INDEPENDENT AUDITORS' REPORT

To the Plan Administrator, Plan Trustee, and Management
of the Eaton Peabody, PA 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Eaton Peabody, PA 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedule Schedule H, Line 4(i) – Schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including the form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

**EATON PEABODY, PA 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS**

NOTE A---PLAN DESCRIPTION

The following description of the Eaton Peabody, PA 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

General

The Plan is a volume submitter prototype defined contribution plan sponsored by Fidelity Management & Research Company. The Plan covers eligible employees of Eaton Peabody, PA (the "Company" or "Employer"). Fidelity Management Trust Company (the "Trustee") serves as the Plan's trustee.

Eligibility

Employees are eligible to participate in the Plan when they have attained the age of 21. The Plan has no service requirements for purposes of participating in the Plan. Employees enter the Plan on the first day of each month coinciding with or next following the date the employee satisfies the Plan's eligibility requirements.

Contributions

The Plan allows for 401(k) pre-tax and ROTH deferral options. Participants may contribute up to 75% of their eligible compensation, as defined by the Plan, or specify a specific dollar amount to be contributed each payroll period. Contributions are subject to certain limitations, such as provided by the Internal Revenue Code. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants are also allowed to make rollover contributions to the Plan of amounts received from certain other tax-qualified retirement plans.

The Plan provides for a safe harbor nonelective employer contribution for all eligible participants in an amount equal to 3% of the participant's eligible compensation.

The Plan also offers a discretionary nonelective employer contribution in an amount to be determined by the Board of Directors for each Plan year. Employees are required to complete at least 1,000 hours of service during the Plan year and must be employed on the last day of the Plan year in order to participate in any discretionary nonelective employer contribution. Discretionary nonelective employer contributions made to the Plan are allocated by an integrated allocation formula based on a percentage of each eligible participant's compensation plus a percentage of each eligible participant's compensation in excess of the integration level as defined by the Plan documents. For the years ended December 31, 2023 and 2022, discretionary nonelective employer contributions totaling approximately \$-0- and \$327,814, respectively, were approved.

All participant and Company contributions are invested at the direction of each participant in any of the available investment options.

Participant Accounts

Each participant account is credited with the participant's contributions and Company safe harbor nonelective contributions, as well as an allocation of (a) discretionary nonelective employer contributions, (b) plan earnings and (c) charged with an allocation of certain administrative expenses. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

**EATON PEABODY, PA 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS**

NOTE A---PLAN DESCRIPTION (Continued)

Vesting

Participants are immediately 100% vested in their rollover contributions, pre-tax and ROTH contributions, qualified nonelective contributions, safe harbor nonelective employer contributions, plus actual earnings thereon. Vesting in discretionary employer nonelective contributions and any earnings thereon is based on years of continuous service. Participants become vested in discretionary employer nonelective contributions on a graded vesting schedule and are 100% vested after six years of service.

Notes Receivable from Participants

Eligible participants may have several loans outstanding at any given time and are allowed for any purpose. Participants may borrow a minimum of \$1,000 up to a maximum equal to 100% of their vested account balance or \$100,000 reduced by the outstanding loan balance of the participant. All loans must be repaid in level payments through after-tax payroll deductions on at least a quarterly basis over a five-year period unless it is for the purchase of a primary residence in which case the repayment period may not exceed 10 years from the date of the loan. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the plan administrator.

Payment of Benefits

Benefits may be paid upon termination, death, disability or retirement. On termination of service, a participant with an account balance of more than \$5,000 is permitted to leave the amount in the Plan and defer receipt of their distribution until a later date. However, a participant cannot postpone if the vested account balance is \$5,000 or less in which case the Plan Administrator will direct the Trustee that any amount exceeding \$1,000 be distributed to an Individual Retirement Account for the participant's benefit. If the vested account balance is \$1,000 or less, the participant will receive a lump-sum distribution equal to the vested balance.

Participants meeting certain criteria may make in service withdrawals from the Plan. Eligible participants may elect to withdraw all or a portion of their entire vested account while still employed by the Company.

