Midwest City, Oklahoma

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2023 Financial Statements

We have performed an audit of the financial statements of Savings Incentive and Profit Sharing Plan for Employees of FNB Community Bank (Plan), an employee benefit plan subject to the *Employee Retirement Income Security Act of 1974* (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2023 and the related statement of changes in net assets available for benefits for the year then ended and the related notes to the financial statements (2023 Financial Statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2023 Financial Statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2023 and for the year then ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2023 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2023 Financial Statements section:

- The amounts and disclosures in the accompanying 2023 Financial Statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying 2023 Financial Statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2023 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2023 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2023 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that these financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2023 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2023 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

The Trustees and Administrative Committee
Savings Incentive and Profit Sharing Plan for Employees of FNB Community Bank

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2023 Supplemental Schedule Required by ERISA

The supplemental schedule listed in the table of contents is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2022 Financial Statements

Predecessor auditors performed an audit of the 2022 financial statements of the Plan. In accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the prior year audit did not extend to any

statements or information related to assets held for investment of the plan that were certified by a qualified institution. Their report, dated August 2, 2023, indicated that (a) the amounts and disclosures in the 2022 financial statements, other than those agreed to or derived from the certified investment information, were presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America, and (b) the information in the 2022 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C). Their report also indicated that the form and content of the 2022 supplemental schedule, other than the information in the 2022 supplemental schedule that agreed to or is derived from the certified investment information, were presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA; and the information in the 2022 supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determines meets the requirements of ERISA Section 103(a)(3)(C).

Savings Incentive and Profit Sharing Plan for Employees of FNB Community Bank
Notes to Financial Statements
December 31, 2023 and 2022

Note 1. Description of the Plan

The following description of Savings Incentive and Profit Sharing Plan for Employees of FNB Community Bank (Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all qualified employees of FNB Community Bank (Company). The Trustees and Administrative Committee are responsible for oversight of the Plan and determine the appropriateness of the Plan's investment offerings and monitors investment performance. The Plan is subject to the provisions of the *Employee Retirement Income Security Act of 1974* (ERISA). Employees are eligible to participate in the Plan after completing three months of employment.

The Plan's Administrative Committee has overall responsibility for the Plan. This includes the power to interpret the provisions of the Plan; to determine questions concerning eligibility, participation, benefits; and such other powers and duties as are necessary to the operation and administration of the Plan. The Company pays essentially all administrative expenses of the Plan.

Participant Contributions

Participants may make voluntary contributions to the Plan subject to the annual limitations imposed by the Internal Revenue Service (IRS). Plan participants age 50 and older are eligible to make catch-up contributions to the Plan. Roth and rollover contributions are allowed by the Plan.

Employer Contributions

Company matching contributions are entirely discretionary. Company matching contributions shall be allocated to participants who made voluntary contributions to the Plan during the year and were employed with the Company as of the end of the plan year. For 2023 and 2022, company matching contributions were made equal to 25% of each participant's contributions.

The Company may make additional discretionary employer profit-sharing contributions, which will be allocated to eligible employees for the plan year, regardless of whether participants elect to make voluntary contributions. Employer profit-sharing contributions shall be allocated to participants who are employed on the last day of the Plan year. The Company did not make employer profit-sharing contributions for the years ended December 31, 2023 and 2022.

Participant Investment Account Options

Each participant has the option of directing their contributions into any of the various investment options offered by the Plan.

Participant Accounts

Each participant's account is credited with the participant's contributions and company contributions (if any), as well as allocations of plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant compensation, account balances, or specific participant transactions, as defined in the plan agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus investment earnings and losses thereon. Vesting in the Company's contribution portion of their accounts plus investment earnings and losses thereon is based on years of service. Vesting begins after two years of credited service and 100% vesting occurs after six years of credited service.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loan terms may not normally exceed five years, except for a principal residence mortgage, and such loans are secured by the balance in the participant's account and bear interest at rates approximating rates charged for similar types of loans by other lenders. Loans outstanding in 2023 and 2022 have interest rates ranging from 4.25 to 9.50% and mature through February 2031. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits

On retirement, permanent disability, death, or other termination of service, distribution of a participant's vested interest in their account can be made to the participant or designated beneficiary in a lump sum or periodic installments as permitted by the terms of the Plan, subject to required minimum vested account balances and minimum distribution rules.

Forfeited Accounts

Forfeitures consist of unvested company contributions in participants' accounts at the conclusion of their participation in the Plan. Forfeitures are used to fund Company matching contributions. At December 31, 2023 and 2022, unallocated forfeitures approximated \$0 and \$0, respectively. During 2023 and 2022, the Plan utilized forfeitures totaling \$8,948 and \$11,147, respectively.

