediting rate is reviewed on a quarterly basis for resetting. The average crediting rate was approximately 3.02% during the year ended December 31, 2023.

The Plan's ability to receive amounts due in accordance with the fully benefit-responsive investment contract is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. Such events include termination of the contract, spin-offs, divestitures, layoffs, corporate relocation, partial or total Plan termination, retirement incentive programs and the liberalization of Plan withdrawal or transfer rules. Upon occurrence of any of these events, a market value adjustment may apply. The Plan does not believe an event which would limit the Plan's ability to transact at contract value with participants is probable.

Independent Auditor's Report

Plan Administrator
Henning Construction Company 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Henning Construction Company 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, part IV, line 4i—schedule of assets (held at end of year) as December 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Henning Construction Company 401(k) Plan

Notes to Financial Statements

Note 1. Description of the Plan

The following description of the Plan is provided for general information purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General and eligibility: The Plan is a defined contribution plan covering all employees of Henning Construction Company (the Sponsor or Company). In order to become eligible to participate, employees must reach 21 years of age and complete 1,000 hours of service during the applicable eligibility computation period. Entry dates are semi-annual on the first day of the first month or the first day of the seventh month after eligibility requirements are met. The Fiduciary and Investment Committee is responsible for oversight of the Plan and determines the appropriateness of the Plan's investment offerings and monitors performance. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions and investment options: Participants may make elective deferral contributions to the Plan up to 100% of compensation, as defined by the Plan subject to annual limit as defined by the Internal Revenue Code (IRC). Participants who have obtained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 6% of eligible compensation with an increase of 1% per year up to a maximum of 10% of compensation. The Sponsor makes matching contributions of 50% of the first 6% of base compensation that a participant contributes to the Plan. Additional amounts may also be contributed by the Sponsor at the discretion of the Sponsor's Board of Directors. There were no additional discretionary contributions during 2022. Participants direct the investment of their contributions and any employer contributions into various investments offered by the Plan. The Plan currently offers mutual funds and a group annuity contract as investment options for participants. Participants may change their investment options daily.

Participant accounts: Each participant's account is credited with the participant's contributions, employer's matching contributions and an allocation of Plan earnings. Participant accounts are charged with an allocation of administrative expenses paid by the Plan. Allocations are based on participant earnings, account balances or specific participant transactions, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are immediately vested in their elective deferral contributions and rollover contributions, plus actual earnings thereon. Vesting of employer matching contributions, plus actual earnings thereon is based on years of service. A participant is 20% vested after two years of service. Additional vesting increases 20% per year after year two until the participant is 100% vested after six years of service.

Payment of benefits: Upon separation of service due to death, disability, retirement or termination, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account or annual installments over specified times, not exceeding the life expectancy or joint life expectancy of the participant and/or the beneficiary. If a participant's vested account is \$5,000 or less the vested account will be paid in a single lump-sum.

In-service withdrawals are available in certain limited circumstances, as defined by the Plan. Hardship withdrawals are allowed for participants incurring an immediate and severe financial need, as defined by the Plan.

Note 1. Description of the Plan (Continued)

Plan termination: The Company has not expressed any intent to terminate the Plan, however, it has the right to do so subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

Forfeited accounts: Forfeited balances of terminated employees' nonvested accounts are used to reduce employer matching contributions, pay administrative expenses or be allocated to participants. The balance of forfeited nonvested accounts totaled approximately \$1,700 and \$556 at December 31, 2023 and 2022, respectively. During the year ended December 31, 2023, nonvested forfeited account balances of \$0 were used to reduce employer matching contributions.

Note 2. Summary of Significant Accounting Policies

Basis of accounting: The accompanying financial statements have been prepared under the accrual basis of accounting.

Accounting estimates and assumptions: The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP) requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Contributions: Contributions from Plan participants and the matching contributions from the employer are recorded in the year in which the employee contributions are withheld from compensation.

Investment valuation and income recognition: Investments held by the Plan are reported at fair value, except for fully benefit-responsive investment contracts, which are stated at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Fiduciary and Investment Committee determines the Plan's valuation policies utilizing information provided by the custodian. See Note 4 for further discussion and disclosures related to fair value measurements. Contract value is the attribute for fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of benefits: Benefits are recorded when paid.

Administrative expenses: Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. Administrative expenses of the Plan, such as expenses for bonding required by ERISA, expenses for auditing and recordkeeping, and fees for investment education services are paid by the Company. Certain other administrative expenses are paid directly by the Plan and charged directly to the participants' accounts. Investment related expenses are included in net appreciation of fair value of investments.

Risks and uncertainties: The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 2. Summary of Significant Accounting Policies (Continued)

Subsequent events: The Plan has evaluated subsequent events for potential recognition and disclosure through October 8, 2024, which is the date financial statements were available to be issued.

