Independent Auditors' Report

To the Participants and Plan Administrator of
Williams & Connolly LLP 401(k) Savings Plan and Trust

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Williams & Connolly LLP 401(k) Savings Plan and Trust (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year) as of December 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Williams & Connolly LLP 401(k) Savings Plan and Trust

Notes to Financial Statements
December 31, 2023 and 2022

1. Description of Plan

The following description of the Williams & Connolly LLP 401(k) Savings Plan and Trust (the Plan), as last amended and restated effective January 1, 2022, provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

The Plan is a contributory, defined contribution plan that was created effective March 1, 1996 to reward eligible employees for their loyal service, accumulate funds for their later years and provide funds for their beneficiaries in the event of death or disability. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The Plan's Pension Committee is responsible for oversight of the Plan and determines the appropriateness of the Plan's investment offerings and monitors investment performance.

As of December 31, 2023 and 2022, and for the year ended December 31, 2023, the Plan's trustee was Charles Schwab Trust Bank (the Trustee). Williams & Connolly LLP (the Partnership) has a master trust arrangement (the Master Trust) with the Trustee for the investment of assets of the Plan along with the assets of three other retirement plans sponsored by the Partnership.

An eligible employee shall become a participant in the Plan on the first day of the month following the completion of six months of employment and 500 hours of service during any anniversary year.

An eligible employee shall be any person who is receiving remuneration for personal services rendered to the Partnership, other than a leased employee, and other than a self-employed person under Section 401(c)(1) of the Internal Revenue Code (the IRC) with respect to the Partnership who is eligible to participate in the Williams & Connolly LLP Profit Sharing Plan, or is a key employee, other than an of counsel who is a key employee, and other than an employee who is eligible to participate in the Williams & Connolly LLP Savings Plan. Transfers are related to changes in eligibility between plans.

Nonhighly compensated participants are eligible to contribute 100% of their earnings into the Plan, while highly compensated participants are limited to 20%. The Plan also permits participants to contribute a percentage of their after-tax compensation to a Roth 401(k) account within the Plan, at the participant's election in lieu of all or a portion of a pre-tax deferral contribution. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participant contributions are subject to the limitations of the IRC.

The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3% of eligible compensation and their contributions invested in a default investment option designated by the Pension Committee until changed by the participant.

Participants are 100% vested in the Plan. Each participant's account is credited with the participant's contribution and allocations of the Plan's earnings based on participant account balances.

The Plan permits participant loans based on the provisions of the plan document. Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at a reasonable rate. Principal and interest are paid ratably through payroll deductions. Loan terms cannot exceed five years. Upon termination of employment, a participant's loan becomes due immediately.

Termination of employment, disability, hardship, attainment of age 59½, qualified birth or adoption, or termination of the Plan are causes for distribution of the value of each participant's account balance, as set forth in the plan document. The plan document contains automatic distribution provisions if a terminated participant's vested balance is less than \$5,000. If no method of distribution is specified by the participant, distributions of vested balances between \$1,000 and \$5,000 will be distributed to an individual retirement account designated by the plan administrator. Distributions under \$1,000 will be paid out in the form of a cash lump sum payment.

Notes to Financial Statements
December 31, 2023 and 2022

Administrative expenses, including investment advisory fees and accounting fees, are paid by the Partnership. Transaction expenses are paid by either the participant or the Plan.

A participant may direct contributions into a variety of investment options available through the Master Trust.

2. Summary of Significant Accounting Policies

Basis of Presentation

The financial statements of the Plan are prepared on the accrual basis of accounting. The accompanying financial statements are prepared in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Risk

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

As of December 31, 2023 and 2022, the Plan had investments of \$58,780,218 and \$47,842,847, respectively, that were concentrated in four funds.

Investment Valuation and Income Recognition

The Plan's investments, held in the Master Trust, are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Pension Committee determines the Plan's valuation policies utilizing information provided by the investment advisors and custodian/trustee. See Note 3 for discussion of fair value measurements.

The Plan's interest in the investment gain (loss) of the Master Trust, in the accompanying Statement of Changes in Net Assets Available for Benefits includes the Plan's allocation of interest, dividends, net appreciation (depreciation), including the gains and losses on investments bought and sold as well as held during the year, and fees charged to the Master Trust, which are netted against or included with net appreciation (depreciation) in fair value of investments. These fees represent charges by the Trustee for services provided in connection with recordkeeping and investment management. Net unrealized appreciation (depreciation) in fair value of investments represents the net change in the fair value of the investments held during the period. The net realized gains or losses on the sale of investments represent the difference between the sale proceeds and the fair value of the investments as of the beginning of the period or the cost of the investment if purchased during the year. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis, and dividends are recorded on the ex-dividend date.

Williams & Connolly LLP 401(k) Savings Plan and Trust

Notes to Financial Statements

December 31, 2023 and 2022

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Related fees are recorded as transaction expenses and are expensed when they are incurred. Interest income is recorded on the accrual basis.

Benefit Payments

Benefit payments are recorded when paid.

Subsequent Events

The Plan has evaluated subsequent events through October 10, 2024, which is the date that the financial statements were approved and available to be issued, for events requiring recording or disclosure in the Plan's financial statements.