Note 2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets and changes in net assets and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Valuation of Investments and Income Recognition

Investments are reported at fair value. Quoted market prices, if available, are used to value investments. Pooled separate accounts are valued at estimated fair value as provided by John Hancock Life Insurance Company U.S.A. (John Hancock).

The fair value of guaranteed interest accounts (excluding fully benefit-responsive investment contracts) are calculated by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the creditworthiness of the issuer.

Notes to Financial Statements
December 31, 2023 and 2022

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Administrative Expenses

Certain administrative functions are performed by employees of the Company. No such employee receives compensation from the Plan for these services. Fees related to the administration of notes receivable are charged directly to the individuals account and are included in administrative expense. Certain expenses incurred maintaining the Plan are paid directly by the Company and are excluded from these financial statements.

Note 3. Certifications of Plan Custodians

The plan administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, John Hancock, a qualified institution and the custodian of the Plan's investments and loans, has certified the following investment and loan information included in the accompanying financial statements and ERISA-required supplemental schedule is complete and accurate:

- Investments and notes receivable from participants as shown in the accompanying statements of net assets available for benefits as of December 31, 2023 and 2022
- Investment income (loss) and interest income on notes receivable from participants as shown in the accompanying statements of changes in net assets available for benefits for the years ended December 31, 2023 and 2022
- Investment information and notes receivable from participants included in the accompanying schedule of assets (held at end of year) as of December 31, 2023

The Plan's independent auditors did not perform auditing procedures with respect to this information except for comparing such certified investment and loan information to the related information included in the accompanying financial statements and ERISA-required supplemental schedule.

Note 4. Related-Party and Party-in-Interest Transactions

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50% or more of such an employer or employee association, or relatives of such persons.

Certain plan investments are pooled separate accounts and guaranteed interest accounts managed by John Hancock. John Hancock is the record-keeper, as defined by the Plan; therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for the investment management services are not included

Notes to Financial Statements

in the net appreciation (depreciation) in fair value of investments, as they are paid through a direct payment by the Company.

The Company paid approximately \$9,800 and \$9,300 of record-keeping fees to John Hancock during 2023 and 2022, respectively. The Company provides certain administrative services at no cost to the Plan.

Note 5. Guaranteed Interest Accounts with John Hancock

The Plan has nonbenefit-responsive investment contracts with John Hancock. John Hancock maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The credited rates are determined by John Hancock. The guaranteed investment contracts' issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Fair value, as reported to the Plan by John Hancock, is the relevant measure for nonbenefit-responsive investment contracts. Participants may be able to transfer their guaranteed interest account to another investment option at contract value; however, transfers between guaranteed interest accounts are not permitted. Withdrawals taken prior to the end of a guarantee and transfers that are initiated on dates other than those specified in the contract may be subject to a market value adjustment. In addition, inter-account transfers from guaranteed interest accounts may be subject to a market value adjustment, depending on the withdrawal and reason for the withdrawal. Inter-account transfers from certain sub-accounts may be subject to a redemption fee depending on the holding period of the underlying fund. A contract charge may be applied at contract termination.

Note 6. Disclosures About Fair Value of Plan Assets and Liabilities

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value measurements must maximize the use of observable inputs and minimize the use of unobservable inputs. There is a hierarchy of three levels of inputs that may be used to measure fair value:

- Level 1** Quoted prices in active markets for identical assets or liabilities
- Level 2** Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities, quoted prices in markets that are not active, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities
- Level 3** Unobservable inputs supported by little or no market activity and significant to the fair value of the assets or liabilities

Recurring Measurements

The following table presents the fair value measurements of assets recognized in the accompanying statements of net assets available for benefits measured at fair value on a recurring basis and the level within the fair value hierarchy in which the fair value measurements fall at December 31:

		Fair Value Measurements Using		
		Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
	Fair Value			
2023				
Guaranteed interest accounts	\$ 53,449	\$ -	\$ -	\$ 53,449
Total assets in the fair value hierarchy	53,449	\$ -	\$ -	\$ 53,449
Investments measured at NAV ^(A)	21,259,818			
	<u>\$ 21,313,267</u>			
2022				
Guaranteed interest accounts	\$ 50,367	\$ -	\$ -	\$ 50,367
Total assets in the fair value hierarchy	50,367	\$ -	\$ -	\$ 50,367
Investments measured at NAV ^(A)	17,788,694			
	<u>\$ 17,839,061</u>			

(A) In accordance with Subtopic 820-10, certain investments that were measured at net asset value (NAV) per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the accompanying statements of net assets available for benefits.

