INDEPENDENT AUDITOR'S REPORT

To the Trustee of
Bellamy Automotive Group, Inc. 401k Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of Bellamy Automotive Group, Inc. 401k Plan ("the Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statement of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2023, stating that the certified investment information, as described in Note D to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedules, as listed in the accompanying index, are presented for purposes of additional analysis and is not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

BELLAMY AUTOMOTIVE GROUP, INC. 401K PLAN

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2023 AND 2022

NOTE A – DESCRIPTION OF PLAN

The following description of Bellamy Automotive Group, Inc. 401k Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan established on January 1, 1994 by Bellamy Automotive Group, Inc (the “Company”) under the provisions of Section 401(k) of the Internal Revenue Code (“IRC”). The Plan has since been amended to remain in compliance with laws and regulations. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”), as amended.

Eligibility

All employees of the Company and any participating affiliates are eligible to participate in the Plan upon reaching the age of 21 and upon completion of nine months of service. Collectively bargained employees, non-resident aliens and leased employees are excluded in participation. Upon satisfying the eligibility requirements, employees may participate in the Plan on the first day of either the first or third quarter of the year.

Contributions

Participants may elect to contribute up to the maximum percentage of compensation, as defined by the Plan, subject to certain dollar limitations under the Internal Revenue Code (IRC). Roth deferrals and after-tax contributions are permitted. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan.

The Company may make a discretionary matching contribution on behalf of participants in an amount to be determined by the Company for all eligible participants. The matching Company contributions are invested in accordance with the participants’ elections. The Company made contributions in the amount of \$684,961 and \$633,860 for the years ended December 31, 2023 and 2022, respectively.

BELLAMY AUTOMOTIVE GROUP, INC. 401K PLAN

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2023 AND 2022

NOTE A – DESCRIPTION OF PLAN (CONTINUED)

Administration

The Company serves as the Plan Administrator. The Plan Administrator has the responsibility to administer the Plan for the exclusive benefit of the participants and their beneficiaries. These duties include, but are not limited to, establishing procedures, interpreting provisions of the Plan, and making determinations regarding questions which may affect eligibility of benefits. The Company has appointed the Board of Trustees to serve as the Trustee of the Plan. The Plan has appointed a third-party administrator to process and maintain the records of participant data.

John Hancock Life Insurance Company (the Custodian) serves as the Custodian of the Plan. The Custodian receives all contributions made under the Plan, holds plan assets, pays benefits as directed by the Plan Administrator and assists in the administration of the Plan. The Custodian serves as the intermediary for all asset purchases and redemptions. Additionally, the Custodian manages certain investment options of the Plan (See Note E).

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution, (b) the Plan earnings (losses), and (c) forfeitures of terminated participants' non-vested accounts. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that could be provided from the participant's vested account.

Vesting

Participants are immediately 100% vested in their elective deferrals including catch-up contributions, rollover contributions from other qualified plans, and actual earnings thereon. The method for crediting vesting service for company matching and profit-sharing contributions is based on vesting periods of service. Participants are credited with a period of service for 1000 hours earned. Participants are always 100% vested in their company discretionary matching contributions if they are employed on or after their Normal Retirement Age or if they terminate employment on account of their death or disability.

Company discretionary matching contributions are vested using an elapsed time method. A participant is 20% vested in Company discretionary matching contributions after two years of credited service, 40% vested after three years, 60% vested after four years, 80% vested after five years, and 100% vested after six years.

BELLAMY AUTOMOTIVE GROUP, INC. 401K PLAN

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2023 AND 2022

NOTE A – DESCRIPTION OF PLAN (CONTINUED)

Forfeited Accounts

Forfeitures of terminated participant nonvested accounts are used to reduce the Company matching contributions for the plan year or pay administrative expenses. Forfeited amounts are maintained in a separate investment account until such time as they are allocated to the remaining participants. At December 31, 2023 and 2022, forfeited nonvested accounts totaled \$30,651 and \$29,630, respectively. These accounts will be used to reduce future employer contributions.

Investments

Participants are required to make participant-directed allocations of their accounts in increments totaling 100% among the various investment options offered by the Custodian and selected by the Plan Administrator, including certain options for which the Custodian or its affiliates serve as investment advisors (see Note E). Participants can make changes to their investment options daily.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 and up to a maximum equal to the lesser of \$50,000 or 50 percent of their account balance. Loan transactions are treated as a transfer to (from) the investment fund from (to) the participant loans receivable fund. Loan terms range from one to five years but may exceed five years if the loan is used to acquire a primary residence. Loans are secured by the balance in the participant's account, or primary residence if permitted by State law, and bear interest at rates of 4.50 percent to 8.50 percent, which is commensurate with local prevailing rates as determined by the plan administrator. Principal and interest is paid ratably through monthly payroll deductions.

Payment of Benefits

Upon termination of service, disability, or retirement, a participant is entitled to receive a distribution equal to the value of the participant's vested interest in his or her account. Distribution of a deceased participant's account will be made to the designated beneficiary.