Forfeitures

Forfeiture of a participant's nonvested discretionary nonelective employer contributions will occur in the Plan year in which a participant receives a distribution of their entire vested account, or after five consecutive one year breaks in service, as defined by the Plan documents. Forfeitures are retained in the Plan and are first used to pay administrative expenses. Any remaining amounts shall be used to reduce future employer contributions payable to the Plan. Forfeitures as of December 31, 2023 and 2022 totaled \$7,868 and \$850, respectively. For the years ended December 31, 2023 and 2022, the Plan used \$6,881 and \$10,089, respectively, of the forfeitures to pay administrative fees.

NOTE B---SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared under the accrual basis of accounting, except that benefits are recorded when paid.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual amounts may differ from those estimates.

**EATON PEABODY, PA 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS**

NOTE B---SUMMARY OF ACCOUNTING POLICIES (Continued)

Notes Receivable from Participants

Notes receivable from participants are reported at their unpaid principal balances plus any accrued but unpaid interest. Related fees are recorded as administrative expenses and are expensed when they are incurred. Management has determined that no allowance for loan losses is necessary as of December 2023 and 2022. If a participant does not make loan repayments and the plan administrator considers the participant loan to be in default, the loan balance is reduced and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document. For the year ended December 31, 2023, there was \$-0- of defaulted participant notes receivable distributed.

Investment Valuations and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's management determines the Plan's valuation policies utilizing information provided by investment advisors and custodians. See Note D for disclosure of fair value measurements.

The Plan invests in shares of registered investment companies (e.g. mutual funds), units of a common collective trust fund, and assets held in a self-directed brokerage account. The brokerage account primarily consists of short-term investments, common stock and mutual funds.

The Plan invests in the Federated Hermes Capital Preservation Fund IP through a common collective trust (the "CCT") for which Federated Investors Trust Company ("Federated"), a wholly owned subsidiary of Federated Investors, Inc., serves as trustee. Federated determines the fair value of the CCT based on the underlying investments, which primarily consist of traditional guaranteed investment contracts ("GIC"), synthetic GICs, and money market instruments. This fund seeks to maintain a stable value of \$10.00 per unit of participation, however, it cannot guarantee that the value per unit will always remain at \$10.00.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date and interest income is recorded on the accrual basis. Net appreciation in the fair value of investments consists of the realized gains or losses, unrealized appreciation or depreciation and capital gain distributions on those investments.

Management fees and operating expenses charged to the Plan for investments in mutual funds are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment returns for such investments.

Payment of Benefits

Benefit payments are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid by the Company and are therefore excluded from the accompanying financial statements. Investment related expenses are included in net appreciation (depreciation) in fair value of investments. Fees for the administration of notes receivable from participants are included in administrative expenses and charged directly to the participant's account.

Date of Management's Review

Management has evaluated subsequent events through October 10, 2024, the date which the financial statements were available to be issued.

NOTE D---FAIR VALUE MEASUREMENTS

FASB ASC 820 and subsections, "*Fair Value Measurements and Disclosures*", established a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, and Level 3 inputs have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. Assets are classified in their entirety based on the lowest level of input that is significant to the fair value measurement.

The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1 Financial assets and liabilities whose values are based on unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities.

Level 2 Financial assets and liabilities whose values are based on the following:

- a) Quoted prices for similar assets or liabilities in active markets;
- b) Quoted prices for identical or similar assets or liabilities in non-active markets;
- c) Pricing models whose inputs are observable for substantially the full term of the asset or liability and;
- d) Pricing models whose inputs are derived principally from or corroborated by observable market data through correlation or other means for substantially the full term of the asset or liability.

Level 3 Financial assets and liabilities whose values are based on prices or valuation techniques that require inputs that are both significant to the fair value measurement and unobservable. These inputs reflect management's own assumptions about the assumptions a market participant would use in pricing the asset or liability.

