INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator
Piquette & Howard 401(k) Plan
Plaistow, New Hampshire 03865

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed the audits of the financial statements of Piquette & Howard 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for plan benefits - modified cash basis as of December 31, 2023 and 2022, and the related statement of changes in net assets available for plan benefits - modified cash basis for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained a certification from a qualified institution as of December 31, 2023 and 2022 and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 8 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with the modified cash basis of accounting.

- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the modified cash basis of accounting described in Note 2; this includes determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date of the financial report.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion.

Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of the modified cash basis of accounting.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with the modified cash basis of accounting.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audits.

Other Matters

Basis of Accounting

We draw attention to Note 2 of the financial statements, which describes the basis of accounting. The financial statements are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year), is presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements.

The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

PIQUETTE & HOWARD 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

Note 1. Description of the Plan

The following description of the Plan provides only general information. Further information about the Plan Document and benefit provisions is available from the Plan Administrator.

General: The Plan is a defined contribution plan which covers eligible employees of Piquette & Howard Electric Service, Inc. (the "Company") as defined in the Plan. The Plan's original effective date is January 1, 2018 subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) and the Internal Revenue Code. The Plan was last restated effective January 1, 2022. Participants are eligible to make salary reduction contributions once they have obtained the age of 21. The Plan was amended effective October 1, 2022, to change the service requirement to 90 days and entry into the Plan to quarterly. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Company is also the Plan Administrator and Plan Sponsor.

Contributions: Each year, participants may contribute up to the maximum allowable, as defined in the Plan and by the Internal Revenue Code. Participants may elect to contribute pre-tax contributions or after-tax Roth contributions. Participants who are at least fifty may make an additional "catch-up" contribution subject to Internal Revenue Code limitations. Participants direct the investment of their contributions into various investment options offered by the Plan.

The Company contributes a Safe Harbor match of 100% of salary deferrals up to 3% of eligible compensation, plus 50% of salary deferrals up to the next 2% of eligible compensation that a participant contributes to the Plan. The Company matching contribution is invested as directed by the participants.

Additional discretionary matching and employer contribution amounts may be contributed at the option of the Company. No discretionary contributions were made for the year ending December 31, 2023. Contributions are subject to certain limitations. The Plan will accept participant rollover contributions.

Participant accounts: Each participant's account is credited with the participant's contribution and an allocation of (a) the Company's contribution and (b) Plan earnings and expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Taxes: Participants are not taxed on their deferrals, on the employer contributions allocated to their accounts, or on earnings thereon until these amounts are distributed. Roth contributions are made with after tax amounts. Roth contributions and earnings thereon are withdrawn tax-free provided all requirements of IRC Section 402A are met.

Vesting: Participants are immediately vested in their salary deferral contributions and the safe harbor matching contributions plus actual earnings thereon. Vesting in the Company's discretionary matching and discretionary employer contribution portion of their accounts plus earnings thereon is based on credited service. A participant accrues 20% vesting for each year of credited service up to 100%, or fully vested, after six years.

Investment options: Upon enrollment in the Plan, a participant may direct all contributions into various investment options. Participants may change their investment options and transfer funds between investment options daily.

PIQUETTE & HOWARD 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

Participant notes receivable: The Plan allows participants to request loans from the Plan. Participants may borrow the lesser of \$50,000 or 50% of their account balance, with a minimum of \$1,000. Notes receivable transactions are treated as a transfer to (from) the investment fund from (to) the participant note fund. Note terms range from one to five years (longer for purchase of a primary residence). The notes are collateralized by the balance in the participant's account and bear interest at the *Wall Street Journal* prime rate plus 1% (9.50% at December 31, 2023). Principal and interest is paid ratably through payroll deductions.

Payment of benefits: The Plan provides for withdrawals in the event of retirement, termination, death, or disability. Participants may elect to receive an amount equal to the value of the participant's vested interest in his or her account in a lump-sum distribution. In-service distributions are allowed upon attainment of age 59 ½. Participants may take hardship withdrawals from their elective deferral as well as the vested portion of employer contributions.

Forfeited accounts: The Company may decide how to treat forfeitures under the Plan. There were no forfeitures noted as of December 31, 2023 and 2022.

Funding policy: Weekly deferrals are withheld from the wages of eligible participants. These deferrals and the employer safe harbor matching contributions are remitted weekly to the Plan Custodian and are invested based on the instructions provided by the participant. Employer discretionary contributions are remitted annually to the Plan.

