Independent Auditors' Report

The Participants and Plan Administrator
St. Johnsbury Academy 403(b) Retirement Plan
Saint Johnsbury, Vermont

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We were engaged to perform audits of St. Johnsbury Academy 403(b) Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Disclaimer of Opinion

We do not express an opinion on the accompanying financial statements of St. Johnsbury Academy 403(b) Retirement Plan. Because of the significance of the matter described in the Basis for Disclaimer of Opinion section of our report, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the financial statements.

Basis for Disclaimer of Opinion

As described in Note 4, the Plan has excluded from investments in the accompanying statements of net assets available for benefits certain annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009, as permitted by the Department of Labor's Field Assistance Bulletin No. 2009-02, *Annual Reporting Requirement for 403(b) Plans*. If the identified contracts as reported by the custodians were included, net assets available for benefits would increase approximately \$2,465,000 and \$2,179,000 as of December 31, 2023 and 2022, respectively. Further, investment gains of approximately \$359,000 and distributions and expenses of approximately \$73,000 related to such accounts, as identified by the custodians of these accounts, have also been excluded in the accompanying 2023 statement of changes in net assets available for benefits. Accounting principles generally accepted in the United States of America require that these accounts and the related income and distributions be included in the accompanying financial statements.

Responsibilities of Management

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Our responsibility is to conduct an audit of St. Johnsbury Academy 403(b) Retirement Plan's financial statements in accordance with auditing standards generally accepted in the United States of America and to issue an auditors' report. However, because of the matters described in the Basis for Disclaimer of Opinion section of our report, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on these financial statements.

We are required to be independent of St. Johnsbury Academy 403(b) Retirement Plan, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental Schedule H, Line 4i – Schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion on the financial statement section of our report, it is inappropriate to, and we do not, express an opinion on the supplemental schedule referred to above.

St. Johnsbury Academy 403(b) Retirement Plan

Notes to Financial Statements

December 31, 2023 and 2022

(1) Description of Plan

The following description of the St. Johnsbury Academy 403(b) Retirement Plan (the Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan is a 403(b) defined contribution plan covering all employees of St. Johnsbury Academy (the Academy), except employees who are students of the school, or employees who normally work less than twenty hours per week. Employees are eligible to make elective deferrals and receive employer contributions upon their date of hire. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The Board of Trustees is responsible for oversight of the Plan, determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Contributions

Each year, participants may contribute a portion of their annual compensation, as defined by the Plan, up to the Internal Revenue Service (IRS) limitation. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. For employees who do not have a staff employment contract, coach, substitute teacher, temporary employee, seasonal employee and per diem driver contract, the Academy shall make a matching contribution equal to 100% of the participant's elective deferral up to a maximum of 5% of eligible compensation. Matching contributions are calculated on a per-payroll basis.

In addition, the Academy may elect to make a non-elective discretionary contribution to be determined by the employer for non-faculty employees. The discretionary contribution for the year ended December 31, 2023 was equal to 5% of eligible compensation.

Participant Accounts

Each participant's account is credited with the participant's contributions and the Academy's contributions, as well as allocations of plan earnings. Participant accounts are charged with an allocation of certain administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their account balances.

(1) Description of Plan, Continued

Payment of Benefits

On termination of service due to death, disability, retirement, or other reasons, a participant may elect to receive a distribution equal to the value of the participant's vested interest in his or her account in either a lump-sum amount, installment payments, or annuity distribution options, as defined by the Plan. A participant may elect to receive an in-service distribution upon attainment of age 59 ½, subject to plan provisions.

(2) Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Board of Trustees determines the Plan's valuation policies utilizing information provided by the investment advisers and custodians. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Contributions

Contributions from plan participants and the nonelective contributions from the Academy are recorded in the year in which the employee contributions are withheld from compensation.

Payment of Benefits

Benefits are recorded when paid.

(2) Summary of Significant Accounting Policies, Continued

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Academy. Expenses that are paid by the Academy are excluded from these financial statements. Investment related expenses are included in net appreciation in fair value of investments.

Subsequent Events

The Plan has evaluated subsequent events through September 25, 2024, the date the financial statements were available to be issued.

