To the Plan Administrator
Tri-Cities Chaplaincy 401(k) Plan
Richland, Washington

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed the audit of the accompanying financial statements of Tri-Cities Chaplaincy 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the years ended December 31, 2023 and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Tri-Cities Chaplaincy 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022 and for the year ended December 31, 2023 stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section-

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

HANSEN HUNTER & CO. P.C.
Certified Public Accountants

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Tri-Cities Chaplaincy 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Other Matter

The financial statements of Tri-Cities Chaplaincy 401(k) Plan for the year ended December 31, 2022, were audited by another auditor, who expressed an unmodified opinion on those statements on October 11, 2023.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Tri-Cities Chaplaincy 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

HANSEN HUNTER & CO. P.C.
Certified Public Accountants

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Tri-Cities Chaplaincy 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Tri-Cities Chaplaincy 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

HANSEN HUNTER & CO. P.C.
Certified Public Accountants

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedules of Delinquent Participant Contributions and Assets Held at End of Year as of December 31, 2023 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements.

The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion –

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

TRI-CITIES CHAPLAINCY 401 (k) PLAN

NOTES TO THE FINANCIAL STATEMENTS DECEMBER 31, 2023

NOTE 1 – Description of Plan

The following description of Tri-Cities Chaplaincy 401(k) Plan (the Plan) is provided for general information only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General – The Plan is sponsored by Tri-Cities Chaplaincy (the Organization) and was established January 1, 2002. Effective January 1, 2016, the Plan became a defined contribution plan with a safe harbor provision covering all employees of the Organization, excluding union employees, leased employees, or non-resident aliens. Employees are eligible for elective deferrals when they are age 18 or older, with no minimum service requirement. To be eligible for employer match or profit-sharing contributions, employees must be at least 18 years or older and have completed one year of service. A year of service is defined as a 12-month computation period (anniversary year or Plan year) in which the employees have at least 1,000 hours of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions –Participants may contribute up to 100% of pre-tax annual compensation but not to exceed the annual regulated limits determined by the Internal Revenue Service (IRS). Participants who have attained age 50 before the end of the Plan's year are eligible to make catchup contributions. Employees may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers), even if they are not yet a participant in the Plan. Participants direct their contributions into various investment options offered by the Plan. As a plan with safe harbor provisions, the Plan is exempt from most testing with the Organization making non-discretionary safe harbor contributions, not less than 3% of compensation. In addition, the Organization may make discretionary non-safe harbor matching contributions up to 2% of compensation and/or profit-sharing contributions that are discretionary in amount. The employer made safe harbor contributions of 3% for all eligible employees.

Investment Options – Participants direct the investment of their accounts into various investment options offered by the Plan. The Plan currently offers various mutual funds and a common collective fund as investment options for participants.

Participant Accounts – Each participant's account is credited with the participant's contribution, allocations of the Organization's contribution, and the Plan's earnings. Participants are charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting – Participants are vested immediately in their contributions, employer matching contributions, employer non-elective contributions, plus actual earnings thereon.

Payment of Benefits – Upon death, disability, normal retirement (age 65) or termination of service, a participant shall receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. For termination of service for any of these reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. Benefits are also available for certain hardship cases. Benefits are recorded when paid.

NOTE 1 – Description of Plan (continued)

Hardship Withdrawals – A participant may receive a distribution on account of hardship from all accounts, except from: (i) his qualified non-elective contribution account, (ii) his matching contribution account to the extent such account has been used to satisfy the safe harbor requirements or to the extent such Account is treated as a qualified matching contribution, and (iii) earnings on his elective deferral account credited after the later of December 31, 1988, and the end of the last plan year ending before July 1, 1989.

Administration of Plan Assets – The Plan administrator is the Organization. The administrator has entered into a contract with Matrix Trust Company, the Trustee of the Plan. Under the terms of the contract, Matrix Trust Company holds the Plan's investment assets and executes investment transactions and functions as the Trustee of the Plan. As permitted by Department of Labor regulations, Matrix Trust Company has certified certain financial information contained in the statements of net assets available for benefits and the statement of changes in net assets available for benefits to be complete and accurate.

Forfeitures – This plan has no forfeitures, as participants are immediately vested in all contributions and earnings thereon.

NOTE 2 – Summary of Significant Accounting Policies

Basis of Accounting – The financial statements and supplemental schedules have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Investment Valuation- Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability (i.e., the “exit price”) in an orderly transaction between market participants at the measurement date. Management determines the Plan’s valuation policies utilizing information provided by investment advisers and the trustee. See Note 5 for discussion of fair value measurements. Matrix Trust Company certifies the fair value of investments.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan’s gains and losses on investments bought and sold as well as held during the year.

