Independent Auditors' Report

To the Plan Administrator of the
Perfetti Van Melle, Inc. 401(k) Plan and Trust
Erlanger, KY

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Perfetti Van Melle, Inc. 401(k) Plan and Trust, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Perfetti Van Melle, Inc. 401(k) Plan and Trust's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Perfetti Van Melle, Inc. 401(k) Plan and Trust and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

**Independent Auditors' Report
(Continued)**

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Perfetti Van Melle, Inc. 401(k) Plan and Trust's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Perfetti Van Melle, Inc. 401(k) Plan and Trust's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Perfetti Van Melle, Inc. 401(k) Plan and Trust's ability to continue as a going concern for a reasonable period of time.

BARNES DENNIG

Independent Auditors' Report (Continued)

Auditors' Responsibilities for the Audit of the Financial Statements (Continued)

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2023 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

PERFETTI VAN MELLE, INC. 401(K) PLAN AND TRUST

Notes to Financial Statements

NOTE 1 DESCRIPTION OF THE PLAN

The following description of Perfetti Van Melle, Inc. 401(k) Plan and Trust (the "Plan") provides only general information. Participants should refer to their Perfetti Van Melle, Inc. 401(k) Plan and Trust agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all full-time employees of Perfetti Van Melle USA, Inc. (the "Company"), who are at least 18 years of age and who have completed at least 30 days of continuous service as defined by the Plan document. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA"). Delaware Charter Guarantee and Trust Company, which conducts business under the trade name Principal Trust Company, a member of the Principal Financial Group ("Trustee") acts as trustee and record-keeper for the Plan. The plan was restated March 15, 2022.

Contributions

A participant may contribute between 1% and 60% of eligible compensation. However, contributions may not exceed limitations established under Section 402(g) of the Internal Revenue Code of 1986 as amended (\$22,500 at December 31, 2023). Section 414(v) of the Internal Revenue Code of 1986 as amended allows a maximum catch-up contribution of \$7,500.

The Company makes a matching contribution to the Plan on the behalf of each participant who makes elective deferrals. Per the Plan, the first 6% of the deferral is matched at 100% and the next 4% is matched at 50%. The Company may also make additional discretionary contribution to the Plan. There were no additional discretionary contributions for December 31, 2023 and 2022.

The Plan has adopted provisions to allow for automatic enrollment into the Plan. When new participants become eligible to participate in the Plan, deferrals will be made on their behalf at 6%, unless the participant elects a different deferral percentage or not to participate.

Participants may make voluntary contributions to the Plan on an after-tax basis. Contributions are included in the participant's gross income. The combined amounts contributed pre-tax and after-tax are subject to certain stipulated maximums.

Rollover Contributions

Participants may rollover their taxable portion of funds previously held for their account in another employee benefit plan to the Plan on a tax-free basis.

Participant Accounts

Each participant's account is credited with the participant's contributions and Company matching contributions and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

PERFETTI VAN MELLE, INC. 401(K) PLAN AND TRUST

Notes to Financial Statements (Continued)

NOTE 1 DESCRIPTION OF THE PLAN (CONTINUED)

Investments

Participants direct the investment of their contributions into various investment options offered by the Plan. The Company matching contributions are invested as directed by the participants. Participants may change the percentage of contributions invested in each account and may make transfers between accounts anytime during the year.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their account is based on years of continuous service. Participants are 100% vested in matching contributions and discretionary contributions after five years of credited service.

Forfeitures

Forfeited balances of terminated participants' non-vested accounts are allocated to pay Plan expenses and reduce future employer contributions. As of December 31, 2023 and 2022, the balance of unallocated forfeited non-vested accounts totaled \$4,702 and \$38, respectively. For the year ended December 31, 2023, forfeitures in the amount of \$129,906 were used to reduce the amount of employer contributions and \$1,588 were used to offset administrative expenses.

Notes Receivable from Participants

A participant may borrow up to 50% of his or her vested account balance, with a minimum loan amount of \$1,000 and a maximum loan amount of \$50,000. Note repayment terms are not to exceed 5 years unless utilized for the purchase of a primary residence. Principal and interest are paid ratably through payroll deductions. The interest rate is determined by the Plan administrator based on prevailing market conditions and is fixed over the life of the loan. The interest rates on participant loans at December 31, 2023 range from 3.25% to 10.50%. The loans are secured by the individual participant's account.

