Independent Auditors' Report

The Trustees and Plan Management of the
GAI Consultants, Inc. Employee Stock Ownership Plan
Homestead, Pennsylvania

Opinion

We have audited the accompanying financial statements of GAI Consultants, Inc. Employee Stock Ownership Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2023 (in liquidation) and 2022 (in liquidation) and the related statement of changes in net assets available for benefits for the year ended December 31, 2023 (in liquidation), and the related notes to the financial statements.

In our opinion, the financial statements referred to in the first paragraph presents fairly, in all material respects, the net assets available for benefits of GAI Consultants, Inc. Employee Stock Ownership Plan as of December 31, 2023 (in liquidation) and 2022 (in liquidation), and the changes in its net assets available for benefits for the year ended December 31, 2023 (in liquidation), in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audits of the Financial Statements section of our report. We are required to be independent of GAI Consultants, Inc. Employee Stock Ownership Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Emphasis of Matter—Basis of Accounting

As discussed in Note A to the financial statements, the governing body of GAI Consultants, Inc. Employee Stock Ownership Plan approved an amendment to terminate the plan effective October 7, 2022, and liquidated the plan during the year ended December 31, 2023. As a result, the Plan used the liquidation basis of accounting for the years ended December 31, 2023 and 2022. Our opinion is not modified with respect to that matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of the financial statements that are free from material misstatements, whether due to fraud or error.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audits of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatements, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of GAI Consultants, Inc. Employee Stock Ownership Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters-Supplemental Schedule Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of reportable transactions is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standard.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

GAI Consultants, Inc. Employee Stock Ownership Plan

Notes to Financial Statement

For the Years Ended December 31, 2023 (in liquidation) and 2022 (in liquidation)

Note A - Plan Description

The following description of the GAI Consultants, Inc. Employee Stock Ownership Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan was established January 1, 1995. On May 22, 2020 the Plan was amended to operate, in a relevant part, as a stock bonus plan qualified under Section 401(a) of the Internal Revenue Code (Code) designed to comply with Section 4975(e)(7) and the regulations thereunder of the Internal Revenue Code of 1986, as amended and is subject to the applicable provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). The Plan is administered by an Employee Benefits Administration Committee (Committee) comprised of individuals appointed by the sponsor Company's Board of Directors. The trust is administered by Trustees appointed by the Company's Board of Directors. The Plan was amended and restated as of January 1, 2022 to include amendments for the Setting Every Community Up for Retirement Enhancement Act (SECURE Act) and the Coronavirus, Aid, Relief and Economic Security Act (CARES Act).

Plan Termination

During 2022, GAI Consultants, Inc. (the "Company") entered into a merger agreement with an unrelated third party. The participants of the Plan voted in favor of the merger, and the merger was complete on October 7, 2022. With the merger, the Company stock owned by the Plan was sold. The proceeds of the sale were invested in investments to preserve the principal of such assets consistent with the requirement of ERISA until distributed to the participants. Pursuant to the merger agreement, the Company terminated the Plan effective on the merger date and a Terminating Amendment was signed. Effective upon termination, the Plan is no longer an employee stock ownership plan within the meaning of Section 4975(e)(7) of the Code and was classified as a profit-sharing plan until all assets were distributed or transferred from the Plan. As of the termination date, no other employees were eligible to enter the Plan, employer contributions ceased, participants were unable to accrue additional benefits, and each participant became fully vested in their account balance. The duties of the trustees were terminated due to the merger. A new trust was established, and an independent successor trustee and investment manager were appointed to manage and invest assets to preserve principal until all assets of the Plan are distributed. The plan was fully liquidated as of December 31, 2023.

Eligibility

Employees of the Company were generally eligible to participate in the Plan after one year of service providing they worked at least 1,000 hours during such plan year. Participants who did not have at least 1,000 hours of service during such plan year or were not employed on the last working day of a plan year were generally not eligible for an allocation of company contributions for such year. Effective with the termination of the plan, no new employees were eligible to enter the Plan.

Contributions

Contributions to the Plan were at the discretion of the Company's Board of Directors in an amount not to exceed the maximum allowed for federal income tax purposes. Effective with the termination of the plan, employer contributions were not permitted for the years ended December 31, 2023 and 2022..

Payment of Benefits

No distributions from the Plan were made until a participant retired, died (in which case, payment was made to his or her beneficiary or, if none, his or her legal representatives), or otherwise terminated employment with the Company. Distributions were made in cash.

GAI Consultants, Inc. Employee Stock Ownership Plan

Notes to Financial Statement
For the Years Ended December 31, 2023 (in liquidation) and 2022 (in liquidation)

Note A - Description of Plan (continued)

Payment of Benefits (continued)

During 2022, as part of the Termination Agreement, participants were able to elect to receive a partial distribution of up to 80% of their vested account balance. Effective with the termination of the plan, all remaining assets were distributed to participants during the year ended December 31, 2023.

Voting Rights

Each participant (or the beneficiary of each deceased participant) was entitled to exercise voting rights attributable to the shares allocated to his or her account and was notified by the Trustee prior to the time that such rights were to be exercised. The Trustee was not permitted to vote any allocated shares for which instructions had not been given by a participant. The Trustee was required, however, to vote any unallocated shares on behalf of the collective best interest of plan participants and beneficiaries. In 2022, the participants voted in favor of the merger and termination of the plan.

