INDEPENDENT AUDITORS' REPORT

To the Plan Administrator and Participants
Terry Tree Service, LLC 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Terry Tree Service, LLC 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for plan benefits as of December 31, 2023 and 2022, and the related statements of changes in net assets available for plan benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Terry Tree Service, LLC 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2023 and 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management has determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Terry Tree Service, LLC 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Terry Tree Service, LLC 401(k) Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions are presented and disclosed in the financial statements and are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants and to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Terry Tree Service, LLC 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Terry Tree Service, LLC 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental schedule of assets held for investment purposes is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

TERRY TREE SERVICE, LLC 401(K) PLAN

Notes to Financial Statements
December 31, 2023 and 2022

1. Description of Plan

The following brief description of the Terry Tree Service, LLC 401(k) Plan ("the Plan") is intended to give a general summary of the Plan's provisions. Participants should refer to the Plan agreement for a complete description of the Plan's provisions.

General

The Plan is a salary reduction plan pursuant to Section 401(k) of the Internal Revenue Code, established on January 1, 1997 and restated effective January 1, 2018. It covers substantially all employees of Terry Tree Service, LLC and Ironwood Heavy Highway, LLC ("the Company") who meet certain age and length of service requirements. The Plan is also subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Participation

Eligible employees may become participants commencing on the first day of the next calendar month following the attainment of age 18 and completion of sixty days of service with the Company.

Contributions

The Company shall make deferral contributions (elective deferrals) on behalf of each eligible participant who has an executed salary reduction agreement in effect with the Company. Participants who are eligible to participate will automatically be set up to defer three percent of their eligible compensation each week unless the employee designates a different percentage or elects not to defer. Eligible participants may elect to defer a portion of their total annual eligible compensation into the Plan as a qualified pre-tax deferral or an after-tax Roth deferral. For the years ended December 31, 2023 and 2022, qualified pre-tax contributions totaled \$567,348 and \$500,787, respectively. In 2023 and 2022, qualified after-tax Roth contributions totaled \$27,870 and \$25,846, respectively. The maximum contribution each participant may make each year is subject to certain Plan limits as well as federal limits. Safe harbor matching contributions by the Company are made on 100% of the first 3% of participant deferrals plus 50% of the next 2% of participant deferrals. Safe harbor matching contributions, net of forfeitures applied, amounted to \$311,115 and \$269,629 for the years ended December 31, 2023 and 2022, respectively.

Each year, the Company may make a discretionary matching contribution on behalf of each participant that has an elective deferral that does not exceed 6% of the participant's compensation, equal to a discretionary percentage or dollar amount of elective deferrals. The Company will determine the formula for the discretionary matching contributions. During 2023 and 2022, the Company made no discretionary matching contributions.

Each plan year, the Company may decide to make a discretionary employer contribution (non-elective contribution) on behalf of the eligible participants. Such contributions may only be funded by the employer after the plan year ends and shall be allocated to eligible participants in the ratio that each participant's compensation bears to the total compensation paid to all eligible participants for the plan year. During 2023 and 2022, the Company made no discretionary employer contributions.

1. Description of Plan (Continued)

Contributions (Continued)

In addition, participants may transfer funds from other qualified plans with the consent of the plan administrator.

Participant accounts

Each participant shall have an account which will be credited with the participant's contributions, employer contributions, Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant compensation or account balances.

Vesting

Participants are immediately 100% vested in their elective deferrals, rollover contributions, safe harbor matching contributions, discretionary employer contributions plus actual earnings. Vesting in discretionary matching contributions is based on years of continuous service.

Vesting for discretionary matching contributions subsequent to January 1, 2018 is determined in accordance with the following vesting schedule:

<u>Years of Service For Vesting</u>	<u>Vesting Percentage</u>
Less than 1	0%
1	20%
2	40%
3	60%
4	80%
5 or more	100%

Payment of benefits

Upon retirement, death or disability, the entire account balance, if less than \$5,000, will be distributed in the form of a lump-sum payment. If the account balance is greater than \$5,000, the participant may choose a lump-sum distribution, a joint and survivor annuity, or equal installments over various periods based on life expectancy. In addition, lump-sum distributions may be made, with participant consent, under the following conditions: separation from service and upon the hardship of a participant as provided for in the Plan and in government regulations. The Plan also allows participants who have attained the age of 59½ and are still employed by the Company to obtain distributions from their vested accounts.

1. Description of Plan (Continued)

Notes receivable from participants

The Plan allows participants to borrow funds from their accounts. Loans may not exceed the lesser of 50% of the employee's vested account balance or \$50,000. No loan in an amount less than \$1,000 will be permitted. Repayments of principal and interest are made through payroll withholding. Interest on participant loans is fixed at the prime rate as of the first business day of the month the loan is originated. At any time, no more than one loan may be outstanding from the Plan to the participant. Loans to participants are reported at their unpaid principal balances plus any accrued but unpaid interest.

The prime rate of interest was 8.50% at December 31, 2023.

Administrative expenses

All record keeping, tax filing, investment commissions and loan origination costs are paid from forfeitures or the Plan's assets. Audit fees are paid by the Plan sponsor:

2. Summary of Significant Accounting Policies

Basis of accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP") and present the net assets available for plan benefits and changes in those net assets.

2. Summary of Significant Accounting Policies (Continued)

Use of estimates

The preparation of financial statements in accordance with U.S. GAAP requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Revenue recognition

Purchases and sales of securities are recorded on the trade date basis. Interest and dividends are recorded on the accrual basis. Net appreciation or depreciation in the fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of benefits

Benefits are recorded when paid.

Fair value measurements

Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") Topic 820, *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC Topic 820 are described below:

- | | |
|---------|---|
| Level 1 | Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access. |
| Level 2 | Inputs to the valuation methodology include: <ul style="list-style-type: none">• Quoted prices for similar assets or liabilities in active markets;• Quoted prices for identical or similar assets or liabilities in inactive markets;• Inputs other than quoted prices that are observable for the asset or liability;• Inputs that are derived principally from or corroborated by observable market data by correlation or other means. |

Notes to Financial Statements
December 31, 2023 and 2022

2. Summary of Significant Accounting Policies (Continued)

Fair value measurements (Continued)

If the asset or liability has a specific (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023.

Mutual funds: Valued at the net asset value ("NAV") of shares held by the Plan at the end of the year.

Guaranteed investment contract: Valued at the contract value of the underlying investments, which approximates fair value. The fund may invest in fixed interest insurance contracts, money market funds, corporate and government bonds, mortgage-backed securities, bond funds and other fixed income securities. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. Contract value represents contributions made to the fund, plus earnings, less participant withdrawals.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. The fair value of these investments is subject to market volatility and may be susceptible to fluctuations.

Income taxes

The Plan evaluates income tax positions for uncertainty to determine any tax positions that may not be fully sustained upon examination by taxing authorities, despite the belief that the underlying tax positions are fully supportable. Tax positions are reviewed on an ongoing basis and are analyzed in light of changing facts and circumstances, including progress of tax audits, developments in case law, and closing of statute of limitations. The Plan administrator has determined that the Plan has no uncertain tax positions. The Plan is no longer subject to examinations by the applicable jurisdictions for periods prior to December 31, 2020.

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

7. Tax Status

The Internal Revenue Service has determined and informed the Company by a letter dated November 14, 2022 that the Plan is qualified and the trust established under the Plan is tax-exempt under the appropriate sections of the Internal Revenue Code. Although the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is currently designed and being operating in compliance with the applicable requirements of the Internal Revenue Code.