Income tax status: The Company adopted a restated pre-approved plan document, and the IRS has determined and informed the sponsor of the pre-approved plan document by a letter dated November 23, 2020, that the pre-approved plan document is designed in accordance with applicable sections of the IRC.

The Plan has been amended since receiving the opinion letter. The plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believes that the Plan is qualified and the related trust is tax-exempt.

The Plan adopted the provisions of FASB ASC 740, Accounting for Uncertainty in Income Taxes. Accordingly, management has evaluated the Plan's tax positions and concluded the Plan had maintained its tax-exempt status, does not have any significant unrelated business income and had taken no uncertain tax positions that require adjustment or disclosure in the financial statements. With few exceptions, the Plan is no longer subject to income tax examinations by the Federal authorities for years before 2020.

Note 2. Significant Accounting Policies

Valuation of investments: The Piquette & Howard 401(k) Plan's (the "Plan") investments are stated at fair value. See Note 3 for discussion of fair value measurements.

The changes in the difference between current value and the cost of investments and realized gains and losses are reflected in the statement of changes in net assets available for plan benefits as an increase or decrease in realized and unrealized appreciation or depreciation, in the current value of investments.

PIQUETTE & HOWARD 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

Accounting method: The accompanying financial statements have been prepared on the modified cash basis of accounting, which is a basis of accounting other than U.S. generally accepted accounting principles. This basis is an acceptable method of reporting under the Department of Labor regulations. Under this method, contributions, interest and dividends and other amounts are recognized only when actually received or paid by the Plan.

Estimates and assumptions: The preparation of financial statements requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Payment of benefits: Benefits are recorded when paid.

Recently Adopted Accounting Guidance: In June 2016, the Financial Accounting Standards Board (the "FASB") issued authoritative guidance which changes the methodology used to measure credit losses for certain financial instruments. Under prior guidance, credit loss reserves were estimated based on historical information. The new guidance requires credit loss reserves to reflect the estimated credit losses expected to be incurred over the life of the financial asset. The Plan adopted the standard effective January 1, 2023. The impact of the adoption was not considered material to the financial statements.

Note 3. Fair Value of Investments

The Fair-Value Measurements topic of the FASB ASC 820-10 defines fair value, establishes a framework for measuring fair value in generally accepted accounting principles and expands disclosures about fair-value measurements. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820-10 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs are other than quoted prices that are observable for the asset or liability. Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

PIQUETTE & HOWARD 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022:

Pooled separate accounts: The fair value of these investments is based on quoted net asset values of the shares held by the Plan at year-end. The fair values of these investments are based on the closing price reported on the active market where the individual securities are traded. Total value of these pooled separate accounts for the years ended December 31, 2023 and 2022 were \$7,495,734 and \$4,689,801, respectively, and are considered to be Level 1 assets.

Stable value fund held in pooled separate accounts: The John Hancock Stable Value Fund is an investment option within the pooled separate accounts. The Plan's interest in the fund is valued each day the exchange is open. The fund will attempt to maintain a stable value of \$1.00 per unit. However, there can be no assurance that the value of the units in the fund will not fluctuate. The value of each unit is determined by subtracting total liabilities from total assets and dividing the remainder by the number of units outstanding. The fund is valued at contract value, which is expected to approximate fair value. Total value of the stable value fund for the years ended December 31, 2023 and 2022 were \$74,591 and \$46,299, respectively, and are considered to be Level 1 assets.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2023:

	Level 1	Level 2	Total
<i>Total investments</i>	\$ 7,570,325	-	\$ 7,570,325

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2022:

	Level 1	Level 2	Total
<i>Total investments</i>	\$ 4,736,100	-	\$ 4,736,100

Note 4. Costs and Expenses

Certain costs and expenses associated with the operations of the Plan for the year ended December 31, 2023 were paid by the Plan Sponsor.

PIQUETTE & HOWARD 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

Note 5. Transactions with Parties in Interest

The Plan Sponsor provides to the Plan certain accounting and administrative services for which no fees are charged. The employees that provide these services also are contributing participants in the Plan. These transactions qualify as party-in-interest transactions. Notes receivable from participants are also considered party-in-interest transactions. However, under the provisions of ERISA these transactions meet the criteria for exemption, are not considered prohibited transactions, and do not need to be reported in the supplementary schedules of Form 5500.

The Plan invests in investments managed by John Hancock Life Insurance Company whom acts as the Plan Custodian for only those investments as defined by the Plan. Transactions in such investments qualify as party-in-interest transactions which are exempt from prohibited transaction rules.

Note 6. Plan Termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue their contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants are 100% vested in their employer contributions.

Note 7. Risk and Uncertainties
