Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Tidewater Physicians Multispecialty Group, P.C. 401(k) Plan (the “Plan”), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (“ERISA”), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan’s financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor’s (“DOL”) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (“investment information”) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of DOL’s Rules and Regulations for Reporting and Disclosure under ERISA (“qualified institution”).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the *Auditor’s Responsibilities for the Audit of the Financial Statements* section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the *Auditor’s Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control related matters that we identified during the audits.

Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule of Assets (Held at End of Year) – Form 5500, Schedule H, Part IV, Line 4i as of December 31, 2023 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2023 AND 2022

Note 1—Plan description

The following description of Tidewater Physicians Multispecialty Group, P.C. 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

General – The Plan is a non-standardized prototype defined contribution plan covering substantially all eligible employees of Tidewater Physicians Multispecialty Group, P.C. (the “Company”). Beginning October 1, 2018, the Plan is open to employees who are credited with at least a two-month period of service and are at least 18 years of age. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). The Plan was most recently amended and restated effective January 1, 2023 to include rehired employees in the automatic enrollment provision.

Plan Administration – The Company is the Plan sponsor and Plan administrator. Assets of the Plan are held by Charles Schwab Trust Company, the “Trustee” of the Plan. Certain administrative functions are performed by employees of the Company, who receive no compensation from the Plan. The Company may reimburse the Plan for any administrative expenses incurred. The Retirement Plan Committee, appointed by the Board of Directors of the Company, is responsible for the general administration of the Plan, determining the Plan’s valuation policies by utilizing information provided by the investment manager and Trustee, carrying out the Plan provisions, and overseeing the asset performance through its review of the performance of the investment manager and Trustee.

Contributions – Beginning October 1, 2018, new participants are automatically enrolled in the Plan at a deferral rate of 5%. Effective January 1, 2022, the default percentage will be increased by 1% each July 15th. Each year, participants may contribute up to 90% of their pretax annual compensation subject to the dollar limit set by the Internal Revenue Service (“IRS”) (\$22,500 for 2023). Participants who have attained the age of 50 before the end of the Plan year are eligible to make catch-up contributions up to the lesser of: (a) the individual’s compensation for the year less any other deferrals, or (b) \$7,500 for 2023. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants may be eligible to convert all or a portion of their existing Plan balance to a Roth account within the Plan.

The Plan provides for a safe harbor profit-sharing contribution equal to at least 3% of compensation for all eligible employees of the Company, regardless of participation in the Plan. Employees must complete one year of service with the Company and be at least 18 years of age before the employee is eligible to receive contributions made by the Company. For the year ended December 31, 2023, the Company elected to make a discretionary profit-sharing contribution equal to 1.5% of compensation for each eligible employee. The percentage rate for total employer profit-sharing contributions was 4.5% of compensation for the year ended December 31, 2023. Additional supplemental profit-sharing contributions may be determined by the Company’s Board of Directors. Total employer contributions to the Plan were \$5,367,872 for the year ended December 31, 2023. Contributions are subject to annual limitations established by the IRS.

Investment Options – Participants direct the investment of all contributions made on their behalf into various investment options offered by the Plan. The Plan currently offers various mutual funds, a money market fund, and self-directed brokerage accounts as investment options for participants. Contributions are subject to annual limitations established by the IRS.

Participant Accounts – Each participant’s account is credited with the participant’s contributions and an allocation of: (a) the Company’s contribution, (b) Plan earnings or losses, and (c) the participant’s distributions and administrative expenses. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Vesting – Participants are vested immediately in their contributions and Company contributions, including rollover contributions from other plans and actual earnings thereon.

NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2023 AND 2022

Note 1—Plan description (continued)

Payment of Benefits – Distributions can be made due to retirement, death, disability, or termination of employment and are subject to the applicable provisions of the Plan document. Normal retirement age is 65 years. In-service distributions due to hardship or attainment of age 59½ are permitted. Other in-service withdrawals are permitted for all or a portion of a participant's rollover and after-tax contribution account balances. Upon termination of an employee for any reason other than death, a participant may elect to receive their vested account balance in the form of: (a) a lump-sum payment; (b) a lump-sum payment to an individual retirement account or to another employer's plan; or (c) monthly installments. If the balance is less than \$1,000, then a participant will receive their vested account balance in the form of a lump-sum payment. In the event of a participant's death, the account balance is paid to the designated beneficiary in a lump-sum payment. As of December 31, 2023, there were no benefit payments that had been requested, but not been paid.

Notes Receivable from Participants – Participants may borrow from the Plan a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. Loan terms range from one to five years, or longer for the purchase of a primary residence, which can be repaid over a period of up to 30 years. The notes are secured by the balance in the participant's account and bearing interest of 4.25% to 9.50%, which are commensurate with local prevailing rates as determined quarterly by the Plan administrator. Principal and interest are paid ratably through payroll deductions.