NOTE D---FAIR VALUE MEASUREMENTS (Continued)

Below are the Plan's financial instruments carried at fair value on a recurring basis by their fair value hierarchy levels, described above:

December 31, 2023	Fair Value Measurements Using:	
	Fair Value	Level 1
Mutual Funds	\$ 19,544,033	\$ 19,544,033
Money Market - Mutual Fund	610,113	610,113
Self-Directed Brokerage Accounts	6,196,903	6,196,903
Total Assets In Fair Value Hierarchy	26,351,049	<u>\$ 26,351,049</u>
Investments Measured at NAV - CCT*	619,347	
Total Investments at Fair Value	<u>\$ 26,970,396</u>	

December 31, 2022	Fair Value	
	Fair Value	Level 1
Mutual Funds	\$ 15,442,103	\$ 15,442,103
Money Market - Mutual Fund	716,604	716,604
Self-Directed Brokerage Accounts	7,448,686	7,448,686
Total Assets In Fair Value Hierarchy	23,607,393	<u>\$ 23,607,393</u>
Investments Measured at NAV - CCT*	610,974	
Total Investments at Fair Value	<u>\$ 24,218,367</u>	

* In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Mutual Funds - Investments in mutual funds are valued daily at quoted market prices, which represent the net asset value of shares held by the Plan at year-end.

Money Market Funds - Investments in money market funds are stated at cost, which approximates fair value.

Self-Directed Brokerage Accounts - The brokerage accounts primarily consists of short-term investments, common stock and mutual funds. Investments held in the brokerage accounts are primarily valued based on quoted market prices, as observed in an active market.

Common Collective Trust – Investment in the common collective trust is valued at the NAV of units of a bank collective trust. The NAV, as provided by the Trustee, is used as a practical expedient to estimate fair value. The NAV is based on the underlying investments reported by the issuer of the common collective trust fund at year-end. Participant transactions (purchases and sales) may occur daily. The fund provides for daily redemptions by the Plan at reported net asset value per share, with no advance notification requirement for the purpose of funding a bona fide benefit payment, making a Participant loan, honoring an employee-directed transfer of the employee's interest in the plan to another investment election, or paying trust fees. Withdrawals from the Fund for any other purpose generally require 12 months advance written notice.

The methods described above may produce fair values that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan Administrator believes the valuation methods are appropriate and consistent with those used by other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTES TO FINANCIAL STATEMENTS**

NOTE D---FAIR VALUE MEASUREMENTS (Continued)

The Plan's policy is to recognize transfers of investments into or out of Level 3 as of the date of the event or change in circumstances that cause the transfer. For the years ended December 31, 2023 and 2022, there were no transfers of investment into or out of Level 3.

NOTE E---PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. Participants should refer to the Plan Agreement for a description of the priorities or distribution of Plan benefits in the event of termination.

NOTE F---TAX STATUS

The Internal Revenue Service (the "IRS") has issued an opinion letter dated June 30, 2020, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believe that the Plan is qualified and the related trust is tax-exempt.

The Plan is subject to audit by various taxing authorities. The Plan has recognized no interest or penalties related to uncertain tax positions.

NOTE G---PARTY-IN-INTEREST TRANSACTIONS

Fidelity Management Trust Company performed trustee and recordkeeping services for the Plan for the years ended December 31, 2023 and 2022. Fidelity Management Trust Company is considered a party-in-interest to the Plan. Additionally, the Plan invests in shares of registered investment companies managed by an affiliate of the Trustee. Accordingly, transactions with the Trustee and its affiliate, as well as notes receivable from participants, qualify as party-in-interest transactions.

Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provision of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA. Fees associated with the management of these funds are incorporated into the net asset value of the funds.

Certain employees and officers of the Company, who may also be participants in the Plan, perform administrative services for the Plan at no cost to the Plan.

NOTE H---RISKS AND UNCERTAINTIES

The Plan provides for various investment options in combination of registered investment companies, units of a common trust fund and investments held in the self-directed brokerage account. Investment securities are exposed to various risks, such as interest rate, market and credit. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term could materially affect participants' account balances and the amounts reported in the statements of assets available for benefits and the statement of changes in net assets available for benefits.
