INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator
The Carnegie Mellon University 401(k) Plan
Pittsburgh, Pennsylvania

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of The Carnegie Mellon University 401(k) Plan (Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the years then ended, stating that the certified investment information, as described in Note H to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audits.

Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2023 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

THE CARNEGIE MELLON UNIVERSITY
401(K) PLAN

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2023 AND 2022

A. Description of the Plan

The following description of The Carnegie Mellon University 401(k) Plan (Plan) provides only general information. Participants should refer to the Plan document for a complete description of the Plan's provisions.

1. *General.* Subject to certain exceptions, the Plan covers employees the first of the month coincident with or next following their date of hire. Employees who are not eligible to participate in the Plan include the following: a) a leased employee, an independent contractor or an individual not considered to be an actual employee of Carnegie Mellon University (University); b) any employee who is eligible to participate or accrue or receive retirement benefits under the laws of a foreign (non-United States of America) country; c) any employee who is eligible to participate in the Carnegie Mellon University Faculty and Staff Retirement Plan, which is another qualified plan sponsored by the University; and d) employees of any related employers who are not classified as eligible to participate in the Plan by Carnegie Mellon University, including but not limited to any employee of Advanced Robotics for Manufacturing Institute. Effective January 1, 2017, the Plan was amended to change the eligibility requirements to permit a participant in the Plan to change to the Carnegie Mellon University Faculty and Staff Retirement Plan if he/she became a U.S. citizen or U.S. permanent resident after being enrolled in the Plan.

The Plan provides for profit sharing contributions to employees who meet the eligibility criteria: (i) attainment of age 21 and (ii) either employed on a full-time basis or, if part-time, at the completion of 1,000 hours of service. In addition, employees who are not eligible to receive profit sharing contributions under the Plan are: (a) an employee whose primary relationship to the University is as a student; (b) any employee who is a member of any union other than the Campus Police Association or Teamsters Chauffeurs and Helpers Local Union 249; (c) any employee who is a post-doctoral associate if the department with which such an individual is associated advises the University that the applicable funding source does not provide for these benefits; (d) employees of any related employers who are not classified as eligible to participate in the Plan by the University, including but not limited to any employee of Advanced Robotics for Manufacturing Institute; (e) any employee who is eligible to participate in the Carnegie Mellon University Faculty and Staff Retirement Plan; and (f) any employee who is eligible to participate or accrue or receive retirement benefits under the laws of a foreign (non-United States) country. The Plan is a defined contribution plan under the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The Board of Trustees is responsible for oversight of the Plan. The Benefits Investment Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Plan's Board of Trustees.

401(K) PLAN

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2023 AND 2022

2. *Contributions.* Each year, participants may contribute up to the 402(g) limit of the Internal Revenue Code of 1986 (IRC), as amended. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan. Generally, University contributions are made at the rate of 8% of the participant's base salary. As an exception, for those employees with a nine-month academic appointment, the rate of contribution is 9.78% of base pay for those nine months. Contributions are subject to certain limitations required by the IRC.
3. *Participant Accounts.* Each participant's account is credited with: (a) participant contributions, (b) the University's contributions and (c) earnings attributable to the investment of such account less the fees associated with the fund. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants may also make and invest rollover contributions.
4. *Vesting.* A participant is 100% vested in the University contributions and earnings thereon if the participant has completed at least three "years of service" with the University, as defined in the Plan document. Service rendered to another college or university while participating in that institution's qualified plan may be recognized as service for vesting purposes under the Plan. A participant is also vested if employment terminates on or after age 65, or on account of death or permanent and total disability. Additional information regarding vesting may be found in the Plan document. Participants are always 100% vested in their participant contributions plus actual earnings thereon.
5. *Notes Receivable From Participants.* Subject to the terms of the Plan, participants may borrow a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000, or 50% of their salary reduction contribution and rollover contribution account balance. The notes receivable are secured by the balance in the participant's account. Loan terms range from one to five years in one-year increments (up to 10 years for the purchase of the participant's primary residence). Notes receivable bear interest at the Federal Reserve Board Bank prime rate at the time of loan origination, plus 1%.
6. *Excess Contributions Payable:* Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service (IRS) are recorded as a liability with a corresponding reduction to contributions. The Plan distributes excess contributions payable to the applicable participants in the following year.