The Plan's investment in the Morley Stable Value Fund is included in the statements of net assets available for benefits at net asset value (NAV). NAV represents contributions made to the Morley Stable Value Fund plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investments at NAV.

NOTE 2 – Summary of Significant Accounting Policies (continued)

Notes Receivable from Participants – Notes receivable from participants are not permitted by the Plan.

Expenses – Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Organization. Expenses that are paid by the Organization are excluded from these financial statements. Investment related expenses are included in net appreciation or depreciation of fair value of investments. Expenses related to specific participant transactions are charged to the respective participant's account.

Reclassification – Certain amounts in the prior year financial statements have been reclassified to conform to current year presentation.

NOTE 3 – Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results may differ from those estimates.

NOTE 4 – Information Certified by Trustee of the Plan

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Matrix Trust Company has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments as shown on the statements of net assets available for benefits as of December 31, 2023 and 2022;
- Net investment activity as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2023;
- Investment information included in the footnotes and supplemental schedule of assets (held at end of year) as of December 31, 2023 and 2022.

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedules.

NOTE 5 – Fair Value Measurements

The Plan adopted the requirements of the Fair Value Measurements and Disclosure Topic of the FASB Accounting Standards Codification. This Topic defines fair value and requires enhanced disclosure about assets and liabilities carried at fair value. These additional disclosures are required only for financial assets and liabilities measured at fair value and for nonfinancial assets and liabilities measured at fair value on a recurring basis. The Defined Contribution Pension Plans Topic of the FASB Accounting Standards Codification exempts defined contribution plans from other requirements of this Topic.

This Topic requires that a fair value measurement reflect the assumptions market participants would use in pricing an asset or liability based on the best available information. These assumptions include risks inherent in a particular valuation technique (such as a pricing model) and the risks inherent in the inputs to the model. It also specifies that transaction costs should not be considered in the determination of fair value. According to this Topic, fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (exit price).

This Topic establishes a fair value hierarchy that prioritizes the inputs used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurement) and the lowest priority to unobservable inputs (Level 3 measurement). The three levels of the fair value hierarchy defined by this Topic are as follows:

Level 1 – Quoted prices are available in active markets for identical assets or liabilities as of the reporting date. Active markets are those in which transactions for the asset or liability occur in sufficient frequency and volume to provide pricing information on an ongoing basis.

Level 2 – Observable inputs other than quoted prices in active markets for identical assets and liabilities, quoted prices for identical or similar assets or liabilities in inactive markets, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3 – Pricing inputs include significant inputs that are generally less observable from objective sources. These inputs may be used with internally developed methodologies that result in management's best estimate of fair value. Level 3 instruments include those that may be more structured or otherwise tailored to customers' needs.

As required by this Topic, financial assets and liabilities are classified in their entirety based on the lowest level of input that is significant to the fair value. The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used at December 31, 2023 and 2022.

NOTE 5 – Fair Value Measurements (continued)

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Mutual funds (Level 1): Valued at the daily closing price as reported by the mutual fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Money market accounts (Level 1): Interest bearing accounts valued at fair market cash value.

Stable Value Collective Investment Funds (Net Asset Value): A stable value fund is a form of common collective trust fund and is valued at the net asset value of units of the bank collective trust. The net asset value is used as a practical expedient to estimate fair value.

Total	\$ 4,209,430	\$ 4,006,906	\$ -	\$ -

There were no assets valued at fair value Level 2 or Level 3 inputs.

- (a) The common collective trust is measured at net asset value as a practical expedient to estimate fair value and, therefore, has not been classified in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

NOTE 5 – Fair Value Measurements (continued)

The investment in the common collective trust fund, Morley Stable Value Fund, can be redeemed immediately at the current NAV. This investment is a direct filing entity. The underlying assets of the common collective trust fund include conventional investment contracts, synthetic investment contracts, wrap contracts and other investments. The Plan presents the common collective trust at net asset value, which is considered a practical expedient to estimate fair value, which is based on the fair value of the underlying assets in the trust, less its liabilities, in the statements of net assets available for benefits and as shown in the following table as of December 31, 2023 and 2022, respectively.