The following table sets forth additional disclosures of the Plan's investments whose fair value is estimated using NAV per share practical expedient as of December 31:

Investment	Fair Value		Unfunded Commitment	Redemption Frequency
	2023	2022		
Pooled separate accounts	<u>\$ 21,259,818</u>	<u>\$ 17,788,694</u>	<u>\$ -</u>	Continuously

Savings Incentive and Profit Sharing Plan for Employees of FNB Community Bank
Notes to Financial Statements
December 31, 2023 and 2022

There are no redemption notice requirements for the Plan's pooled separate accounts. The practical expedient would not be used when it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV.

Changes in Fair Value Levels

To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another. The significance of transfers between levels is evaluated based upon the nature of the investment and size of the transfer relative to total net assets available for benefits.

Following is a description of the valuation methodologies and inputs used for assets measured at fair value on a recurring basis and recognized in the accompanying statements of net assets available for benefits, as well as the general classification of such assets pursuant to the valuation hierarchy. There have been no significant changes in the valuation techniques during the years ended December 31, 2023 and 2022. The Plan had no liabilities measured at fair value on a recurring basis. In addition, the Plan had no assets or liabilities measured at fair value on a nonrecurring basis.

Investments

Where quoted market prices are available in an active market, investments are classified within Level 1 of the valuation hierarchy. If quoted market prices are not available, then fair values are estimated by using quoted prices of investments with similar characteristics or independent asset pricing services and pricing models, the inputs of which are market-based or independently sourced market parameters, including, but not limited to, yield curves, interest rates, volatilities, prepayments, defaults, cumulative loss projections, and cash flows. Such investments are classified in Level 2 of the valuation hierarchy. In certain cases where Level 1 or Level 2 inputs are not available, investments are classified within Level 3 of the hierarchy. The Plan did not have any Level 2 investments but did hold Level 3 investments for the years ended December 31, 2023 and 2022. For assets classified within Level 3 of the fair value hierarchy, the process used to develop the reported fair value is described below.

Pooled Separate Accounts

Pooled separate accounts fair value is based on NAV, as reported by the custodian of the pooled separate accounts. The NAV is used as a practical expedient in estimating fair value. NAV is based on the fair value of the underlying assets owned by the fund, net of the investment management fee, which is deducted prior to setting the daily unit value. Each of the pooled separate accounts invests either in multiple securities or in single mutual funds, which are generally identified in the name of the pooled separate account. There are no restrictions or notice requirements for participant transactions, similar to an open-end mutual fund. The Plan has no funding commitments related to the pooled separate accounts.

Guaranteed Interest Accounts

The significant unobservable input used in the fair value measurement of the Plan's investment contract with an insurance company is the interest rate of the investment contract. Changes in the contractual interest rate would result in a significant change in fair value to the extent the change deviates from changes in market interest rates. Generally, an increase (decrease) in the difference between the contractual interest rate and the market interest rate is accompanied by a directionally opposed change in the fair value.

Notes to Financial Statements
December 31, 2023 and 2022

The following table represents the Plan's Level 3 financial instruments, the valuation techniques used to measure the fair value of those financial instruments, and the significant unobservable inputs and the ranges of values for those inputs, as of December 31, 2023 and 2022:

	Fair Value		Principal Valuation Technique	Unobservable Inputs	Range of Significant Input Values (Weighted Average)
	2023	2022			
Investment contracts					
Guaranteed interest accounts	\$ 53,449	\$ 50,367	Discounted cash flow	Risk-adjusted discount rate applied	*1.32%– 2.92%

*The Plan holds a large number of contracts. The plan-level weighted average would not be a meaningful measurement with respect to any individual contracts. The range provided is the weighted average composite rate as compared to current rate for contracts held by the Plan.

During the year ended December 31, 2023, the Plan had \$3,092 of purchases and \$0 transfers. During the year ended December 31, 2022, the Plan had \$0 of purchases and \$2,039 of transfers.

Note 7. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their employer contributions.

Note 8. Tax Status

The Plan operates under a non-standardized pre-approved adoption agreement in connection with a prototype 401(k) profit-sharing plan and trust sponsored by FJC & Associates, Inc. This prototype plan document has been filed with the appropriate agency. The Plan has not obtained or requested a determination letter. However, the plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code and that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

Note 9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the accompanying statements of net assets available for benefits.

Note 10. Subsequent Events

Subsequent events have been evaluated through October 11, 2024, which is the date the financial statements were available to be issued.
