Employee's Retirement & Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audits

We have performed audits of the financial statements of the Northgate Technologies, Inc. & Monaghan Medical Corp. Employee's Retirement & Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audits). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022 and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to, or derived from, the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by the qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audits does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due, or which may become due, to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audits section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal-control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year) as of December 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from, and relates directly to, the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to, or derived from, the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to, or is derived from, the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to, or derived from, the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to, or is derived from, the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedule related to assets held by and certified to by the qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Employee's Retirement & Savings Plan**

Notes to Financial Statements

Note 1. Description of Plan

The following brief description of the Northgate Technologies, Inc. & Monaghan Medical Corp. Employee's Retirement & Savings Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan document for more complete information.

General: The Plan is a defined contribution plan covering all employees of Monaghan Medical Corp. and Northgate Technologies, Inc. (the Companies) who have completed at least one month of service, as defined, and reached 21 years of age as of the date that the other requirements have been satisfied, excluding nonresident aliens, residents of Puerto Rico, and members of collective-bargaining units. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions: Participants may contribute up to 100% of their compensation, as defined by the Plan. Participants direct the investment of their contributions into various investment options offered by the Plan. Participants may make rollover contributions representing distributions from other tax-qualified defined benefit or contribution plans. Roth deferrals are also allowed under the Plan.

There is an automatic enrollment in the Plan for employees who do not affirmatively elect otherwise. Employees who are automatically enrolled make pretax contributions of 5% of eligible compensation for each payroll period. Unless affirmatively elected otherwise, deferrals increase annually by 1% up to a maximum of 10%.

Participants who have completed at least one month of service, as defined, and reached 21 years of age are eligible for employer contributions. Employer contributions consist of a safe harbor matching contribution equal to 100% of the first 3% of each participant's contribution and 50% of the next 2% of the participant's contribution. At the discretion of the Board of Directors, the Companies can also make an additional non-elective contribution. Participants who have completed at least one year of service, consisting of at least 1,000 hours, and reached 21 years of age are eligible for non-elective contributions. There were no non-elective contributions made during 2023.

Contributions and eligible compensation are subject to certain limitations.

Participant accounts: Each participant's account includes the participant's contributions, the Companies' matching contributions, and allocations of Plan expenses and earnings. Allocations are based on participant earnings or account balances, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are immediately vested in both their voluntary and employer safe harbor matching contributions plus actual earnings thereon. Vesting in the Companies' non-elective contributions is based on years of service. A participant is 20% vested after two years of service, increasing 20% per year, with 100% vesting after six years of credited service. Participants still employed after reaching the normal retirement age (55) shall be 100% vested in their account balance under the Plan. Participants automatically become fully vested upon death or disability while under the employment of the Companies.

Employee's Retirement & Savings Plan

Notes to Financial Statements

Note 1. Description of Plan (continued)

Notes receivable from participants: Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear a reasonable rate of interest. Interest rates range from 4.25% to 9.50%. All loans must be repaid within five years or within 10 years for the purchase of a primary residence. Principal and interest are generally paid ratably through payroll deductions.

Payment of benefits: Benefits are distributed under the Plan based on retirement, disability, death, hardship, deemed severance, or the termination of the participant's employment. In addition, the Plan allows for in-service distributions upon reaching age 59½. Upon the termination of service, a participant may receive a mandatory distribution, or may elect to receive a lump-sum payment equal to the value of his or her vested account or installment payments for a specified term.

Forfeitures: As of December 31, 2023 and 2022, forfeited nonvested accounts totaled \$12,633 and \$3,094, respectively. These amounts will be used to pay administrative expenses or reduce employer contributions, as defined. During 2023, forfeitures of \$1,154 were used to pay administrative expenses.

Note 2. Summary of Significant Accounting Policies

Basis of accounting: The Plan's financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America (GAAP) using the accrual basis of accounting.

Investment valuation and income recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants on the measurement date. See Note 4 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. No allowance for credit losses has been recorded as of December 31, 2023 or 2022. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Payment of benefits: Benefits are recorded when paid.

Expenses of the Plan: Administrative fees of actively employed participants of the Plan are paid by the Companies and capped at \$6,000. Certain investment fees and the remaining administrative fees are paid by the Plan.

Employee's Retirement & Savings Plan**

Notes to Financial Statements

Note 2. Summary of Significant Accounting Policies (continued)

Use of estimates: The preparation of financial statements in accordance with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and the disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Risks and uncertainties: The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term, and such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Subsequent events: Plan management has evaluated subsequent events through October 8, 2024, the date the financial statements were available to be issued.

Note 3. Information Certified by Empower Trust Company, LLC

The following is a summary of the Plan's information as of December 31, 2023 and 2022 and for the year ended December 31, 2023, included throughout the Plan's financial statements and ERISA-required supplemental schedule, that was prepared by, or derived from information certified by, the qualified institution and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the qualified institution that information provided to the Plan Administrator by the qualified institution related to the following information is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information that appears throughout the financial statements and ERISA-required supplemental schedule related to the following:

- All investments and notes receivable from participants;
- All investment income and interest income on notes receivable from participants;
- Information regarding investments in Note 4; and
- Information included on Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year).

Employee's Retirement & Savings Plan**

Notes to Financial Statements

Note 4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurement) and the lowest priority to unobservable inputs (Level 3 measurement). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy are described below:

Level 1: Unadjusted quoted prices in active markets for identical assets or liabilities that the Plan has the ability to access at the measurement date.

Level 2: Observable market-based inputs or observable inputs that are corroborated by market data.

Level 3: Unobservable inputs for the assets or liabilities that are not corroborated by market data.

Following are descriptions of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used in the current or prior year.

Mutual funds: Valued at the daily closing price as reported by each fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded and, therefore, are considered Level 1 investments.

Common collective trusts and pooled separate account: Valued based on the NAV of units of the common collective trusts and pooled separate account. The NAV, as provided by the custodian, is used as a practical expedient to estimate fair value. The NAV is based upon the fair value of the underlying investments composing the trust less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Each common collective trust and the pooled separate account provide for daily redemptions by the Plan at the reported NAV per share, with no advance notification requirement.

Note 5. Tax Status

The Plan has adopted a nonstandardized form of a pre-approved plan. The pre-approved plan provider, Empower Retirement LLC, has received an opinion letter from the Internal Revenue Service (IRS) as to the pre-approved plan's qualified status. The pre-approved plan opinion letter has been relied upon by the Plan. The Plan Administrator believes that the Plan is designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

Northgate Technologies, Inc. & Monaghan Medical Corp.
Employee's Retirement & Savings Plan

Notes to Financial Statements

Note 5. Tax Status (continued)

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 6. Plan Termination

Although it has not expressed any intent to date, the Companies have the right under the Plan to discontinue contributions at any time and terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in all of their accounts.

Note 7. Related-Party Transactions

ERISA defines a party in interest to include, among others, fiduciaries or employees of the Plan, any person who provides services to the Plan or an employer whose employees are covered by the Plan. Accordingly, loans to participants and the management of investments held by the qualified institution or an affiliate are considered party-in-interest transactions. Additionally, the Companies pay certain administrative fees for the Plan, as described in Note 2.

Note 8. Reconciliation of Financial Statements to Form 5500