3. Fair Value Measurements

The Plan follows U.S. GAAP for measuring, reporting and disclosing fair value. These standards apply to all assets and liabilities that are measured, reported and/or disclosed on a fair value basis.

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under authoritative guidance are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted market prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Williams & Connolly LLP 401(k) Savings Plan and Trust

Notes to Financial Statements
December 31, 2023 and 2022

The asset's or liability's fair value measurement within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Mutual funds, including those held within self-directed brokerage accounts, are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Self-directed brokerage accounts consist of investments in cash and interest-bearing cash, U.S. treasury notes, money market funds/cash equivalents, common stocks/exchange traded funds/unit investment trusts, mutual funds, corporate bonds/municipal bonds, convertible debt obligations and preferred stocks. Cash and interest-bearing cash are reported at carrying value, which approximates fair value. U.S. treasury notes are valued using pricing models maximizing the use of observable inputs for similar securities. Money market funds/cash equivalents are valued at the quoted NAV of shares held by the Plan at year end. Common stocks/exchange traded funds/unit investment trusts are valued at the closing price reported on the active markets on which the individual securities are traded. Corporate bonds/municipal bonds/convertible debt obligations are valued using pricing models maximizing the use of observable inputs for similar securities. This includes basing value on yields currently available on comparable securities of issuers with similar credit ratings. Preferred stocks are valued at the closing price reported on inactive markets on which the individual securities are traded.

Common collective funds are valued at the NAV of units of the respective collective trusts. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities.

The following table sets forth by level, within the fair value hierarchy, a summary of the investments in the Master Trust measured at fair value as of December 31, 2023:

4. Undivided Interest in the Master Trust / Information Certified by the Trustee

At December 31, 2023 and 2022 and for the year ended December 31, 2023, the Plan's investments were held in the Master Trust, which was established for the investment of the assets of the Plan along with the assets of three other retirement plans sponsored by the Partnership. Each participating retirement plan has an undivided interest in the Master Trust. The assets of the Master Trust are held by the Trustee.

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Charles Schwab Trust Bank, the trustee of the Plan, has certified to the completeness and accuracy of all investments and notes receivable from participants reported in the accompanying Statements of Net Assets Available for Benefits as of December 31, 2023 and 2022 and the supplemental Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year) as of December 31, 2023, and the related investment activity reported in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2023, with the exception of \$7,212,304 and \$5,854,889 in self-directed brokerage accounts as of December 31, 2023 and 2022, respectively, within the Plan's interest in the Master Trust, and \$1,516,762 of investment income for the year ended December 31, 2023.

The value of the Plan's interest in the Master Trust is based on the beginning of year value of the Plan's interest in the Master Trust plus actual contributions and allocated investment income less actual distributions and allocated administrative expenses. At December 31, 2023 and 2022, the Plan's undivided interest in the net assets of the Master Trust was approximately 17%. Total investment income (loss) (including net appreciation (depreciation) in the value of investments) and administrative expenses of the Master Trust are allocated to the individual plans based upon the amount of time the Plan's assets were invested in the Master Trust.

The following table presents the investments of the Master Trust and the Plan's undivided interest as of December 31, 2023:

	2023	
	Master Trust Balances	Plan's Interest in Master Trust Balances
Investments at fair value:		
Common collective trusts	\$ 326,970,872	\$ 53,609,169
Mutual funds	126,620,413	25,159,821
Self-directed brokerage accounts	105,824,316	16,568,871
Total investments at fair value	<u>\$ 559,415,601</u>	<u>\$ 95,337,861</u>

The following table presents the investments of the Master Trust and the Plan's undivided interest as of December 31, 2022:

December 31, 2023 and 2022

The net investment income (loss) of the Master Trust for the year ended December 31, 2023 is as follows:

Net appreciation in fair value of investments	\$ 77,890,367
Interest and dividends	<u>3,994,073</u>
Total	<u>\$ 81,884,440</u>

5. Right to Amend or Terminate the Plan

Although it has not expressed any intention to do so, the Partnership has the right under the Plan to terminate the Plan subject to the provisions set forth in ERISA. Additionally, the Partnership reserves the right, by appropriate action, to amend the Plan. However, any such action will not deprive any participant, former employee or beneficiary under the Plan of any vested right he or she may have, except to the extent that laws or regulations may preclude such vesting in order to prevent discrimination in favor of officers, partners or highly compensated employees.

6. Related-Party and Party in Interest Transactions

Certain of the Plan's investments are managed by the Trustee, and therefore, these transactions qualify as party in interest transactions. Fees incurred by the Master Trust for the investment manager services are included in Plan interest in the master trust investment gain (loss), as they are paid through revenue sharing, rather than a direct payment. Additionally, the Plan issues loans to participants, which are secured by the participant's account balances. These transactions qualify as party in interest transactions.

Certain administrative functions of the Plan are performed by officers or employees of the Partnership. No such officer or employee receives compensation from the Plan.

7. Tax Status

The Internal Revenue Service (IRS) has determined and informed the Partnership by a letter dated December 7, 2017, that the Plan and related trust are designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the determination letter, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

U.S. GAAP requires management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.