Payment of Benefits

Upon a participant's retirement, death, total and permanent disability, other termination of employment with the Company, or termination of the Plan, the participant's account is distributed as a lump sum payment or paid in annual installments.

In-service distributions are permissible from the Plan for participants that have attained the age of 59 1/2. Participants electing in-service distributions may elect to receive all or a portion of their vested benefits in a lump sum payment or annual installments.

In conditions of "financial hardship" a participant may apply to the Plan administrator for approval to withdraw that portion of his 401(k) retirement account balance necessary to meet the financial hardship, subject to the limitations of the Plan and the Internal Revenue Code.

Upon termination of the Plan, the assets will be distributed to participants in accordance with the Plan's provisions and existing laws and regulations.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

The accompanying financial statements of Perfetti Van Melle, Inc. 401(k) Plan and Trust have been prepared on the accrual basis.

Transfers

Effective November 10, 2023, the acquired employees of Mondelez International were given the option to transfer funds and loans to the plan. Transfers were made in the amount of \$6,115,300.

Investment Valuation

Investments are reported at fair value based upon the last net asset value price on the last business day of the year as reported by the trustee from quoted market prices. Individual assets of the synthetic investment contracts (GIC's) are valued at representative quoted market prices. Participant loans are valued at carrying value, which approximates market value.

Investment securities, in general, are exposed to various risks such as interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investments, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

Investment transactions are accounted for on the trade-date basis (the date the order to buy or sell is executed). Dividends are recorded on the ex-dividend date. The cost of investments sold is computed on an average cost basis for all realized gains and losses.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Benefit Payments

Benefit payments are recorded when paid.

Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles (GAAP) requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Expenses

Certain expenses and costs of the Plan were paid by the Company and accordingly, are not reflected in the Plan's financial statements.

PERFETTI VAN MELLE, INC. 401(K) PLAN AND TRUST

Notes to Financial Statements (Continued)

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Related-Party Transactions

Certain Plan investments are investments in pooled separate accounts managed by Principal Trust Company. Principal Trust Company is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest.

Certain employees of the Company provide administrative services to the Plan. These services include Plan oversight and day-to-day Plan administration. The Plan is not charged by the Company for the services of the employees to the Plan.

Subsequent Events

The Company has evaluated all events subsequent to the balance sheet date of December 31, 2023, through October 14, 2024, which is the date these financial statements were available to be issued.

NOTE 3 FAIR VALUE MEASUREMENT

Financial Accounting Standards Board (FASB) *Accounting Standards Codification (ASC) 820, Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities and the lowest priority to unobservable inputs.

The hierarchy is broken down into three levels base on the ability to observe inputs as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used at December 31, 2023 and 2022.

PERFETTI VAN MELLE, INC. 401(K) PLAN AND TRUST

Notes to Financial Statements (Continued)

NOTE 3 FAIR VALUE MEASUREMENT (CONTINUED)

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Pooled separate accounts: The NAV of the pooled separate account is based on the market value of its underlying investments. The pooled separate account is not a publicly-quoted price in an active market. The pooled separate accounts invest in various equity and debt securities to generate their investment return.

Collective investment trust: Valued based on the NAV of units of a collective trust as published by the trustee. The existence of certain conditions can limit the trust's ability of the Plan to transact with participants at fair value of the collective trust. Specifically, any event outside the normal operation of the trust which causes a withdrawal from the investment contract may result in a negative market value adjustment with respect to such withdrawal. Examples of such events include, but are not limited to, layoffs, bankruptcy, plant closings, plan termination, mergers, early retirement incentives, communications designed to induce participants to transfer from the fund, competing fund transfer or violation of equity wash or equivalent rules in the plan, and changes in qualification status of employer or plan. As of December 31, 2023, the occurrence of an event outside the normal operation of the trust which would cause a withdrawal from the investment contract is not considered probable.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2023:

	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 16,728,725	\$ -	\$ -	\$ 16,728,725