Note 3. Information Certified and Provided by Nationwide Trust Company, FSB (the Custodian)

The following is a summary of the Plan's asset information as of December 31, 2023 and 2022, and for the year ended December 31, 2023, included throughout the Plan's financial statements and ERISA-required supplemental schedule, obtained by management and agreed to or derived from information certified by Nationwide Trust Company, FSB, the custodian. The Plan Administrator has obtained certifications from the custodian that the information provided to the Plan Administrator by the custodian related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the information which appears throughout the financial statements and ERISA-required supplemental schedule related to the following assets:

	December 31	
	2023	2022
Mutual funds (fair value)	\$ 6,897,895	\$ 5,136,646
Group annuity contract (contract value)	243,175	390,059
	<u>\$ 7,141,070</u>	<u>\$ 5,526,705</u>

The custodian also certified the completeness and accuracy of \$1,056,785 of net appreciation in fair/contract value of investments for the year ended December 31, 2023.

Note 4. Fair Value Measurements

Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants and required the use of valuation techniques that are consistent with the market approach, the income approach and/or the cost approach. Inputs to valuation techniques refer to the assumptions that market participants would use in pricing the asset or liability. Inputs may be observable, meaning those that reflect the assumptions market participants would use in pricing the asset or liability developed based on market data obtained from independent sources or unobservable, meaning those that reflect the Plan's own assumptions about the assumptions market participants would use in pricing the asset or liability developed based on the best information available in the circumstances. The fair value hierarchy is as follows:

- Level 1:** Quoted prices (unadjusted) for identical assets or liabilities in active markets that the Plan has the ability to access as of the measurement date
- Level 2:** Significant other observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities, quoted prices in markets that are not active or other inputs that are observable or can be corroborated by observable market data
- Level 3:** Significant unobservable inputs that reflect the Plan's own assumptions about the assumptions that market participants would use in pricing an asset or liability

Note 4. Fair Value Measurements (Continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2023 and 2022:

Description	2023			Total
	Level 1	Level 2	Level 3	
Assets:				
Mutual funds	\$ 6,897,895	\$ -	\$ -	\$ 6,897,895
Total assets in the fair value hierarchy	<u>\$ 6,897,895</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 6,897,895</u>

Description	2022			Total
	Level 1	Level 2	Level 3	
Assets:				
Mutual funds	\$ 5,136,646	\$ -	\$ -	\$ 5,136,646
Total assets in the fair value hierarchy	<u>\$ 5,136,646</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 5,136,646</u>

A description of the valuation methodologies used for instruments measured at fair value, as well as the general classification of such instruments pursuant to the valuation hierarchy, is set forth below. The level to which an asset or liability is classified is based upon the lowest level of input that is significant to the fair value measurements. There have been no changes in valuation methodologies at December 31, 2023 compared to December 31, 2022.

Mutual funds: Mutual funds are valued at the quoted market price of the fund and are classified within Level 1 of the valuation hierarchy.

Note 5. Tax Status

The Plan has adopted a volume submitter plan. The volume submitter plan has received an opinion letter from the Internal Revenue Service stating that the Plan is designed in accordance with applicable sections of the Code. The Plan has been amended since receiving the determination letter. However, the Plan Administrator believes that the Plan is designed and is being operated in compliance with the applicable requirements of the Code.

Management has evaluated the Plan's tax position and concluded that the Plan has maintained its tax exempt status and had taken no uncertain tax positions that require adjustments to the financial statements. Therefore, no provisions or liability for income taxes has been included in the financial statements.

Note 6. Related-Party Transactions and Party-In-Interest Transactions

Certain plan investments are managed by Nationwide Trust Company, FSB, the Plan custodian. These transactions qualify as party-in-interest transactions. Fees paid by the Plan to the custodian totaled \$30,047 for the year ended December 31, 2023.

Henning Construction Company 401(k) Plan

Notes to Financial Statements

Note 7. Fully Benefit-Responsive Investment Contract

The Plan has an investment contract with Nationwide Life Insurance Company. This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses.

Nationwide Life Insurance Company maintains contract deposits in an unallocated fund, to which it adds interest at the contract rate. Deposits into this contract are guaranteed the contract rate of return. The crediting rate is based on a formula established by the contract issuer but may not be less than 0%. The crediting rate is reviewed on a quarterly basis for resetting. The average crediting rate was approximately 3.02% during the year ended December 31, 2023.

The Plan's ability to receive amounts due in accordance with the fully benefit-responsive investment contract is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. Such events include termination of the contract, spin-offs, divestitures, layoffs, corporate relocation, partial or total Plan termination, retirement incentive programs and the liberalization of Plan withdrawal or transfer rules. Upon occurrence of any of these events, a market value adjustment may apply. The Plan does not believe an event which would limit the Plan's ability to transact at contract value with participants is probable.