December 31, 2023

<u>Investment</u>	<u>Fair Value</u>	<u>Unfunded Commitment</u>	<u>Redemption Frequency</u>	<u>Redemption Notice Period</u>

<u>Investment</u>	<u>Fair Value</u>	<u>Unfunded Commitment</u>	<u>Redemption Frequency</u>	<u>Redemption Notice Period</u>
Morley Stable Value Fund	\$ 201,491	None	Daily	None

NOTE 6 – Plan Termination

Although it has not expressed intent to do so, the Organization has the right to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of termination of the Plan, participants would become 100% vested in the Organization's contribution portion of their account.

NOTE 7– Income Tax Status

The Plan had adopted a non-standardized plan and trust sponsored by Randall and Hurley, Inc. In a letter dated June 30, 2020, the Internal Revenue Service notified the sponsor that the Plan was qualified, and the trust established under the Plan was tax-exempt under the appropriate sections of the Internal Revenue Code. The Plan had been amended to incorporate provisions of law changes since receiving the original designation letter. The Plan trustees believed that the Plan was designed and operating in compliance with the applicable requirements of the Internal Revenue Code.

In accordance with the guidance on accounting for uncertainty in income taxes, the Plan administrator evaluated the Plan's tax positions and does not believe the Plan has any uncertain tax positions that require disclosure in or adjustment to the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 8 – Separated Participants with Deferred Vested Benefits

Included in net assets available for benefits are amounts due to participants who have withdrawn from the Plan but still have vested benefits in the Plan's net assets. For the Plan years ended December 31, 2023 and 2022, these benefits were \$1,940,415 and \$1,578,470, respectively.

NOTE 9 – Related Party and Party-In-Interest Transactions

In early 2020, TD Ameritrade Trust Company was acquired by Matrix Financial Solutions, Inc., a Broadridge company, of which Matrix Trust Company is a subsidiary. Certain Plan investments are shares of mutual funds managed by investment management companies, such as Matrix Trust Company. Matrix Trust Company is the trustee as defined by the Plan. Therefore, these transactions qualify as party-in-interest transactions. The Plan's direct payments to investment advisors and the third-party administrator also qualify as party-in-interest transactions. As described in Note 2, certain Plan expenses are paid by the Plan, unless they are otherwise paid by the Organization and thus are excluded from these financial statements.

Certain fees incurred by the Plan for investment management services are included in net appreciation in fair value of investments, as they are paid through revenue sharing rather than a direct payment. The Plan paid investment and administrative expenses to Cornerstone Wealth Strategies, Randall & Hurley, Inc., and Matrix Trust Company. The Plan's payments for fees are as follows:

		Year Ended, December 31, 2023
Randall & Hurley	\$	23,878
Cornerstone Wealth Strategies		21,017
Matrix Trust Company		3,993
Total	\$	<u>48,888</u>

NOTE 10 – Risks and Uncertainties

The Plan has a concentration of investments in the Lord Abbett Short Duration Income Fund Class R6 and DFA U.S. Large Cap Value II Portfolio. A change in the price could cause the value of the Plan's net assets available for benefits to change due to this concentration. In addition, as a result of the option for funds to be selected by participants, certain other funds may individually represent a concentration of greater than 10% of Plan's investments, at fair value in the statements of net assets available for benefits. Although these individual funds maintain a level of diversification by investing in multiple equity, debt or other instruments, there may be a concentration of risk because the funds are invested at the direction of a single fund manager. At December 31, 2023, the Lord Abbett Short Duration Income Fund Class R6 and DFA U.S. Large Cap Value II Portfolio individually represented greater than 10% of the Plan's investments at fair value.

NOTE 10 – Risks and Uncertainties (continued)

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 11 – Reconciliation of Financial Statements to Schedule H of Form 5500

The following is a reconciliation of net assets available for benefits from the financial statements to Schedule H of Form 5500:

NOTE 12 – Delinquent Participant Deferral Transmittals

During the year ended December 31, 2023, the Organization inadvertently failed to deposit \$162 of participant contributions within the required timeframe stated by the DOL. The DOL considers late deposits to be nonexempt prohibited transactions. The Organization will calculate the foregone earnings that would have been credited to participants' accounts if the late remittances had been made on a timely basis for the late remittances, and the Organization will contribute those amounts to the Plan subsequent to year end.

NOTE 13 – Subsequent Events

The fair value of investments held by the Plan could fluctuate significantly subsequent to year end. The Trustee and management monitor the performance of the Plan's investments including approved changes in the investment options subsequent to year end.

The Plan did not have any subsequent events through October 14, 2024 which is the date the financial statements were issued, requiring recording or disclosure in the financial statements for the year ended December 31, 2023.