Note 2—Summary of significant accounting policies

Basis of Accounting – The accompanying financial statements of the Plan have been prepared in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of Estimates – The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of income and expenses during the reporting period. Actual results could vary from the estimates that were used.

Risks and Uncertainties – The Plan provides for various investment fund options. Investments are exposed to various risks such as interest rate, market, and credit. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

Investment Valuation and Income Recognition – Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest and dividends are recognized in the period earned. Net appreciation in fair value of investments includes the Plan's gains or losses on investments bought or sold, as well as held during the year.

Payment of Benefits – Benefit payments are recorded when paid.

Administrative Expenses – The Plan permits the payment of Plan expenses to be made from the Plan's assets. If expenses are paid using the Plan's assets, the expenses will generally be allocated among the accounts of all participants in the Plan. Administrative expenses paid directly by the Plan sponsor include legal, third party administration, and accounting fees. Investment fees of individual funds are paid by the Plan.

401(k) PLAN
NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2023 AND 2022

Note 2—Summary of significant accounting policies (continued)

The Plan utilizes the Schwab Index Advantage platform as the investment management group. The investment management program provides personalized investment and savings strategy services to the participants in exchange for a fee, paid quarterly, based on the individual participant balances. This fee is paid by the Plan and allocated to the participant accounts.

Notes Receivable from Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes are reclassified as distributions based upon terms of the Plan document.

Note 3—Information prepared and certified by the qualified institution (unaudited)

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Trustee of the Plan has certified to the completeness and accuracy of the following information included in the accompanying financial statements:

- Investments, at fair value, and notes receivable from participants as shown on the statements of net assets available for benefits as of December 31, 2023 and 2022.
- Net appreciation in fair value of investments, and interest and dividends, as well as interest income on notes receivable from participants, as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2023.
- Schedule of Assets (Held at End of Year) – Form 5500, Schedule H, Part IV, Line 4i as of December 31, 2023.

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

Note 4—Fair value measurements

U.S. GAAP provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under U.S. GAAP are described as follows:

Level 1 – Inputs to the valuation methodology are quoted prices available in active markets for identical investments as of the reporting date;

Level 2 – Inputs to the valuation methodology are other than quoted prices in active markets, which are either directly or indirectly observable as of the reporting date, and fair value can be determined through the use of models or other valuation methodologies; and

Level 3 – Inputs to the valuation methodology are unobservable inputs in situations where there is little or no market activity for the asset or liability and the reporting entity makes estimates and assumptions related to the pricing of the asset or liability including assumptions regarding risk.

NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2023 AND 2022

Note 4—Fair value measurements (continued)

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. The following are descriptions of the valuation methodologies used to measure the Plan's investments measured at fair value, including the general classification of such instruments pursuant to the valuation hierarchy. There were no transfers between levels during the year ended December 31, 2023.

Mutual Funds – These investments are public investment vehicles valued using the net asset value (“NAV”) provided by the administrator of the fund. NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. NAV is a quoted price in an active market and, therefore, considered to be readily determinable and classified within Level 1 of the valuation hierarchy.

Common / Collective Trusts and Stable Value Collective Trust Fund – Common / collective trusts and stable value collective trust fund are valued at NAV of units of a bank collective trust. NAV, as provided by the Trustee, is used as a practical expedient to estimate fair value. NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchased and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure the securities liquidations will be carried out in an orderly business manner. In accordance with Subtopic 820-10, these investments have not been classified within the fair value hierarchy.

Self-Directed Brokerage Account – Valued at the closing price reported on the active market on which the individual securities are traded.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although Plan management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. As of December 31, 2023, there was no change in methodology used by the Plan.

Below are the Plan's financial instruments carried at fair value on a recurring basis by the fair value hierarchy levels:

Assets at Fair Value as of December 31, 2023				
	(Level 1)	(Level 2)	(Level 3)	Value

Note 5—Tax status

The Plan obtained its latest opinion letter dated September 21, 2020, in which the IRS stated the prototype plan, as then designed, was in compliance with the applicable requirements of the IRS. The Plan has been amended since receiving the opinion letter. However, the Plan administrator believes the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken any uncertain tax positions that more likely than not would not be sustained upon examination by a tax authority. Management evaluated the Plan's tax positions and concluded that as of December 31, 2023 and 2022 the Plan had maintained its tax-exempt status and had taken no uncertain tax positions that require adjustment to the financial statements. Therefore, no provision or liability for income taxes has been included in the financial statements. The Plan is subject to audit by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 6—Plan termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

Note 7—Related party and party-in-interest transactions

The Plan invests in investments managed by the Trustee. Certain expenses are paid to the Trustee of the Plan for investment management services. Therefore, these transactions qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules. Fees paid by the Plan for administrative services were \$184,693 for the year ended December 31, 2023. Notes receivable from participants also qualify as party-in-interest transactions.
