INDEPENDENT AUDITORS' REPORT

To the Plan Administrator
ATX Networks 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of ATX Networks 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year then ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section -

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

INDEPENDENT AUDITORS' REPORT (CONTINUED)

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America; and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

INDEPENDENT AUDITORS' REPORT (CONTINUED)

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

INDEPENDENT AUDITORS' REPORT (CONTINUED)

Supplemental Schedules Required by ERISA

The supplemental schedules of Schedule H, Part IV, Line 4a – Schedule of Delinquent Participant Contributions for the year ended December 31, 2023 and Schedule H, Part IV, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2023 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion -

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Notes to Financial Statements

1. Description of Plan

The following description of the ATX Networks 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan’s provisions.

General

The Plan was adopted on April 1, 2011 as a defined-contribution and profit-sharing plan covering all employees at InnoTrans Communications, Inc. (“InnoTrans”) and Pico Digital, Inc., which are subsidiaries of ATX Networks, Inc. (the “Plan Sponsor”, “Plan Administrator” or the “Company”), except for any employees covered by a collective bargaining agreement, leased employees, or non-resident aliens. The Plan was previously named the Pico Digital 401(k) Plan. The Plan has been amended and restated effective March 18, 2022. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). Fidelity Management Trust Company is the trustee of the Plan and Fidelity Workplace Services, LLC is the asset custodian (“Fidelity”)

Eligibility

Employees of the Company who are over 18 years of age are eligible to participate in the Plan on the first day of the subsequent month following the hire date, with no minimum hour’s requirement.

Contributions

Participants may contribute up to 75% of eligible compensation. In addition, if the participant’s age is 50 or over during the calendar year, then the employee may be permitted to make an additional catch-up contribution. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3% of eligible compensation and their contributions invested in an age-appropriate target date fund until changed by the participant. Automatically enrolled participants will have an annual increase of 1% to their contributions until they reach a deferral rate of 6%. Participants may also designate all or part of their contributions as Roth 401(k) contributions, which are maintained separately. During each pay period, the Company contributes a matching contribution of 100% up to the first 3% plus 50% of the next 2% of a participant’s compensation, which is contributed as a qualified automatic contribution arrangement safe harbor match. The Plan Sponsor also can make additional discretionary matching contributions; however, the additional match may not exceed 4% of the participants eligible compensation for the year.

See accompanying independent auditors’ report.

401(K) PLAN

Notes to Financial Statements (continued)

1. Description of Plan (continued)

Contributions (continued)

The Plan accepts rollover contributions from other qualified retirement plans, except for after-tax accounts.

Participant Investment Options

Participants must direct their contributions from salary deferrals and their allocated share of employer contributions into investment options as made available and determined by the Plan Administrator.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of the Company's contribution, investment earnings thereon and administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Participants are 100% vested in any additional discretionary matching contributions, any qualified automatic contribution arrangement (QACA) safe harbor matching contributions and any discretionary profit-sharing contributions made by the Company.

Forfeitures

In the event participant benefits are forfeited, those amounts may be used to pay Plan expenses or to reduce Company contributions. The ending forfeiture account balances were \$3,554 and \$3,282 as of December 31, 2023 and 2022, respectively. Forfeitures were used to reduce administrative expenses were \$200 during 2023.

Notes Receivable from Participants

Participants may borrow from their fund accounts in amounts ranging from \$1,000 to \$50,000, but not in excess of 50% of the vested account balance. Notes are repaid at a reasonable rate of interest through payroll deductions within five years or, in the event the note is used to acquire a principal residence, the Plan Administrator may permit a longer repayment term. Notes receivable from participants are measured at their unpaid balance plus any accrued but unpaid interest. Delinquent loans are treated as distributions based upon the terms of the Plan document.

See accompanying independent auditors' report.

ATX NETWORKS
401(K) PLAN

Notes to Financial Statements (continued)

1. Description of Plan (continued)

Payment of Benefits

Upon termination of service, a participant may elect to receive benefits in a lump-sum distribution, on an installment basis, receive a rollover of the vested account balance into another qualified plan, or defer receipt to a date no later than that prescribed by government regulation. Account withdrawals are permitted by participants who suffer certain financial hardships and meet criteria established by the Internal Revenue Code ("IRC"). Terminated participants with vested account balances of \$5,000 or less can be paid in a lump-sum cash amount.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting in conformity with accounting principles generally accepted in the United States ("GAAP").

