INDEPENDENT AUDITOR'S REPORT

Plan Administrator
V-Soft Consulting Group Retirement Plan
Louisville, Kentucky

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of V-Soft Consulting Group Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of V-Soft Consulting Group Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of V-Soft Consulting Group Retirement Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about V-Soft Consulting Group Retirement Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of V-Soft Consulting Group Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about V-Soft Consulting Group Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedules of Schedule H, line 4i – schedule of assets (held at end of year) and Schedule H, Line 4a – schedule of delinquent participant contributions as of and for the year ended December 31, 2023, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

V-SOFT CONSULTING GROUP RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

Note 1. Plan Description

The following description of V-Soft Consulting Group Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all eligible employees, 18 years of age or older, of V-Soft Consulting Group, Inc. (the Company). Employees of V-Soft Consulting Canada, a wholly owned subsidiary of the Company, are not eligible to participate in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Investment Committee determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Contributions

Each year, participants may contribute up to 86% of eligible compensation as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan.

The Plan includes an auto enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. The initial amount of automatic enrollment deferrals is six percent, this amount increases by one percent each year up to a maximum of fifteen percent, unless the participant requests a change, these contributions are automatically invested in a designated retirement target date fund until changed by the participant.

The Company may make a discretionary contribution to match the employees' elective deferrals, which is decided by the Investment Committee. The matching contribution will be a percentage of employee deferrals. Discretionary contributions are contributed each payroll period. Participants were immediately eligible for the match after six months of service. The matching employer contributions are invested in a portfolio of investments as directed by the participant.

Effective June 1, 2023, the Plan was amended to allow participants to be fully eligible for employer matching contributions after attaining the age of 18 and completing 30 days of service.

Contributions are subject to certain statutory limitations.

NOTES TO FINANCIAL STATEMENTS

Note 1. Plan Description (Continued)

Participant Accounts

Each participant's account is credited with the participant's contribution and discretionary matching contribution, as well as allocations of the plan earnings (losses) and administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's discretionary matching contributions and actual earnings thereon is based on years of continuous service (1,000 hours). Upon death or total disability, a participant becomes 100% vested. A participant is 100% vested after five years of credited service as described below:

<u>Years of Service</u>	<u>Vested Percentage</u>
Less than 1 year	0%
1 year	20%
2 years	40%
3 years	60%
4 years	80%
5 years or more	100%

Upon termination, the amount of a participant's account not vested is forfeited.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. The notes are secured by the balance in the participant's account. The loan interest rate is set at one percent above the prime rate, as defined. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits

On termination of service due to death, disability, retirement, or any other reason, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account. The plan administrator may initiate distributions to terminated employees with account balances less than \$5,000 in a lump-sum payment. Participants who are fully vested are eligible to receive an in-service distribution, including hardship distributions. Participants may request a hardship withdrawal of a portion of their account attributed to participant deferrals and vested portion of employer matching contributions. Any hardship withdrawals are limited to the amount needed to meet the financial need.

NOTES TO FINANCIAL STATEMENTS

Note 1. Plan Description (Continued)

Forfeited Accounts

At December 31, 2023 and 2022, forfeited nonvested accounts were \$21,392 and \$33,293, respectively. The nonvested portion of a participant's account will be forfeited on the date the terminated participant receives a cash-out of the non-forfeitable percentage of his or her accrued benefit. Forfeitures can be used to reduce Company contributions or pay plan expenses. During the year ended December 31, 2023, forfeitures of \$120,753 were utilized for employer match.

Note 2. Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared using the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2023 and 2022. If a participant does not make loan repayments and the Plan Administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment on the terms of the Plan document.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value, except for the fully-benefit responsive investment contract, which is reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly manner transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisors, custodian, and trustee. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

NOTES TO FINANCIAL STATEMENTS

Note 2. Significant Accounting Policies (Continued)

Payment of Benefits

Benefit payments are recorded when paid. Under the rules for preparation of Form 5500, the Plan's Form 5500 will reflect an accrual for the amount to be paid to participants who withdrew from the Plan prior to year-end, and who had requested a distribution which was approved but not yet paid at period end, if any. There were no unpaid distributions at December 31, 2023 and 2022.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. The Company does not intend to request a reimbursement from the Plan. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

Subsequent Events

Management has evaluated subsequent events through October 9, 2024, the date the financial statements were available to be issued.

Note 3. Certified Investments

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedules, including investments and notes receivable from participants held at December 31, 2023 and 2022, and net appreciation in fair value of investments, dividends and interest, and interest income on notes receivable from participants for the year ended December 31, 2023, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Empower Annuity Insurance Company of America and Empower Trust Company, LLC, the custodian and trustee, respectively, of the Plan. The following table summarizes the certified information:

	<u>2023</u>	<u>2022</u>
Investments:		
Investments, at fair value	\$ 31,261,381	\$ 23,942,921
Investment, at contract value	756,626	896,176
Notes receivable from participants	812,789	581,831
Investment Income:		
Net appreciation in fair value of investments	4,258,811	
Dividends and interest	763,861	
Interest income on notes receivable from participants	49,763	

NOTES TO FINANCIAL STATEMENTS

Note 4. Fair Value Measurements

U.S. GAAP provides a framework for fair value measurements. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The methodology for measuring fair value specifies a three-tier hierarchy of valuation techniques based upon whether the inputs to those valuation techniques are based on quoted prices of identical assets or liabilities (Level 1), significant other observable inputs (Level 2), or significant other unobservable inputs that reflect a plan's own assumptions of market participant valuation (Level 3).