Participant Accounts

The Plan was a defined contribution plan under which a separate individual account was established for each participant. Each participant's account was credited on the last day of each plan year with an allocation of shares of the Company's common stock and an allocation of shares of the Company's common stock released by the Trustee from the unallocated amount. Only those participants who were eligible employees of the Company as of the last day of the plan year would receive an allocation. Allocations were based on employees' compensation, as defined, relative to total eligible compensation, as defined. Plan earnings were allocated to each participant's account based on the ratio of the participant's beginning of the year account balance to all participants' beginning of the year account balances.

Vesting

Upon the termination of the Plan, participants were 100% vested in their account. Prior to termination, if a participant's employment with the Company ended for any reason other than retirement, permanent disability or death, he or she would vest in the balance in his or her account based on total years of service with the Company. Participants began vesting after two years of service at the rate of 20% per year and were 100% vested after five years of service.

Forfeitures

Plan forfeitures were allocated to each participant's account based upon the relation of participant's compensation to total compensation for the plan year. Forfeitures of terminated nonvested account balances allocated to remaining participants at December 31, 2023 and 2022 were \$0. Plan earnings were allocated to each participant's account based on the ratio of the participant's beginning of the year account balance to all participants' beginning of the year account balances.

Note B - Summary of Significant Accounting Policies

Basis of Accounting and Change in Presentation

The financial statements are prepared in accordance with accounting principles generally accepted in the United States of America. Due to the Plan Termination as disclosed in Note A, the Plan has changed its basis of presentation from the ongoing basis to the liquidation basis of accounting for the years ended December 31, 2023 and 2022.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires plan management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

Note B - Summary of Significant Accounting Policies (continued)

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's investment committee determines the Plan's valuation policies utilizing information provided by the investment advisers and custodians. See Note E for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation and depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Investment related expenses are included in net appreciation of fair value of investments.

Note C - Impact of the Liquidation Basis

During 2022, all investments were converted to money market accounts except for the certificate of deposit which matured in February 2023. As of December 31, 2022, the Plan recorded accrued dividends expected to be earned during liquidation of \$802,940 which was included in dividends and interest receivable and recorded accrued expenses to be incurred in liquidation of \$1,333 on the Statement of Net Assets Available for Benefits. Receivables and other assets earned in liquidation as of December 31, 2022 were collected and invested in money markets during 2023. The Plan distributed the remaining net assets to the participants during the year ended December 31, 2023. As of December 31, 2023, all assets of the Plan were fully liquidated.

Note D - Amount Due from Escrow

As part of the merger agreement, funds were withheld at the closing and deposited with an escrow agent. At December 31, 2022 the Plan recorded an escrow receivable of \$3,276,604 which was based on actual collections received during the year ended December 31, 2023.

Note E - Fair Value Measurements

FASB ASC Topic 820, *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of value hierarchy under FASB ASC Topic 820 are described as follows:

Notes to Financial Statement
For the Years Ended December 31, 2023 (in liquidation) and 2022 (in liquidation)

Note E - Fair Value Measurements (continued)

Level 1 Fair Value Measurements

Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Fair Value Measurements

Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are delivered principally from or corroborated by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Fair Value Measurements

Inputs to the valuation methodology are unobservable and significant to the fair value measurements.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used to maximize the use of observable inputs and minimize the use of unobservable measurements.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Certificate of deposit: Valued at original cost, plus accumulated interest earned, which approximates fair value. They are reported as level 2.

Money market funds: Valued at the closing price reported on an actively traded exchange and are reported as level 1.

The preceding methods described may produce fair value calculations that may not be indicative of net realizable value or reflective of future values. Furthermore, although the plan believes its valuation is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value could result in a different fair value measurement at the reporting date.

	Fair Value Measurements as of December 31, 2022			
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>

Note F - Income Tax Status

The Plan received a favorable determination letter from the Internal Revenue Service (IRS) dated May 16, 2023 approving the amendment effective January 1, 2022 and the October 7, 2022 termination of the Plan. Previously the Plan received a determination letter dated October 8, 2015 that the Plan was designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan was amended after 2015, the Plan administrator and the Plan's tax counsel believe that the Plan was designed and operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan was qualified, and the related trust was tax-exempt.

Note G - Risks and Uncertainties

Concentration of Cash

The Plan maintained its cash in bank deposit accounts at one financial institution. The balances, at times, may have exceeded current federally insured limits through the Federal Deposit Insurance Corporation of \$250,000 per institution.

Investments

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in values of investment securities could occur.

Note H - Related Party and Party-In Interest Transactions

Parties-in-interest are defined under Department of Labor regulations as any fiduciary of the Plan, any party rendering services to the Plan, the employer, and certain others. The Plan pays fees for several arrangements with service providers. These transactions are considered exempt party in interest transactions under ERISA. Plan transactions with parties-in-interest include administrative fees paid for recordkeeping, custodial services, audit and legal fees and are included on the statements of changes in net assets available for benefits.

Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. Administrative expenses for the Trustee fees are paid directly by the Company.

In addition, the Plan had an amount due from the Company for stock purchases and administrative and other expenses of \$17,109 as of December 31, 2022. These amounts are included in the statements of net assets available for plan benefits as other receivables. The transactions are with a related party and are considered party-in-interest transactions.

Note I - Subsequent Events

Subsequent events have been evaluated through October 11, 2024, the date of the financial statements are available to be issued.