(3) TIAA Traditional Annuity

The Teachers Insurance and Annuity Association (TIAA) Traditional Annuity is a guaranteed fixed annuity contract available as an investment option to plan participants. Each contract is fully and unconditionally guaranteed by TIAA. The Traditional Annuity is offered through a variety of contract types, including Retirement Annuities (RA), Group Retirement Annuities (GRA), Retirement Choice (RC), Supplemental Retirement Annuities (SRA), Group Supplemental Retirement Annuities (GSRA), and Retirement Choice Plus (RCP). The type of contract through which a participant invests in the TIAA Traditional Annuity determines the applicability of certain account features, such as the guaranteed minimum interest rate, additional interest declarations, the degree of liquidity of the participant's account, and the options for receiving income upon retirement.

When participants choose to allocate a portion of their retirement savings to the TIAA Traditional Annuity during the accumulation phase of the contract, their contributions purchase a specific amount of lifetime income based on the contractual rate schedule in effect at the time the premium is paid. The participant's principal, plus a specified minimum rate of interest, is guaranteed by TIAA's claims-paying ability. The TIAA Traditional Annuity also provides the potential for additional interest if declared by TIAA's Board of Trustees. Additional interest, when declared, remains in effect for the declaration year, which begins each March 1 for accumulating annuities, and January 1 for lifetime payout annuities. Additional interest is not guaranteed for future years. Together, the guaranteed minimum and additional amounts make up the crediting interest rate.

The Traditional Annuity contract does not allow lump-sum cash withdrawals and transfers must be spread over 10 annual installments. With the GRA and RC contracts, lump sum withdrawals are available within 120 days of termination of employment and are subject to a 2.50% surrender charge. All other withdrawals and transfers from RA and GRA contracts must be spread over 10 annual installments (five annual installments with withdrawals after termination of employment). All other withdrawals and transfers from RC contracts must be spread over 84 monthly installments. The SRA, GSRA, and RCP contracts provide for full participant-directed liquidity. When a participant's accumulation in the TIAA Traditional Annuity is converted to a lifetime payout annuity, the present value of the stream of payments is equal to the accumulated balance, and the entire amount is recorded as a distribution in the statement of changes in net assets available for benefits.

(4) Financial Information Certified by Qualified Institutions

Certain information related to investments disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments held at December 31, 2023 and 2022, and net appreciation in fair value of investments, interest, and dividends for the year ended December 31, 2023, was obtained by management and agreed to or derived from information certified as complete and accurate by TIAA-CREF, Fidelity Management Trust Company (Fidelity), Horace Mann Life Insurance Company (Horace Mann), Modern Woodmen of America (Modern) and The Variable Annuity Life Insurance Company (VALIC), the qualified institutions.

Investments maintained by American Funds, Putnam, and The American General Life Insurance Company are excluded from the certified information including investments at fair value aggregating \$2,308,207 and \$1,956,904 at December 31, 2023 and 2022, respectively, and net appreciation aggregating \$321,097 for the year ended December 31, 2023.

The Plan was established January 1, 1995 and, since that date, has permitted numerous annuity-issuing service providers and asset custodians. The Plan has been amended since that date, resulting in the removal of certain service providers and the addition of new service providers. The Plan was not required to and has not maintained sufficient accounting records and supporting documentation issued by certain providers to current and former employees relating to those contracts issued prior to January 1, 2009. As such, the plan administrator is uncertain as to the completeness of the net assets available for benefits as of December 31, 2023 and 2022, and the changes in net assets available for benefits for the year ended December 31, 2023. Additionally, as permitted by the DOL's *Field Assistance Bulletin No. 2009-2, Annual Reporting Requirements for 403(b) Plans* (the Bulletin), the plan administrator has elected to exclude certain annuity and custodial accounts that meet the criteria for exclusion under the Bulletin which were certified by the custodians from the Plan's financial statements and supplemental schedule. As a result, information certified that has been excluded is as follows: investments of approximately \$2,465,000 and \$2,179,000 as of December 31, 2023 and 2022, respectively, and investment gains of approximately \$359,000 and distributions and expenses of approximately \$73,000 for the year ended December 31, 2023.

(5) Fair Value Measurements

FASB *Accounting Standards Codification* (ASC) 820, *Fair Value Measurements and Disclosures*, provides a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Registered investment companies: The fair values of accumulation units held by the Plan in TIAA-CREF accounts are based on each account's daily net asset value (NAV), which is considered by plan management to be the best approximation of fair value. The NAV is used as a practical expedient to estimate fair value. TIAA-CREF accounts are not exchange traded. Data for NAVs are available daily to plan administrators and client investors on TIAA-CREF's website, and provide sufficient corroborative evidence to ascertain the relationship between each fund's NAV and the values of individual underlying holdings. Underlying holdings are primarily valued using market quotations or prices obtained from independent pricing sources. There are no unfunded commitments from participants in the Plan who invest in these accounts.