All financial assets and liabilities as of December 31, 2023 and 2022, except for the fully benefit-responsive guaranteed investment contract, are measured at fair value on a recurring basis (at least annually) into the most appropriate level within the fair value hierarchy based on the inputs used to determine the fair value at the measurement date. There have been no changes in the methodologies used at December 31, 2023 and 2022.

The fair value of mutual funds is based upon the quoted net asset value of the shares held by the Plan at year-end. The mutual funds held by the Plan are open-end mutual funds registered with the U.S. Securities and Exchange Commission. The funds are required to publish their daily net asset value and transaction at that price. The mutual funds of the Plan are considered to be actively traded.

The following tables represent the Plan's investment at fair value:

	Balance at 12/31/2023	Fair Value Measurements Using:		
		Level 1	Level 2	Level 3
Mutual funds	<u>\$ 31,261,381</u>	<u>\$ 31,261,381</u>	<u>\$ - -</u>	<u>\$ - -</u>

	Balance at 12/31/2022	Fair Value Measurements Using:		
		Level 1	Level 2	Level 3
Mutual funds	<u>\$ 23,942,921</u>	<u>\$ 23,942,921</u>	<u>\$ - -</u>	<u>\$ - -</u>

Note 5. Investment Contract with Insurance Company

The Plan entered into a fully benefit-responsive guaranteed investment contract with Empower Annuity Insurance Company of America. Empower Annuity Insurance Company of America maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed fund issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

NOTES TO FINANCIAL STATEMENTS

Note 5. Investment Contract with Insurance Company (Continued)

The investment contract meets the criteria to be considered fully-benefit responsive and therefore contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the investment contract. The investment contract is presented on the face of the statements of net assets available for benefits at contract value. Management and the Plan's trustee believe that contract value is an appropriate measurement for the Plan's investment contract for financial statement reporting purposes, and that the contract value approximates fair value.

Contract value, as reported to the Plan by the trustee, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The contract value of the investment contract at December 31, 2023 and 2022 was \$756,626 and \$896,176, respectively. The average interest rate credit to participants was 2.18% and 1.88% as of December 31, 2023 and 2022, respectively.

Certain events limit the Plan's ability to transact at contract value with Empower Annuity Insurance Company of America. Such events include the following: (a) amendments to the Plan documents (including complete or partial plan termination or merger with another plan), (b) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (c) bankruptcy of the Plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (d) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. Furthermore, certain events would allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Examples of such events include (a) an uncured breach of the Plan's investment guidelines, (b) a material amendment to the contract without the issuer's consent, (c) a violation of a material obligation under the contract, or (d) a material misrepresentation. Management does not believe that any events that would limit the Plan's ability to transact at contract value with the Plan participants are probable of occurring.

Note 6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

NOTES TO FINANCIAL STATEMENTS

Note 7. Tax Status

The Plan's design is developed from a non-standardized pre-approved profit sharing plan, which received a favorable opinion letter dated June 30, 2020, stating that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). The plan administrator has not separately applied for a determination letter from the Internal Revenue Service (IRS). Although the Plan has been amended since receiving the opinion letter, the Company's management and the plan administrator believe the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC, and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would be sustained upon examination by the IRS. The Plan is subjected to routine audits by taxing authorities; however, there are currently no audits for any tax period in progress.

Note 8. Related Party and Party in Interest Transactions

Parties-in-interest are defined by the Department of Labor regulations as a fiduciary of the Plan, any party rendering service to the Plan, the Company, and certain others. Plan investments are held by Empower Annuity Insurance Company of America and Empower Trust Company, LLC, the custodian and trustee, respectively. Jones, Nale, & Mattingly, PLC is the independent auditor of the Plan. Argi Investment Services, LLC provides investment consulting to the Plan and executes investment transactions for the Plan. Creative Retirement Systems, Inc. performs annual compliance testing and other services to the Plan. These transactions qualify as party-in-interest transactions. Fees paid by the Plan for these services amounted to \$187,498. All of these party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

Note 9. Risk and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of the investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 10. Prohibited Transaction

During the year ended December 31, 2023, the Company failed to remit certain employee contributions totaling \$2,255 to the Plan within the period prescribed by the Department of Labor. In 2024, the Company will remit lost earnings on these contributions to compensate affected participants. During the year ended December 31, 2022, the Company failed to remit certain employee contributions totaling \$4,309 to the Plan within the period prescribed by the Department of Labor. In 2023, the Company remitted lost earnings on these contributions to compensate affected participants.