7. *Payment of Benefits.* On termination of service, a participant may elect to receive an amount equal to the value of the vested interest in the account in the form permitted by the Plan and the type of investment held. With notarized spousal consent, the participant may make another individual or entity his/her beneficiary, and, upon death, the specified balance will be distributed to that beneficiary. The Plan permits in-service withdrawals of profit-sharing contributions for (a) employees who meet all of the following: are a fully vested faculty member; are 59½ years of age or older; whose status changed from full-time to part-time or to “retired” or “emeritus;” and are considered a “non-highly compensated employee” as defined by IRC Section 414(q) or (b) employees who meet all of the following: are fully vested; are 59½ years of age or older; and have a condition of hardship as outlined in the Plan document.
8. *Forfeited Accounts.* Accounts of nonvested terminated participants are forfeited. These balances will be used to reduce future employer contributions to the Plan. In 2023 and 2022, employer contributions were reduced by approximately \$0 and \$280,000, respectively, from forfeited nonvested accounts. As of December 31, 2023 and 2022, forfeited nonvested accounts totaled approximately \$55,000 and \$40,000, respectively.

B. Summary of Significant Accounting Policies

A summary of significant accounting policies consistently applied by the Plan administrator in the preparation of the accompanying statements of net assets available for benefits and related statements of changes in net assets available for benefits and the related notes to the financial statements (financial statements) follows:

1. *Basis of Accounting.* The financial statements of the Plan are prepared on the accrual basis of accounting.
2. *Use of Estimates.* The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amount of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.
3. *Investment Valuation and Income Recognition.* Investments are reported at fair value, which is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note C for discussion of fair value measurement. Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan’s gains and losses on investments bought and sold as well as held during the year.

4. *Payments of Benefits.* Benefits are recorded when paid.
5. *Expenses.* Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the University. Operating expenses of the investment funds are paid from the expense ratios of the respective funds and are included in net appreciation (depreciation) in fair value of investments. Certain accounting, legal and other administrative expenses are paid by the University on behalf of the Plan, and are excluded from these financial statements.
6. *Subsequent Events.* Management has evaluated subsequent events through October 11, 2024, the date that the financial statements were available to be issued.

C. Fair Value Measurement

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurement) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under the FASB Fair Value Measurement topic are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2023 AND 2022

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2023 and 2022.

Mutual Funds - Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Self-Directed Brokerage Option - The self-directed brokerage account contains mutual funds and money market funds. Mutual funds are valued at the daily closing price as reported by the funds. These funds are required to publish their daily net asset value and to transact at that price. The carrying value of money market funds approximates fair value due to the short-term nature of such interests.

The methods described might produce a fair value calculation that might not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes that its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2023 and 2022:

2023				
	Level 1	Level 2	Level 3	Total
Mutual Funds	\$ 50,203,405	-	-	\$ 50,203,405
Self-Directed Brokerage Option	791,695	-	-	791,695
Total Assets Measured at Fair Value	<u>\$ 50,995,100</u>	<u>-</u>	<u>-</u>	<u>\$ 50,995,100</u>
2022				
	Level 1	Level 2	Level 3	Total
Mutual Funds	\$ 38,068,572	-	-	\$ 38,068,572
Self-Directed Brokerage Option	529,674	-	-	529,674

D. Related-Party Transactions and Party-in-Interest Transactions

In part, the Plan invests in shares of funds managed by Teachers Insurance and Annuity Association of America and College Retirement Equities Fund (CREF). TIAA and CREF act as trustees for only those investments as defined by the Plan. Transactions in such investments qualify as party-in-interest transactions, which are exempt from the prohibited transactions rules. Certain administrative functions are performed by employees of the University at no cost to the Plan.

E. Plan Termination

The Plan has no set expiration date. When it was established, the Plan was not intended to be temporary. Nevertheless, the University has the right to end the Plan (in whole or in part) at any time subject to provisions set forth in ERISA and the IRC. The procedure for the University to end the Plan is the same as for amending the Plan as described in the Plan document. In the event of Plan termination, participants would become 100% vested in their employer contributions.

F. Tax Status

The Plan adopted a Prototype Non-standardized Profit-Sharing Plan (Prototype) with a cash or deferral arrangement. The Prototype received an opinion letter from the Internal Revenue Service (IRS) on October 7, 2020 that stated that the Plan and related Trust are designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the opinion letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes that the Plan is no longer subject to income tax examinations for years prior to 2020.

G. Risks and Uncertainties

The Plan invests in various investment securities that, in general, are exposed to various risks such as interest rate, market and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

H. Trustee Certification

Certain information related to investments disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments held at December 31, 2023 and 2022, and net appreciation (depreciation) in fair value of investments and interest and dividends for the years then ended, was obtained by management and agreed to or derived from information certified as complete and accurate by TIAA and CREF, the trustees of the Plan, for the years ended December 31, 2023 and 2022.