Notes to Financial Statements

December 31, 2023 and 2022

(5) Fair Value Measurements, Continued

Pooled separate accounts: The fair value of the Plan's interest in the TIAA Real Estate Account (REA) is based on the fund's daily NAV, which is considered by plan management to be the best approximation of fair value. The unit value of the fund is calculated daily and available to plan administrators and client investors on TIAA-CREF's website. Underlying holdings are primarily valued using independent appraisals or independent pricing sources. Accumulation units in the TIAA REA are available for transactions at the closing NAV on any day the NYSE is open for business. Transfers out of the REA are limited to one per calendar quarter. Although the underlying assets of the REA cannot be quickly sold and converted to liquid assets, the TIAA General Account provides the REA with a liquidity guarantee (TIAA ensures that the REA has funds available to meet participant redemption, transfer or cash withdrawal requests executed at quoted unit values).

Guaranteed insurance contract: Investments in TIAA Traditional Annuity contracts are reported at fair value. As these investments are contract-based, observable prices for identical or similar investments do not exist and, accordingly, these investments are valued using unobservable inputs (level 3). The contract value equals the accumulated cash contributions and interest credited to the contract, less any withdrawals. Liquidity restrictions apply to certain types of contracts that could impact the value realized upon exiting the contract. See also Note 3 for discussion of the TIAA Traditional Annuity.

Other: Investments in variable annuity accounts are valued using market quotations or prices obtained from independent pricing sources of the underlying investments, which include equity securities, fixed income instruments and other short-term investments. All values are determined daily.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

Description	Assets at Fair Value as of December 31, 2023			
	Level 1	Level 2	Level 3	Total
Registered investment companies	\$ 30,543,064	\$ -	\$ -	\$ 30,543,064

(5) Fair Value Measurements, Continued

Description	Assets at Fair Value as of December 31, 2022			
	Level 1	Level 2	Level 3	Total
Registered investment companies	\$ 24,756,369	\$ -	\$ -	\$ 24,756,369
Guaranteed insurance contracts	-	-	4,652,257	4,652,257
Variable annuity accounts	-	1,007,005	-	1,007,005
Total	\$ 24,756,369	\$ 1,007,005	\$ 4,652,257	30,415,631
Investments measured at NAV				876,102
Total investments at fair value				\$ 31,291,733

Certain investments that are measured at NAV per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line item presented in the statements of net assets available for benefits.

The following table summarizes investments measured at net asset value as a practical expedient as of December 31:

Investment	December 31,		Unfunded Commitments	Redemption Frequency	Redemption Notice Period
	2023	2022			
TIAA Real Estate Fund	\$ 710,510	\$ 876,102	None	Quarterly	Daily

During 2023, there were no transfers in or out of Level 3 of the fair value hierarchy. Purchases of Level 3 investments amounted to \$61,632 during 2023. Sales of Level 3 investments amounted to \$375,731 during 2023.

(6) Related Party Transactions and Party-In-Interest Transactions

Certain plan investments are shares of registered investment companies, pooled separate accounts and a guaranteed annuity contract managed by TIAA-CREF, Fidelity, American Funds (American), Modern, Putnam, Horace Mann, The American General Life Insurance Company (AIG), and VALIC. TIAA-CREF, Fidelity, American, Modern, Putnam, Horace Mann, AIG, and VALIC are custodians of the Plan and, therefore, these transactions qualify as party-in-interest transactions; however, they are exempt from the prohibited transaction rules under ERISA.

(7) Plan Termination

Although it has not expressed any intent to do so, the Academy has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would remain 100% vested in their account balances.

St. Johnsbury Academy 403(b) Retirement Plan

Notes to Financial Statements

December 31, 2023 and 2022

(8) Tax Status

The Plan has adopted a volume submitter 403(b) plan by Carroll Consultants LTD, which received a favorable opinion letter from the Internal Revenue Service (IRS) dated March 31, 2017, in which the IRS states that the volume submitter plan constitutes a qualified plan under section 403(b) of the IRC. The plan opinion letter has been relied upon by the Plan. The Plan has been amended since receiving the opinion letter. The Plan sponsor believes that the Plan, as adopted, is currently designed and operating in accordance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by a government authority. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

(9) Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