Investments and Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lower priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under Accounting Standards Codification ("ASC") 820 are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

See accompanying independent auditors' report.

ATX NETWORKS
401(K) PLAN

Notes to Financial Statements (continued)

2. Summary of Accounting Policies (continued)

Investments and Fair Value Measurements (continued)

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the methodologies used to value the Plan's investments:

Mutual funds: Such investments are valued at the daily closing price as reported by the respective fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common/collective trusts: The Plan's indirect investments in the common/collective trusts are valued at the net unit value ("NUV") of units held by the Plan at year-end based on information reported in the common/collective trusts audited financial statements at year-end. The NUV is determined by the total fair value of fund's net assets divided by the total number of units outstanding. The Plan uses a practical expedient permitting a reporting entity to measure the value of certain investments using the NUV per share (or its equivalent) of the investment. Because the Plan has an indirect investment in the contracts held by the common/collective trusts, they are not considered fully benefit responsive.

The methods described above may produce a value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, while management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the value of certain financial instruments could result in a different value measurement at the reporting date.

See accompanying independent auditors' report.

ATX NETWORKS
401(K) PLAN

Notes to Financial Statements (continued)

2. Summary of Accounting Policies (continued)

Income Recognition

Purchases and sales of investments are recorded on a trade-date basis. Interest income is accrued daily. Dividends are recorded on the ex-dividend date. Realized gains and losses from investment transactions are reported on the average cost method. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Benefits

Benefits are recorded when paid.

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market conditions and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the accompanying financial statements.

3. Information Certified or Provided by Fidelity Workplace Services, LLC ("Fidelity")

The Plan's investments were held by Fidelity at December 31, 2023 and 2022 and the following investment information was certified to be complete and accurate within the meaning of 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA:

- Interest and dividend income from investments and net appreciation in the fair value of investments reflected on the accompanying Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2023.

Common/collective trusts *	12,199,240			
Total investments	<u>\$ 17,968,142</u>			

There were no transfers in or out of Level 1, 2 or 3 during the year ended December 31, 2023.

**Certain investments that are measured using the NUV per share (or its equivalent) as a practical expedient have not been categorized in the fair value hierarchy. The amounts presented in the above tables are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the accompanying Statements of Net Assets Available for Benefits.*

Fidelity also certified the completeness and accuracy of \$1,159,338 of net appreciation in fair value of mutual funds, \$2,501,933 of net investment income from common/collective trusts, \$206,988 of interest and dividends from mutual funds, and \$4,315 of interest income on notes receivable from participants for the year ended December 31, 2023.

ATX NETWORKS
401(K) PLAN

Notes to Financial Statements (continued)

4. Tax Status

Effective March 18, 2022, the Plan amended and restated their non-standardized form of a prototype plan sponsored by Fidelity. The prototype plan has received an opinion letter from the Internal Revenue Service, dated June 30, 2020, as to the prototype plan's qualified status. The prototype plan opinion letter has been relied upon by this Plan. The Plan Administrator believes the Plan is currently designed and is being operated in compliance with the applicable provisions of the IRC. Therefore, the Plan Administrator believes the Plan is qualified and the related trust is tax-exempt.

GAAP requires the Plan Administrator to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable authorities. The Plan Administrator believes that the Plan has taken no uncertain tax positions that require adjustment to the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

5. Party-In-Interest Activity

Certain administrative functions are performed by employees of the Company. No such officer or employee receives compensation from the Plan. Certain administrative expenses are paid by the Plan Sponsor. The Plan offers investments managed by Fidelity Workplace Services Investments, an affiliated entity with Fidelity. Such activity qualifies as permitted party-in-interest transactions. Notes receivable from participants are also considered permitted party-in-interest activities.

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA and discontinue its contributions at any time. In the event of Plan termination, participants would become 100% vested in their employer matching and profit-sharing accounts.

7. Prohibited Transactions and Contingencies

Late Remittances

For the years ended December 31, 2023 and 2022, the Company transferred employee contributions of \$79,050 and \$142,952, respectively, into the Plan after what was considered a reasonable period of time. The estimated lost earnings were \$46 and \$50 for the years ended December 31, 2023 and 2022, respectively. Management has fully self-

The Plan and/or the Plan sponsor may be subject to various fines, penalties and interest. The accompany financial statements do not include any accruals or provisions related to the outcome of this uncertainty.

The Plan Administrator has evaluated subsequent events through October 14, 2024, the date the financial statements were available to be issued.