As required under Section 401(a)(9) of the IRC, a participant must begin receiving required minimum distributions from the Plan by April 1 of the calendar year following the later of (i) the year in which the participant reaches age 72 or 73 if the participant is not 72 prior to December 31, 2022, or (ii) the year in which the participant retires.

BELLAMY AUTOMOTIVE GROUP, INC. 401K PLAN

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2023 AND 2022

NOTE A – DESCRIPTION OF PLAN (CONTINUED)

Payment of Benefits (Continued)

Distributions from the Plan will normally be subject to income taxes and in certain circumstances may also be subject to IRS penalties, unless the distribution is transferred to another qualified plan or IRA.

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America, except that benefits paid to Plan participants are recorded on cash basis.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value (except for the guaranteed investment contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians and insurance company. See Note C for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as liability with a corresponding reduction to contributions. As of December 31, 2023 and 2022, there were no excess contributions payable.

BELLAMY AUTOMOTIVE GROUP, INC. 401K PLAN

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2023 AND 2022

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Contributions

Contributions from employees are recorded as they are withheld from the participant's wages.

Payment of Benefits

Benefit payments to participants are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

NOTE C – FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures*, provides a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurement) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2 Inputs to the valuation methodology include

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

BELLAMY AUTOMOTIVE GROUP, INC. 401K PLAN

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2023 AND 2022

NOTE C – FAIR VALUE MEASUREMENTS (CONTINUED)

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair values. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Cash and cash equivalents: Valued at cost, which approximates fair value using Level 1 inputs.

Mutual funds: Valued based on the same securities traded on a national exchange and are valued at the last reported sales price on the last business day of the plan year; investments traded in the over-the-counter market and listed securities for which no sale was reported on the last day of the plan year are valued at the last reported bid price. These assets are classified as Level 1 or Level 2 assets within the valuation hierarchy, depending on whether the investment is available for trading in active markets.

Pooled separate accounts: The accounts consist of investments in participation units held in pooled separate accounts through sub-accounts of an insurance company at December 31, 2023 and 2022, respectively. The underlying securities in pooled separate accounts are listed on national securities exchanges and valued on the basis of year-end closing prices. The Plan has concluded that the net asset value as adjusted (for mutual fund dividends, mutual fund splits and administrative maintenance charges and other items) and reported by the insurance company denotes readily determined fair value using the net asset value per share practical expedient.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Total investments at fair value	<u>\$ 81,441</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 11,282,254</u>

(a) Pooled separate accounts are measured at net asset value (NAV) as a practical expedient to estimate fair value and, therefore, have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The following table summarizes investments for which the fair value is measured using NAV as a practical expedient as of December 31, 2023 and 2022, respectively:

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2023 AND 2022

NOTE D – CERTIFIED INFORMATION

The Administrative Committee has elected the method of compliance permitted by 29 CFR 2520.103-5(c) of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted under such election, the following investment information was certified by the Custodian and was not subjected to any auditing procedures performed by the independent public accountants:

- a) Total investments as shown in the accompanying statements of net assets available for benefits of \$14,052,868 as of December 31, 2023, and \$11,282,254 as of December 31, 2022.
- b) Net investment increase as shown in the accompanying statement of changes in net assets available for benefits of \$1,859,746 for the year ended December 31, 2023.
- c) All investment-related information in the accompanying supplemental Schedule H, Line 4i—Schedule of Assets (Held at End of Year) as of December 31, 2023.

NOTE E – RELATED-PARTY TRANSACTIONS

A related party is any party who can control or significantly influence Plan management or operating policies. Parties-in-interest are defined under DOL regulations as any employees of the Plan, fiduciaries of the Plan, service providers to the Plan, the employer whose employees are covered by the Plan, and certain significant owners of the employer and their relatives. Service providers may include, but are not limited to, the Custodian, Trustee, third-party administrator (TPA), investment managers, investment advisors, legal counsel, and Plan auditor.

During the year ended December 31, 2023, the Plan made direct payments of \$71,572 to certain parties-in interest for administration and investment advisory fees, as allowed by ERISA. The Plan sponsor pays directly any other fees related to the operation of the Plan.

Fees incurred by the Plan for the investment management services are included in the net appreciation (depreciation) in fair value of the related investment, as they are paid using investment earnings rather than a direct payment.

NOTE F – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. Any unallocated assets of the Plan shall be allocated to participant accounts and distributed in such a manner as the Company may determine.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2023 AND 2022

NOTE G – FEDERAL INCOME TAX STATUS

The Internal Revenue Service has determined and informed the Company by letter dated July 13, 2021, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believe that the plan is qualified and the related trust is tax exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the plan, and has concluded that as of December 31, 2023 there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements.

The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for year prior to 2020.

NOTE H – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks.

Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE I – SUBSEQUENT EVENTS

Effective January 1, 2024, the Plan was amended and restated to make changes to entry dates once eligibility requirements have been met. The amendment added additional entry dates so that employees may participate on the first day of the subsequent Plan year quarter upon meeting eligibility requirements.

The Company has evaluated subsequent events through October 10, 2024, the date which the financial statements are available to be issued. Management has concluded that all subsequent events requiring recognition or disclosure have been incorporated into these financial statements.
